Subject: IN YOUR FACE - JUSTICE - CHARGE - time to chat?? dalton vaughan here ;)

Dearest Joey and Michael,

Now that's what I call an, "IN YOUR FACE" response.

You are both just awesome!

Thank so very much for increasing the circle of those dependent upon my insight and analysis of the important events of the day.

What lessons do you think we can all learn from Mark Anthony's speech?

Sidebar to my Royal Mater-Mother:

Stick with me a little longer!

Allow me to just very quickly share with you both prior to the "tTOo" [sic] of you becoming the world's latest hermits the email I sent earlier today to my new, most beautiful, so very tall, so wonderfully slender Chinese friend Lucy after she had

emailed me wanting to confirm if we were all meeting this evening and of course you would be invited once we reschedule, just let me know:

Lucy. I am very sorry.

I got "side

tracked".

I meant to email you early this morning and actually prepared the first sentence to let you know that I had decided to remain today at our Stone Home in the Cleveland National Forest and to let you know ahead of time, so that if you wanted you could come out here. I don't have a car. Marie took the mini back to San Diego to attend her class with Sebastian Capella and then later at 3, I believe, she has a meeting in RSF.

I don't know at this point if she is planning on coming back here or staying overnight at the cliff house.

I want to get your thoughts on whether you think the current government of China is as corrupt as many foreigners now doing business in China say it is.

As you know I am moving rather fast to help prevent the pending civil war here in the United States from occurring by trying to get the US Government to finally tell the truth about their involvement with De Beers who have been the principal allocator of the world's resources for more than a century, and doing a rather poor job at that.

Moreover, I am also trying to pull out all stops from the US government, who does not represent the majority of the hard working people of the United States, let alone enslaving the rest of the world with inciting ethnic cleansing civil wars, from creating civil unrest in China in order to distract from the very serious problems we are now only just beginning to witness after nearly century of being able to sweep these very possibly insurmountable problems of "entitlement" under the carpet, given the brute military force of the United States that is no longer able to bully the rest of the world into accepting our worthless-fictitious DeBeers-Dollars.

The hyperlink below takes you to my last heavily broadcasted missive which you may not have received a blind copy, at least not yet.

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20standard-onceagain.pdf>

I would like to open a dialogue with your husband ASAP especially since he is so very worldly with an interest in "Jewish studies", and not to wait for his return to the US where "his hands might be tied".

Peace.

Gary

What did you think of what I sent a little earlier to Davide who you might think is doing nothing more than goading me in to promote his website, you think?

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20davide-gold.pdf>

I take it your response should explain a number of things including why you tell me on the one hand that I will love your SOB spoiled-rotten Trust-Hush-Fund nephew "playing college student" at Columbia University and at the same time you are not willing to share with me his email address because you argue he is too busy "playing college student" being taught by which poorly educated and co-opted-corrupted professors, exactly?

In other words, let me spell it out.

Were you to eat less, you will find yourselves spending less time going to the toilet to do business #2, and in your case Michael since you are on a dessert fast until Easter you will be surely farting less which might have Joey being that much more productive in sending me email addresses of all the current professors of Columbia university as well as those of their student body and alumni. Thank you.

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20kpollard-ten.pdf>

You do understand that I didn't need to be raised for 21 years, shy of one week, in the United States of America's most brutally repressive South African Apartheid Regime to understand the meaning of the word, "hypocrite".

I take it, as I celebrate today my 30th anniversary since immigrating to the US on March 17th, 1978, you won't mind if I share your "Poverty of Thought" comments with all those whose value system is the same as well as different to yours, since again you confirm finally your "ignorance is bliss", once of course I bought out why only those with a warped comforted view of the world would be so arrogant to assert, **"THAT'S GOOD; LET'S LEAVE CHINA TO TAKE CARE OF CHINA"**.

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20dstandard-onceagain.pdf>

Not to mention just like at the end of our so very long and boring dinner conversation the other evening you finally let me know that what bothers you the

most is the **"\$ hit list"** [sic] on our most awesome www.just3ants.com that I daresay is well on its way to becoming the number one website on the internet apart from of course www.footsak.com and www.NEXTtraterresTRIAL.com, not to forget the 100 or so others including EmanANDdog.com that in reverse, in compliance with Quantum Mechanics, that which goes forward must also work "backwards", which is not to suggest that you have no one else to blame but yourselves for your ever increasing "Poverty of Thought", reads, MOC.godDNA.name.

