Have any explained why they wish to be removed?

Why now do you think Israel is the "[new enemy](#)"?

BTW, I had a 58 minute and 11 second conversation earlier today with David Stout of the New York Times who wrote the article in last Wednesday's edition addressing the United States' concerns, some 39 odd years ago, about Israel's nuclear arsenal.

http://www.nytimes.com/2007/11/28/washington/29nixon.html?_r=1&oref=slogin

Have you ever visited Durban, South Africa that Attorney General of the United States, Senator Robert F. Kennedy, son of virulent Anti-Semite Joseph P. Kennedy and brother of President John F. "Eich Bin Ein Berliner" Kennedy, visited in June 1966 after giving a rousing speech at the University of Cape Town on June 6th, 1966?

<http://www.americanrhetoric.com/speeches/rfkcapetown.htm>

Do you know personally or have you ever heard of our Professor Rabbi Abner Weiss who barmitvahed me?

Were you aware of the close friendships between the assimilated Jewish Americans from Engelhard Minerals and Chemicals headquartered in Newark, New Jersey, "open supporters" of the South African Apartheid Regime that ruled with a diamond studded iron fist over the overwhelming majority of enslaved Black South Africans between 1948 and 1993, and the American Kennedy clan whose only allegiance is to those who have buttered their bread?

Please be both clear and short in your answers.

BTW are you in the least bit interested to hear more about my conversations with David [Stout](#) of the New York Times that began this afternoon at 2:05 PM PST?

Side note to President George W. Bush – Please bear with me as I continue to “line up my ducks” before emailing you my last heavily broadcasted email communiqué and then I will be moving everything over to my internet websites.

I thought it might be helpful in the interim for you to think about why Israel is the “new enemy” of the United States.

If you read very carefully what journalist David Stout wrote last Wednesday in the New York Times, the article, in response to the not so top secret Israeli Military Intelligence report I have been the only person in the world broadcasting for quite some time, titled, *Nixon Papers Recall Concerns on Israel’s Weapons*, the most logical question to ask is why now release a report written by Secretary of State, assimilated Jewish person Henry Kissinger on July 19th, 1969, an event that took place 39 odd years ago, the same day [Ami Ayalon](#), today the most powerful Israeli cabinet minister, participated in Bulmus 6, also known as the Green Island Raid, a military raid conducted by [special operations](#) units of the Israel Defense Forces (IDF) against an Egyptian early warning radar and ELINT station located on a small island in the Gulf of Suez on the night of July 19, 1969, one day prior to [Neil Armstrong](#) landing on the moon?

Below are 2 photos of me on New Years Eve 1970 taken at the

NEW YEAR AT CENTRAL HOTEL AROSA

Arosa Hotel, Arosa, Switzerland when either before or after the evening's celebrations where we were all "dressed to kill", I shot up our hotel suite with a handheld pellet gun my Royal Mater-Mother had purchased for me in London,

"The Bagpipes + Gary" Dec. '67

SWISSAIR. LONDON-ZURICH

England either at Harrods or a store close by.

Mr. President, bear in mind that I had injured myself skiing and was just trying to keep busy, having no idea that the pellets wouldn't stop after hitting paper thin paper targets that I had scotch-taped on fine antique furniture throughout the suite; fortunately, not for the furniture, but for my mother her longtime Durban, South African friend Abe Dubin, founder of South African Clothing Industries with my step-father Alan Zulman was also vacationing in Arosa at the time and took

care of the financial details with the management although I don't recall that Abe was staying at the same hotel or for that matter whether Abe was back then schtupping Alan's former wife, Sylvia as were the top Israeli water polo team from which Israeli Special Forces Commanding Officers make it their business to pick the best to become commandos in Israel's most elite Maritime Special Forces Unit, Flotilla 13.

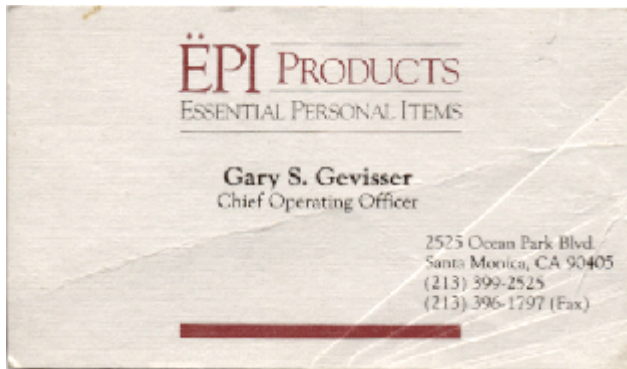

My mother Zena was "beside herself" with relief that none of the pellets had ricochet and taken out one or more of my eyes let alone entered my heart like my lifelong friend Raymond Oshry after his brother Ivan shot him when they were young kids playing with a more powerful pellet gun, the pellet these days residing in one of Raymond's earlobes.

