**Subject:** COCKED GUN-PRINCETON SURVEY-ADOLF HITLER POLLED HIGHEST AS THE "GREATEST LIVING PERSON". ALBERT EINSTEIN WAS SECOND-CRITICAL MASS-OLD NEWS-ISRAELI MILITARY INTELLIGENCE REPORT-supply weapons-analysis

All eyes right now, beginning with those I am communicating with in Israel, are on the assassination of the most beautiful Benazir Bhutto who back at the inaugural of President Nelson Mandela of South Africa allowed a photograph of her and Syd Cohen, Commander of Israel's only squadron, Squadron 101 during Israel's War of Independence to be taken so long as Ms. Bhutto said, "It is not published".

I don't know much about Ms. Bhutto's politics but even if this was a Mossad approved assassination I-we should have reason to be extraordinarily concerned without however, taking our "eye off the ball".

There is not a single Israeli Commanding Officer or Israeli Special Forces commando who is not sickened by the sight of this United States of America Navy building built in 1967-1969 in striking distance from [Del Mar](#) with a short range missile similar to those unsophisticated missiles lobbed into Israel during the 6 week 2006 summer war with Hezbollah Special Op commandos, some 100 in total, broken in to 10 groups, communicating via text messaging, mimicking rather brilliantly Israel Special Forces commandos who eventually went into Lebanon and "took revenge" and in the process took losses, but not quite like the losses of September 5<sup>th</sup>, 1997 when some 11 commandos including the unit commando of

Flotilla 13 were killed when the big bomb one of the commandos was carrying was most likely accidentally set off, the result of an error by an Israel Air Force technician who screwed up the settings, but of course we cannot be certain.

I am now making plans to visit Israel; the last time was in 1995 before going on to South Africa to visit with my uncle David Gevisser who came away from our meeting thinking it "smart" to inform my highly secretive Royal Mater-Mother at an intimate family dinner, "Your youngest son Gary is naïve!"

There is of course nothing in the least bit "naïve" about me or my uncle Dave, who continues to serve as the American head of the DeBeers-Anglo American Cartel.

Moreover, increasingly there are less and less people from all "walks of life" rich and poor but who have an internet connection who can plead "naïveté" beginning with [understanding](#) who apart from the US Government is the world biggest gun runners and drug dealers.

Of course you could "get smart with me" by suggesting Hispanics of Mexican descent in conjunction with bought off US Border Patrol agents are different to American Special Forces commandos overseeing the extraordinary production as well as distribution of opium out of Afghanistan that was non-existent during the reign of the vicious Taliban and why many people "in the know" believe why at first Benazir Bhutto supported the Taliban.

Not to mention, there isn't a single person in San Diego county who hasn't gone through puberty that isn't aware this is the meth capital of the world which also explains why the United States of American is both [the](#) prescription and non-prescription drug capital of the world which explains why it is that most of US Americans have a real hard time figuring out why it is that US Americans who talk so much about us being the "good guys" and that "no one outside of America really understands us" when of course we don't have a cocked gun pointed at their heads.

I am not the only civilian in the world who has noticed [no mention of heroin production](#) in all the terrific movies about life in Afghanistan during the Soviet invasion that then led to the Taliban before we, the US, Great Britain and Canada decided it was in the "best interests" of those who profit from wars to have the largest consumers of opium which is US Americans who account for some 90% of the world production to be in charge of overseeing Afghanistan's opium production which since the US Government has been in control has gone from zero to where Afghanistan now produces more than 60% of the world's demand for opium.

Of course you could again "get smart with me" by suggesting that this overproduction makes opium affordable for US Americans who again constitute some 90% of the world's heroin addicts which in turn keeps the "cost of living" affordable.

So very easy for the "big talkers" amongst us beginning with our corrupt politicians, media and of course our totally nonsense educators, the worst of them at our

universities breeding total idiots who again if your choice is to "get smart with me" is to argue that our kids at least learn to indulge in alcohol so that when they come home at Christmas vacation our alcoholic parents as well as those who say they are only occasional users of alcohol when wanting to get "socially" laid, both kid and parent can talk about the "Big Picture" while looking so very sophisticated.

