**Subject:** DOG EAT DOG - WHY IN 1938 PRINCETON UNIVERSITY FRESHMEN VOTED HITLER THE GREATEST LIVING HUMAN BEING AND EINSTEIN, SECOND - ridiculous??? Did you know ?? .....

Garry good morning.

When you are "all about money" it is just a matter of time before you fall apart, best reflected in a lack of ability to logical thought process which prevents one from first and foremost placing one's thoughts down on paper, let alone in a digitized format which can then be scrutinized by the entire world.

Your "call to arms" and have the masses of United States citizens who are mostly poor, in poor health but not "al-to-get-her" [sic] stupid, simply misinformed and

focus their attention on illegals entering the country rather than examine the root cause of what causes these peoples especially those coming from countries such as Mexico who have abundant water and oil to want to flee for a "better life", is "troubling", given how you are so much better informed than those you are trying to incite to violence.

You perfectly understand that filthy rich people are relying on you to distract from this "money making" business I am painstakingly, methodically and every so patiently explaining to all who choose to listen in "real time" without any of you really knowing for certain who is and who isn't getting the "full scoop" but were you to be logically thought processing you will go very quiet knowing that it is inevitable that the truth will be revealed including your hand in doing the "dirty work" of those not paying you close to as much as you deserve all the while exposing you to those who again are simply financially poor but not stupid.

I strongly suggest you convene all your supporters as well as detractors whether online in a chat session or at a suitable location and have me present "in person" not only my findings that simply follow the "money trail" to the financing of De Beers at the turn of the last century by principally American bankers led by J.P. Morgan but what it meant when the 3 Branches of the United States Government including the US Supreme Court went along with this decision to allow this most brutal monopolist, the price fixers of prices fixers to be placed in charge of allocating the world's precious mineral resources as well as labor.

All about money people are not only willing to sell their soul, they will not hesitate to sacrifice their own beginning with their next of kin.

In this "dog eat dog" world do you know if any other animal besides for us human beings who would eat their own when starving to death?

Think about a cow.

Would any herbivore eat their own given their lack of canine teeth?

Do you think your canine teeth protrude sufficiently to tear apart say the heart of a buffalo?

Why are not more of us human beings vegetarian despite also knowing avoiding other animals that once had a pulse greatly improves my sex life, what about yours?

Helping you get through this is the certain knowledge you now have of Trust-Hush-Fund kids not yet of college age who you are not, as well as those "playing college" again which you are not, laughing themselves silly as how extraordinarily distracted you are; bearing in mind that you are some 55 odd years of age, a Chemical Engineer and an athlete to boot.

Let me further add to your ultimate joy, that none, let me repeat, not one of those living off ill-gotten gains is anywhere close to being an athlete despite the fact that they may all have 4 working limbs and in appearance look at least at "first blush" that they could hold their own in a truly competitive team sport like rugby where in many instances the armor protection is used to inflict immediate bone chilling injury and of course there are exceptions and one of the first things you will notice about these so very few athletes is that they age rather badly.

But to "get there" I first have to explain why it is that you are obviously not alone in failing to "get it" despite the hour you and I spent on the phone the other day where I explained certain facts that were missing in your Natal-Kwazulu University education as well as what was missing in your formal education at Glenwood high school in Durban, Natal, South Africa.

You also realize that although the first time I ever held an Israeli Uzi submachine gun

that belonged to an Israeli Special Forces commando who was commanded by my Royal Mater-Mother's "guide",

<http://nextraterrestrial.com/pdf/jmaudslay-dumb.htm>

Yehuda Matov to hand over his weapon to me a 9-year old, very close to Israel's northern border, the Golan Heights, there was much more going on in the mind of both Yehuda, who was an Argentinean-Israeli and my rather famous South African mother who was born in England in 1929 and raised by her paternal grandmother who was orphaned in a pogrom when a gang of Cossacks on horseback came through her tiny village and murdered her parents and siblings by slitting their throats as she, sat very quietly in a closet but heard all the screams along with the shuffling of feet as these poorly bred murderers ransacked her home coming away with, as you would guess, very little.

The rich get richer trickling down the costs of getting rich on to the backs of the poor who are not stupid, simply misinformed.

