Subject: LONG FACES-BITE THE HAND THAT FEEDS THEM

Mr. Schulz,

Hello there. My name is Gary Steven Gevisser, the 4th and youngest child of Bernie and Zena Rosland Badash-Ash Gevisser who was raised by her paternal grandmother, Nechie Badash, orphaned as a young girl when a gang of marauding Cossacks came through her village and wiped out Nechie's entire immediate family by slitting each of their throats, as Nechie

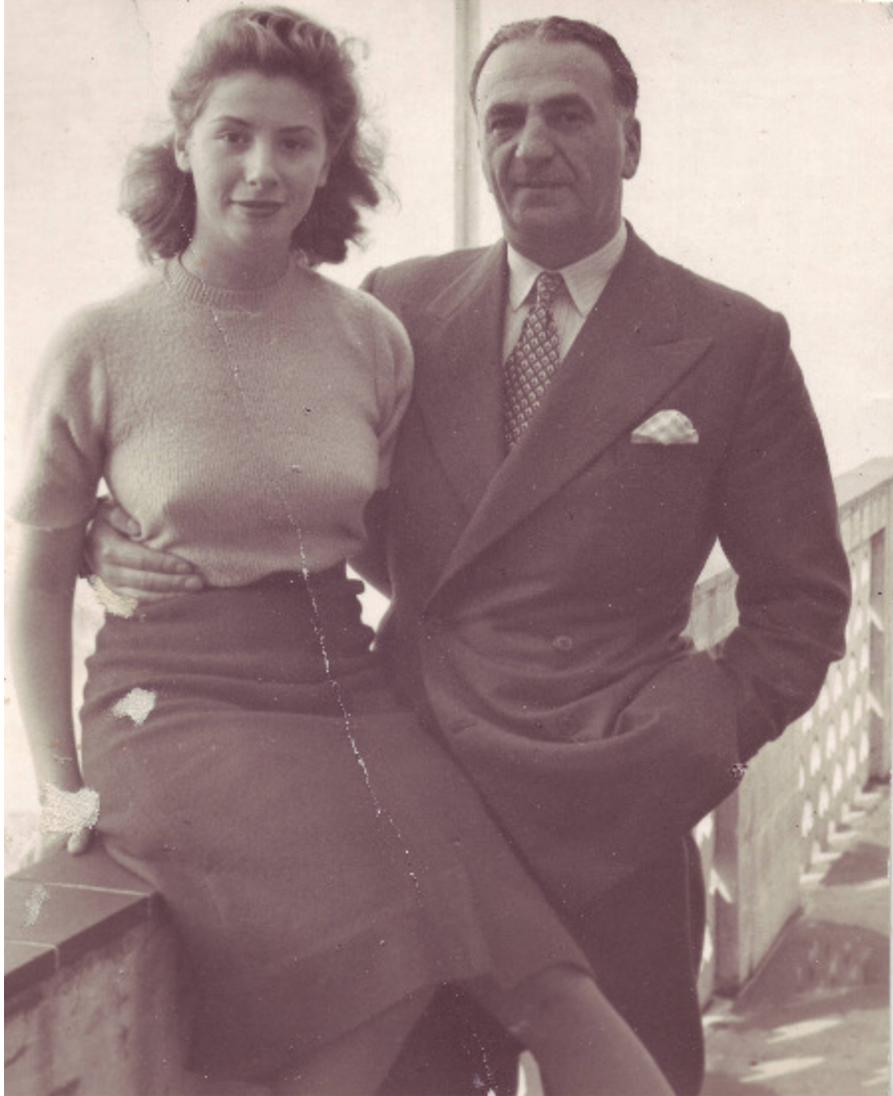

sat huddled in a tiny closet.

Can you try and imagine the chaos before hand as my great maternal grandmother's parents frantically hid her, possibly having just enough time to kiss her goodbye and then the hopeless feelings she had when first hearing their screams, followed by the gurgling of blood, followed by the treacherous murderers shuffling around, taking their time ransacking the home, opening one cupboard after the next and then when it was all quiet, creeping out of the closet to see more than her whole world "upside down" and then having to dig real deep to "go out in to the world" always remembering to put on a "smiling face", quite different to the mostly "long faces" of Trust Fund kids who owe their "allegiance" to carefully misguided poor people.

Can you imagine the joy felt by Nechie, now living in Tel-Aviv, Israel having followed in the footsteps of David Ben Gurion who also came from the same tiny village of Plonsk, White Russia-England when hearing on May 30th, 1929 that her "favored son" my granddad Al Badash-Ash had fathered his only child "wise beyond her years", Zena who was "Born to perform"?

Can you imagine the important work Nechie was doing in Israel at the time that was not as important as her "returning to England" to raise my Royal Mater and whose father who at 14 years of age fought on the side of the Allies in World Oil War I before traveling to Canada and the United States where he "set up shop" on the lower east side of Manhattan, was no "push over"?