Enough to make you vomit or smile, especially if none of this gets too close to home as it does to the overwhelming majority of my brothers and sisters not just in Israel but throughout the rest of the world.

And the fact that there are so many young US Americans who are also wanting to do the right thing but have no proper parental supervision, no role models, not one in fact that I am of aware, makes it very difficult for me to leave the US permanently because that would mean defeat for the omnipotent spirit that dwells deep within me.

Again, the problems of the world have nothing to do with race, color, sex or religion just poor parental religious teaching and fucking greedy people, period who derive great satisfaction most of all fucking with the minds of the young, impressionable and defenseless.

It is now time for history to be rewritten, in real time, by the truth tellers.

Many an Israeli, especially Israeli-South Africans still consider Nelson Mandela a "great man" although those more "in tune" with what is happening around the world as Israel becomes the "new enemy" of the United States Government and its media propaganda machine, have "reservations" about Mandela, certainly more so than at the time the United States led by De Beers approved his Presidency after he behaved himself so very well during his 27 odd years incarceration beginning with his most abominable 11,700 word speech from the dock of the Supreme Court of South Africa, Pretoria [April 20<sup>th</sup>, 1964] where to even the "casual observer" he not only mislabeled his speech, "I am Prepared to Die" when it should have been "I am NOT Prepared to Die" but moreover, he looked like a slave asking for a "slave wage increase" all the while "paying his respects" to the British and American judiciary so very transparently working at the behest of their corrupt governments all bought and paid for by De Beers, the banker of bankers who make folks like the US Treasury and US Federal Reserve totally irrelevant.

And of course you would know when I was working for De Beers on 47<sup>th</sup> Street back in 1980, it was not only the principals of Codiam Inc., Stephen Cohen and Alan Lipworth who mocked De Beers' so very corrupt elected and non-elected government officials such as the Secretary of the Treasury and Chairman of the U.S. Federal Reserve.

When last did you "interview" a Hasidic-ultra orthodox Jewish-Black Hatter where you began by asking,

So what do you think about Hollywood blockbuster author, Edward Jay Epstein in his epic non-fiction novel, *The Diamond Invention* making it patently clear that De Beers, the price fixers of price fixers, the monopolists of monopolists have owned the drilling industry from its very start, and yet there is not a single oil well in Israel, but yet you folks are overwhelmingly involved in De Beers' business model that has this special interest of special interest group always price fixing their unlimited supply of untraceable currency at more than a barrel of oil which is exclusively found in areas of the Middle East most hostile to the State of Israel which it so happens the overwhelming majority of you Black Hatters so strongly oppose, and so fucking arrogantly visit "cap in hand" Israel's enemies such as the Iranian little man who reminds us so much of the Little Corporal Hitler which has me now asking you to go on record and explain your support of De Beers business practices during World Oil War II where some 6 million Jewish people were brutally murdered?

BTW have you had lunch yet? If not drop by the cliff house and we can walk over to the plaza for one of their great vegetarian sandwiches that are still somewhat affordable.

Yes, it is not just the collapse of the US economy that is causing eyeballs to widen amongst the selfish-me for myself-coward-bully-all alone future shellfish.

How does what I sent earlier today to Dr. John K. Pollard Jr. while blind copying some 5,000 individuals/groups representing a statistically valid sampling of the world's literate and crooked population, change what you have in your analysis of the IMI?

BTW, I noticed one spelling error in your 2,373 odd word analysis.

Of course you perfectly understand that the way it reads right now, those in the west, particularly those rich-spoiled brats still don't think "it will change anything", including their driving habits, that they still have the excuse, "What can I do about it?"