My great maternal grandmother Nechie Badash,

as I mentioned to you, came from the same tiny village of Plonsk, White Russia-Poland as David Ben Gurion, the head of the Hagannah, the more "political" Jewish Underground movement fighting the British-Americans for a Jewish Homeland in Palestine well before the outbreak of World Oil War II.

Not to mention that on May 14<sup>th</sup>, 1948 Ben Gurion became Israel's first prime minister and didn't need Field Marshall Montgomery's verdict, "When Britain evacuates Palestine, the Jews will immediately be overcome" in order to institute measures to not only defend the fledging Jewish state but to be victorious in one battle after the next; willing, however, to not only walk away from battles here and there, but to spill Jewish Israeli blood in the process, beginning a month after the official start of Israel's War of Independence when Ben Gurion instructed his most trusted field commander and future Prime Minister of Israel, Yitzhak Rabin to sink the Altalena in Tel-Aviv harbor; in all 32 members of Menachem Begin's Irgun Jewish Underground fighters were killed despite Begin boarding the Altalena that was carrying arms that would have proven most useful in that war which was far from over.

In June 1948 you, being a Jewish South African, would know that the South African Apartheid Regime had seized power in the May 26<sup>th</sup>, 1948 General Election, defeating Field Marshal Jan Smuts' United Party.

You would also know that the Apartheid Regime immediately began instituting the most heinous Apartheid Laws including the Immorality Act that forbade sex as well as intermarriages between human beings of a different race.

You wouldn't have needed to grow up in South Africa Jewish or Gentile to know that the Apartheid Regime "mirrored" Hitler's Nazi Regime that came to power on January 30<sup>th</sup>, 1933 when a group of business people convinced Chancellor Hindenburg that it was in Germany's best interest Hitler be allowed to rule over a country where a barrelful of Deutche Marks couldn't afford a loaf of bread.

Again, Nechie Badash only returned to England when my Royal Mater was born on May 30<sup>th</sup>, 1929 when a barrelful of Deutche Marks over in Germany couldn't afford a loaf of bread.

You also know that I am writing a best seller non-fiction novel, THE HISTORY OF MONEY CREATION AND ITS FUTURE!, which my very articulate and most beautiful French-Canadian wife who provided the title believes would sell more copies if I plastered over the front and back the word, "FICTION".

In all likelihood you have visited my one website [www.just3ants.com](http://www.just3ants.com).

You along with others choosing to "play ostrich" would understand that I have good reason to carbon copy both Israeli Military Intelligence as well as the Mossad and of course the United States Justice Department, none of them as well as the FBI, CIA or Secret Service needing to read Edward Jay Epstein's epic non-fiction novel, The Diamond Invention to know that it is very relevant today that when Mossad assassinated American Charles Engelhard, the co-inventor-co-conspirator of the Diamond Invention, was laid to rest on March 2<sup>nd</sup>, 1971 at St. Mary's Abby Church, Morris Town, two words, New Jersey, his estate included controlling the world supply of platinum which last traded at US\$2,161, up approximately US\$2100; and to those attending Engelhard's funeral, such as Senator Ted Kennedy, former President Lyndon Johnson and Vice President Humphrey as well as my uncle David Gevisser who became the executor of Engelhard's fabulously mineral rich estate, it was quite a time to celebrate so long as you had no fear of being assassinated knowing that Engelhard's holdings were about to appreciate exponentially which meant if you were getting your "bread buttered" by this mafia of mafia you would never really have to worry about things such as money, credit card debt, mortgage payments, etc, etc.

5 months later when the United States of America officially went off the Gold Standard on August 15<sup>th</sup>, 1971, platinum just like gold began to go through the roof in value and people like my father's first cousin, David Gevisser who became essentially the "male heir" of Charles Engelhard's worldwide estate that included the "control position" of the De Beers-Anglo American Cartel, were "sitting in the pound seats".

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20aroop-rememberme.pdf>

It is possible that you haven't seen the rather cute photo of my baboon looking uncle Dave sitting in the middle of a swing that has railway tracks behind.

Back in 1948, I believe my uncle Dave whose ugliness when compared to those around him most likely weighted heavily in mind, was the same age as my mother Zena, age 19, seated to his left and to my Royal Mater's left is my father, Bernie Gevisser who when he was 13 years of age played in the same rugby team as 1979 World Surfing Champion Shawn Tomson's father, Chunie.

