Subject: LUCKY FRIEND: Updated draft response to Israeli Intelligence Report

It is improving but not ready for publication.

Keep connecting up the dots.... black and white although it was in "red" references to both Russia as well as what you can see in red "what can explain...."

<http://nextraterrestrial.com/pdf/Microsoft%20Word%20-%20aroop-rememberme.pdf>

Don't forget once armed with knowledge of why someone chooses not to pursue truth and you choose to chastise them you so you will find yourself fast running out of "lucky friends".

You have heard the expression, "You make your own luck!"

My mother always refer to my uncle David Gevisser as a "lucky person" who was "not a good business person".

Why on earth would the Mossad choose someone who was not a "good business person" when my Royal Mater would also so very strongly protest, "You don't want to be in business with an honest fool or clever crook".

You will notice that I am "picking up the pace!"

Get ready to broadcast to the list of Peruvian guides that Augusto sent me.

Again, check the exact date when I started broadcasting the IMI report that they of course are not in the least bit angry about otherwise I would be dead and so would you.

Don't forget about Mr. Loftus now wanting help from "deafeningly silent" Professor Dershowitz in selling yet another book.

Don't forget that I don't simply have the proof the Nazis won World War II and each and every genocide since and continuing to this hour but I am explaining it all in simple English and you are hard pressed to find one person who says the Nazis didn't win World War II willing to debate me on this rather important subject.

Do you think they are all waiting for me to be dead before looking themselves in the mirror and then finding how very difficult it is to be sick to their stomachs knowing each and every organ in their body is recording and providing them with instant playback.

Nothing quite like going to sleep every night with a clear conscience and not in the least bit bothered by those living in denial and who will of course die in denial but in the meantime have to deal with the truth that I am 100% right a most extraordinarily vengeful God is smart enough to figure out how best to let those who usurp their limited authority know what will become of them on the next go-around.

What are your plans for both Christmas Day and New Year?

Do you think the US military got the message when the Peoples Republic of Communist China this past Thanksgiving Day turned away not one but 3 US warships including the USS Kittyhawk.

You do recall in mid-1964 the newly elected De Beers President Lyndon Johnson, a close personal friend of American Charles Engelhard that the reader of Epstein's, the Diamond Invention, Chapter 18 THE AMERICAN CONSPIRACY, believes to be long dead, instructs the Captain of the nuclear powered aircraft carrier USS Enterprise to visit Cape Town and "pay respects" to both Charles Engelhard and his partner Anglo South African Harry Oppenheimer.

You do recall that De Beers shut down the Harry Memorial website once I started to "pick it apart" beginning with my pal Tony Leon, leader of the Opposition to the ANC South African Government forced to pay homage; Tony's "tribute" when combined with Nelson Mandela's "tribute" from the dock of the South African Supreme Court on April 20th, 1964, enough you would think to do more than "sink the Titanic".

Think as you put your head down on your pillow first of the 6 million Jewish people brutally murdered by the [De Beers Nazis](#) and who would be the best candidates to hand deliver your short-story to each member of the De Beers United States Congress, apart from of course John Dau of the Lost Boys of the Sudan holding hands with Sergeant Amanda Lopez, a top recruiter for the US Army.

Let me know what you think of the movie Fidel and feel free to let its producers know more about www.just3ants.com

Birds of a feather flock together!
