Subject: ARRAGANCE - THE MOST DANGEROUS MEN - "OPEN SUPPORTER" - US MARINE PILOT -

Ps – Gold last trading at US\$924.40 on the spot market and Platinum also trading at record highs that has not only members of my immediate family finally beginning to focus on the extraordinary wealth of my father’s first cousin David Gevisser but why people such as yourself should understand the importance of the Mossad never paying for intelligence which you would know in war is far more important than weapons which can be found with the right intelligence, that has you immediately focusing yet again on Steven SPIelberg’s epic and so confusing 2005 movie MUNIch asking yourself again and again the most important question of why hasn’t this Hollywood blockbuster Producer-Director thought it important enough to produce Hollywood blockbuster author Edward Jay Epstein’s epic 1978 book, The Diamond Invention and when getting to any point in what would be the greatest blockbuster movie of all time, have to figure out what currency would De Beers use when bribing elected and non-elected government officials to remain “deafeningly silent”.

Now place yourself in the shoes of David Ben Gurion upon hearing that my Royal Mater's close and "lucky" friend, my uncle Dave was now "sitting in the pound seats" following the Mossad ever so diligently, methodically, painstakingly and of course patiently waiting for my uncle Dave to become the executor of the estate of Mossad assassinated American Charles Engelhard,

buried at St. Mary's Abby Church, Morris Town, two words, New Jersey, on March 2nd 1971, some 7 odd years prior to my being handed by my Royal Mater, moments before boarding **on my way to the U.S.** on **March 16th, 1978**, at Durban, South Africa's Louis Botha airport,

an unsealed envelope containing a "Letter of Introduction" signed by my uncle, to be hand delivered to his and Engelhard's lawyers located on Bush Street, San Francisco, before than joining in 1980, age 23, Codiam Inc., De Beers' principal price fixing operation on US soil.

Photo above shows Zena + me "stocking up" in Chicago, Illinois, just prior my joining Codiam Inc.

Of course you understand that Martin Rapport of the Rapaport Report could just have easily got on a plane every other day or every other week or every other month for that matter to visit with De Beers Central Selling Organization located in downtown London, England and get his "marching orders", rather than visiting regularly with the principals of Codiam Inc., Stephen Cohen and Alan Lipworth, apart from this would mean that the DAAC, the De Beers-Anglo American Cartel, afraid of no single elected or non-elected western government official, wouldn't be "in the face" each and every day of the likes of the US Justice Department, the FBI, the CIA, and of course the United States Congress who rely on De Beers' US Justice Department to judiciously apply the United States' sacrosanct anti-Trust/anti-Price fixing laws just so long as now and then they remember to give De Beers a "slap on the wrist".

The same with John F. Kennedy. Instead of having JFK meet Charles Engelhard's Anglo South African partner, Harry Oppenheimer at the Carlyle Hotel located on the upper east end of Manhattan, New York City immediately prior to being sworn in as the next President of the United States, that carries the title Commander In Chief of all US Armed Forces that includes the CIA, De Beers could just have easily had JFK and Jackie O meet yet again at Charles Engelhard's Camp Chaleur across the border in Quebec, Canada but that would not quite have served the purpose of letting the 3 Branches of the US Government know who exactly was and remains "buttering their bread".

Join us for sunset

this evening where we can discuss why it is so very important to those "calling the shots" beginning with Sec. James A. Baker, who according to my long time pal Roger W. Robinson, senior National Security Council member, "***The most dangerous person in the world***", Sec. Baker loyal only to those such as the House of Saud who "butters his bread", now pulling out all stops to declare China the new enemy, "The Yellow Peril doesn't want to share their wealth and therefore there is no choice apart from all out war", quite convinced that those of US Americans satisfied with the "status quo" won't pay any attention to the

extraordinary arrogance of De Beers who have never had any interest in “free market economies”.

Just talk followed up with brute force not quite enough to have our young forced in to the economic draft to be ready to die against a very strong, Israeli Special Forces trained economic powerhouse like the Peoples Republic of Communist China whose current soldier count is twice that of the US “standing military” and capable within a week of doubling.

Predictability is key both to winning wars and maintaining market stability beginning with “confidence building” in your special forces commandos who don’t all wear army fatigues including those who dress up as Hasidic-ultraorthodox Jewish-Black hatters.

The only thing currently predictable about the United States is its dire straits thanks to crooks who we can now all help flush out, starting out in each of our households.

Adam L. Tucker is now seated beside me at our Cliff house. He has flushed out each and every member of his household. What about you?

If not now then when? If I am only for myself who am I? If I am not for myself who is for me? – Hillel.

All the best,

Gary
