Subject: ARE YOU NOT CONCERNED FOR YOUR LIFE?

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20contactprincipal.pdf>

I am assuming even though Marie tells me that you are online that you are on your way to visit George W. Bush and I don't see the need to take your youngest given the arguments you have in your "hip pocket" quite different to how liar of liars, The IT chose very carefully to take his 10 year old Jonathan along for a ride down to the courthouse on September 11th, to file a baseless criminal complaint against me all intended to murder my and Marie's very good name.

You also recall how racist The IT later managed, while knowing that he had lied under oath when signing the affidavit, to get Black American Detective Jeffrey Steele and a member of the FBI to visit with me at my one home in a further effort to intimidate me to leave town; The IT and his supporters having forgotten how The IT on September 14th, 2002, some 3 days after filing the baseless criminal complaint so very abusing his limited authority, wrote me, in violation of the Temporary Restraining Order he had fraudulently obtained, the following email:

From: **John Ben Stewart**

Sent: Saturday, September 14, 2002 8:39 AM

To: **Gary S. Gevisser**

Subject: **Re: RE:**

which resulted in Detective Steele and the FBI agent when seeing in "black and white" The IT's violation, informing me of my "rights" right then as well as future rights I could rely on were and Marie to choose in nailing the coffin of this most miserable SOB.

Not to mention how you will recall in court back on October 24th, 2002 just prior to Judge Hendrix lowering the boom on The ITs so very old looking and extraordinarily ugly head, told a packed courtroom that didn't include one of The IT's supporters including his Cow Dawn, that it was his 13 year old daughter Danielle who had "inadvertently" sent me the email from his email account when she "accidentally" brushed up against his computer when he was typing without bothering to explain to the court why he didn't simply send me an email immediately following explaining this "error", in reverse.

To mention little of The IT sending Marie the "teeth" [see below]

And then at precisely **9:14 AM**, Marie Dion received an email from her former husband **Dr. John Ben Stewart** titled, "**Re: CALL FROM MRS. FRANCIS**", the body of the text read;

Dear Marie,

Yesterday, I received a call from Jonathan's Principal, Mrs. Francis. She had tried to reach you at your house and wanted your cell phone number. She asked me to ask you to call her. She said that Gary had come to the school to meet with her in her office. Please email me and tell me what this was about.

Thanks, John Ben

Then on Friday, March 21st, 2003, Marie responded:

Subject: Re: TEETH

Did anyone else have anything to do with this e-mail you sent me?

Now remember, as The IT and Co., the plotter of plotters, the coward-bullies that they are, ponder their next move, take as much time as your conscience will allow.

Peace, which is war for those who profit from war.

Ps – The more we know about each other starting out with immediate family members the less likely internecine fighting, the bloodiest of them all.

Need I remind you why my maternal grandmother, Nechie Badash orphaned when just 8 years of age when a gang of Marauding Cossacks raced on horseback through her tiny village, murdering by slitting the throats of each member of her immediate family as Nechie sat huddled in a tiny closet, and who later in 1929 returned to England to raise my "Born to perform" Royal Mater-Mother, was so very trusted by David Ben Gurion, raised in the same tiny village, Plonsk White Russia, Poland; Ben Gurion also knowing to trust Nechie's proven "independent thinking" son, my granddad Al Badash-Ash, born in 1900, volunteered at age 14 to fight the Germans before traveling first to Canada, planting a pick ax through his one big toe when helping build the Niagara Falls, then crossing illegally in to the United States before "setting up shop" in lower east end Manhattan, only telling my Royal Mater as well, only what he thought she needed to know, the same with my Royal Mater when raising me, most of all, she and my father allowing me to fly free and high from the youngest of age and figure it all out in my own time and space.

Energy is as ancient as it gets!

Now contact Zena and ask her to explain in **CLEAR, SHORT** sentences why when she called Marie and me to "make shalom" back in late summer 2004 just prior to me breaking my rather extraordinarily telling 24-year "deafening silence" with De Beers, and I mentioned to her what was "missing" in Edward Jay Epstein's most fascinating non-fiction novel, The Diamond Invention, today only available on the Internet, very specifically Chapter 18, THE AMERICAN CONSPIRACY, after a very carefully thought through "pregnant pause" my most mindful, so very shrewd mother asked, "**Are you not concerned for your life**".

<http://just3ants.com/emails/israeliembassy/default.shtml>

So how much faith do all you nauseating "believers in God" have in God alone holding you back from interfering with my ability to expose all those who usurp their limited authority including Israelis who have got a little too "comfortable" and think a smart God doesn't know how to adequately address their disgusting hypocrisy?

Should I update or remove the "\$ hit list" [sic] on www.just3ants.com?

I am now giving Adam L. Tucker the green light to load up on to just3ants.com his not yet fully complete analysis of the ingenious Israeli Military Intelligence report,

such an analysis to be titled, The Military Report, lacking a solid introduction and end, but brilliantly sufficient to have all sharing their thoughts and concerns.
