Devin – Did you notice most of all what was MISSING from the email I sent Garry Purkiss earlier; not to mention Garry and I finishing earlier an hours conversation that began with him calling me on my cell phone 1-858-735-SEL-NEXT at 11:56 AM PST?

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20gpurkiss-miss.pdf>

Let me first do my level best to described one of the most spectacular winter storms taking place right before my eyes bearing in mind that just before Garry called it was "raining cats and dogs" although visibility from the studio cliff house here in Del Mar, southern California was a good 50 miles out if not more; now possibly upwards of 80 miles.

Wetting their pants right now are not only the very in shape, sexually active, smartest people in the world who attract the best and brightest as well as the most spirited who do not suffer from religious dogma all about keeping the masses doing exactly what they are told not to do and producing "unneeded" [sic] and so very poorly cared for children, both in and out of wedlock, no different to rabbits, and of course unwilling but well prepared to die like flies when wanting all the things the church says is wrong beginning with sex followed by "love of money" but who of course as logic would dictate also suffer fools badly.

Starting with the spouses of active US military personnel especially those "on duty" fighting for what they believed was "Love of Country, the spread of Freedom and Democracy, free enterprise system" in places like Iraq and Afghanistan which is already "history" from the standpoint of military planners planning the next refugee crisis and the one after that where eventually the few who are not shell-shocked do figure out that "one man's system is another man's corruption".

You were not the only person in the world who thought my question to Augusto Benito Vargis at the very start of a SHORT, CLEAR communiqué was the best question they have ever heard me present, click hyperlink below:

<http://nextraterrestrial.com/pdf/Microsoft%20Word%20-%20atucker-update.pdf>

Both Israeli Military Intelligence and the Mossad are watching rather closely events unfolding over in Beijing, China and of course it is not only Israel's no nonsense, not in the least bit vengeful Special Forces Commanding Officers with the most brutally efficient commandos already placed on the ground in Beijing and elsewhere in China who understand perfectly well not only why the US Congress make such a big deal about American sports athlete choosing to pump themselves up with drugs as the US military ensures a sufficiently large flow of opium from Afghanistan, again all in the name of "Free Enterprise" as well the "charade" of Steven SPIelberg making a big "song and dance" about his unwillingness to be part of China's "coming out parade" when China hosts the next Olympics this coming summer, so long as China does not "fall on the sword" and take full responsibility for the rape of Darfur.

O Mr. SPIELBERG, what a tangled web we weave when first we practice to deceive.

It is very possible that people you work with who are not saying a word to you are also without being on the payroll of the Mossad fully aware of the increasingly out-of-control distraction game being put on by the De Beers' Hollywood and Madison Avenue in a last ditch effort to have the masses, most of all those here in the United States at their "wits end" just trying to keep their "heads above water" as the media pummel their heads with the word, "recession, recession, recession, depression, depression, depression, illegal immigration, illegal immigration, illegal immigration" as the worst thing that can happen to them, rather than, just stay calm, not even feel the need to dig all that deep and just keep repeating the following very simple question to everyone they meet either in person or on the internet starting with their teachers, parents, professors, clerics and politicians:

Since Mr. Spielberg comes across as nice Jewish boy, good family, so very charitable, so concerned with the suffering of the world's downtrodden why hasn't he produced, at least put up the money, to ultimately present on the Silver Screen, Hollywood blockbuster author Edward Jay Epstein's epic non-fiction novel, The Diamond Invention and in the introduction explain why he didn't think of using De Beers' Diamond Currency, unlimited in supply, untraceable, lightweight, never inventoried and always price fixed at more than a barrel of oil to in his movie Munich when showing time and again United States Dollars changing hands between Mossad hit squad commandos and their Mossad approved intelligence networks who never use monies when buying intelligence or weapons having learned a number of things from how De Beers not only financed World Oil Wars I and II but most importantly how they very nearly succeeded in wiping out all of European Jewry leaving only the weak sell out Jewish people in places like South Africa, United States, Great Britain and Australia?

