Subject: SMOKING GUN PROOF - RE: Jonathan, we have found the backpack.

Devin - I wish you were here at the Stone Home to enjoy the quiet and beauty of mother-G-d-nature.

Copper Mountain only brings memories these day of coldness and sadness, all the lost time I spent participating in an exponentially increasing elitist sport which of course was mitigated by the fact that I had long before began to "pay my dues" all the while never once belonging to a Jewish synagogue given all the corruption as well as not really enjoying all that much the smelly people who huddled so closely together on the religious holidays all the while in the rest of the time stabbing one another in the back when not talking badly about one another.

You should have received your copy of the email Adam sent a little earlier to the American Civil Liberties Union [ACLU]; Rev. Al Sharpton; Rev. Jesse Jackson; sharpton@sharptontalk.nethad and carbon copying you, Thabo Mvuyelwa Mbeki - President of South Africa and my journalist cousin mgevisser@iafrica.com, the son of Dave Gevisser who was quite willing on two occasions to hand over the reins to the estate of fabulously mineral rich American Charles Engelhard and for me to become all these peoples' boss including you without any of you ever knowing it.

Devin, you are riding high these days only because your sell-out religious-politicians Black brothers have failed to inform their congregations of the pivotal role they play in the rich trickling down the cost of getting rich on to the backs of the poor who are not all as stupid as elitists would like to think.

Remember, most Israeli Special Forces Commanding Officers and their commandos including unit commanders don't have Trust-Hush-Funds, the same with Chinese-Israeli trained Special Forces exponentially increasing in numbers over American Forces who would know from just speaking with any Israeli Special Forces commando that the last thing they would want is to go about Chinese Special Forces commandos who mostly speak English.

Ps – that document showing California Republican Gubernatorial candidate Bill Simon, son of the former billionaire Secretary of the Treasury, having engaged the services of the Wetherly Capital Group, starting August 2001 and for this Democratic-Socialist Party fund raiser group with the most intimate ties to Ron Burkle and Bill Clinton, to target funds such as CALSTRS, NY Common, CALPERS, WA State, Rhode Island, Colorado, Fire and Police, is very, very, very significant when we are talking about peace which is war to those who profit from war.

But also there is the Peoples Republic of Communist China who us poorly educated westerners have been led to believe are far more corrupt than our elected and non-elected government officials.

It is tough for everyone including the Chinese who now live happily in the United States to concede they have backed the wrong horse.

So think about your remaining time as well as your legacy when most of the world has little and no time to play.

Also remember why it is that I have such a very significant footprint on the Internet.

Look again closely at a copy of the document prepared by the Wetherly Capital Group and handed to me at their first board meeting I attended on October 8th, 2001, one day prior to my Royal Mater-Mother beginning to broadcast via the internet her very craftily written memoirs entitled, "Life Story of Zena" without you forgetting that on December 28th, 2001, 4 days after returning from a two week trip to visit with my mother Zena, Bill Simon's opponent for the governorship of California, California Democrat-Socialist Governor Gray Davis held two meetings, I believe in the Governor's mansion in Sacramento, CA, ten minutes apart, the first with the top executives of Vivendi here in the United States and the second with my close colleague Dr. Rod Smith of the Waterstragist.com; both meetings orchestrated by the Wetherly Capital Group, all in an effort to "grease the wheels" and commit voter fraud; and of course, you are not alone in following either the money trail or the chronology of events that had me on January 3rd 2002 suggest to Marie that she get her very craftily written 7 provision will witnessed by an attorney

neighbor who some 9 odd months later was approached by Marie's X, The IT, to file a false affidavit against me, all in an effort to discredit not just me and Marie but most importantly that will which The IT, as you recall sitting in the courtroom number 25 on October 24th, 2002, presented into evidence, knowing that I was going to be able to "hang him" for having illegally entered my proprietary data base; but in presenting such will talking clearly about how much of the threat Marie considers The IT, The IT was speaking loud and clear that he could care less; not to mention why it is very significant that he would enter our home without permission and his son, Jonathan feel the situation was "not controllable" on his part; not to mention that Gray Davis won that all important Gubernatorial election in November 2002 despite me giving the likes of Professor Joe Grundfest of Stanford, a former member of the Securities Exchange Commission the "heads up" that I had "smoking gun proof" of voter fraud, a full 6 months before the election where only right at the end was there any mention of the water problems facing southern California.

Hi

We are in Frisco. The snow at Copper Mountain is awesome. Wish you were here.

Devin