Naturally, this extraordinarily "Poverty of Thought" thinking has its origins in poorly conditioned kids, each generation of oil war victors that much more emotionless, thinking themselves increasingly smarter just because they have figured out exactly how to "play" their parents increasingly thinking the world revolves around the United States, constantly finding ways when not "playing one parent against the other", made so much easier by those communities such as heavily corrupt Del Mar, California with high divorce rates, to do not "just enough to get by" but so very important to occasionally let "everything fall apart", totally screw up when say doing the dishes, letting the hot water run while squirting liquid soap on to each plate and fork while of course able to maintain the screwball argument that it is because they cannot find the plug exactly where it should be, were it not for the concerted effort to create such a carefully choreographed scene right from the start which then causes the parent-s to "go off the deep end", without the highly

manipulative kid having to breath a word, the parent-s reminding themselves, "Well most of the time they are so cute and now and then they do more than pick up after themselves, so long as I remember to ask, and besides, living in this money, me world was not their choice and therefore it cannot be their fault".

In other words, your analysis is simply not convincing enough because I don't think you listened carefully enough to Marie's edits/suggestions which I typed for her in red.

BTW, please set aside a good portion of your day to convince my very beautiful, beyond belief sexy French-Canadian wife **Marie Dion** "**Don't Try**" Gevisser to place her profile which follows on MySpace.

I am an artist, sexy, beautiful and intelligent.

What else do you want to know?

I can't type.

Make it short. Let's cut through the bs.

Just go to [jus3ants.com](http://jus3ants.com) and tell me what you think.

This is some of the things I am interested in apart from art.

My age. Almost 50 [Insert photos starting out with her in her bathing suit – look on refrigerator at the Stone Home deep inside the Cleveland National Forest and see photo of baby girl in her mother's arms– ending with Marie and Pypeetoe's portrait]

**Marie now saying “I am not sure what it will accomplish if I don’t respond?!”**

**Hard to tell with Marie at times whether she is being “instructive” or questioning my minority shareholding.**

After asking your new girlfriend Kat how she thinks we can also get MDG to go along with placing right under her profile that one photo of a very beautiful bodied French-Canadian sitting naked on a rock, just the shadow showing of the most perfect shaped tit, alongside an ugly American friend of [The IT](#) who has a smiley face placed over her face, go back and look at each one of her edits/suggestions.

Do a cut and paste of each one of them and then explain how you addressed each one Marie felt needed to be covered.

It is another gorgeous day here on the cliffs of Del Mar, the surf not quite as big as yesterday but it seems like it is starting to pick up.

You do recall that while I have never written a book, I have not only had 4 rather articulate "Letters to the Editor" of the Jerusalem Post published but I ran for a period of 5 years a very successful marketing-publishing company, where while getting rid of the entire executive management team in short order, I retained the most extraordinary group of editors-writers all of whom were both beautiful and of course female,

a far better equipped species than the men in terms of decision making as well as execution and thank God there is still the need for our sperm.

**Being a sperm donor or sperm recipient doesn't make you a good parent! – Marie Dion Gevisser**

Also explain why you chose to keep certain things MDG thought were a tab "superficial".

Not to mention my Royal Mater-Mother's choice words, "***Men can be highly successful but never grow up!***"

Bear constantly in mind, however, that what you have accomplished is better than any editorial/analysis written in the past 2,000 if not more years and Dr. John K. Pollard Jr. would agree, certainly he wouldn't be able to provide you with an example of something even close to comparable.

Bear also constantly in mind that you nor anyone outside of the highest levels of Israeli Military Intelligence who remember have extraordinarily close ties to the Mossad, have ever been provided with such an ingenious military report in the history of humankind, and consequently it really doesn't **require** much analysis but plenty of mindfulness when realizing our audience, co-opted-corrupted elected and non-elected government officials, are mostly brain dead, the same with their electorate.