Not to mention both Ivan and Raymond are attorneys with law degrees from the same university I attended, University of Natal-Kwazulu, South Africa.

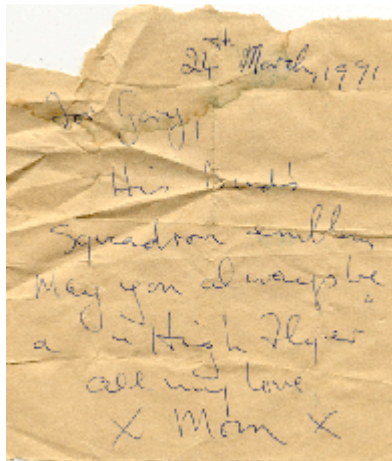

As you know less than two months after the 1971 New Year began the Mossad assassinated American Charles Engelhard for his crimes against humanity; Mossad agents also made certain that Senator Ted Kennedy, former President Lyndon Johnson and Vice President Humphrey attended this church funeral gathering of the heads of this mafia of mafia; the DeBeers-Anglo American Cartel who when interfering with the light made it rather difficult to figure out first and foremost who is friend and who is foe, that is until now.

BTW I covered a lot of ground with 65-year old journalist Dave Stout including going in quite some detail as to why Hollywood blockbuster Producer-Director Steven SPIelberg, like a good number of people who have stolen blind from the masses of the world who buy their movie tickets are deafeningly silent, beginning with why SPIelberg, only because he too had a Mossad gun pointed at his head, decided to do that extraordinarily bizarre 5 minute introduction to his epic 2005 movie-documentary MUNIch drama after of course production was completed and SPIelberg had "dug in his heels" depicting a rather large number of glaring inaccuracies beginning with SPIelberg very heavily invested in US Treasury Bills making so much fuss about all the millions of US Dollars that change hands between Mossad hit squad operatives and the Mossad operatives they are getting free-of-charge intelligence, when nothing, as plain-vanilla-simple logic would dictate, could be further from the truth.

SPIelberg did of course get a number of things very accurate including the distrust that exists among Mossad field agents, especially the women with long muscular legs and those hairy legged fatsos who sit behind desks in Israel's embassies, their one hand holding a phone talking mostly shit, the other working an Epilady womens shaver 24/7 and whose trails are carefully noted by the enemy who know how very weak is the human spirit when it comes to money and flesh wrapped about very well proportioned bones and cartilage.

BTW Mr. President, please let me know if you would like to have me around to help prepare your most trusted law enforcement personnel inclined to interview "Our Man Roger" as in [Roger W. Robinson](#) who you will recall visited with me in February 1991

when flying out from Washington DC to Los Angeles to attend the 80th Birthday celebrations of "Being There" President Ronald W. Reagan.

You recall not only was "Our Man Roger" born on the same day, February 6th but 40 years later than President RWR who didn't treat your father all that "politely" when he was Vice President, but by having the exact same initials, it was the sort of "coincidence" that brain dead people place a lot a faith in, agree?

You, no doubt, also ran in to "Our Man Roger", the top dog at the National Security Council between March 1982 and September 1985, one month after I became a US citizen.

Roger who is the immediate past Chairman and Vice Chairman of the U.S.-China Economic and Security Review Commission was, as you can imagine despite being very stoned, the homegrown pot provided by our mutual friend King Golden Jr. Esq. who has a residence kitty-corner across from The IT, blown away by my relatively humble dwelling, a two bedroom two bath apartment; it not helping in the least that it was sparsely furnished or the fact that I would be so "small minded" to own the 6 unit building which in Roger's mind meant I either had to be out of my mind to want to deal with Landlord-tenant issues or much worse that I would have shared my "findings" about why exactly both he and King Golden Jr. my one American attorney at the time, considered your very close family friend Sec. James A. Baker, **"THE MOST DANGEROUS PERSON IN THE WORLD"**.

A not much talked about scene in Spielberg's movie MUNICh is the one where an attractive female assassin posing as a Dutch prostitute takes out a member of the one Israeli hit squad doing their number on a number of PLO leaders who the Mossad had identified as the masterminds of both the two assassination attempts on Ben Gurion and the Munich Olympic Massacres that began some 57 odd days before I met for the first time with David Ben Gurion on November 1st, 1972 when Mossad hits squads had already been "activated" by Ben Gurion, who while no longer Prime Minister of Israel still had both the Mossad and the very deep underground Jewish Underground who help keep the Mossad honest; i.e. the least De Beers infiltrated, reporting to him.

Of course the Mossad use rather well, very good looking and athletic prostitutes, for a number of good reasons the most honest profession in world where trust is increasingly a most overused word.

