Subject: JEFFREY WORKING ON ESCAPE PLAN-response to israeli military intelligence report, "saudi... says foils oil attack"-rich-could you assist.

Chris,

I appreciate also you letting me know when we spoke earlier that Jeffrey is out of the country and will only be back on December 4th; but for the life of me, I cannot understand why you would think it reasonable for you, personally, to have no interest whatsoever, in anything I have to say, even if it is only me connecting the dots, between the US controlled House of Saud now beginning to draw the connecting dots between my broadcast of the ingenious Israeli Military Intelligence report that was vetted by both the Mossad as well as the very deep underground Jewish Underground who help keep honest the Mossad, the least DeBeers infiltrated of all the world's known intelligence institutes, and the House of Saud foiling their own attack on the oil fields in their own backyard.

Not to mention the US-DeBeers-House of Saud set the price of crude oil at always less than a price-fixed DeBeers diamond drilling bit which gives DeBeers-US-House of Saud complete and total control of the world's drilling industry as they have from the very moment the meeting on February 14th, 1945, between DeBeers controlled President Roosevelt and Ibn Saud on board the USS Quincy, ended.

Moreover, that you would get so angry with yourself as I simply suggested you do a self-examination and raise your voice to me, someone who was not only an honored guest at your boss' wedding at a time when I assume you were nothing more than an embryo in your mother's womb, but I have done over the years a rather stellar job of coaching Jeffrey [how](#) to respond to fast balls thrown at or near head.

Me and Marie Dion Gevisser at Jeffrey and Marcy "Campbell Soup" Campbell's wedding.

You would know if you knew the first thing about how to do your job that Mr. Krinsk is a very skilled, experienced and gold rich Shareholder Class Action Litigator, now more involved in Anti-Trust litigation where he and his partner, US Attorney Howard Finkelstein "ride the coattails" of the United States Justice Department not in the least bit interested in shutting down the DeBeers-Anglo American Cartel for that would mean in the next instant world peace which is war for those who profit handsomely from wars, a more euphemistic word than the more accurate genocide.

You wouldn't need to be either a psychiatrist or psychologist to observe that weak, negative attention seeking individuals are so very attracted to weak, negative attention seeking individuals who in turn are interested in those weak, negative attention seeking individuals who have this rather annoying habit of while easily impressed, easily distracted, most of all looking for a "quick fix-sex" to make themselves feel good, assume those of us "strong willed" are both potted plants and stupid to boot.

Independent thinking Jewish people, the few that there are, can be quite annoying when forcing co-opted-corrupted people such as yourself so far down the DAAC pyramid it isn't even funny, to follow very closely the "money trail" and where it ends is where you will now increasingly find the deafening silent, wouldn't you agree?

It will take up to 72 hours to remove you from my email list without, however, adding you to the "\$ hit List" since it is obvious you were only trying to get

something for free out of Ed, not me; but feel free in the meantime to simply send my emails to your trash box after possibly forwarding them to your entire email list.

Could u tell me what u do for a living or would u prefer I ask Ed who I don't believe intended to harass me when including my email address with yours in his broadcast yesterday.

Could u also tell me why u think Mr. Roop thought highly enough of my insight and analysis of the important events of the day, no different to the most senior members of Israeli Military Intelligence as well as the Mossad, made up of the smartest Jewish people in the world, and u remember that us Jewish people, for good reason, get more than our "fair share" of Nobel Prizes from yet another highly anti-Semitic organization, that Mr. Roop would provide me with two email addresses so that when he is on the road he wouldn't be "out of touch"?

Side note to Mr. Jeffrey R. Krinsk Esq: Jeff, you may recall I have a 12 noon lunch reservation at Rainwaters today. Let me know if you can make it. Note how our House of Saud oil tyrants are addressing my broadcast of the not so top secret ingenious Israeli Military Intelligence report; the same people responsible for publicizing the response to Israeli Military Intelligence report now communicating via the media.

THE MAD HATTERS

By Eve Short

FORMER South African modeling expert Zena Zulman collects hats. Her husband, Alan, has grown a pigtail. Both indulgences are the dogmatically colourful predilections of an always elegantly dressed South African duo who, as a result, have been affectionately dubbed by friends and colleagues in the rag trade as "the odd couple."

"So what if they call us the odd couple," laughs Zena. "I'm having the time of my life. And I know that Alan is, too."

The attractive, brown-eyed honey-blond who is wearing Oxfords from England contends that there is something of the square in practically every woman. "Some of us collect dolls," she says. Others collect jewellery or china figurines while many more simply accumulate recipes and knitting patterns.