Not to mention seated to uncle Dave's right is my father's only sister Daphne Gevisser Molk and her husband Dr. Leizer Molk MD.

You would know that Chunie lost part of his arm in a shark attack off Durban, South Africa's Bay of Plenty otherwise he would have participated in the 1936 Berlin Olympic Games given how very good a swimmer he was, and very likely would have volunteered like my dad to fight alongside the Allies in World Oil War II where my dad completed 71 odd miraculous missions dive bombing the crap out of the De Beers Nazi bastards who financed Hitler, Mussolini as well as the Allies.

You should not only be feeling very stupid but choosing at this precise moment to go very quiet.

*It is better to keep quiet and let people think you to be a fool than to speak out and remove all doubt – Proverbs.*

Each and every war following the formation of the US Federal Reserve in 1913, one year prior to outbreak of World Oil War I, has been about creating refugee crisis in those lands containing the world's most precious resources beginning with oil and water.

In fact this manner of allocating the world's precious mineral resources began with 3 rather important events at the turn of the last century; the American led 8 Allied Nations invasion of China in 1900, the American financed Anglo Boer War of 1899-1902 and again the financing by American banks, approved by the United States Congress, of the monopolist De Beers.

It is possible that excluded at all times from your as well as those you have associated with all your life, was the knowledge of what was contained in Cecil Rhodes' first will, and Rhodes you recall was the founder of De Beers.

Cutting and pasting from Wikipedia – [Cecil Rhodes](#):

In his first will (before he had any real money), Rhodes wanted to create a secret society that would bring the whole world under British rule. The exact wording of the will is:

To and for the establishment, promotion and development of a Secret Society, the true aim and object whereof shall be for the extension of British rule throughout the world, the perfecting of a system of emigration from the United Kingdom, and of colonisation by British subjects of all lands where the means of livelihood are attainable by energy, labour and enterprise, and especially the occupation by British settlers of the entire Continent of Africa, the Holy Land, the Valley of the Euphrates, the Islands of Cyprus and Candia, the whole of South America, the Islands of the Pacific not heretofore possessed by Great Britain, the whole of the Malay Archipelago, the seaboard of China and Japan, the ultimate recovery of the United States of America as an integral part of the British Empire, the inauguration of a system of Colonial representation in the Imperial Parliament which may tend to weld together the disjointed members of the Empire and, finally, the foundation of so great a Power as to render wars impossible, and promote the best interests of humanity.

You probably also don't recall, the result of having bought in, hook, line and sinker in to De Beers propaganda that goes beyond "A Diamond is Forever-A Girl's Best Friend" that Cecil Rhodes was the cause of the Anglo Boer War and with the backing of the British Crown and again financed by the same American Bankers led by J. P. Morgan who financed both De Beers and the American led 8 Allied Nations invasion of China in 1900, went to war against his former right hand person Jan Smuts who pioneered Guerrilla Warfare and were it not for the atrocious tactics of the Rhodes-De Beers-British-American Crown in imprisoning old Afrikaner men, women and children in Concentration Camps where some 20,000 perished horribly, Smuts, a very good friend of the Jewish people, would have been victorious.

You and those like you brainwashed from a very early age most probably also don't know that the British thought very highly of well educated Jan Smuts to the point that by the time of World Oil War II, Smuts was not only a Field Marshal but

second-in-command to Winston Churchill, so that in the event Churchill were to be incapacitated or die during the war, Smuts would have taken over.

Despite being Jewish you like most Jewish South Africans did not grow up aware that in 1932 before Hitler, financed principally by De Beers, was well on his way to implementing the wholesale mechanized slaughter of some 6 million of our Jewish brothers and sisters, a kibbutz in Israel was named after Jan Smuts.

Not to mention that Smuts was the only signatory to both the second world oil war treaty as well as the first, the Treaty of Versailles.

Now you may not feel like taking a deep breath but go ahead anyway and take a very deep breath.

Now click on the hyperlink below taking you to Chapter 9 of The Diamond Invention, DIAMONDS FOR HITLER.