Do you think the two of them had to speak much, beginning when Al Ash "abruptly" informed my mother in 1947 that they would be immigrating immediately to the "humid-hell hole" of Durban, South Africa when my Royal Mater-Mother knew that her father, now a multi-millionaire with "a million English pounds sterling in his back pocket" could live anywhere in the world, let alone a country like South Africa where it was quite obvious the 3rd Reich's southern division would soon control given South Africa sitting atop the world's richest mineral resources beginning with gold; "Whoever has the gold makes the rules"?

You do understand perfectly well that all the wars fought have been about stealing the riches of the world beginning with gold, all the while hooking the masses expected to do the killing of each other on "making money" and only finding out when they are dead or shell-shocked that during war, "money is no object" as those who have been "gifted" the money during the relatively peaceful periods first use those monies after buying off their elected and non-elected government officials with both money and precious minerals to purchase the necessary weapons of war and then to divide the spoils of oil wars amongst themselves who have no loyalty to country or religion, only those who "butter their bread".

It is a very vicious world we live in and it is only that way because the information, the truth is get from the masses who are not stupid, just poorly informed, but increasingly less so as I make it my business-personal to expose all you ugly bastards.

Do you think my Royal Mater's "lucky" friend, my uncle David Gevisser who received US\$6 million from the mineral rich estate of Mossad assassinated American Charles Engelhard shortly after Engelhard's funeral on March 2nd 1971, some 5 odd months before the United States officially went off the Gold Standard and the price of gold and platinum, in particular, instantly skyrocketed, was the only person in the world to "profit handsomely" from this very carefully orchestrated move by the De Beers Anglo American Cartel, backed to the hilt by the

3 Branches of the United States, bought and paid for by the DAAC, the mafia of mafia?

Would you be able to tell a mafia person from a non-mafia person?

Would you be able to tell a Mossad agent from a non-Mossad agent?

Would know whether what one Mossad agent were to tell you was the truth, when you know perfectly well the motto of the Mossad is, "By way of deception we wage war!"?

So why would you trust Steven SPIelberg when he says that a book he is partly relying on,

"has never been discredited; it has been attacked by various people, by ex Mossad agents and even one of the Black September terrorists. But being attacked isn't the same as being discredited, plus we did our own research and I am very comfortable with having used the book as a source"?

More importantly, why make such a ridiculous comment in the introduction to his epic 2005 Movie, MUNIch, about a very real event where the "centerpiece" of the story are Mossad "hit squads" which are not made up of individuals that are picked up randomly off the streets of Tel-Aviv and whose most important requirement it seems is that they are not all bald, but can still talk and chew gum at the same time, which is the very first impression you have of these folks who happen to be the best of the best of Israeli Specials Forces trained commandos?

Equally important why "push things" to the point of having the one Mossad bomb making expert tasked with building bombs made up of C4 high plastic explosives knowing only how to dismantle bombs which he learned about while serving in the Israeli army when, I assume, he wasn't performing his most primary job of changing toilet paper rolls on an Israeli military base in the center of Tel-Aviv?

Why then go "completely overboard" in telling your audience who include the same Mossad agents who provided you with "misinformation" as well as information only known to those intimately familiar with the strategies and tactics of the Mossad,

"You should make no mistake that I am not attacking Israel with this film, in no way shape or form am I doing that. This is a very very tough subject and we have decided to approach it honestly and unsparingly."

Do you think it is possible that Mr. SPIelberg could find a single Mossad agent including "ex-Mossad" agents who would agree that the Mossad pay for their intelligence, let alone use US Dollars apart from when "setting-up" someone like SPIelberg who has like the rest of De Beers' Hollywood has yet to produce a movie about The Diamond Invention and in the next instant, "bite the hand that feeds them"?

Were you aware that there was not a single Israeli at the highest levels of the Israeli government during Israel's War of Independence who considered the De Beers controlled American Government a "friend" of the fledging Jewish State?

Were you aware that not all of us Jewish people are stupid?

Were you aware that not all of us Jewish people are corrupt?

Were you aware that not all of us Jewish people are cowards and know not only how to fight but how to fight and win, but first to "line up our ducks"?

Were you also aware that not of us Jewish people needed to read Edward Jay Epstein's book, The Diamond Invention to know that the United States Government who approved the financing of De Beers by American bankers really had no problem whatsoever in De Beers providing Hitler with his diamonds?

You have of course now read Chapter 9, DIAMONDS FOR HITLER, subtitle THE SECRET WAR REPORT OF THE OSS/CIA which is most probably why you have decided to go quiet.

