Subject: Israeli Military Intelligence Report-worst nightmare

Keren, I just put down the phone to Kineret who told me the same thing you told me yesterday, "We don't know what you want!"

I suggested to Kineret who might have hung up the phone before she got to hear everything I had to say that it is more than bizarre that you don't have my responses to your request on November 19th, "Please send me a SHORT, CLEAR e-mail of what it is that you need from us", given how you had previously confirmed receipt of all my previous communiqués addressed to you and Ami Ayalon, Israel's most powerful cabinet minister with the title, "Minister without portfolio".

Without calling your colleague either a liar or an incompetent or both, leaving her with not even the choice of choosing both, I went on to explain in very simple English the most important lesson learned by David Ben Gurion following the debacle of the Operation Suzannah when the top Israeli Military Intelligence officer responsible for coordinating in the summer of 1954 the covert operations in Egypt all geared to embarrass both the British and Americans so as to get them to

reconsider very seriously leaving Egypt in the hands of their stooge government, was the fact that if the "top dog" could be bought and relied on by Israel's enemies to sell out not only his brothers and sisters involved in the foreign soil clandestine operation but all the Jewish people throughout the world not only in Israel then how very easy it would be to co-opt-corrupt one-time innocent small time clerks-typists such as yourselves who of course pride yourselves on your security clearance.

What if I am right that there does in fact exist a very patient but most vengeful G-d/God who has this gift of being able to go in and out of each of our minds at will?

What if I am wrong that in fact there is no such thing as an almighty God just people such as yourselves deciding without any loyalty to country or religion who shall be rich and poor but at the same time you are smart enough to figure out you do not control the internet or what your superiors as well as subordinates not to mention inevitably each and every individual on the planet will read and judge for themselves whether it is me or each of you who usurp your limited authority who are in fact "the evil incarnate" although of course you can all pride yourselves on the truth that none of you come close to the evil of Dr. John BIG Stewart MD aka The Sperm Donor aka The IT?

There is nothing quite like the truth which causes each of us to take a deep breath.

You all know perfectly well that there is much more evidence than this United States of America military building built in the late 1960s, either in 1969 or 1969, that is shaped in the form of Nazi Swastika that proves beyond a shadow of a doubt that the world's Nazis did in fact win World War II.

The decision by Ben Gurion to "openly support" the South African Apartheid Regime by supplying this most repressive regime in the history of the world with Israel's most advanced weaponry was not a decision this former head of the Hagannah took lightly but it was of course a very easy decision to make considering the few options available to the State of Israel that the "control block" at the DeBeers controlled United Nations thought would survive no more than a matter of a few hours once Ben Gurion pushed forward with Israel's Statehood in May 1948, even willing to kill other Jewish soldiers loyal to Menachem Begin who headed up the Irgun, the more "militant" Jewish underground fighting the British-American in Palestine which World War II served as quite the distraction.

The 3 Branches of the United States Government never once objected to Israel's participation in the support of the Apartheid Regime for an uninterrupted period of 45 odd years as the United States of America using its worthless-fictitious DeBeers-Dollars stole South Africa's precious mineral resources, most importantly gold.

At the very moment Henry Kissinger was embarking on a secret mission to China in August 1971 where the U.S. abandoned support for Tibetan monks who received guerilla tactics training here in the Colorado Rockies, the U.S. went officially off the Gold Standard, August 15th, 1971 a rather important milestone in the ongoing rape and pillaging of the world's poor and downtrodden who are not stupid, simply

misinformed by those with the biggest guns who control every aspect of our lives, but increasingly less so thanks to the Internet.

May G-d only help you when you wake up to your worst nightmare!

Keren, I would hate to call you a liar but when you tell me as you just did less than 180 seconds ago that you didn't receive my response to your request that I be "short, clear" with my questions then you would have no choice but to follow instructions from your superiors, and I doubt very much that includes watching once again SPIelberg's MUNIch that shows for very good reason why people such as yourself cannot be trusted, more so when you have become so Americanized and bought so easily with worthless-fictitious DeBeers-Dollars.

Below is a hyperlink taking you to my response.

Second, you also maintain that you never received that satellite photo. Here is that photo along with the rest of the message to you and your superiors who may have decided to simply go around you which is what I would do if I was in their position and I had someone in Israeli Military Intelligence who was usurping their limited authority and needed to be exposed.