Suffice to say 55 year old Garry Purkiss who is a chemical engineer from Natal University, South Africa, my alma mater, had to make a business call, asking me to send him my land line telephone number so that we can pick up from where we left off which was me promising to email him the heavily broadcasted 254 word email I sent on January 9th to Apartheid supporter, orthodox Jewish South African, Bernard Lazarus whose two male children, Norman and Ronald, Garry knows well.

BTW going on an hour ago I emailed Garry the hyperlink taking him to that January 9th so very important communiqué, all geared to separate the "good" from the "bad", none of us can afford to be indifferent for much longer especially as time passes and US most brainwashed westerners have to increasingly worry about our so very poorly paid service people "turning".

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20israeli-friends.pdf>

No doubt Garry had no clue about the measures taken by David Ben Gurion immediately following the botched Suzannah Operation of 1954 and felt well before the conversation ended that he may have been better off reading more carefully my writings, let alone why it is that I have such a very significant "footrping" [sic] on the INternet that only increases in time as the wicked who all know who they are find themselves "increasingly" [sic] with little room to maneuver; bearing constantly in mind that ingenious Israeli Military Intelligence report as well as that very good question I asked of Augusto Benito Vargis that of course is being heard and clearly understood in places like "Venezuala" [sic] where I have friends as well as in China who

could increasingly care less about the US Treasury and US Federal Reserve manipulating the currency markets as with each move they make, each tick of the clock, so they tighten the noose around their own necks.

In war money is no object because [sic] the warring parties all resort to bartering whatever goods and services they need including weapons of war.

China, has both all the goods and services that a peaceful world would want as well as all the weapons of war to confront the corrupt 3 Branches of the United States Government increasingly MOST CONCERNED that their so hoodwinked and so extraordinarily poorly paid service people will "turn" and when they do "God Help America" for those service people also won't want to be paid in the "anything" [sic] but Almighty De Beers-US Dollar, now on its last legs.

Bear in mind that Garry was a top South African surfer as well as rugby player, and to this day still plays competitive rugby although not quite in the shape he was when playing provincial rugby in South Africa.

Garry did not realize when first emailing me that my mother is the "famous" South African Zena Gevisser with "The Models and Charm School", even unaware that I was in the photo I first sent him with me in my mother's arms, and my 3 siblings behind in the DNA 9 marked rowing boat, next to Miss World 1958 Penny Coelen.

During the course of our 60 minute conversation, I emailed Garry the photos of me when first in my highly secretive mother's words, *"trained to live outside of the country and sadly the land of their birth"*

<http://just3ants.com/FamilyTrees/GevisserBadash/zena/impwom/default.shtml>

with weapons used by Israeli Special Forces commandos going back to when I was 9 and 10 years of age as well the letter sent to me by South African physician Dr. Michael Moshal MD back on February 24th, 1981 in which this great man, who saved my life after De Beers had poisoned my liver after asking "one too many" questions of their principal New York City based Black Hatter, Martin Rapaport, makes reference to me "scrumming" with the womens world rugby team.

<http://www.nextraterrestrial.com/pdf/Mike%20Moshal%20-%20Feb%202024%201981.pdf>

Of course before sending out the article Garry wanted me to share with the entire world, all designed to incite desperation and violence here in the US amongst the financially poor who are of course the most poorly informed but NOT STUPID, I will be providing my own introduction, and should you have "choice words" please do not hesitate to let me know.

Again, it is worth repeating that I happened to spend a great deal of time in Beijing in the spring of 1989 just weeks before the so very carefully orchestrated Tiananmen Massacre that had me soon after visiting Israel,

two and three times before the end of the year which ended with my Royal Mater-Mother, Zena and my step-father Alan Zulman flying out to New York City for the premier of Broadway musical revival, Meet Me in St. Louis where Zena hobnobbed with the likes of Walter Cronkite and Dr. Ruth who you

recall was a sniper for David Ben Gurion's Jewish Underground movement, the Haganah, fighting the American-British for a Jewish Homeland and who decided that the only way to bring to a head sooner rather than later the planned total elimination of the Jewish race was to open a second front on the European continent which became known as World War II.