Now read more of what filmmaker SPIelberg had to say in his 5 minute introduction to MUNIch:

This film is an attempt to look at policies that Israel shares with the rest of the world and to understand why a country feels that its best defense against a certain kind of violence is counter violence, and we try to understand this as filmmakers, through empathy because that is what you do, you extend empathy in every single direction because you can't understand the human motivation without empathy.

Now let me remind of the ingenious Israeli Military Intelligence report that I was the first person in the world to begin broadcasting and which of course has been publicly "sanctioned" both by the Mossad and Israeli Military intelligence:

Immediately following the 2008, Beijing Olympic Games, Al Quaida will launch a series of attacks on the oil fields of Kuwait, Qatar and Saudi Arabia that in the next instant will paralyze the United States economy.

<http://just3ants.com/emails/israeliembassy/default.shtml>

Now continue reading now paralyzed SPIelberg's 5 minute introduction that he wanted to do like he wanted a Mossad bullet fired in to the back of his head.

This movie is not an argument for non response. On the contrary what this movie is showing is that a response that may be the right response is still one that confronts you with some very difficult issues, and when we have to respond to terror today, what is relevant is the need to go through a careful process, not to paralyze ourselves, not to prevent us from acting but to try and ensure that the results that we produce are the ones that we really intend.

I mean it is the unintended [mumbling] results that are probably some of the worst and that will ultimately bedevil us.

What you see in this movie is not an attempt to answer, "*Should there should be targeted killings or not?*".

What I am doing with this movie is highlighting some of the dilemmas and highlighting some of the issues that need to be discussed. I am not trying to answer them. But the movie in a sense, apart from being a human drama which explores what these guys went through, will hopefully stir that discussion.

Which peoples apart from Israelis lose the most by the annihilation of the People of Israel?

Who gains the most by Israel being constantly at war apart from those who benefit the most from cheap oil paid for with worthless-fictitious De Beers-US Dollars also used to steal not only the world's gold but all the rest of the world's precious mineral resources as well as labor and then to declare such peoples, "savages".

Back on January 27th you began a dialogue with Mr. Adam L. Tucker.

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20doug-daac.pdf>

I am, however, not all that surprised that you, such a public figure, then went "deafeningly silent".

On the other hand it is of course possible that you responded to Mr. Tucker and either Mr. Tucker failed to inform me or your response "sumhow" [sic] got lost.

Most people including each and every hypocrite Jewish person I know didn't take very long to get over the threatening Yiddish words "***Set-Jer-Gornichst-Helfin-Nothing will help you***" directed at your colleague, movie Producer-Director Aaron Russo by Jewish lawyer Sheldon Cohen, the former Commissioner and Chief Legal Counsel of the Internal Revenue Service after Russo caught him "red handed".

It stands to reason that those weaned from a very early age, now some 3 generations of US Americans knowing so much we think about the "art of making money" forget how little is purposefully taught about "good art" appreciation for the fact that there are so very few good artist painters let alone good artist painter teachers like Sebastian Capella, are so very quick to "move on" from that Gestapo tactic to focusing on, "Gary, just tell me how I can quickly make money and come out ahead of the herd, and to first use such monies to make a quick escape to a faraway land".

O my God, aren't us heathen humans so very predictable?

Since it is also possible you are Jewish and not "al-to-get-her" [sic] anti-Semitic bearing in mind that the overwhelming majority of Jewish people I know are mostly anti-Semitic, the same percentage I would argue applies to the Gentle world, you

would know everything there is to know about the Jewish Kapos who "held fort" over their enslaved mostly Jewish brothers and sisters in the slave-death camps of Auschwitz and the such during our most brutal Holocaust.

You would also know that when it came time for the Jewish Underground mostly based in Palestine with their headquarters in Jerusalem fighting the British-Americans for a homeland and realizing that the only way was to open up a second front on the European continent when it became patently obvious that the American-British were going to give the absolutely "nothing" Hitler "free reign" to implement to the Nth Degree their TOTAL SOLUTION, so well spelled out in Mein Kampf, to return to Europe following the cessation of hostilities that took effect on May 8th, 1945, there was a critical need to "weed out" the Kapos many of whom were in fact members of the Jewish Underground.

It was simply a "miracle of God" that only 6 million of our best and brightest got slaughtered, the result of extraordinarily careful and most deliberate planning that required great patience, and most all intestinal fortitude of the Nth Degree.

May the Great, Good and ever so SMART Lord grant former Commissioner of the IRS Mr. Sheldon Cohen many more days with us to serve as a real life reminder that he represents the overwhelming majority of the brutal minority who continue to enslave the majority of honest hard working people who have had up until now little and no voice.

Not to mention that people such as you should also be spat at without however, a drop of our G-d-given saliva leaving our mouths, and when encountering you to simply, "Keep Smiling!"

