Merry "Xmess to you" [sic]!

What do you think of the symbolism to the children of the world that, "*Black Hands **Cannot** Lay White Eggs*" when tossing The Cow's cookies that Danielle brought over to the cliff house on Christmas Day in to the garbage can once I found out The IT's Cow had baked them; and of course Danielle wanted me to try one, without mentioning who had baked them.

More important is this analysis by Adam L. Tucker of THE MILITARY REPORT which to the best of my knowledge you are not alone in ducking like it was the "plague"!

Have you noticed how as your money becomes worthless those who say how much they love you are preoccupied in knowing whether you have secured enough gold to last them their lifetime?

How do you think it feels if you were say a former medical doctor like The IT and know that the reason for the state of the US economy on the verge of total collapse from which there will be no chance of a recovery, has everything to do with your stealing, but to invest in gold shows that you are a hypocrite?

Of course people who lie, steal, cheat, get their Cow to use their email account to send physically threatening and should I add the word, "illegal" and how about "criminal" emails, do not care in the least about appearing hypocritical as they and those they have co-opted-corrupted play this "I love you, you love me, we are one big happy family" dance.

But then you think two things:

First, how come the so bought and paid for media are now using my word "paralyze" when describing the US economy despite more than one half trillion worthless-fictitious so very blood stained DeBeers-US Dollars so recently handed over to US-DeBeers-Bankers who know better than to distribute it to the poor to purchase your Smith & Wesson guns; not to mention what is going on in North Carolina apart from you think the south will win the next civil war that will make the American Civil War of the mid-19th Century look like a day in the water park, unless of course the Armed Forces of the United States "stands down" in the rest of the world and return to "man the streets" where they might very well find themselves outgunned by those gang members you have sold guns and who wouldn't take long to recruit those returning service people which is why we have

them still over in foreign lands committing atrocities to support the lifestyles of the lazy rich US Americans.

Second, how increasingly easy it is for Israeli Military Intelligence to now communicate that ingenious Israeli Military Intelligence report to their Commanding Officers increasingly able to invigorate their commandos especially those in Israel's elite Special Forces units now on "full alert" who don't need to attend medical school here in the United States or take an advance course in corruption at your Alma Mater, University of Colorado to know that it is just a question of time before the US economy is totally paralyzed even if you find it within yourself to suggest to US Military Brass that our financially poor service people "stand down" at least until the "filthy lazy rich" US Americans put their hands in their pockets and pay them at least what the US is paying its mercenaries to prop up the lifestyles of the rich and lazy who are not all US citizens.

Of course you have told your children why exactly President Bill "Rhodes-De Beers-Scholar" Clinton granted oil trader Marc Rich a Presidential Pardon knowing that this fugitive from US Justice had not only traded with Israel-America's enemies, Iran and Iraq following the Arab oil boycott of 1973-1974, but had voluntarily relinquished his US citizenship ahead of having Israeli Prime Minister Ehud Barak, a highly decorated Israeli Special Forces commando, "lead the charge" in getting Clinton to grant such an **embarrassingly** rare pardon.

Let me know how you are doing with your latest read of The Diamond Invention that of course you knows explains rather clearly that the Nazis did in fact win World War II; the Jewish people rather fortunate to have Field Marshall Jan Smuts in Churchill's cabinet informing David Ben Gurion that to "assasinate" [sic] Hitler would result in someone a whole lot smarter and mean spirited; for example The IT, aka [Dr. John BIG Ben Stewart MD](#) aka The Sperm Donor aka The slimeball of slimeballs whose email is jbste@aol.com.

A very Merry Christmas & A Happy New year to you!

2007 was another exciting, good, fun, healthy and happy year here in Colorado.

School, Soccer, Track & Field, Skiing, Karate, Monopoly, Chess and Rodeo(Arthur's mutton busting) kept us busy every minute of 2007. Charlotte and Alexander(12) both earned their advanced brown belts in kempo karate.

Arthur(7) won the schools' academic award and the state track championship (200M).

Victoria(10) won a 20 gauge youth shotgun, an air rifle and about 10 other prizes when we went to the Elk Foundation dinner.

We were really lucky, I won a rifle that night too. (not that I needed it :)

The new job with Smith & Wesson is going well, although I traveled 75% of my time this year. My Georgia Quail hunt was a dream come true. We will enjoy the last of the birds for our Christmas dinner!

My Elk hunt was snowed out, hoping to get another go in January.

I enjoyed reuniting with my high school class of 1982, and my college college class of 1987. Go Tigers & Quakers!

We may be moving to North Carolina in '08.

We will be ending 2007 in Hawaii, with my folks again, it is becoming a tradition.

Cheers to you and yours!

Devin
