Subject: MESSAGE TO PRESIDENT MAHMOUD AHMADINEJAD - It is time.

Below is an identical copy of a message I submitted to President Mahmoud Ahmadinejad's blog.

Dear Mr. President,

Until the United States of America examines its most bloodied and blackened-money-hands in the brutally repressive 45 odd year rule of the South African Apartheid Regime which "stole power" away from the overwhelming majority of Black South Africans, within one month of Israel being granted Statehood, it is not possible for a single US American to find comfort in the words, "We are a nation of laws."

Once a single monopoly such as the South African De Beers diamond syndicate funded by US bankers at the turn of the last century is allowed to exist and using its "Money Power" to price fix its own "Diamond Currency" at more than a barrel of oil, buying with their exclusive but worthless-fictitious and never once inventoried currency, not only oil from US tyrants such as the Shah of Iran but stealing South Africa's gold, so do the words, "rule of law" become totally irrelevant.

Your decision to no longer accept US Dollars for your precious and limited supply of oil is both a courageous and smart move.

Following the trail of the worthless-fictitious currency of the US Dollars inevitably ends up with American Charles Engelhard of Engelhard Minerals and Chemicals headquartered out of Newark, New Jersey, who first journeyed to South Africa in the late 1940s where he forged the most extraordinary strategic alliance with Anglo South African Harry Oppenheimer, and between them they formed the DeBeers-Anglo American Cartel [DAAC], the cartel of cartels, special interest of special interest group whose "Money Power" allowed this mafia of mafia to

summon at the most prescient moments the leaders of the world with the most military mite to do their bidding.

There is one most pivotal meeting that took place at the Carlyle Hotel located on the upper east end of Manhattan, New York City, between President elect John F. Kennedy and Harry Oppenheimer.

Knowledge of this meeting that had the US Secret Service, tasked also with protecting the US Dollar from counterfeiters, right after Charles Engelhard had provided the untraceable monies to JFK's father, Joe P. Kennedy, the first chairman of the Securities Exchange Commission, who then rigged the 1960 US Presidential election, was made available to all of us in the mid 1970s under the "Freedom of Information Act"; more importantly, Hollywood blockbuster author-investigative reporter, Edward Jay Epstein in his epic non-fiction novel, The Diamond Invention, first written in 1978, the year I immigrated to the US from South African to take over from my uncle David Gevisser as the American head of the DAAC, goes to great length to describe this so carefully "arranged" meeting of the most powerful mafia don the world has ever known and the incoming President of the United States of America who also carries the title, Commander In Chief of all US Armed Forces.

I happen to know a lot about De Beers given how first of all I worked for De Beers on 47th Street, New York City back in 1980 soon after De Beers were allowed given their most powerful "Banker of Banker" position to crash the gold market; and second, because my father's first cousin, David Gevisser who got me the, "nothing to speak of job" at Codiam Inc. some 27 odd years ago, became the executor of the estate of American Charles Engelhard who was buried on March 2nd, 1971 at St. Mary's Abby Church, Morris Town, New Jersey, my uncle receiving soon after the funeral which drew Senator Ted Kennedy, former President Lyndon Johnson and Vice President Humphrey, the sum of US\$6 million.

I look forward to beginning a dialogue with you.

Sincerely,

Gary S. Gevisser