Equally important is the fact that I am alive and continue to be the only "accredited" non-military person in the world, quite obviously "approved" by the Mossad to be broadcasting the most ingenious Israeli military intelligence report of all time that makes it increasingly difficult for even the most superficial to argue, "There is nothing I can do about changing the status quo which serves perfectly my agenda which is not to have to work", when you have people like Sargent Amanda Lopez putting her "reputation on the line", forget her conscience, when recruiting dirt poor Americans to support the lifestyles of their filthy rich and emotionless peers.

It is one thing to keep saying to oneself, "Kids all around the world are only in to themselves" without even opening your eyes to the reality of those not spoiled rotten kids being recruited by Ms. Lopez whose conscience is being tested like **at** no other time, and like the rest of her peer recruiters will only weigh that much heavier with each passing moment until all US military recruiters make their way to the university campuses where I will gladly "lead **the** charge" to debate each and every pumpkin head professor and mindless student.

Remember, most importantly Ms. Lopez, long before I began broadcasting the Israeli military intelligence report sent me an email letting me know how "interesting" she considered my "insight and analysis of the important events of the day", but she would prefer I sent my communications to her personal email account rather than her US Army.

Be sure to let me know once you hear Devin Standard is giving up his plans to settle in North Carolina and is exploring ways to hook up his skis to the next space shuttle that upon meeting up with an ice covered meteor will provide him and his family with enough of a slingshot to reach Mars and be the first to get to work on repairing those Rovers.

There is nothing in the least bit "all old news" about what it is that I am doing as well as saying given how it is all a matter of simply getting to "critical mass" which my adversaries have the horrible job of figuring out when that will occur while sufficiently knowledgeable to know that it is inevitable that I-we will get to "critical

mass" well within their current lifetimes; just the thought that we-I might in all likelihood accomplish this goal is enough to drive each one of these selfish miserable bastards depending on Lopez to continue indoctrinating the financially poor to fight it out amongst themselves, stark raving nuts.

Time to hit more military websites, realizing that Israeli Military Intelligence are not exactly "asleep at the wheel".

I think close to the start you should make reference to Einstein in 1934 writing as his return address, "Concentration Camp, Princeton" and the fact that a survey of incoming Princeton University freshman in 1938 produced a result that author Walter Isaacson wrote in his book EINSTEIN, "is now astonishing, and should have been back then as well."

Cutting and pasting from Isaacson's EINSTEIN:

**Adolf Hitler polled highest as the "greatest living person". Albert Einstein was second.**

Time for President Bush to immediately suspend the trading of shares in public corporations.

How do I get you to convince your granddaughter Kristin that she should be interested in this forthcoming analysis by Adam L. Tucker of the ingenious Israeli Military Intelligence report that much more knowledge and worldly people than her, like Devin Standard is hoping will not be successful?

Of course it is possible that both ALT and I will be long dead before this currently 2,373 odd word analysis, including headings, is shipped within one week to each member of the United States Congress.

On the other hand it is also possible that prior to each member signing a certified receipt issued by the U.S. Postal Service someone I have known a lifetime like South African Dr. Syd Cohen MD, a founder of the Israel Air Force and Commander of Squadron 101 during Israel's War of Independence 1947-1949, and considered by all who know him well as the greatest man living in Israel, is able to convince one or more of his peers as well as one or more of his 8 grandchildren, one already in the Israel's army and two just finishing matric and about to do their 3 year compulsory service, that this ingenious Israeli Military Intelligence report is geared exclusively toward invigorating the next generation of Israelis to not be "afraid" of peace "just around the corner".