I have taken the time out of my very busy schedule that includes paying the most attention to the most awesome dolphins surfing the waves in front of our cliff house here in Del Mar, beckoning me to come join them, to examine rather closely the website created by "friends" of Producer-Director Aaron Russo who lost his battle with cancer on August 24th of last year, some 36 years and 9 days following the United States of America going off the Gold Standard, at least officially.

I have every reason to believe that you, certainly now understand the significance of this most important date that few "brain dead" westerners care to recall for the simple that in addition being "brain dead" from a lifetime of being taught that all they need do to prosper, is to be able to keep track of all their lies from day one that you would also know is quite difficult given the short-circuits that are created beginning the instant you begin getting too busy lying, stealing and cheating, it also simply doesn't suit your agenda to be reminded that you more so than any other peoples in the world have benefited the most from the corrupt United States Government taking the "lead role" in being the world's number one terrorist.

Yes, it is very, no strike that, it is critically important that you now pay very careful attention to what I have to say not because "I say so" but because you know that there are others besides for Mr. Jeffrey R. Krinsk Esquire of Finkelstein & Krinsk both copied and blind copied on this rather important communication all designed to separate "truth tellers" from lying "sons of bitches".

August 1971 wasn't simply when Henry Kissinger, Secretary of State made a secret mission to the Peoples Republic of Communist where he "gave up" the Tibetans in exchange for enslaving the now going on 1.5 odd billion Chinese with our worthless-fictitious and so very blood stained De Beers-US Dollars but such a time frame was at the height of the South African Apartheid Regime who the United States Government installed into power on May 26th, 1948 some 12 days after the State of Israel surprised the hell out of both the British and American Government who believed in the words of Field Marshall Montgomery, "When Britain evacuates Palestine, the Jews will immediately be overcome".

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20jpollard-iamgoingtolike.pdf>

And course the 6 million Tibetans are better off under China's rule than our 3 Branches of Government; just ask the 6 million Haitians.

Please now take the time out to email Dr. John K. Pollard Jr. to wish him well - JKPJKP@alum.mit.edu

Yes, again I am giving not only you but an increasing number of both literate as well as illiterate human beings a real education in how elitists have managed to trickle down the cost of getting richer on to the backs of the poor who are not stupid, simply grossly misinformed.

You understand perfectly well that just because the United States of America's government decided to go off the Gold Standard in TOTAL DEFIANCE of all the logic provided by Alan Greenspan in his classic, easy to understand essay of 1966 titled, GODL AND ECONOMIC FREEDOM, didn't mean the rest of the world had to go along, unless of course the rest of the world had America's biggest guns pointed at their tyrants heads.

Give me now 4200 sit-ups followed by 3600 push-ups and remember when getting into the Pilates bicycle maneuver to continue breathing through your nose, out to the count of 5 and in to the count of 5.

Where in God's name is your shame?

<http://www.nextraterrestrial.com/pdf/gold-greenspan.htm>

Do you think when going to my mother's record, THE IMPORTANCE OF BEING A WOMAN, now loaded up on www.just3ants.com that it would help if alongside a scanned in copy of her 33 and half rpm record is this photo below?

How very stupid do you think I am not to smell a rat when I see stuff on Mr. Russo's website that says"

If you wish to send support to the family in the form of a financial gift, please do so via this link ([CLICK HERE](#)) or by visiting www.russomedicalfund.com. All funds go to Aaron's family.

If you wish to post a message online, please visit "Tributes to Aaron's Life and Legacy" at this link: <http://restoretherepublic.com/forum/index.php?topic=1518.0>

And when I try clicking on the last hyperlink, nothing comes up.

Yes, "all funds go Aaron's family".

So very "personal" are all of you until such time as someone credible such as myself starts asking logical questions beginning with,

WHY WERENT YOU NORTH AMERICANS TAUGHT IN GRAMMAR SCHOOL THAT THE UNITED STATES OF AMERICA HAD THEIR BIGGEST GUNS POINTED AT THE HEAD OF THE SOUTH AFRICAN APARTHEID REGIME THAT IN THE EVENT THEY DIDN'T CONTINUE TO SUPPRESS THE OVERWHELMING BLACK SOUTH AFRICAN POPULATION THEN THE UNITED STATES WOULD SUPPORT THE APARTHEID REGIME'S SECOND-IN-COMMAND, NO DIFFERENT TO THE BIG GUN THAT WAS

**PLACED AT THE LITTLE CORPORAL HITLER'S HEAD AS WELL AS ALL
THE PRIOR AND SUBSEQUENT UNITED STATES' CORRUPT HEADS OF
STATE?**

If it looks like a duck, quacks like a duck then there is every reason to believe it is a duck.

Let me know if this Saturday afternoon would be a good time to have you join in my first VODcast over The Internet; we are shooting for around 3 PM Pacific Standard Time.