<http://www.edwardjayepstein.com/diamond/chap9.htm>

When you get to the following section below, read it at least 3 times, bearing in mind the OSS was the forerunner to the CIA:

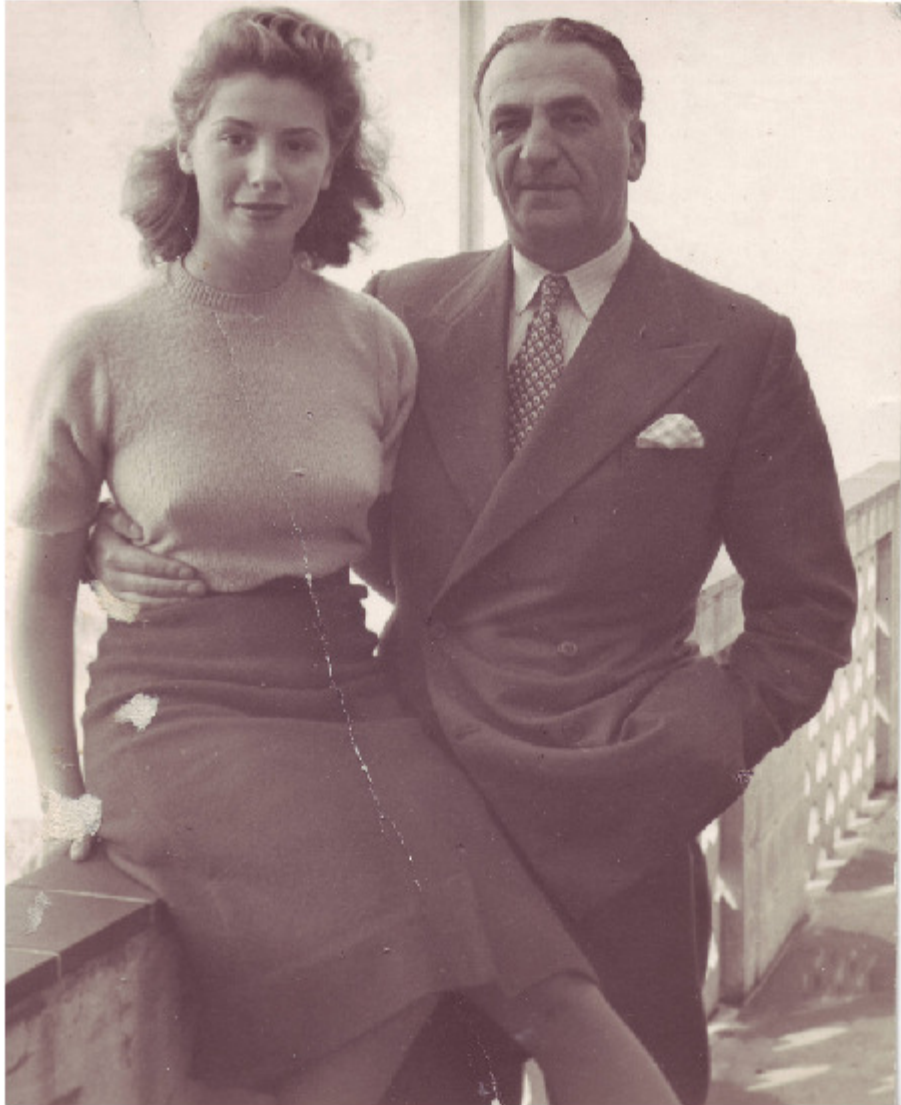

The OSS had determined, however, that tons of diamonds were somehow reaching Nazi Germany. If the De Beers system of "elaborate controls" was as effective as the War Department held, how could such enormous quantities of diamonds be regularly reaching Germany? To answer this question, the OSS had proposed sending its own undercover agents from its field office in Accra to the Belgian Congo. Since the British Ministry of Economic Warfare was responsible for allied activities in the Congo, this OSS action had to be cleared in London. At first the ministry blocked the request, and then it had proposed a joint "diamond investigation." OSS agents met with their British counterparts, but little was done to pinpoint the source of the smuggling. Finally the OSS chief in Accra reported to Washington, D.C.:

"We have now come to the conclusion (a) that our assistance was requested in this program so that the Diamond Trading Corporation might discover how much we actually knew of the ramifications of the De Beers world monopoly, and (b) that the OSS/Accra recommendations for a Security Committee were sabotaged, not by the British Government, but by the representatives of the Diamond Trading Corporation, Ltd., London, through their domination of the Diamond Committee of the Ministry of Economic Warfare."