One of the "dots" that you may not have yet "connected" was what my mother Zena did one year after her close and "lucky" friend, my uncle David Gevisser became on March 2nd, 1971, the executor of the estate of Mossad assassinated, beyond "beleif" [sic] mineral rich, American Charles Engelhard that coincided with me going to Kibbutz Sde Boker in the Negev Desert where David Ben Gurion had "retired"; bearing constantly in mind that my "born to perform", highly educated, incredibly well read Royal Mater was raised by her pogrom orphaned paternal grandmother, Nechi-Nellie Becker-Badash who didn't need either World War II or World War I to understand perfectly well that no independent thinking Jewish person in the world was safe so long as the Jewish people, including the worst of the worst co-opted-corrupted Jewish people all pretty much equally concentrated in 4 parts of the globe, the United States, South African and Great Britain and Australia, did not have a Jewish homeland to build, most of all, the most overwhelming superior military force which required the establishment of kibbutzim that bred healthy young Jewish men and women focused on both sharing all the wealth of the kibbutzim and eating a diet of freshly grown vegetables and of course meat as well, no different to what the Chinese people do both in China as well as when they travel abroad setting the scholastic levels wherever they go.

The decision of my very shrewd and secretive mother to have my eldest brother's poetry-blank verse book, ***picking up the pieces of yourself***

published in 1972 at the height of the United States of America's South African Apartheid Regime and to top it off have her half-brother Joe Ash be the one to publish this most poignant attack on the Apartheid Regime, shows you the extraordinary courage of both my eldest brother and mother had at the time; bearing again in mind, that less than 3 years prior Neil Graham Gevisser had concluded his 9 months compulsory military service in the 3rd Reich's Southern Division where he spent most of the time in a military prison in solitary confinement for having knock out a United States of America's Nazi South African Air Force officer who had moments before attacked a defenseless Black South African cook.

BTW Garry Purkiss like Paul Tomson and Michael Sagorin, all 3 Durban, Jewish South Africans served their compulsory De Beers' South African military service in the most brutal South African Police Force.

Not to mention that Garry is of course still occasionally in touch with both Shawn Tomson who was the 1979 World Surfing Champion and his younger brother Paul who has along with Shawn and their sister Tracy a copy of this photo below that shows their father Chunie, in the back row, second from the left, in the same U13 rugby team as my father, seated cross legged in the front row, second from the left.

You may recall me mentioning that soon after the publication of my eldest brother's book my mother was visited by two members of the United States of America's South African Secret Police known as BOSS [Bureau of State Security] "in her bedroom" at our home at 50 Bowes-Lyon Avenue, Glenwood, Durban, South Africa where her top international models would often sunbath in the nude to the great joy of our close friends, Mark and Sam Hackner and their gay sister Susan.

Not to mention you recall me mentioning that within days after I placed my one and only ad, A Name From Here, You Can Trust Over There!, in the South African Sunday Times, also back in 1989, I was visited at my lavish offices at 100 Wilshire Blvd, Santa Monica, by two member of BOSS who instructed me in English but in their strong "Afirkaner" [sic] accent to, "Cease and Desist".

Zena, back in 1972, was provided a "heads up" that Neil should immediately leave the country which he did, eventually ending up on Kibbutz Mein Zvi which is where he first came into contact with the highly athletic and extraordinarily strong Friedman family, beginning with their youngest member Guy Friedman who eventually went on to serve with distinction in Israel's most feared Maritime unit, Flotilla 13; Guy "going in to service" under the direct command of Ami Ayalon, currently Israel's "Minister Without Portfolio"; i.e. the most powerful person in all of Israel, if not the entire world, around the same time I moved to New York City, the money

laundering and intelligence gathering capital of the world, not only for the Mossad but the highly dynamic De Beers organization who not only masterminded World Oil War I and II but provided the financing and most of all Hollywood propaganda to their so weak limped wrist bottom of the barrel choice Hitler, who served as the strongest reminder possible that his De Beers-Anglo American Cartel's replacement would be a whole lot stronger and ruthless and instead of being surrounded by a bunch of misfits and retards, the very best coming out of Ivy League universities such as Princeton who you cannot forget polled their freshmen in 1938 who voted Hitler as the greatest human being and Einstein, second.

