**Subject:** FOCUS - farfetched-late recovery

Adam, focus.

A movie.

Focus on where exactly is all that gold stolen from South Africa going back to the turn of the last century and when you introduce the two words, "DIAMOND CURRENCY" the conversation stops.

Gold last trading at US\$928.40 a troy ounce.

Gold closing 2002 at US\$347 a troy ounce.

On December 31<sup>st</sup>, 2002, some 68 days following my and Marie's incredible court victory on October 24<sup>th</sup>, 2002 where THE IT displayed his ugliness for all those interested in the truth, Marie Dion Gevisser began an email to a group of gold traders,

***"It seems that Mr. Gevisser might in fact be on to something, ...."*** [sic].

Drudge Report is not alone in being late to the show, **"America's economy risks the mother of all meltdowns"**

**[http://news.yahoo.com/s/ft/20080219/bs\\_ft/fto021920081334359078; ylt=AozoX8V3CwKFRV6c RfR1f0E1vAI](http://news.yahoo.com/s/ft/20080219/bs_ft/fto021920081334359078; ylt=AozoX8V3CwKFRV6c RfR1f0E1vAI)**

An Apache attack helicopter with a large US Navy ship in the background flew past the cliff house, 4:46 PM PST.

At exactly 5:14 PM I took the photo below just as a Channel 8, which I think is CBS Television, flew by **with the ship heading south.**

Don't you find like Marie and "I" [sic], it intriguing that this US Navy ship keeps going back and forth right in front of the cliff house.

One most extraordinary sunset is beginning to place before our very eyes as Marie rests her back, knitting away.

There is much you can do in the meantime before messing with the camera including thinking of ways to finish off the analysis of that Israeli Military Intelligence report by getting those whose email addresses you have to comment when in a live chat session with members of the US military and don't be shy to involve those placing their profiles on websites like myspace, jdate and match.com and why not begin by having them all listen to my Royal Mater-Mother's record, THE IMPORTANCE OF BEING A WOMAN, covering the subjects of (a) BE POPULAR!, (b) OVERCOME SHYNESS!, and (c) MAKE FRIENDS AND KEEP THEM!

Not to mention I don't believe you have followed up with Mr. John Loftus Esq., the former not yet disgraced enough United States Justice Department Prosecutor who made a living being part of the De Beers "distraction game".

The last email I saw he sent Alan Dershowitz looked like Loftus was working on another book and seeking "kinship" with now very quiet Dershowitz.

The "\$ hit list" on [www.just3ants.com](http://www.just3ants.com) should be updated.

You do recall me mentioning that some 4 months before I immigrated to the United States on March 17<sup>th</sup>, 1978, I first traveled around the States and when I got to Los Angeles I stayed with my cousin Gary Levinson who co-produced Saving Private Ryan with Steven Spielberg; and you do recall me mentioning that in the one of many confusing scenes in Spielberg's epic 2005 movie-documentary-drama MUnIch there is reference to one member of the Israeli-Mossad "hit squad" with a South African accent being a member of the ANC [African National Congress].

You do also recall me mentioning that De Beers get to vet every single Wall-47<sup>th</sup> Street deal worth talking about that includes knowing everything that is going on in Hollywood.

Risk Assessment is my business.

I believe the camera stutter is from too many applications running on the computer. When you are feeling better I can mess with it and get it to work on your laptop.

Can you remind me of the name of the Canadian film?