"I'm mad about hats. And I'm so glad my strict Jewish religious observance makes it necessary for me to wear some sort of headcovering on every social and outdoor occasion. It gives me a wonderful excuse to indulge my mania."

In her home in Somerset, Zena has something like 80 or 90 headcoverings in widely varying shapes, sizes, colourings and materials. These items have been collected from all parts of the world,

Zena and Alan Zulman... hugging HIS pigtail is one way of getting along!

Some of the most exciting have been acquired over the last year, which for her has held "the divine experience of a second honeymoon."

"Don't I know it!" wails South African clothing tycoon husband Alan. "She's got more hats than Joan Collins. I've just finished making a new cupboard in which to store them all."

ZENA is the former Zena Gwistler, well known throughout Southern Africa as the initiator of professional training schools for models, in this area.

Like most big enterprises, Zena's schools had a small beginning. They started in 1947 with a simple course to help adult women in Durban overcome shyness. The response was so enthusiastic that she was soon encouraged to expand the course to include good hostessing, fashion, beauty and attractive deportment.

The school in Durban appeared to fulfil a very definite need among women of all ages and it wasn't long before she was prevailed upon to open similar establishments in Pietermaritzburg, Ladysmith, Johannesburg, Cape Town, Windhoek and Salisbury (now Harare). There was

even one in Exetaberville in the old Congo! Zana had a regular slot in a women's radio series and she also wrote a column on beauty in an Afrikaans newspaper.

For the next 25 years or so thousands of students were trained by Zena. Some of them became top South African models and beauty queens. Among the latter was Penny Coates—now Penny Ray—who won the Miss World Contest in 1968. Another signal success was Gerlie Hamman, the first international deal model who, through Zena's agency, had the privilege of working for Royal couturier Norman Hartnell and various other top fashion houses in Europe.

"But all that is in the past," Zena says. "I enjoyed those days and they're good to look back on, but today is what counts."

She bubbles vivaciously. "Do you know what I've discovered in the last year or so? It's that time doesn't begin at 40, as they say, but at 60! I'm really that age and I'm having an absolute ball!"

For the last two years she and Alan have been touring the world on what they happily describe as "an extended honeymoon." They were married in a romantic ceremony on the top of Mount Zion in Israel in May, 1984. It is a sacred marriage for both of them and their joy and happiness in one another is living

proof that love and marriage can be as good, if not better, second time around.

ALAN is a retired industrialist, co-founder of a giant national corporation now known as South African Clothing Industries.

He took early retirement because of years of building up the business without stress, which began to take its toll on his health.

"I decided I didn't want to be the richest man in the cemetery. I wanted to live and do all the things I've always dreamed of doing — tour the world, see new places, meet new people. I can't do this last year has been just magical."

To mark his "liberation" from the market place, Alan grew his pigtail. Five days gone by when Christine sent him bondage tape they cut off their pigtail. Well, I've done the reverse. I'm kidding so I've grown a pigtail myself. I can't tell you how much I love it. It has been admired by a good many ladies!"

"Mind you, there might be some who find my mania for hats and Alan's pigtail really odd, and the fact that we so often hold hands just for the sheer joy of being together, but who cares? This is the time of our lives and we both enjoy it. Live it up until we die."

Living it up means travelling in the high summer years to festive places with exotic markets on exciting, full moon nights and the fact that we sit at tables providing chances to widen the horizons and increase their view of the world and its pleasures. Living it up means going out to meet life in all moods, phases and happenings, discovering the wonder and fascination of it all.

And of course, wherever she goes means, every now and then, a new hat. Zena?

"But Alan doesn't mind. 'What heck,' he says, 'to me she's got more beautiful hot-giggles, face, hair, world.' And does hat collecting excite him, too?"

He roars with laughter. "I've a collection. But I'm not in Zena's league. My dear, don't you think that mad hatter in the family is quite enough?"

Below is a photo of them both with Dr. Ruth, formerly a sniper with the Hagannah headed by David Ben Gurion who was as close as it gets to my pogrom orphaned great maternal grandmother, Nechie Badash who in 1929 returned to England from Tel-Aviv, Israel where she was one of the early residents, to raise my highly shrewd-deceptive mother.

Be sure to let me know if you are having trouble blowing up that photo.

Pending your action or inaction I will hold off following up with President Bush to begin opening a dialogue on the implications for the Nazis having won World Oil War II.
