“If the American People

ever allow the banks to control the issuance of their currency, first by inflation and then by deflation, the banks and corporations that will grow up around them will deprive the people of all property until their children wake up homeless on the continent their fathers occupied. The issuing power of money should be taken from the bankers and restored to

Congress and the people to whom it belongs. I sincerely believe the banking institutions having the issuing power of money are more dangerous to liberty than standing armies.

We are completely saddled and bridled, and the bank is so firmly mounted on us that we must go where they ill guide.

The dominion which the banking institutions have obtained over the minds of our citizens...must be broken, or it will break us."

"EXELLent" [sic] thinking - both emails.

My Microsoft Outlook is experiencing problems so I am now using webmail.

What does the story of Easter mean to you?

Tomorrow is 3 days be4 T4 says he will get back to me with his thoughts on my "problem-solution" that I presented to him and others just the other day.

Tefo's email address g00g0lp3x@gmail.com.

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20atucker-t4getsit.pdf>

A person very close to me who has this very cute French accent says "Godilygoo" or something similar when asked by those wanting to know about the solid silver G MDG

often wears around her neck that I had made in the Arab Market in Jerusalem back in the fall of 1972 after I had met with David Ben Gurion on November 1st, 1972 and this former Prime Minister of Israel and head of the Mossad had taken the steps to activate "hit squads" throughout the world to begin making those who profited including Hollywood from the spilling of Jewish blood, specifically Israeli blood which is not all Jewish, pay with their own blood.

<http://www.nextraterrestrial.com/pdf/Perspective%20One.htm>

Remember the awesome Druiz Israeli Special Forces unit that is second-to-none are mostly Christian although they do not accept converts in to their ranks not even those who consider themselves Christians.

Notice how there is really nothing very funny about anything when you are forced especially by someone as credible as myself to examine why exactly one can go in out just like the tide when dealing the very bloody business of war which benefits so very few of us beginning with Hollywood comedians who are counted on to make fun of all our corrupted elected and non-elected government officials who in turn are counted on to distract from the brutal business of war.

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20president-nextofkin.pdf>

I am currently listening to an American comedian Marie is watching on her problematic laptop, "I will never cheat on my wife but I will f... cheat on my diet in 5 minutes..."

Now a severely deformed midget is asking him questions and before opening his mouth the comedian says, "So you are working on my sympathies..."

Now this very fatso comedian is just talking and talking and Marie has taken the laptop off her lap and is back to knitting, the comedian now mentioning, "6 million man... SteveAustin hiding behind a rock...."

Even when stuff is not taken out of context it is often not all that funny but it does "steal time".

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20atucker-blotchedfat.pdf>

You havent thought much until I just mention it now about why there are not more Jewish people like you and me "up in arms" about the truth of who exactly profiteered extraordinarily handsomely by De Beers contributing very significantly to the financing of Hitler's extraordinary military machine all geared to murder as many Jewish people as possible, not paraplegics or quadraplegics or spoiled rotten brain dead Trust-Fund-Hush kids who come in all shapes and sizes, religious and non-religious.

<http://www.edwardjayepstein.com/diamond/chap9.htm>

Did you know that I have yet to meet a single Israeli Special Forces Commanding Officer or commando for that matter who is in the least bit fanatical.

Do you recall how extraordinary few Israeli Special Forces commandos there are operating around the world 24/7.

I certainly dont.

Do you recall the number of Israeli nuclear submarines operating in the ocean deep at any given moment of the day and night?

Now you are less concerned about your ability to predict what tomorrow will bring and now in the next instant you are thinking about your Trust-Hush-Fund before smiling to yourself as you know how scared shitless are those extraordinarily few Trust-Hush-Fund kids, but enough to the point that you feel quite sick to your stomach but not quite as sick as most American, Israeli, Chinese, Russian, British, South African etc etc military personnel who have no multi-million dollar Trust-Hush-Funds to look forward to when and if they return home but of course those reading this simply wish they did.

This fatso, bought and paid for comedian is now back to making political jokes, "Bush, no bombing of an innocent country. Bush, no bombing of an innocent country."

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20joey-inyourface.pdf>

No mention of the importance of war including the CIA's biological weapons programme developed in conjunction with the South African Apartheid Regime in propping up the Trust-Funds of those kids who simply dont want to have to work for a living but have so much time to talk nonsense but increasingly only to those who have no problem in these mindless future ants stealing their time.

Now the deformed midget is back asking questions, "I dont know if you noticed it but I am a physcially disabled midget" [sic]?

And the comedian now answers, "No. I didnt notice."

Remember, if the Mossad dont pay for their intelligence or weapons systems why shouldnt Trust-Hush-Fund kids be allowed to live in peace and quiet and remain anonymous?

Earlier today two teenage kids were sitting on the bench in front of the cliff house

and doing what all kids their age I am told do which was to stand up each time the train passed by and give the passengers the finger while acting like clowns.

This clown comedian, Kevin Something, now saying "that's such a decent question..." after just earlier commenting, "Well, we all know the Jews killed Jesus..."

Marie now saying, "He's boring!" before going click on Netflix.

We will be watching **Dan In Real Life** tonight following; as you may recall, my primary physcian recommending it highly because he felt the French actress had a similar beautiful smile to Marie.

Time to fly.

Keep Smiling!

Gg

Ps - Tomorrow, more crooks are going down!
