Happy to do so.

Let me know if you previously received this email below that I began broadcasting 60 minutes ago, yet to be uploaded on to my blog at www.just3ants.com; not to mention to "catch on" to what very on-top-of-things Devin Standard thought was "interesting" when I happened to comment on the US attempting to "force the hand" of China and take a more active role in the International Monetary Fund and by so doing parallel themselves with us, and in so doing take them down with us; to mention little of my "insight and analysis" taking place on August 30th, 2006, some 2+ months prior to US Americans sending over to China, both the Secretary of the DeBeers controlled US Treasury and Chairman of the equally DeBeers controlled US Federal Reserve, threatening the 1.5 billion odd strong Peoples Republic of Communist China with nuclear annihilation in the event they were to let "free market forces" prevail and their extraordinarily undervalued currency rise to "fair market value" that in the next instant would bring about a precipitous collapse of the US DeBeers-Dollar; to mention in passing you have inspired the addition of a list on our website to demonstrate that there is more than simply "great hope" for the masses.

Subject: RICH-Could you assist.

I wasn't quite sure what has caused the delay in getting back to me, possibly my "insight and analysis" of the important events of the day, not that interesting or just simply you are too busy with other things, and for me to go on and on about what I think should be a priority for all of you would have me, at a minimum coming across as "arrogant", God/G-d forbid.

I am simply advocating a “search for the truth” with no tolerance for mysticism or superstition although if either a religious or irreligious person chooses to engage me in debate on the subject, “God does NOT exist!”, may G-d only help them, when I can in fact provide rather substantive evidence to support the truth that not only does God exist but this One G-d is most vengeful towards those who usurp their limited authority and who either pull out all stops to stifle the spread of the truth or worse yet attack with a vengeance those who spotlight their mischief.

With all that said, and again, woe be me if in fact you can support your very likely contention that you all have other priorities than to support my “social cause” that is all about taking those whose formal education has interfered with their learning on a most extraordinary light journey, all in an effort to build “one tribe of achievers”, let me suggest you now examine very closely this 412 word communication I sent this past Friday to both Israeli Military Intelligence officers stationed at the Office of the Israeli Department of Defense Attache at the Israeli Embassy in Washington, DC as well as the Mossad who don’t exactly broadcast their exact whereabouts and of course Israel’s foreign based intelligence institute with the most brutally efficient assassinations unit needs no introduction.

Subject: RICH-gag-short, clear-Timely Response

Keren,

Question 1. Do you refute the Israeli Military Intelligence report:

Immediately following the 2008 Beijing Olympic Games, Al Quaida who serves the best interests of certain US banking interests with direct ties to the House of Saud, will launch a series of attacks on the oil fields of Qatar, Kuwait and Saudi Arabia that in the next instant will paralyze the U.S. economy; much like this very smart, not so top secret Israeli Military Intelligence report is designed to do, and at the same time explaining why precisely Al Quaida has not attacked the oil fields of Qatar, Kuwait, and Saudi Arabia, so biting the hand that feeds Al Quaida.

“Yes” or “No”.

Question 2. Do you refute the Israeli Military Intelligence report:

“Yes” or “No”.

Question 3. Do you refute the Israeli Military Intelligence report:

“Yes” or “No”.

Question 4. Does your department, the Defense and Military Attache, responsible for US-Israel Military and Department of Defense relations, support my position that President Bush should immediately suspend the trading of shares in public corporations thereby protecting the innocent and naive?

“Yes” or “No”.

Question 4. Do you know of any other traitor to the State of Israel who has received a Presidential Pardon as did Marc Rich in the final hours of President Clinton’s presidency that was so very strongly supported by the Prime Minister at the time, Ehud Barak who was also the head of the Mossad or so he thought?

“Yes” or “No”.

Question 5. Can you please get Ami Ayalon, Israel’s “Minister of Portfolio”, to comment on US Marine Captain Brian Steidle’s so very arrogant hypocrisy?

Question 6. What was your point about referring me “back to your security office” when it was your security office who referred me to you in the first place?

Bear in mind the following two, SHORT and CLEAR points.

You cannot claim that you do not understand what I am asking.

All the best,

Gary

Again, don’t you think there was a whole lot more to those meetings in China that the Chinese government are only just now responding to?

Next I would like you to give thought to the deafening silence of Marcia Kramer of CBS TV who made a name for herself back in the early 1990s tracking down “Hitler’s Gold” stolen from Jewish people which the ignorant masses have been led by the likes of Ms. Kramer to believe is how this “nothing” Little Corporal Hitler from World War I financed not only the extermination camps such as Auschwitz but the precision engineered tooling needed to produce

the extraordinary Nazi Military machine that had the Allies having to play catch up, beginning at time when the German Mark was worthless, a barrelful not affording a loaf of bread.

