**Subject:** PROOF - RE: Marie's will on just3ants

Adam,

That will now up on [www.just3ants.com](http://www.just3ants.com) is Marie's former, before she concluded others including Nikki, her "favorite wolf", were more deserving.

Not to mention yet again, such a will which I first began thinking about when just a young teenager having figured out from asking those "consigliores" closest to David Ben Gurion, Israel's first Prime Minister and head of the Mossad until his death on December 1<sup>st</sup>, 1973, why Israel needed to fight its first War of Independence, let alone this Jewish State being in a constant state of war because that is what the "Money Power elite" willed it to be following not enough of us Jewish people having perished during the Holocaust of World War II.

To mention little of Marie's will all designed to protect herself as well as her two kids physically, financially and morally until such time as her "tTOo" [sic] kids were to "come of age" and decide for themselves whether they wanted to "live right" and be independent thinkers or be co-opted-corrupted by their out-of-control over-controlling corrupt biological, former practicing very bad eyesight pathologist lying father, Dr. John Ben Stewart MD, Also Known As, The IT, aka The Slimeball of Slimeballs, aka The Sperm Donor, who like all those in the carbon as well as blind copied section do not know exactly who else is getting this communication, but each one without exception totally confident they are not alone in feeling most uneasy if not "living right" knowing that others beside for me know exactly what they knew and when they knew the most important truths of the day.

To mention in passing that for all those who say they believe in God but don't act accordingly; i.e. "live right" by sharing their knowledge-information-light, they find no relief in their hypocrisy; and for those who say they don't believe in God, it also makes no difference as they feel increasingly the brightest of bright spotlights thank to the power of Internet that keeps perfect track of who knew what and when did they know it.

The "chronology" that I provided you with yesterday, click hyperlink below,

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20atucker-justify.pdf>

needs the following addendum:

In July 2002 during The IT's and my wife's 13 -ear old daughter's birthday party, The IT shouted out loud, "She cannot afford it" when overhearing me mentioning in private to Marie how were she, my wife, to make the decision to purchase her own Lear jet with the skin of the plane an ever changing billboard showing her modeling her and other designer outfits, if nothing else than to keep pilots flying by from falling asleep, then monies that were owed to me by Mr. Newell Starks could double, and if Marie Dion Gevisser decided not to purchase a US\$10 million or so Lear Jet once finished off with solid gold painting frames, faucets, a personalized bidet and the such then this most successful and highly brilliant Wall Street financial engineer wouldn't owe me a penny, all based on a "double or quits" bet I had offered Mr. Starks, an officer of the highly successful leverage buyout firm of Citicorp Venture Corporation, a subsidiary of Citigroup, who I loaned some US\$40,000 to help him over a small "cash crisis".

Not to mention The IT had followed the progression of my "prescient timing"; to mention little of how the world's most successful "movers and shakers" would "sumhow" [sic] find their way to my doors including National Security Council senior member, Roger W. Robinson, aka "Our Man Roger", the "bosom buddy" of The IT's next door neighbor Mr. King Golden Jr. Esq. my one American lawyer of umpteen years beginning around the time "Our Man Roger" entered the basement of the White House in March 1982.

Once a liar, always a liar, a cheat and a thief.

Feel free to run it all by Devin and anyone else on your email list.

Not to mention my beyond reproach, most stunning "trooper" wife now finishing off her lunch meeting here at the beautifully lit Ranch Sante Fe Inn, just had another lovely waitress stop by and hand me the lunch bill for her and 4 other colleagues.

Ps - on the way to Rancho Sante Fe we "ran into" South African trained orthopedic surgeon Dr. Norman Kane MD who felt we were "following him".

Not to mention, Marie now introduces Dr. Kane MD as ***"the first doctor to tell me to stay away from all doctors"***.

BTW could you help me locate Norman's email address. He shouted out something like [DrKnee@roadrunner.com](mailto:DrKnee@roadrunner.com).

By The Way, Assistant Manager Becky Button [click hyperlink above] just stopped by to check on me and "proof" what I had typed above, commenting, "There are a lot of crazy South Africans in these parts! What's up with you people?"
