**Subject:** RE: Disgraced Family Values

Jeff,

By now you have seen my correspondence with my father; my question to you however is what makes you think that I was fighting a battle for you?

It is real simple to follow the emails and the events that took place, which is exactly why I couldn't have this discussion with anyone "face to face" since most everyone seems to forget what they say when it is convenient for them to do so.

Since you all seem to have selective memory, I will sum it up for you...

- 1) I confronted Lois originally with no anger or aggression, simply letting her know what her husband did to me and she chose to respond by calling me a liar and telling me that she was disappointed in me.
- 2) You came to my support sharing your own experiences with "harmless" Ed, and then finally telling your brother, my father, what kind of monster Ed was and how your mom chose to lie for him because she didn't want to confront the truth about him being a pedophile.
- 3) My dad then courageously forwarded your heartfelt email to me, and aggressively said "...so now what do you want me to do?" and then proceeded to have Ed and Lois over for Thanksgiving, I'm sure the dinner discussion being no different than it has been, no one willing to confront anything that might be uncomfortable to discuss. Although I do know that Lois took the time to express her disappointment in me with Jay, my dad's business partner.
- 4) Then, Lois, who one would think by now should be keeping quiet, wrote a capped email, which we all know implies "strength", asked to be left alone.
- 5) I then replied to her confronting her with what she has done to her boys by exposing you all to "not-so-harmless" Ed, which inevitably started the cycle which we are all now seeing in real time and of course inevitably affected me quite directly, none of which is deserving to be swept under the rug and left alone as it has been for 50+ years.
- 6) And then, you and my dad, quite heroically and misguidedly defend poor Lois and "not-so-harmless" Ed, by getting angry with me for not leaving her alone to enjoy the rest of her lie, I mean life.
- 7) My dad then, as you are aware, telling me in not so simple words that he would rather embrace a pedophile that hurt his son and brother and most likely him as well, than confront the painful truth that his mother not only selfishly allowed this all to happen, but she supported it by lying and protecting her pedophile husband.

My dad loves to watch his CSI and his law shows, and no doubt has seen an episode or 10 about abuse in families and how powerful denial is, which I know you are familiar with.

If you haven't figured it out already, there is no loyalty within famILIES. And if there is no loyalty within family than where do loyalties fall?

My loyalty is to truth which in my rollercoaster life is the only thing that I have found to be consistent.

People will try to "spin" things and talk, talk, talk their way out of their problems, but no matter what truth never changes.

You can all live the realities that you create, but the truth will always catch up with you.

Adam

Adam, I told you I would not reply to you email rantings but now you have stepped outside of the boundary. I asked you in confidence to not bring my past into your thing that you are doing. YOU DID NOT. I now get a copy of your email and an email from the other lunatic attacking my mother for something he doesn't know anything about except what you have told him.

I asked you not to bring me into your mess and now you have. You have done the same thing to me that you are accusing others of doing to you in hurting you. I thought I could trust you but obviously I was wrong. I do not need you or your lunatic friends fighting battles for me that do not need fighting. I resolved my issues years ago. You have now succeeded in getting what few family members you had left pissed at you.

You will not be invited to Phillip's wedding because you how now become an embarrassment to my family and I will not have you spouting your reteric at his wedding and ruining this event. What gives you the right to make you think that you are in charge of righting all of the world's wrongs of the past. If you want to make changes, look at your own self first before you start attacking others.

I have now put your email and your "friends" email on spam and will not go through my system. I hope you are happy with what you have accomplished. You said you found god for the first time. The first thing that is taught is forgiveness not hatred. Let he who hath not sinned cast the first stone. You better be looking over your shoulder at the people who can and would throw the first stone at you. Your are not without sin and have now succeeded in hurting those who took care of you the best that they could during YOUR time of need. Time to grow up.

Jeff

Lois,

You have had over 50 years to lie to yourself, I will not allow you to walk away from what you have created; your position clearly stated as my Dad repeated what you told your boys when they expressed their dislike of Ed your would be husband; telling them that one day they would leave the home and that you would be left alone. How selfish can you be to not only allow your sons to be molested by your companion, but to then victimize Jeff and

myself once again by calling us liars. Jeff was your youngest and most vulnerable child, and I your "favorite" grandchild; I hate to see how you treat your enemies.

You disgrace Judaism and your family by presenting yourself as respectful members of your temple and community, and living a life as a hypocrites. Ed will have to deal with his own actions, but to turn a blind eye to evil because it suits you is atrocious. I am ashamed of you and my father for claiming ignorance to "harmless" Ed. Jeff's emails to me and my father confirmed the irreparable damage and hurt that Ed caused him. None of which had to explained to me or Phillip to understand why Jeff responsibly refused to allow his children to be around Ed without his protection. For my father with my adopted 9 year old brother in the home to then welcome you and Ed in for Thanksgiving and break bread with you both, knowing full well what Ed did to Jeff and I, is atrocious and unforgivable.

I don't find it the least bit ironic that my father cowardly ignored the truth just as you did; the fruit never falling far from the tree.

You deserve what ever pain this brings to you as you have not only done nothing to prevent harm to your family, but you brought a predator into your home and offered up your children as well as grandchildren because you were afraid of being lonely.

Ironic that you would think that you were ever in a position to criticize my mother's selfish parenting when you were so cowardly and selfishly doing much worse.

Your Children's blood father, Shelly was at least honest enough to walk away from his children.

How dare you criticize anyone or think that you deserve to be left alone!

Ashamed, and disgraced by your actions and lack there of,

Adam  
Your once favored grandchild

Is it possible that you gave your email address to someone who pissed off that you were simply wanting something for nothing, in turn passed it on to me?

Bear in mind that along with people giving me their email address wanting something for nothing, is how I get 99.9999% of my email list.

BTW do you see the connecting dots between;

b) The ingenious Israeli Military Intelligence report that I am the only credible person in the world broadcasting, apart from the very top officials of the Mossad-Israeli Military Intelligence who are only talking amongst themselves about what next the US-House of Saud-Al Quaida terrorists will do next to confirm receipt of my broadcasting the Mossad-Israeli military intelligence report,
