**Subject: RICH ONLY WORRY ABOUT THEMSELVES**

Just got off the phone with Augusto.

The analysis should cover the importance of it being Israel who is the one announcing that the United States is no "friend" of Israel.

Most of the world believes Israel and the US are "longtime friends"; that it is the US who supplies Israel with weapons and technology that is used against the Palestinians.

Remember, it is only a relatively few people in the rest of the world who feel like Augusto that they "have to do something."

Most of the world is "sleeping" when not worrying about having to eat tomorrow despite the fact that there is an overabundance of food that is purposefully withheld

as US Americans in particular following placing our tyrants in charge then send out our "do gooders" and nothing more disgusting than those highly educated "Doctors without borders", worse yet those who let the war torn masses know that they are "digging" in to their own "little piggy banks" to buy the medicines blah blah blah blah blah blah.

Are you vomiting yet?

Then come over right now and join us for the most delicious home cooked French onion soup that Marie is now cooking, although it is very possibly going to be a little too spicy.

People like very picky about his friends Augusto with all his education is just managing to keep his head above water, bearing in mind that his 6-year old son Carlos had very recently a head injury caused when playing soccer with his friends that resulted in Carlos having to spend 3 days in hospital in Cuzco and although he is doing better Augusto, who has to travel all over the country including the jungles of Peru as well as go to places like Bolivia taking tour groups, is now having to take Carlos to see a specialist in Lima in order to get more tests such as a "topography" of his brain; not to mention unwilling is Augusto to take a penny from me.

Again, what Augusto and his equally well educated wife Patricia earn combined is the equivalent of what it costs The IT for Danielle to attend one semester at college here in the States and that "comparison" is rather important when you consider the fact that it is not The IT who is paying by having worked hard at the Sharp Memorial Hospital "playing business" but the fact that it is Augusto and Patricia who are paying for both The IT's and Danielle's carefree lifestyle.

Once you complete your analysis of the Israeli Military Intelligence report even if the "friends" of the world's tyrants manage to kill me, you, Augusto, Patricia and of course they might as well take out Carlos, there will still be others out there including some of his 1,000 equally well educated and in very excellent shape Peruvian guides now being brought up to speed in "real time" and just as capable, who without resorting to violence, force the very corrupt Peruvian government to no longer accept US Dollars, no different to the State of Israel, Saudi Arabia, South Africa, Great Britain, Venezuela etc etc, all those 44 nations attending the Bretton Woods Conference of July 1944, causing all those "playing college student" as well as all those "playing business" to realize they won't even have the energy to "play with themselves" let alone afford a "pot to pee in".

That one of a kind intelligence report spells out exactly WHO is taking everything and it is not only corrupt elected and non-elected government officials throughout the world helping themselves at the expense of the hard working masses forced to join the ruling elite's economic drafts.

Each and every single human being on this planet who does not take issue with the US Government for its support of the ruthless House of Saud is corrupt.

Each and every single human being on this planet who does not take issue with the US Government's support for 45 odd years of the ruthless South African Apartheid Regime is corrupt.

Each and every single human being on this planet who cannot realize that the United States Government backed by corrupt business people without loyalty to country, race, sex or religion, benefitted by the rise of Nazi Germany, is also rather stupid.

Each and every single human being on this planet knows perfectly well as they look at the facts that Jewish people like David Ben Gurion had to "play along" with the United States just to survive that had the Jewish Underground fighting both the British and the US for a Jewish homeland taken out the utterly nonsense talking, little pip-squeak Hitler, his replacement would have done a whole lot better job than murder 6 million Jewish people.

The smartest of the Jewish underground fighters knew from the very start the need to be willing to walk away from a battle today to fight tomorrow.

Today it is Israel who alone is leading the charge against the corrupt US Government and all those who remain silent.

Although both Augusto and Patricia's English is very excellent; moreover the fact that they understand world politics bearing in mind they get to meet so many more peoples from different countries than inbred Lily White Wheaty Eating US Americans, I would like to have your analysis translated in to Spanish by someone like well-bred Annie George.

I would like to have an updated draft of the analysis in Augusto's hands prior to New Year's Eve.

Remember it is a "universal language" that the rich only worry about themselves.

Did you get a copy of the email I sent earlier to the President?