Marcia Kramer, like you folks, wasn't always "deafeningly silent"; in fact like you folks, she was very eager when we first started communicating to hear what I had to say so long as I made no reference to Edward Jay Epstein's most fascinating non-fiction novel, *The Diamond Invention*, very specifically Chapter 9, *DIAMOND FOR HITLER*.

You wouldn't happen to know as I do what happened to those diamonds?

You have very possibly been contacted by someone telling you it is just a question of time before you are going to look extraordinarily stupid; i.e. incompetent or culpable or both, take your pick!

You would know perfectly well by now that Epstein's, *The Diamond Invention*, no different to Marcia Kramer's nonsense investigation of "Hitler's gold" was just a "smokescreen" for the stealing of South Africa's gold that began in earnest some 3 years following the end of WWII when the DeBeers Nazi Allies who won the war, which was of course a continuation of World War I, arranged for the 3rd Reich's Southern Division aka The South African Apartheid Regime to seize power in 1948, within a month of the DeBeers controlled United Nations granting the Jewish people their own homeland, commonly known as Israel and which was expected to survive no more than a handful of hours when those Jewish people who stubbornly survived the Holocaust were expected to be swept in to the Mediterranean Sea.

Yes, it is quite the eyesore on all us westerners in particular US Americans and more so us Jewish Americans the fact that the South African Apartheid Regime's Rand Currency wasn't crashed just like what we did to the Weimar Republic, not even once during this most anti-God regime's most violent rule, as the US Americans pillaged South Africa for some 45 odd years.

Equally important you would understand why I, a South African, raised mostly by my very worldly mother who in turn was raised by her pogrom orphaned paternal grandmother Nechie Badash, very shortly after meeting on November 1st, 1972 with David Ben Gurion made a decision without consulting my mother to "go it alone" once those closest to Ben Gurion, now "retired" to Kibbutz Sde Boker in Negev Desert, assisted me in recognizing that my "curious mind", questioning why Israel would openly trade weapons with the Apartheid Regime, would not necessarily serve my "best interests" or an Israeli Special Forces unit despite having proven myself both academically as well as during Gadna training that was "a breeze" given the personalized weapons training I received beginning when age 9 on my first trip to Israel in July 1966.

Bear in mind that on September 4th, 1972, some 3 odd days after I, age 15 and pretty much at full height of 5'8" arrived at Kibbutz Sde Boker for a 4 month Ulpan, and DeBeers sponsored PLO terrorists began to brutally murder 11 defenseless Israeli athletes at the 1972 Munich Olympic Games, Ben Gurion who came from the same tiny village of Plonsk, White Russia-Poland as Nechie Badash, was still the head of the Mossad who first began reporting to him in December 1949, within 12 months of my Royal Mater-Mother,

"From the earliest days of 1949 she visited Israel two and three times a year writing reports for different publications."

Doubtful it is the Mossad behind the advertising, "Gold Glows... Give her a gift" on radio, just like "Diamonds are forever-A Girl's Best Friend"?

Interesting?

I am familiar with this article but there is another report that was brought to my attention that talked to the Pentagon announcing soon after the Chinese general's "nuclear pre-emptive strike" threat the sightings of Chinese submarines.

More importantly, I am now looking to see the reaction of the Pentagon to China's "snubbing" of the USS Kitty Hawk this past Thanksgiving and whether you folks think it has anything to do

with President Bush “snubbing” China’s Premier when he last visited the White House where instead of a State Dinner he was given a very undignified lunch.

Do you think, another factor in this most public “shot across the bow” of all the armed forces of the US, is the decision last December to have our Secretary of the Treasury as well as Chairman of the Federal Reserve fly to China asking the Chinese to ever so gradually raise their currency when as you know we could just as easily devalue the US Dollar and achieve the same result without our senior government officials wasting time and fuel to jet over to China?

Don’t you think there was a whole lot more to those meetings in China that the Chinese government are only just now responding to?

I am looking for material I once came across that talked to the Pentagon saying that Chinese submarines were spotted surfacing just outside US coastal waters right after Chinese Maj. Gen. Zhu Chenghu, said in July 2005 that if the United States used missiles and precision-guided weapons in an attack on China's territory, including the People's Liberation Army's warships and fighter planes, then he believed that China would be forced to respond with nuclear weapons.

Thank you.

Peace,