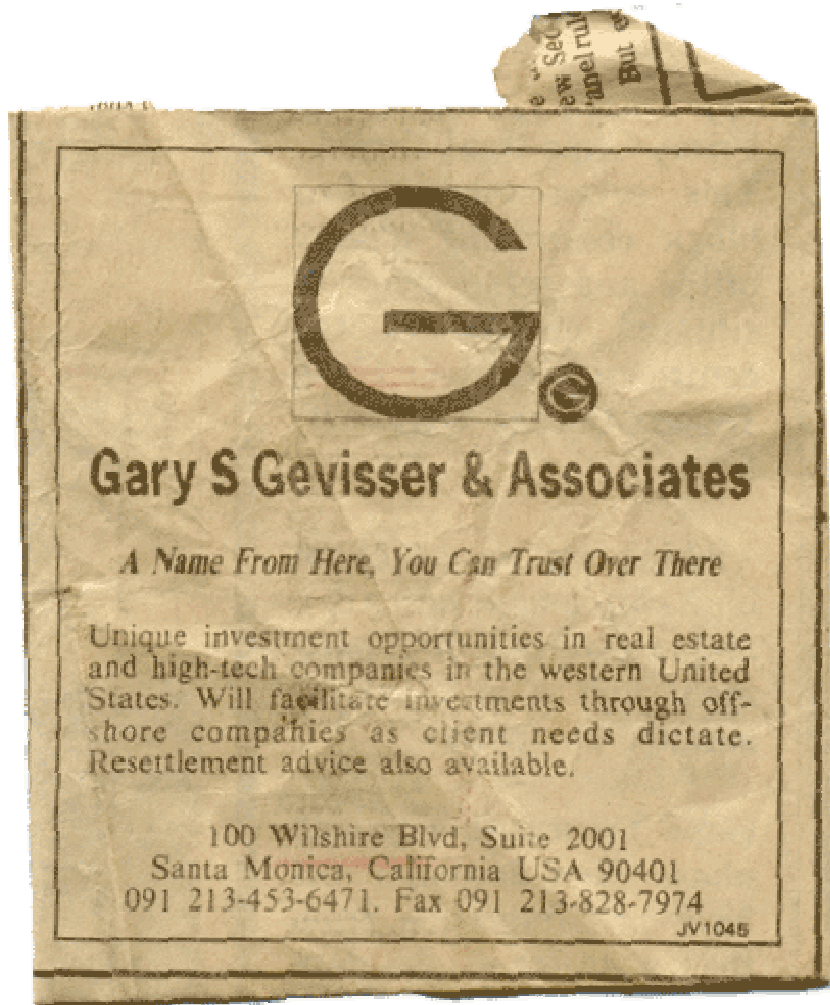

On May 14<sup>th</sup>, 1948 when Ben Gurion declared independence for the Jewish Homeland and giving her the formal name, Israel, not only was Jan Smuts very much alive so were both my grandfather's, Israel Issy Gevisser, age 60 and fit as a fiddle, and my granddad Albert-Al Badash-Ash, age 48 and "strong as a bull" and not someone you would want to "mess with".

Not to mention Al Ash's closest confidantes in South Africa, apart from Issy Gevisser, were the Muslim Indian Salot family of Durban.

