Subject: BALLSY-BIRTHDAY GIFT - RE: Military.com contrasted against UK Sun

I wonder if Carolyn "Dr. Death" Dempster's quietness has anything to do with my ballsy move on Wednesday, December 15th, 2004, letting the De Beers-Anglo American Cartel know that I was "checking in" with Client #9 who is, in this so very fast paced, worthless-fictitious, "money, me" world, already "old news".

But for those "awake" at this late-early hour, all depending, everyone who is anyone having no doubt about either my credibility or extraordinary "prescient timing", let me take you back to my most mindful decision following the last words out of my Royal Mater-Mother's mouth, "Are you not concerned for your life?" to break a 24-year deafening silence on November 11th, 2004 with the De Beers, mafia of mafia, who then rather quickly agreed to "break bread" with me; Leon Cohen's exact words, "**let us make the plans**", which then had me responding 3 minutes later, "Wait just one minute; let me check if Client #9 is quite ready!", my exact words on Wednesday, November 24th, 2004 at 11:51 AM PST, "**Terrific – I am still waiting to hear back from the feds and then I will let u know my plans**"; and then, to repeat, on Wednesday, December 15, 2004 at 1:16 PM PT, I emailed Leon@codiam.com,

Leon hi – I am getting closer to nailing down Attorney General Spitzer, it helping tho if I could get your feedback on at least chapter 18 of the Diamond Invention that Charles Engelhard the co-conspirator with the Oppenheimers in the Diamond Invention, "arranged for Oppenheimer to buy a controlling interest in his far-flung empire, since he had no male heirs to take over." Have u met our mutual cousin David Gevisser?

Gary

Ps – I think I will sleep on my follow up to Israeli Army trained Shunit

allowing Devin,

who just went offline, a little more time to set up a meeting with President Bush, who most even "awake" people wouldn't think to think, let alone ask what our increasingly beleaguered President and Commander In Chief is thinking about his own stock and bond portfolio; not to mention if his children's Trust-Hush-Funds hold any gold; and if so, how much in gold bullion or shares in public corporations whose mineral rights to mine for gold in countries like Peru and South Africa - let's leave China and the gold stolen from China going back to the American led 8 Allied Nations invasion of China in 1900, out of the picture right now - could not only be revoked in an instant, but such corporations along with their shareholders forced to make retributions for the actions of the US-British Government failing to do their jobs and serve the interests of their citizens, versus non-U.S. based special interest groups whose names and faces, as in FOOLS NAMES, FOOLS FACES IN PUBLIC PLACES, if not all on that STORED CD ROM containing "smoking gun proof" of the United States Government CIA's leadership role in their South African Apartheid Regime's biological weapons programme, then we will simply have to add them.

Ps II – I will accept gold bullion as a gift for my 51st birthday 6 days from now, including the most beautiful Chinese Panda one ounce gold coin, that like the Canadian Maple Leaf of the same weight is 99.99% pure gold-24 carat.

Ps III – The dotted photo of our B.GEVISERIS shop in Vilnius, Lithuania, very possibly taken by my grandfather Israel Issy Gevisser of Hashalom when he visited in the early 1930s, showing his brutally Nazi murdered sister Pessiah as well as his nephew and niece, their murdered children not yet born, you would think would stop reckless welfare dependant American citizens as well as rouge local law enforcement from asking me if I am American citizen especially when I produce my American passport!

I don't know if it was more disturbing to see that the experiments to develop the biological warfare was supported by the US and GB or that Nelson Mandela kept a copy of the experiment results on CD-Rom instead of destroying it.

financed and supported by British and United States Intelligence Services.

I am a white American, and I am disgusted with my government; I can only begin to imagine how angry and afraid black people feel.

This enough already!
