Subject: 963- REST-Updated draft response to Israeli Intelligence Report

Consider the following:

1. Boris Senior was a member of the Irgun, as much in battle with the Haganah led by Ben Gurion as, this more militant Jewish Underground led by Menachem Begin, were in battle with the British-Americans both prior to and during World War II when it was not only the Italians who changed sides.
2. One can learn a lot from one's enemies by having your most trusted in the enemy camp.
3. Ben Gurion had obviously not much of a problem with Boris Senior becoming Deputy Chief of Israel Defense Force and you would know how important in any war is the "second-in-command"; not to mention Afrikaner Field Marshall

Jan Smuts who had a kibbutz in Israel named after him in 1932, was second in command to the drunk Churchill throughout World War II.

4. South African Boris Senior returned to South Africa prior to the outbreak of Israel's War of Independence seeking both the best of the best fighter-bomber-pilots of WWII as well as financing to purchase aircraft, and not that many with a good name like Gevisser having some 71 odd miraculous missions dive-bombing the crap out of the De Beers Nazi bastards in the very same battle zones of northern Italy where Boris flew with some 45 odd missions tucked under his belt; and yet Boris, just a year younger than my father, now age 24 in 1947, never bothered even to have a drink with my dad whose father owned not only priceless land in Haifa harbor, Israel that made my mother feel "rapidly at home in Israel" when learning that the father of the man she was to marry in South Africa owned priceless land in a country she had never visited before, but equally important, my paternal grandfather, Israel Issy Gevisser owned, the "control block" of shares in the multinational trading conglomerate, The Moshal Gevisser Group of Companies, trading everything under the sun, trains moving in and out of the massive warehouses, day and night, one smokescreen after the next.
5. Very English trained and brilliant military strategist and technician Jan Smuts still in 1947 had his marbles beginning with his deep distrust of Secret Society De Beers which is why Smuts went to war with Rhodes-De Beers-J.P. Morgan-US Congress beginning in 1899; the Anglo-American Boer-Farmer War ending in 1902, the same year American Charles Engelhard's father founded Engelhard Minerals and Chemicals headquartered in Newark, one word, New Jersey, two words, the same year Cecil Rhodes died, the same year Ernest Oppenheimer arrived in South Africa to take over as head of De Beers, the cartel of cartels, money launderers of money launderers, special interest group of special interest groups.
6. Whose friendship was closer, my more militant English Royal Mater and Boris Senior or Boris Senior and my father who upon returning to South Africa on April 23rd, 1945 just in time to bury his mother dying of cancer, was summarily attacked with a knife by his one uncle, Louis Sher, the brother of his mother Katie Sher Gevisser because Louis believed my father volunteering to fight in WWII contributed to his sister Katie "coming down" with cancer.

7. De Beers were **also** aware that they were while supplying Hitler with his diamonds thwarting the efforts of both the Brits and the Americans who were approving De Beers supplying Hitler with his diamonds, to have De Beers stockpile diamonds on U.S. soil; De Beers' argument, of course, that they had concern this would interfere with their ability at the cessation of hostilities, that they engineered in the first place, to continue price fixing their diamond currency always price fixed at more than a barrel of oil.
8. Jan Smuts according to Albert Einstein was one of 11 men in the entire world who understood Einstein's theory of Special-General Relativity.
9. Okay, so Jan Smuts wasn't the smartest person in the world.
10. Second Lieutenant Bernie Gevisser, who only resigned from the South African Air Force in October 1961, was the most "conspicuously absent" Jewish fighter-bomber-pilot in Israel's War of Independence even though Boris knew and so did Syd Cohen, Commander of Israel's only Squadron 101, that my father was a well above average fighter-bomber-pilot; so good was B. Gevisser that beginning with his 4th mission during WWII, Syd Cohen thought enough of my father's flying skills as well having the guts without crapping in his pants to fly as wingman to Syd Cohen, considered by Jewish and non-Jewish fighter-bomber-pilots who flew with him as very possibly the greatest fighter-bomber-pilot of WWII.
11. De Beers knew of every move Boris Senior made when returning to South Africa but what they didn't have a "fix on" was what went on my Royal Mater's household, specifically 28 Grandleigh Crescent, Ellis Park, Durban North, the relatively large house paid for by my maternal grandfather Al Ash out of the one million English pounds Sterling he brought with him in his "back pocket" back in 1947, hot on the trails of the Nazis who won World War II.
12. When Boris returned to South Africa seeking monies, logistics, warehousing etc etc, my paternal grandfather, Issy Gevisser, now a widower, was living with my father and mother at 28 Grandleigh Crescent. Again in 1947 Al Ash was a strapping-strong 47 years young and Issy Gevisser was a very young 58; both men very much "on top of their game".

13. What was WWII all about apart from a very carefully orchestrated military plan that began at the turn of the last century to steal South Africa's Gold; whoever has the gold makes the rules-the laws.
14. Remember also Marcia Kramer of CBS TV, New York whose claim to fame back in the early 1990s was tracking Hitler's gold.

Devin,
I have made additional changes, I usually make edits in green, but I have changed it significantly enough that I think it would be best to proof it in its entirety.

Thanks,
Adam

Whenever someone says, "Don't be offended, but..." their intention is to offend; worse it is rare they suggest how to improve that person's "behavior"?