<http://www.nextraterrestrial.com/pdf/gino-pigsateverymeal.htm>

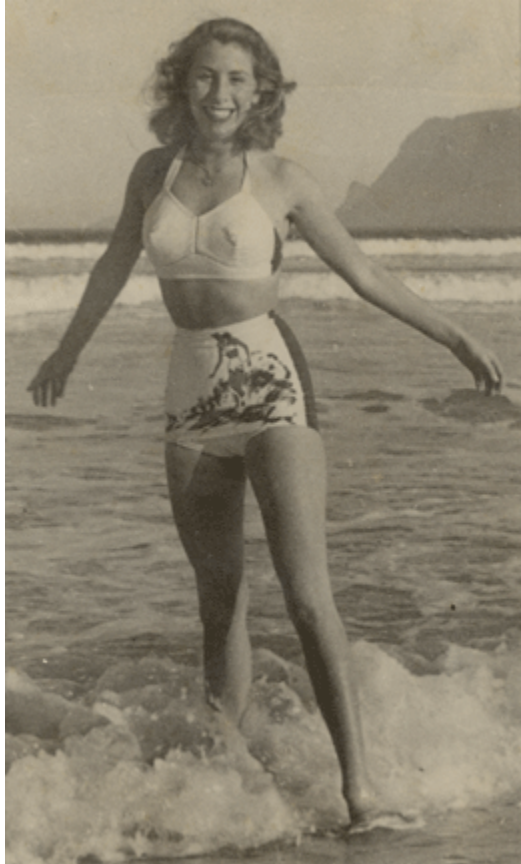

You would also know that when my Royal Mater designed my one-of-a-kind ad, ***A Name From Here, You Can Trust Over There!***

that was placed only once in the South African Sunday Times, my very shrewd mother knew ahead of time that I would get the most terrific response from Indian South Africans in particular who remembered the highly trusted and respected Gevisser name, and of course there were some who remembered just as well my grandfather Al Ash who always had enough cash and would never have needed to cheat anyone other than those responsible for organizing "disadvantaged" human beings, hell bent on killing Jewish people who prior to the formation of the State of Israel that the ruling elite never believed in million years would survive more than a few hours, had nowhere to run.

Not to mention that a year prior Al Ash, the "favored" son of Nechie Badash and one of the early residents of Tel-Aviv, again only returning to England when my highly secretive Royal mater was born, had immigrated to Durban, South Africa with a cool "one million English Pounds Sterling in his back pocket" and within a few months his only child, again my very athletic mother with a very good figure

and a most brilliant mathematical mind would be engaged and married to the best looking Jewish man, certainly in Durban, on October 10<sup>th</sup>, 1948; and the fact that my dad's father Issy owned not only priceless land in Haifa harbor, Israel as well as the control block of shares of the extraordinarily successful international trading conglomerate, the public corporation, Moshal Gevisser Group of Companies, did not "detract" from the celebrations of this most carefully orchestrated "union".

To mention little yet again of my Royal Mater's memoirs which she entitled, "Life Story of Zena" making mention,

*"From the earliest days of 1949, she visited Israel two and three times a year writing reports for different publications".*

<http://just3ants.com/FamilyTrees/GevisserBadash/zena/impwom/default.shtml>

To mention in passing, all this traveling back and forth to Israel when there was no Space Shuttle service between Durban and Tel-Aviv, did not prevent my mother and her father from spending considerable time in 1949 in places like Lorenzo Marques-Maputo, Mozambique.

LOURENCO MARQUES.

which is where American Charles Engelhard first met my horrible stutter uncle Dave Gevisser who worked alongside my father's elder brother Julius "Loo" Gevisser.

Not to mention that I doubt the water they drank over at ACME had anything to do with Julius producing 2 gay sons and David at least one; Mark Gevisser who recently penned the autobiography of DAAC controlled South African President Thabo Mbeki who is carbon copied along with both Mark Gevisser's, Julius and Desiree Gevisser's youngest son is also named Mark.

You are all pissed off because you believe in your hearts of hearts that those fleeing the United States Government's tyranny in other parts of the world and making their way to our shores just like people like Albert Einstein, are taking away from your "pot of gold" without any of you having the most basic common sense to ask the simply so very logical question,

"What happened to all of South Africa's gold that was stolen by the US business interests whose 3 Branches of the US Government provided the military muscle to the abominable South African Apartheid Regime for an uninterrupted period of 45 odd years?"

When I woke up this morning about an hour ago, it was hard for me to tell given the low visibility caused by the current most awesome winter storm, whether that same US Navy ship was still patrolling right in front of our studio cliff house here in Del Mar, and of course I am intimately familiar with how easy it is to keep track of the tiniest of objects all the while tapped in to each one of our communications; bearing in mind that the Talipot, the Mossad's most wired Special Forces unit also have "sense of humors" as they go about keeping track of the "money trail" just like me that begins with the mafia of mafia who have been allowed by the corrupt superpowers beginning with Britain and the United States to make their own money and set the price at always more than a barrel of oil and after paying off elected and non-elected government officials to stay quiet then go about corrupting the next in line easiest to corrupt beginning with the clergy in all the religions including academia, the new corrupt church, followed immediately by medical doctors who consider themselves so very godly.

