Subject: I am thinking

May be you want to have your SOB Trust-Hush-Fund nephew living it up at Columbia University converse with my highly literate elder middle brother Melvin who was online last evening at the same time I was checking Marie's email account; bearing in mind, that included in me servicing my very sexy wife's, "many needs" I also type a good number of her emails given how she simply doesn't have the time to learn to type something my Royal Mater-Mother taught me when just in my early teens.

Let me also remind you to remind your so self-absorbed nephew that he is afforded his whimsicalness only because American kids his age are committing untold atrocities in the United States of America's Armed Forces as the overwhelming majority of them AS YOU WELL KNOW, are only there because of the "economic draft" which of course you have all the time in the world to debate with me in "black and white" is not quite as bad as simply having a draft, were you to have the courage, agree?

Yes, by now or very shortly, you will receive your copy of my last heavily broadcasted communiqué to my one American programmer Adam L. Tucker who of course just like you and the overwhelming majority of people on my email list representing a statistically valid sampling of the world's literate and crooked population think you are more intelligent than me, but now or again, very soon you will realize that not only is that not the case, that in fact you are significantly dumber given how you have been ever since lying for the first time during confession too busy keeping track of your lies from day one, but why exactly the Allies didn't bomb the Death Camps.

Now of course you want to believe I am as angry as God but you would be wrong on both counts.

How can one be angry when simply speaking the truth backed up by all the facts that has those in such heavy denial, just wanting to "please" and "be liked", increasingly "deafeningly silent"?

This is the greatest time to be alive and when dead what a better time to get all the rest one deserves, but in the meantime live life to the full!

What only counts is the truth beginning with why it is that the most credible people in the world who have to be the most truthful pay very careful attention to what I say and don't say.

One of the most "fun" people in the world who I miss the most is Derrick Beare who I have known for many years even though we didn't exactly grow up together in Durban, South Africa; Derrick who is a couple of years younger than me, may be 4, left South Africa two days after his barmitzvah where Professor Rabbi Abner Weiss was the Jewish Gestapo official in charge, just as he was for my barmitzvah back on April 25th, 1970

Back in 1986 Derrick and I along with another Jewish friend of his from Atlanta, Georgia where Derrick and his family eventually ended up after first going to

England, flew for just one day from Los Angeles to Mexico City to watch the finals of the World Cup Soccer, I believe it was West Germany against Argentina.

Neither 3 of us could tell you either the first names or last names of any of the relatively young women we met on the way starting out with the Stewardess you see in the photo below who of course thought we were nothing more than another bunch of crazy South Africans with too much time on their hands and of course a lot of money to blow.

Not to mention we had to leave the stadium before the end of the game in order to make it through traffic and catch our flight back to the States and only found out who won once we arrived back in the US, all the while we were waiting in the parking lot of the stadium for our taxi which had got blocked in, we could hear from the noise coming from the stadium that two goals had been scored.

A year before Democrat-Socialist Senator Ted Kennedy ventured to South Africa where he received quite the "cold shoulder", a fact of life I wasn't the first to present to the world, but just my mentioning this one of many trips this member of

America's number Nazi socialist family has done in his lifetime should wake you and your SOB nephew to the "real world" of drugs, alcoholism and mass murder, not to forget the torturous biological weapons administered on innocent Black South Africans by the United States of America's CIA beginning in earnest on May 26th, 1948 when the 3 Branches of the US Government went perfectly along with the South African National-Socialist-Nazi Party winning the General Election and remained in power for some 45 odd years all the while in return for protection from all the Armed Forces of the United States including the CIA the South African Apartheid Regime shipped out "free of charge" all of South Africa's slave wage harvested precious mineral resources beginning with gold, platinum, diamonds and never to forget uranium 235.

The fact that you are not alone in wanting to dig into the refining operations of Engelhard Minerals and Chemicals out of Newark, New Jersey established in 1902, is of course perfectly understandable but at the same time you would also appreciate that I am not exactly some fricken "dilettante" let alone an anarchist like the United States Government who do not represent the overwhelming majority of US citizens let alone the peoples of the world who have been subjected to the brutality of this most disgusting regime.

Go ahead and help me sugarcoat it with your "warm and fuzzy" and lets just "love one another" so very "sly English" teachings.

I am all ears!

So when last did you hear a bomb blast going off in your neighborhood or hear about close family members brutally murdered in the United States of America's sponsored Holocaust?

So do you think Poli will assist Devin whose father you remember is the immediate past president of the New York State Bar Association, to get a visitation with President George W. Bush or could I count possibly on you and your nephew to assist?

I am now formulating my thoughts about how best to assist President Bush tell the truth to even those overwhelming of us Americans so very poorly educated, so very numb who of course cannot handle the truth given how so very few options remain EVEN for those of us so very heavy in denial, all the while wanting to "please" and let's not forget our Dale Carnegie Course, "How to win friends and influence people", and also not to forget playing time and again my Royal Mater-Mother's record only found on just3ants.com, THE IMPORTANCE OF BEING A WOMAN.

Maybe you would like to try your speech about "God is love" and "each of us including Adam L. Tucker has their own path to truth" and "spreading the word of god and love, blah blah" [sic] on slave wage earner Hispanic American Sargent Amanda Lopez, a top recruiter for the US Army-National Guard who might not need a Hollywood production detailing the pros and cons of water boarding to understand perfectly well why the US military has to resort to violence in obtaining intelligence

on the US Government's "enemies" versus able like Israeli Special Forces commandos to win them over with both loving-kindness and truth, allowing the Israel Defense Force to have protected now for some 6 decades the fledging State of Israel who has known from its very beginnings that the US Government was no "friend".

You really shouldn't also have difficulty understanding not only why very knowledgeable about the real world people like Adam L. Tucker would now decide to immerse themselves in the awesome teachings of the Kabbalah that are way beyond their comprehension including those Phds the likes of discombobulated but still trying to do the right thing ALT choose to quote but how quickly they come back "in search of me" after the not only Good but most EXTRAORDINARILY VENGEFUL GOD has them utter such diabolical nonsense, "I don't need anyone"; again our so very SMART, to hell with "loving", instead again extraordinarily VENGEFUL God now bringing more than ever HELL UPON EARTH to all those who usurp their limited authority, beginning with those imbeciles who say as well as think it smart to repeat, "JUST HAVE FAITH" when they cannot come up with logical answers to why they so very usurp their limited authority.

Love is in the air. The sun is now bouncing off the ocean, can barely open my eyes and besides Marie says we now have to leave.

Can we just agree that God is the greatest thinker?

Thank God for the Pyeetoes and Ritas of the world along with all of g-D-Nature's beauty that would be so much more beautiful without the human beast wouldn't you agree?

Gg

Ps – I hope to see you both at tonight's reception for Raye Anne's showing.