You would also know that most pollsters get paid.

Most pollsters also have a good idea of what outcome those who pay them want.

You will notice that I am using my daacstar@yahoo.com email address that may be shut down soon after I send out this heavily broadcasted communiqué.

Not to mention more than handful of the most "wired" people in the world were a little concerned as I took the day off yesterday to celebrate with my wildly stunning, both dressed and naked so very funny, so extraordinarily entertaining French-Canadian wife, her half century mark; the two of us combined totaling 100 years on this most beautiful earth, waking up the day as we do each and every day to examine the godly work of master artist-oil-painter Sebastian Capella, which then has Marie Dion Gevisser thinking what outfit she can buy from a courtier shop like Gerhard's over at the Del Mar Plaza to match Sebastian's master pieces before then noticing, "God who Art in Heaven" when looking out the two oversized windows at the gigantic and most breathtaking Pacific Ocean especially when it is high tide and one has the sense when lying in our king sized bed that at any moment the waves, especially when rough, are about to come tumbling in, that combined with the loud crashing noise if you are not used to it, can have you easily thinking about ducking under the covers where I will leave off to have your imagination run wild.

You would though, also understand that with time on my side, the board of directors of Yahoo, Google, and in fact each and every private as well as public corporation and not to forget all the world's charities have increasingly more to worry about than forcing me to think of another email address given as I have now explained ad-nausea with the increasingly lack of predictability beginning with battlefield forecasting, it is totally impossible for the capital and financial markets, so dependent on predicting a "rosy scenario", to function.

You of course have not forgotten that I remind everyone that the Chinese are not all our slaves and when setting the scholastic levels wherever they go including those who stay home, have mastered the subjects of economics, finance, politics and history as well as art and are therefore

much more used to searching for the truth than us westerners mostly in denial.

Again, remember us Americans in particular "live to eat" to feed our fat cells and over overly compensated rouge "physicians" [sic].

The Chinese eat healthily and "live to learn".

BTW Dr. John K. Pollard Jr. just stopped by to drop off a quart of curried lima beans with the date 2-14-08 written on a strip of paper glued to the top of the container wrapped in a plastic bag, letting me know that once I start eating them I won't want to stop as well letting me know that we are experiencing right now the most powerful surf I have ever seen in these parts with only one surfer out in the water who "disspears" [sic] from view with each passing wave.

I just took a photo.

Now let me have you go back to my Royal Mater's record, THE IMPORTANCE OF BEING A WOMAN and you recall not only the importance of not letting your slip show but what it takes to be the "bell of the function"

<http://nextraterrestrial.com/pdf/Microsoft%20Word%20-%20%20jpollard-iamgoingtolike.pdf>

Quite a busy person was my Royal Mater from the moment she arrived in Durban, South Africa in 1947, still age 18 and then within 3 months of marrying my "prize big fish" father on October 10th, 1948, *"From the earliest days of 1949, she visited Israel two and three times a year, writing reports for different publications"* and to top it off having all of her 4 children before age 29 during which time my highly efficient multi-tasking consigliere

to the most "money power" people in the world, including the likes of Attorney General Robert F. Kennedy and Aristotle Onassis who financed RFK's "assasination" [sic], was responsible for arranging some 50 charity functions a year most in aid of Israel, all the while traveling the world speaking to business people including here in the United States about the great benefits of investing in South Africa.

Yes, even the "new blood" in the Mossad would do well to visit right now not only Chapter 18, THE AMERICAN CONSPIRACY of The Diamond Invention which makes reference to the American Nazi Charles Engelhard first journeying to South Africa in the late 1940s, but my Royal Mater's so very carefully crafted memoirs, titled, "Life Story of Zena" first published on the Internet via email on October 9th, 2001 focusing in right now on my mother's feigned bewilderment at why Americans in particular were not rushing to invest in Apartheid South Africa when American Charles Engelhard had already not only "blazed the trail" but gobbled up along with his partner Harry Oppenheimer all the mineral riches the De Beers Anglo American Cartel had sought beginning prior De Beers and their banker partners establishing in 1913 the U.S. Federal Reserve whose only mandate is to "exercise good judgment".