Yes, it is very important this "IN GOD WE TRUST" communiqué I sent out to Dr. John K. Pollard Jr. in response to his and his fellow intellectual midget leeches outraged by the fact that they couldn't find on the new dollar coin the words, "IN GOD WE TRUST" to the point that they couldn't even use what very little common sense remains in the space between their ears that increasingly reflects a vacuum tube much like Deep Space where no sound as we know it can travel, i.e. light bulb effect to warn the rest of us God's presence as our Maker takes over their minds, to figure out the desperate move on the part of the US Treasury and US Federal Reserve both under the total command and control of De Beers from the very moment of their existence; bearing again in mind the US Congress went along with US bankers that own the Federal Reserve, financing De Beers, the central bank of central banks, at the turn of the last century.

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20jpollard-dollar.pdf>

Yes, the US Treasury in placing "IN GOD WE TRUST" on the edge of the new US Dollar coin understand that such verbiage will wear off that much quicker causing them and their stooges in the media to call for such "troublesome" verbiage to be taken off the coinage and paper money altogether, as us supposedly a "Godly Nation" have to contend with our Almighty Dollar becoming increasingly worthless as folks like the Chinese simply "bide their time".

You would do well to read what Bill "Cecil Rhodes-De Beers Scholar lawyer" Clinton had to say at the tail end of his speech on January 21<sup>st</sup>, 2000 to an audience at Caltech university, so very bizarrely warning US Americans that despite about to leave the US Treasury with a significant cash surplus, the US was ripe for a Bosnian style ethnic cleansing civil war and of course you should also examine how Clinton opened up the Baltics to their ethnic cleansing civil war.

Bear always in mind as you realize the move is on right now to nail George W. Bush with everything, that Bill Clinton has yet to even comment on what the Rhodes-De Beers Scholarship means to him and his ugly fatso wife now taking their daughter's mindless profession to task; Hilary also just like her dirty pointed finger husband looking for ways to save her own skin as the writing is so very clearly written on the wall that only a misogynists and/or someone with a totally out-of-control ego would want to be the next President of the United States.

At the same time do not forget that at the 11<sup>th</sup> hour of his De Beers presidency Bill Clinton granted traitor Marc Rich a presidential pardon and no longer are you thinking the rather naïve thoughts, "Well, that just goes to prove that money can buy you influence".

The De Beers Anglo American Cartel are the special interest of special interest group for very good reason.

That does not mean that it is either a good thing or that it is morally right.

Now come back to what it meant to someone like Jan Smuts knowing that De Beers had infiltrated the highest levels of British Intelligence with access to all the carefully laid out military plans including D-Day June 5<sup>th</sup>-6<sup>th</sup> 1944.

<http://nextraterrestrial.com/images/3-17-02/new%20temporary%20website/page7.htm>

De Beers-The US Government were in no hurry to end World Oil War II or any war for that matter.

You now have the choice of deciding whether you are incompetent, culpable or both, take your pick or choosing to join me and my friends on the side of light.

May I further suggest you find the time to either physically visit school and college campuses and find those kids and educators who support your view and then let them just read this communiqué.

Apart from medical physicians the most dangerous group in the world are "liberal arts" majors who often become lawyers and those too dumb then travel the world joining organizations like the Peace Corp. an extension of the US Government controlled International Monetary Fund and World Bank.

You would know that Mr. Martin Wolf who penned the recent article, "**America's economy risks the mother of all meltdowns**" referenced in the "focus" email I sent out on Tuesday, after attending Oxford University then joined the World Bank in 1971. His ending, leaving nothing to imagination that he believed the US Federal Reserve will ultimately "succeed" should have the hair on the back of your neck standing on end, assuming again you have a conscience that affords you the luxury of logical thought processing.

