Subject: CLEAR RECORD- RE: "Israili" **[sic]** Military

Steve, tell me what you think of this email I sent a little earlier to Adam L. Tucker, a 28 year old heterosexual male American who is writing an analysis of that ingenious Israeli Military Intelligence report; not to mention that analysis will be shipped within a week to each member of the United States Congress; to mention little of some 5,000 individuals/groups who were blind copied on this 949 odd word communiqué, no one knowing for certain who exactly is being informed but everyone informed knowing it is just a question of time before every single literate as well as illiterate human being will get the same information along with a very **CLEAR RECORD** of who knew what and when they knew it and for each of us to explain what exactly we did and failed to do when sharing such critically important information all about bridging the gap between the "haves" and "have-nots"; to mention in passing what you think the impact is on world economics beginning with the economy of the United States given how some half the population of China have a better "self image" than their female counterparts here in the United States, but then you would have to have not only my insight about the very hard working, so very ancient cultured and merit driven awesome Chinese, the Jews of the Orient, from a very young age

but having traveled rather extensively throughout China where neither the hard working men or women consider themselves “second class” citizens:

Getting better and better.

I still want you to look at Marie's red edits that I made the other day and tell me what you addressed as well as ignored.

Remember we are dealing not only with enlightened people like [Augusto Benito Vargis](#) but those in heavy denial who do not want this analysis to be successful, in which case if you feel you have addressed my point in the paragraph above just ignore it but not the other points I am making in this paragraph.

Also give thought to Afghanistan and what distraction does it serve; i.e. how much oil is there in Afghanistan, the same with Vietnam and what else do both countries have in common apart from mostly farmers and American service people having easy and cheap access to drugs that go a long way when committing atrocities both on foreign soil and when they return home

significantly over compensated medical doctors here in the US have a "field day"; not to forget poor, poor, poor Dr. Laura who also has to make not just a living but lots of money selling this and this band aid cure, all the while so very quiet on The Diamond Invention and its impact on what we drill for and when.

Not to mention the level of alcoholism in both the US and Russia.

To mention little of what intoxication can do to kill what few brain cells remain of those too busy keeping track of their lies from day one.

To mention in passing it is not only us Jewish people who do not have a problem controlling our alcohol intake, people like Augusto Benito Vargis understand perfectly well when doing the very unforgiving Inka trails the importance of the words, "Health is everything!"

It is easy to mouth words but it is another **to** actually "live right" and have no fear of what the next moment brings.

Marie has just awoken from her beauty sleep. Time for breakfast.

Also give thought to how much if anything more you want to say about me beginning with what other possible knowledge was shared with me when first handed **in Israel** a high powered Israeli Special Forces weapon at age 9 in July 1966, one month after Attorney General of the US, Senator Robert F. Kennedy visited with us in Durban, South Africa after giving a rousing speech at Cape Town University, and when my "high-**level**-access" mother was tasked by this De Beers stooge's advance team to come up with a list of people,

"RFK should NOT meet".

Not to mention in 1966 American Charles Engelhard, now residing a great deal of his time in South Africa, was in the very prime of life, age 49 and without a "male heir", apart from my mother's very close and "lucky" friend, my uncle David Gevisser, *"sitting pretty waiting in the wings"*.

To mention little of Alan Greenspan's so very important and easy to understand essay, **GOLD AND ECONOMIC FREEDOM**, also written in 1966, one year prior to Israel once again forced to go to war in yet another war of survival that once again showed the true colors of the US Government, controlled by an out-of-control military-industrial-complex as it was French Mirage fighter jets flown by the world's very best pilots that resulted in the most extraordinary victory; a fact of life that didn't sit very well with US Navy who saw fit to begin construction in that same year on the Swastika shaped building on Coronado Island, San Diego.

Also give thought to how much if anything more you want to say about what additional knowledge was shared with me some 18 months later in January 1968 when handed another high powered Israeli Special Forces weapon, some 5 odd months prior to RFK's assassination on June 5th, 1968, less than 5 odd months before my mother, on October 20th, 1968 attended the nuptials of RFK's lover, First Lady Jacqueline Kennedy to Aristotle Onassis who was forced to leave a clear money trail of his involvement in the assassination of RFK.

Not to mention the only memorable thing about this occasion my mother thought was worth mentioning was that when she and Jackie O were the only females in the room where the financial deal between Onassis and Jackie O was inked,

"not a word was spoken between us."

Also give thought to what people all around the world are going to be discussing around the dinner table this New Year's Eve beginning with the President of the United States apart from this analysis of yours and the ramifications of us now able to tinker with fruit flies to make them homosexual without messing with their DNA.

Also give thought to why it is that those not wanting us to be successful in sharing this analysis of the most ingenious military intelligence report of all time, are being forced to pay increasing attention to such knowledge besides for the fact that the US economy beginning with the US Dollar is collapsing.

BTW my one posting today at 1:09 AM EST on the ABC NEWS website remains up, the other, more detailed, was removed.

**What does Senator Hilary Clinton have to say about the Israeli Military Intelligence report that reads:
Following the 2008 Beijing Olympic Games, Al Quaida will launch a series of attacks on the oil fields of Qatar, Kuwait and Saudi Arabia that in the next instant will paralyze the U.S. economy.**

Not to mention the announcement by the House of Saud-Al Quaida that Israel is the new target, comes as no surprise to either Israeli Military Intelligence or the Mossad, on as high alert as it gets.

Steve

I assume you picked this up off the ABC NEWS website, and if not then please let me know where.

Does it really make a difference even if I were able to convince you that I made it up which I didn't?