My intention in the "*She is the tall one*" communiqué was to give you a "quick and easy" way out knowing that you are not close to being the "perfect human being".

On the contrary, it is the fact that you are so well equipped, good looking, tall, black, strong, at one time very fast, still very brilliant, the best salesperson on the planet because you are so believable, that you should be much worse than totally offended by my comments, innuendos, etc etc given how it is a fact of life that you "know better" than to have waited until now to "get with the program".

And of course compared to THE IT, you are God, who is perfect!

BTW, would you draft a letter to The IT having him explain why he is such a coward-bully that he would use his Cow to send me a physically threatening email from his email account. If you could limit it to 25,000 words I will place it as a Headline News on www.just3ants.com.

Subject: Re: FW: UPDATE...----..."G-D DOES NOT EXIST" ...----... Prediscovery work for cr...

This is Dawn you bozo. You are just a pile of shit in a sand box where everyone plays. They just toss you aside to avoid picking you up and tossing you out of the box. You are now blocked again. This will have serious consequences for you, Gary. I suggest you get back on your medication. John is a wonderful, caring and kind person who loves his children very much. Children have an amazing quality when they're older to sift out the bullshit and you will be eventually sifted out. We are mature and have no need to tell the children anything because we have confidence they will come to the right conclusions about you in due time. We love the kids very much and have a very solid, happy family - not disjointed with a chaotic nutcase who gets exiled when he's supposed married. Ha ha! Have a little SBS problem when exiled? (sperm backup syndrome). I am now blocking your pathetic ass again. Toodles.

BTW, you will recall how The IT aka The Sperm Donor aka Dr. John BIG Ben Stewart MD, in attempting to embarrass his ex-wife, my wife Marie Dion Gevisser so that Marie would be intimidated from giving testimony in my defense following The IT filing a baseless criminal complaint against me on 9/11/2002, highly suggestive of me molesting his 13-year old daughter, The IT and his "Money Talks" lawyer-liar approached MDG right outside the courtroom and presented her with this one most beautiful photo of a naked women whose face you couldn't recognize suggesting somehow that this most beautiful person's most beautiful female body, was pornographic; and of course you haven't forgotten how this extraordinarily sick minded pathologist with the extraordinarily poor eyesight built his daughter a bedroom out of his master bedroom all the while schtupping the Cow in the basement, you think?

Not to mention MDG's choice words to The COW when back on April 18th, 2004, The Cow again used The IT's email account to communicate with MDG.

Cutting and pasting:

I guess Dr. Stewart didn't tell you about our phone conversations immediately after he got the **TRO** telling me, "**You might NOT lose your children**" implying that if I didn't show up in court on October 24th 2002 he would be so generous as to let me see my children once in a while.

Right this instant the surf has picked up and I am going back in as soon as I send this and forward to a couple thousand more people the "She is the tall one!"

Yes, you know so much more than your miserable father who God placed here on earth to create someone as enlightened as you so that you should be that much more empowered than him to parent him how to be a better parent than you to your children while you now leave the raising of your 4 children including Charlotte to your awesome mother and father and join Adam, me and Marie.

I don't plan on looking at that draft until you say I should before then sharing it with Marie.

Remember, from the very start it is all one most ingenious game, but with the most "dire straight" consequences.

It may seem right now that to even bother with the issues of "homosexuality", remembering some 40% of us Gevissers of my generation are homosexual and who knows that number may even be higher, is not a "good use of my time"; BUT, I know, versus believe, it is at the heart of what makes us human beings so extraordinarily insensitive that we cannot see how transparently obvious it is as are all the "problems of the world"; just look at how extraordinarily difficult it has been for me to only just now begin to wake up the world to the fact that the Nazis won not only World War II and who could all care less about what anyone thinks since the Nazis amongst us are convinced there is nothing those who are not Nazis can do about it, pointing simply to the fact that look how very few people in the church, beginning with the Roman Catholic church would believe me, although a whole lot more than yesterday and tomorrow it will be a whole lot more than today.

For you and your immediate family it is not only so very obvious, it is also irrelevant since the whole purpose of De Beers being the allocator of the world's resources was to steal first and foremost the riches of Black Africa and make Black people, the most evolved in every sense of the world, made to feel inadequate, beginning by simply co-opting-corrupting your leadership.

Once factoring in, however, the role of the Catholic Church in particular throughout the Americas and Africa, who make such a very big deal about the use of contraception, getting the masses to overpopulate, all the while suggesting that it is "God's will" that we "be fruitful and multiply" without any consideration to the rest of nature and mankind's negative impact on the environment which creates within itself so many arguments, and opinions, and this ruling and that ritual to remind of us of that Jewish person Jesus Christ strapped to the cross, blood oozing out left and right, yet though to see one depiction of our brother with a bloody nose, let alone anything but a perfect Hollywood, Lilly White Wheaty Eating nose, so it is easy to forget that there isn't that much incidence of Jewish rabbis or Islam Mullahs or Hindu priests raping young boys and when caught the Roman Catholic Church goes to great lengths to protect these rapists who get moved from one church to the next all over the world opposed to contraception.

At some point this hypocrisy has got stop making sense even to morons, don't you think?

Subject: Updated draft response to Israeli Intelligence Report

Devin,

If you have a moment, please take a look at my most recent draft response to the Israeli Intelligence Report which Gary has been publicizing for some time.

Please make any edits or suggestions in green.

Thank you for your time,
Adam