To mention little of despite all your religious dogma upbringing you can't be feeling all that great about the prospects of meeting up once again with our most genius and so very vengeful God even if you have resigned yourselves in believing that life as **an** ant is worth looking forward to which of course it is when compared to your hell of life right now, in real time, here on this most awesome planet Mother Earth; you of course understanding perfectly well, still, that a smart God wouldn't wait before putting you to sleep to reap your just rewards.

THE MEEK WITH TEETH SHALL INHERIT THE EARTH!

To mention in passing, I don't recall since you are today so well armed with the facts surrounding the United States of America's support for Nazi Germany that resulted in the mass murder of some 6 million of my Jewish brothers and sisters

who were NOT opting for any fricken entitlement program, just wanting to be left alone to be independent thinkers and contribute to the betterment of humanity, again without any fricken GOVERNMENT SPONSORED POGROM, I would think you would find it deep within yourselves to at least call for the demolishing of the swastika shaped US Navy building [on Coronado Island, San Diego](#)?

Or do you think it is simply too "farfetched" that the US Navy backed by the 3 Branches of the U.S. Government would DARE do anything that would upset Jewish people who haven't all forgotten the fact that [the](#) US nor the British Government authorized the bombing of any of the Death Camps such as Auschwitz whose 90% occupants were not in wheelchairs having broken their necks playing recklessly?

Or do you think it is also too "farfetched" that some 12 days following the Russian Red Army liberating Auschwitz on February 2nd, 1945, De Beers President Franklin D. Roosevelt who for good reason failed to bomb the headquarters of De Beers when they refused to accede to his-their demand to stockpile diamonds on US soil, met on board the US Quincy with Ibn Saud, sending the [CLEAREST, SHORTEST](#) message possible to David Ben Gurion in Jerusalem, Palestine that if he proceeded forward in demanding a Jewish State, the United States of America would back to the hilt, the United States of America's tyrants such as Ibn Saud?

Or do you think it is also too "farfetched" that the United States Government imposed a trade and arms embargo on the fledgling Jewish State that Ben Gurion named Israel on May 14th, 1948, the US Government going to the added measure of making it illegal for any man of military age to travel to Israel?

Or do you think it is also too "farfetched" that 12 days later, on May 26th, 1948, the United States Government backed the coup de tête that resulted in the South African Apartheid Regime coming to power in South Africa sitting atop the world's richest mineral resources apart from black gold, and remained in support of this most violent regime in the history of the world for the next 45 odd years as US-De Beers business interests stole blind from the overwhelming majority of Black South Africans such as Tefo and his mother Joyce Mohapi who De Beers tried to buy bought off with a De Beers-Grant-Bursary which didn't prevent Joyce from warning Tefo, now beginning to rise strong, of the "sly English".

<http://www.nextraterrestrial.com/pdf/tmohapi-sly.htm>

Now go to the bathroom and after clearing the air ask God for forgiveness.

I detest those who derive great satisfaction in exceeding the limits of their limited authority; i.e. evil doesn't come in the form of a pointed tail or pitched fork – Mr. Jeffrey R. Krinsk Esq.

BTW do you have any ideas why the Jerusalem Post published my first 4 Letters to the Editor beginning on February 1st, 2001 right after double DeBeers-FBI agent Robert Hansson was arrested without the Attorney General of the United States at the time who announced such a timely capture mentioning that the reason the rest

of the FBI capturing Hansson responsible for the capture, torture and killing of key "assets" deep within the Kremlin, did not kill Hansson was because he was so very careful in receiving part of his payment in untraceable, lightweight and never inventoried diamond currency always price fixed at more than a barrel of oil.

No doubt the only numb thought going through your minds right now is why you couldn't have been smart enough to get the State of California to pay part of your US\$9 per hour for taking care of one another happy as a lark playing ignorant when it suits your agenda, in diamond currency and now having me help you sell them for "top Dollar".

Feel free at any time to participate in this ongoing Educational Light Journey-One Tribe of Achievers workshop-seminar where folks from as far away as say China and South Africa might very well conclude you are finally making retribution for your sins against humanity which doesn't mean I wouldn't accept graciously any additional contributions including a hefty chunk out of that US\$9 per hour you are both paid by the corrupt State to have you "dilly dally".

I thought you would at least like for me to share with you as well as increasing numbers of people who know you for what you are which is nice and sweet so long as everything again suits your agenda, the following communiqué Adam L. Tucker sent journalist Carolyn Dempster; it possible that ALT chose not to include you in the blind copy section but I cannot be certain.