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20atucker-focusmovie.pdf>

The hyperlink below takes you to all of my and Mr. Wolf's "back and forth" beginning on February 7<sup>th</sup> of last year.

<http://www.nextraterrestrial.com/pdf/mwolf-putup.htm>

Sometime today I will be responding to Professor Ben Singer who emailed me last night a communiqué in response to what I sent him earlier that may be all that is needed to create a "crisis" at each one of our western universities leading most of all to the exposure of those college students counting on only their "gift of the gab" to incite the masses of misinformed around the world to violence.

BTW, would it have been suffice if I began and ended this communiqué by simply asking you if your opinion would change just knowing how rampant was anti-Semitism here in the United States at the exact same time Hitler was putting together the most extraordinary mechanized means to murdering millions of our European Jewish brothers and sisters that allows you to make much more sense of why in 1938 Princeton University freshmen voted Hitler the greatest living human being and Einstein, second.

Do you think it is at all important for you to understand why it is so important that the Mossad never use money when paying for intelligence besides for the fact that the Mossad never pay for intelligence?

Does it change anything in your mind knowing that top FBI mole Robert Hanssen received part of his payment in Diamond Currency, always price fixed by the DAAC [De Beers Anglo American Cartel], the mafia of mafia, at always more than a barrel of oil?

do you also first pause before wondering why he doesn't provide an explanation of what happened in the interim?

When I next communicate with President George W. Bush beginning by asking him how often does his beautiful wife wake up in the middle of the night and plant a kiss on his face, I think you will see much more of my "sensitive side".

At the same time don't lose track of what US military officials are doing right now increasingly concerned that our very wired service people while not close to being as wired as Israeli Special Forces commandos already "in enemy lines" have to be thinking how long is it going to be before they have to stand in food lines and be hopeful the Peoples Republic of Communist China are going to be gracious in their victory.

Bear always in mind that I am myself a rather "well wired" individual who understands perfectly well for example why "our man Roger" aka Roger W. Robinson while appointed by the Republican head of the US Senate to be both Chairman and Vice Chairman of the highly sensitive U.S.-China Economic and Security Review Commission, this senior spook in the National Security Council during the "Being There" President Ronald W. Reagan's first administration, was part of an orchestrated effort on January 25<sup>th</sup>, 2004 to do the most extraordinary "hatchet job" on Republican President George W. Bush.

<http://www.nextraterrestrial.com/pdf/Mmargo-1-26-04.htm>

Not to mention this CBS 60 Minutes broadcast took place while "our man Roger" was Vice Chairman of the US-China Economic and Security Review Commission without CBS interviewer Leslie Stahl making mention of "our man Roger's" multiple roles including how very close was "our man Roger" who I have known intimately ever since he joined the NSC in March 1982 to Sec. James A. Baker who "our man Roger" let me as well as "our man Roger's" bosom buddy King Golden Jr. Esq. know in no uncertain terms that during that most important first administration of the "Being There" President, Sec. James A. Baker was, "THE MOST DANGEROUS PERSON IN THE WORLD".

You wouldn't be all that surprised to hear that Mr. and Mrs. Golden Esquire who I have known very well going back about a year prior to "our man Roger" leaving the side of DAAC banker David Rockefeller, chairman of Chase Manhattan Bank and founder of the Trilateral Commission, to join the NSC, visited with my French-Canadian wife's X husband, The IT aka The Sperm Donor aka former practicing pathologist Dr. John BIG Ben Stewart MD, about a month ago at his big 3 story residence that is kitty-corner from Mr. and Mrs. Golden's former residence in Del Mar that has been rented out for several years following King deciding to join his wife, a big deal at Head Start in Washington DC, when taking a job with a technology company using French built robotics to provide internet connections via the sewer lines.

The IT is as "redneck" as it gets and the Goldens who are all about emulating whoever it is that can help "butter their bread", have always seen themselves as having "nothing in common" with The IT, but you would understand that right now there is this "co-dependency" that has been getting stronger with each passing moment as my very significant internet "footprint" continues to grow exponentially.

If, on the other hand, if it does raise the hair on the back of your neck, I hope you forward it to every legal resident in the country including every representative in Washington, D.C. - five times a week for as long as it takes to restore some semblance of intelligence in our policies and enforcement thereof.