At the same time such together Israeli kids who know exactly what they are fighting for versus American kids who have no fight in them because they have nothing to fight for apart from their "Money, me" culture, will have little difficulty given how there are quite obviously intelligent people within Israeli Military Intelligence to understand perfectly well that it is this extraordinarily ingenious Israeli Military Intelligence report which at the root of what is not only causing paralysis in the U.S. economy, but manipulating people like Dr. John K. Pollard to not even be willing to comment on this ingenious military report of all time let alone encourage his "money, me" granddaughter to share it with her boss, leaving it up to Gary S. Gevisser, ALT, Israeli Military Intelligence, Mossad, Devin Standard's gold trader, 7 billion odd people less Devin's gold trader and those Gary S. Gevisser, ALT, Israeli Military Intelligence and the Mossad have already contacted prior to all their deaths or incapacitation, to convince Israeli soldiers to communicate with American soldiers letting them know that the reason they are so poorly paid is to prevent them thinking of anything else other than putting food on the table for their loved ones at home while Kristin L. Pollard and Co., i.e. all those emotionless Trust Fund rich kids, count on their and their parents' and grandparents' ill-gotten gains to see them through the "rough spots".

In the interests of "full and fair" disclosure I think it is important that I mention to your granddaughter and her bosses that you are an expert on many subjects including DNA tinkering and hopefully by New Years Eve when you and your new girlfriend join me and my most brilliant wife, Marie Dion Gevisser doing the most brilliant job in fine-tuning ALT's analysis to ring in the New Year at the When In Rome restaurant in Encinitas, California, you will be much more up to speed on not only how easy it is to artificially stimulate fruit flies to become homosexual but much more importantly its profound impact on us humans.

BTW does it not bother Kristin the fact that the US Government spent most of the past century, and continuing to the present day, executing flawlessly its Regime Change policy around the world whenever a country's ruler failed to abide by the Bretton Woods Conference of July 1944 and enslave their peoples to earn "slave wagers" while providing the most extraordinary military protection to the most

brutal South African Apartheid Regime for some 45 odd continuous years, beginning May 26<sup>th</sup>, 1948, some 12 days after Israel was "inexplicably" forced to begin its fight for survival, following President Roosevelt on February 14<sup>th</sup>-21<sup>st</sup>, 1945 telling Israel's neighboring Arab oil tyrants that if they didn't wage war with Israel then the US Government would execute once again its Regime Change policy flawlessly?

Does it also not bother Kristin, forget all the blood stains surrounding her that are constantly washed clean, which doesn't mitigate the fact that "black hands can never lay white eggs", but the fact that to this day she is clueless as to what happened to all the gold the US Government stole from South Africa in exchange for providing protection to De Beers who have no loyalty to country, race or religion, for more than a century?

Does it also not bother Kristin when thinking about the monies taken out of her paycheck for stuff like Social Security, that brutally competent Israel Air Force Commanders like Syd Cohen are thinking today more about why it was that Israel had to go to war immediately following the wholesale slaughter of 6 million Jewish people when the United States not only controlled the land, sea and air throughout most of the world and most importantly the Middle East but each and every De Beers diamond drilling bit needed to dig the oil wells?

Does it also not bother Kristin to think that not all us Jewish people are stupid to think we would allow another Jewish holocaust just so that the totally corrupt US Government with no loyalty to country, race or religion does not have to fess up to its sins of genocide, making the US Government the terrorist of terrorists?

Does it not bother Kristin that the monies she takes home that afford her to travel to this Hollywood celebrity party and this island vacation spot and enjoy the very best of wines and champagne are nothing more than "hush money" that while keeping her quiet also promote U.S-DeBeers Dollars worldwide.

Does it not bother Kristin that the rest of world are not as emotionless as US Americans who have been so co-opted-corrupted by an extraordinarily bought and paid US Government doing the bidding of De Beers, the mafia of mafia, counterfeiters of counterfeiters for more than a century now, and whose diamond drilling bits continue to keep drilling for oil that fuels oil wars that keep the world's poor sitting atop rich mineral deposits constantly embroiled in genocidal tribal wars which we also refer to as ethnic cleansing.

Does it not bother Kristin that Bill "Rhodes-DeBeers Scholar" Clinton with a full year left in office and few if any believing that George W. Bush would become the next president of the United States, declared out loud at the end of the most bizarre speech of all time given by any public official that the U.S. was ripe for a Bosnian style ethnic cleansing civil war?