Subject: FW: Fall of the Anglo-American Empire

Hi Carolyn,

I wanted to find out if you have any additional information that you think would be relevant to add to your 2002 article (<http://news.bbc.co.uk/2/hi/africa/1926117.stm>) about Dr Wouter Basson aka 'Dr. Death' of De Beers' South Africa? I also wanted to ask why you chose not to mention that the CIA had tipped off the De Beers' South African government that 'Dr. Death' was trying to flee the country when that clearly shows the connection between the US supporting the research of biological warfare that specifically targeted black people.

Oh, if you could also comment on why you believe Nelson Mandela would want to keep a copy of Dr. Death's experiments on a CD-ROM as opposed to destroying it. Wasn't Nelson Mandela opposed to the most brutal and racist De Beers' Apartheid government?

Cheers

Professor Heather,
I recently came across your article written in 2007 about the fall of the Roman Empire; besides the obvious parallels to current collapse of the American empire, I believe as an Oxford history professor you may possess unique insight into the present monetary collapse as it relates to Cecil Rhodes' De Beers' Anglo-American's untraceable unregulated diamond currency.

www.just3ants.com

I'm sure you won't mind the link that has been placed to your article on the homepage of just3ants.com.

Just3ants is here to show that ignorance is not bliss.

Through the use of DIAMOND CURRENCY, De Beers has funded genocide and civil war across Africa and arguably the world. It is the power that comes from an untraceable and unregulated currency that has allowed De Beers to control the allocation of natural resources as well as affording them the ability to make untraceable "contributions" to all political parties and grassroots organizations as a means to mitigate battles with opposition.

Additionally just3ants serves to expose all those that have benefited from the De Beers DIAMOND CURRENCY as their self-serving actions have been at the expense of the hard working masses that unknowingly compete against insurmountable opposition.

Email is a wonderful record of who knew what and when; in an effort to justify why your name and bio should not be placed on our '\$ Hit List', I ask that you provide the names and or email addresses for your Cecil Rhodes-De Beers scholarship students as well as every Oxford student that has attended a history class that did not discuss the DIAMOND INVENTION.

I am also asking that you comment on why you believe the CIA supported Dr Wouter Basson aka 'Dr. Death' of De Beers' South Africa while he perfected biological weapons that were specifically targeted towards black people? As well as why Nelson Mandela

would keep the results of 'Dr. Death's' experiments exist on a CD-ROM instead of destroying what amounts to an instruction manual for a racial genocide?

Horrific experiments

Witnesses had testified to a catalogue of killing methods ranging from the grotesque to the horrific:

- **Project Coast sought to create "smart" poisons, which would only affect blacks, and hoarded enough cholera and anthrax to start epidemics.**
- **Naked black men were tied to trees, smeared with a poisonous gel and left overnight to see if they would die. When the experiment failed, they were put to death with injections of muscle relaxants.**
- **Weapon ideas included sugar laced with salmonella, cigarettes with anthrax, (and) chocolates with botulism and whisky with herbicide.**

Cheers

Ps – In my haste to follow up with Shunit

Let me also know if you find my hyperlinks not distracting enough.

Should you have any difficulty whatsoever in understanding a single thing I have written about either of you or matters that you could care less or more about please do not hesitate to let me know.

BTW, I found it rather rude but par for the course, that instead of emailing me yesterday saying, "FUCK OFF – YOU CAUGHT US WITH OUR PANTS DOWN" and therefore in following my Royal Mater-Mother's Charm School teachings knowing all about proper etiquette, simply writing, "Dearest Gary, right now you are thinking that Michael and I must be delirious since no one in their rights minds would ever takes us seriously, thank God for our Dog who continues as best she can to train us", you decided to make a phone call which of course didn't prevent you from expressing your "true colors", although again I much prefer email which flushes out the crooked so much easier.

The crooks are going down!

The document below was obtained by me during the course of the October 8th, 2001 board meeting of the Wetherly Capital Group whose financiers are the nation's largest financial backers of the Democratic-Socialist Party in the United States; namely Ron Burkle whose one claim to fame is that he was the first person to hire Bill "DeBeers-Rhodes Scholar" Clinton immediately after Clinton left the White House in quite the "shambles" in every sense of the word.

Don't you just love the name, "SPECIAL SITUATIONS FUND".

Are you interested to know how very close Julio Ramirez was to Democrat-Socialist Governor Gray Davis at the time?

Who in the United States Congress or what about the Peoples Republic of Communist China would be interested in how very rigged are our so-called democratic elections that have created one most extraordinary welfare dependant state whose young have no fight in them because their value system like yours is running on empty?
