**Subject:** EXPLANATION-EGGING YOU ON -RE:

Dear Elizabeth,

Wouldn't it be easier; i.e. more time efficient, less paper, cost of a nearly fifty cent **postage** stamp etc, etc to forward my last heavily broadcasted missive to those in authority making decisions that currently afford you very possibly still a living wage?

But for how long considering the fact that while you and I sleep my words of truth-enlightenment are being read by all sides on the battlefield frontlines whose hatred towards one another is key to propping up the out-of-control US military-industrial-complex that has yet to go up against a first rate military such as China whose population include smart people who understand rather well that stuff like Game-Chaos-Theory while explaining how free markets work and contribute to "fair trade", **however**, whenever you have just one price fixer allowed to operate throughout the globe, no longer do you have "free and fair markets"?

Moreover, those on the frontlines not living off Trust-Hush-Funds nor expecting to receive multi-million dollar bonuses if they survive breeding hatred amongst local population groups on foreign soils, can figure without having an advanced degree in economics, that with each tick of the clock and my words of wisdom spread at light-G-d-speed, so it is increasingly impossible to predict the future beginning with how

those on the frontlines will react to the truth, beginning with US service people not getting paid close to fair market value for risking life and limb.

Please feel free to email me or those you see in the carbon copy section bearing in mind that while "sum" [sic] of them might not respond they are not restricted from forwarding others including me with their most innermost thoughts and for those who do and tell you what you want to hear they may also be simply egging you on.

While I don't subscribe to violence since for starters it is a rather silly response to violence when one considers the awesome power of the internet, it doesn't mean those for example commanding Israel's most brutal Special Forces beginning with the most brutal Israel Air Force don't listen extraordinarily carefully to what I have to say, and you would agree just based on the reaction of the Office for the Israeli Department of Defense Attache at the Israeli Embassy in Washington DC to my questioning of their and the Mossad's most ingenious military intelligence report of all time that I continue to be the only person in the world broadcasting 24/7 without the need for much if any explanation.

Dear Gary,

I do not make decisions whether or not our agency will take on your book. I am afraid I do not have any authority at the agency to do so. I handle contracts and finances and I am sure you understand that my day is pretty full and that I do not have time to read any of the e-mails you've been sending me. For any submissions please refer to our agency guidelines. All guidelines are to be directed by mail to our agency.

This is our mailing address:

Thank you for your interest in choosing our agency.

Best regards,

Could you refer to me one of your competitors since I take it you don't think you would make enough money out of my forthcoming book?

Did you at least read my last 1492 word email that can be viewed on my blog at [www.just3ants.com](http://www.just3ants.com)?