Does it make Kristin feel better that she may not be the dumbest person in the world able to walk and chew gum at the same while very possibly holding a tune better than me?

Does it not bother your granddaughter and all those Kristin associates with that she had trouble computing the significance of the extraordinary event 12 days following David Ben Gurion deciding to announce that the UN "approved" Jewish Homeland would be called "Israel" which translates directly in to the English, "Wrestle-Struggle with God", the United States Government then went ahead and simply approved the victory of the South African National Party under the leadership of Nazi sympathizer, JBM Hertzog which marks the beginning of the reign of the Nazi-like oppressive South African Apartheid Regime (the Third Reich's Southern Division), beyond a shadow of a doubt the most brutal government of the 20<sup>th</sup> century.

Would it have been easier for Kristin and Co. had the New York Times and Wall Street Journal simply carried on every page of its newspapers for just one week the following:

OKAY YOU FUCKING JEWS. YOU WANT TO PLAY HARDBALL, FINE! THANKS TO FIELD MARSHALL JAN SMUTS ENCOURAGING YOU ALL NOT TO DISPOSE OF THE LITTLE STOOGIE HITLER SINCE QUITE OBVIOUSLY HIS REPLACEMENT WOULD HAVE BEEN A WHOLE LOT WORSE, MORE THAN EXPECTED NUMBERS OF YOU TROUBLEMAKERS SURVIVED OUR FINAL SOLUTION; AND TO TOP IT OFF, WE WENT TO THE TROUBLE OF WARNING YOU WHEN DE BEERS PRESIDENT FRANKLIN D. ROOSEVELT MET WITH IBN SAUD AND THE REST OF OUR TYRANTS IMMEDIATELY FOLLOWING THE ATROCITY OF THE YALTA CONFERENCE THAT IF YOU DARED PUSH FORWARD IN DEMANDING A JEWISH HOMELAND WHEN THE PLAN IS TO EXTERMINATE ALL YOU TROUBLEMAKERS FROM THE FACE OF THE PLANET ONCE AND FOR ALL, NOW WATCH WHAT WE DO IN SOUTH AFRICA SITTING ATOP THE WORLD'S RICHEST MINERAL RESOURCES AND MOST OF ALL YOU NOTICE THAT NOT A SINGLE PERSON IN THE UNITED STATES OR ELSEWHERE WILL BOTHER LIFTING A FINGER, SO YOU MIGHT AS WELL JOIN US IN SUPPLYING THE SOUTH AFRICAN APARTHEID REGIME WITH WEAPONS THAT WE SUPPLY YOU.

Does the fact that the United Nations is argued by some as having an element of democracy make it that much easier for your granddaughter and those who choose her company to deal with the reality that the De Beers diamond syndicate who play all sides of every conflict and who had infiltrated each and every Military intelligence service during World War II excluding Israeli Military Intelligence and the Mossad which was only formed in December 1949, controlled all 44 nations whose 730 delegates attended the Bretton Woods Conference one month following D-Day June 5<sup>th</sup>-6<sup>th</sup> 1944, the most staged military offensive-defensive in world history?

Does the fact that the United Nations has been bankrolled by the US-British Government bother Kristin in the least?

Do you think that Kristin will have trouble seeing the connecting dots between the ruthless South African Apartheid Regime and De Beers who were financed by American bankers, the same American bankers who financed the Anglo-American Boer-Farmer War of 1899-1902 and the American led 8 Allied Nations invasion of China in 1900?

Do you think Kristin will at any time in her life have the slightest of interest in understanding why it is that China features so very prominently in the Military Report of all time.

Let me repeat the ingenious Israeli Military Intelligence report which I think you would agree both IMI as well as the Mossad, Israel's most effective intelligence institute has done much more than simply confirm:

**Immediately following the 2008 Beijing Olympic Games, Al Quaida will launch a series of attacks on the oil fields of Saudi Arabia, Qatar and Kuwait that in the next instant will paralyze the US economy.**

Immediately following I will send you ALT's latest update.