Everyone knows and understands that cartels are vehemently opposed to competition and the last thing they want to see is "brisk competition", let alone "foreign investment" which are two words that have the top dogs of the DAAC, the mafia of mafia, for more than a century now, laughing their heads off.

You are fully aware that not only is my head still firmly planted on my shoulders but I am making perfect sense to my most important target audience, again, the spouses of American service people now brutally terrorizing the defenseless poor in the rest of the world and when they return from our so very carefully orchestrated oil civil wars take out their frustrations along with vengeance first on their spouses who up until now have never been provided with an "antidote" let alone the perfect antidote, which is to immediately take the "wind out the sail" of their loved ones prior to them returning home by having them read word for word everything I am writing beginning with that most important question I put to Augusto Benito Vargis; to repeat

Why do you think Mr. Chavez hasn't simply cut a deal with China to get all of Venezuela's oil and in return get state of the art technology, a customer whose Currency is on the rise and military protection at the same time without worrying that China's Special Forces Commandos would "turn"?

Over the course of the next week, never forgetting that time is very much on the side of those of us with G-D-Light-Forces at our side, I will be responding to a handful of other individuals like Garry Purkiss who don't appear to read all that well and of course I will be copying you as well as a statistically valid sampling of the world's literate population who while understanding exactly what it is that I am "driving at" in exposing each and every corruption that passes my path that I can trace back directly to the Diamond Invention that has all the corrupt throughout the world, rich and poor, all of course suffering as well from "Poverty of Thought" still wanting to believe that there is nothing I can do about changing the "status quo", find themselves first and foremost at an increasing "loss for words" never in a million years expecting me as I am about to do right this very moment put the hard working masses "on notice" how very important it is that they be "on guard" mostly to the following organizations:

1. Peace Corp.
2. Doctors without Borders
3. American missionaries.
4. United States of America's State Department Officials.
5. United Nations
6. World Bank
7. International Monetary Fund.
8. All United States of America's political parties.
9. Every professor, teacher, academic beginning with all those here in the United States who continues to fail to speak their opinion on the most fascinating non-fiction novel every written, The Diamond Invention.

You would also perfectly understand that if I were to now say, "I was born by immaculate conception; i.e. my mother nor my father have never existed let alone my father's first cousin who received the gargantuan amount of US\$6 million immediately following the burial of Charles Engelhard at St. Mary's Abby Church, Morris Town, two word, New Jersey that drew the likes of Senator Ted Kennedy, former President Lyndon Johnson and Vice President Humphrey; forget also that most important "Letter of Introduction" signed by uncle Dave and handed to me just before I boarded the plane on March 16th, 1978 at Durban's Lois Botha airport, but that you are not alone in knowing that I worked for De Beers on 47th Street in New York City, that alone would be enough for everyone in the world right now to pay very careful attention to what I have to say given again the fact that my credibility goes well beyond both Israeli Military Intelligence and the Mossad who again have no problem with me being the first and only person to publish their ingenious Military Report of all time that explains the more you dig in to this very easy to understand "risk assessment" not only why exactly

Al Quaida doesn't bite the hand that feeds" them by attacking the oil fields of Saudi Arabia, Kuwait and Qatar but why "do gooders" like Spielberg also don't bite the hand that feeds them and produce-direct the movie, The Diamond Invention.

You should now perfectly also understand why not only was my amazing father, "competent and honest to a fault" blackballed by the disgusting Durban, South African Jewish Community when De Beers came knocking at the door of his and his father's awesomely successful international trading conglomerate, The Moshal Gevisser Group of Companies with the DAAC's agenda, "Take the money now or open up a taco stand" but the ongoing deafening silences of those disgusting people as well as their "blackened hand money" offspring who also all understand perfectly well that with all the very few "faults" of my father, he nor his father could be bought, not even with the so very obvious "low ball offer".

Marie just called, "I am 5 minutes away."

We are supposed to leave for the stone home but it is hard to leave this most awesome display of G-d-Mother-Nature.

Cheers,

Gary