At least someone in the White House should recall me mentioning in a previous heavily broadcasted communiqué that Roger, King and I visited the Spargos restaurant in Hollywood just for dessert after "Our Man Roger's" bewilderment of not seeing me living in a Bel Air mansion had worn off, helped in no small measure by King, a master of distraction, particularly when it comes to rolling joints with one hand while driving a motor vehicle intoxicated, deciding to light up yet another joint which **was effective** given how Roger is like a kid in a candy store, when it comes to King's pot.

Hollywood loves Washington DC which is all about showmanship, sex, and most of all one-upmanship.

Spargos was the perfect forum for "Our Man Roger" to be afforded the "freedom" to do what he does best which is to pontificate on pretty much every subject under the sun including sex, no different to any guy and gal although the gals these days may have surpassed us guys when it comes to lack of discretion?

What do you think?

It certainly would be interesting, wouldn't you agree, to have "Our Man Roger" today along with of course his bosom buddy King describe those Las Vegas show girls and the one guy wearing a 10 gallon cowboy hat at the table next to us who of course were Mossad agents, or so Israeli Military Intelligence led me to believe while the Mossad know best when to stay quiet.

King Golden Jr. shouldn't have all that difficulty recalling this one tall legged top Las Vegas showgirl who joined us one evening in the hotel room he and I were sharing along the Las Vegas strip when we joined up with Valerie Schulte Esq. a senior attorney for the DeBeers controlled National Association of Broadcasters at their national convention.

You may also recall me mentioning that Valerie for a period of some 15 odd years had an affair with Ted Turner, founder of CNN.

Do you recall the Vice Chairman of Penthouse Magazine, Kathy Keeton who passed away in September 1997 some 14 days after 11 commandos including the unit commander of Israel's Flotilla 13 were killed in an operation that only got publicized because their body parts, including half a head, were broadcast on Arab TV.

Kathy Keeton - not to be confused with my sister Kathy Louise Gevisser or my first cousin Karene Gevisser who is on the left in the first photo taken on New year's eve 1970, Karene one of my Royal Mater's top models - before becoming a Royal Ballet ballerina and meeting up with Bob Guccione, the founder of Penthouse, used to be

a “stripper-dancer” at the Butterworth Hotel in Durban where my Royal Mater-Mother used to put on fashion shows.

The Butterworth is located right across from the Durban train station where Nelson Mandela and Co. exploded bombs that killed innocent civilians.

For good reason the best Mossad hit squad members are women who in knowing THE IMPORTANCE OF BEING A WOMAN

choose carefully where they sleep.

When you sleep with a dog, other than of course my dearly missed Pypeetoe, you get up with flees.

The Jewish Kabbalah covers rather well two pertinent points.

First, the only true freewill is in our ability to choose our environment and the people that we share it with.

Second, a person who doesn't add to society is just like a cancer cell only operating for itself as opposed to adding to the benefit of the collective.

Nelson Mandela never dropped a single grenade down an empty mine shaft of DeBeers and nor did his equally bought and paid for stooges which you would agree might explain the extent to which DeBeers had infiltrated the ANC [African National Congress] when Mandela joined them in 1944, the same year the Bretton Woods Conference was held, one month after D-Day and some 6 months prior to the equal atrocity of the Yalta Conference that began on February 4th, 1945, some two days after the Soviet Red Army liberated the death camp Auschwitz.

You would know from reading Chapter 9, Diamonds for Hitler, that DeBeers, who play all sides of every war, had infiltrated the British War Ministry well prior to D-Day June 5th-6th 1944.

It really is so easy to see whose bread is being buttered by who these days.

Nothing quite like an ability to simply focus on the money trail to see all the shitheads out there who while having trouble keeping track of their lies from day one, the short-circuits abounding, such brain dead people light up the path to truth, that which does not change.

I have been told by the same members of Israeli Military Intelligence who didn't exactly "dream up" the ingenious Israeli Military Intelligence report that will remain in your subconscious until next meeting up with our Maker given its so profound implications of the culpability of our 3 Branches of Government in fermenting civil wars-genocides for the past century, I have no more than a one in two chance of "seeing out another year" which of course we laugh ourselves silly knowing that such odds are very possibly no worse, most likely a whole lot better than any one of us including those filthy rich escaping to their private islands thinking they could hold out until the nuclear holocaust "blows over" and we can all go back to our same old boring lives, watching TV, talking about this conspiracy and that conspiracy and this group of just 7, maybe 8 entities who control everything and nothing.

But of course, such an Armageddon scenario is highly unlikely assuming the United States "stands down" which is exactly what the ingenious Israeli Military Intelligence report is designed to do.

A must first step, Mr. President is to take very good care of US service people who along with all their basic needs being provided free of charge for the remainder of their lives must come the truth about the culpability of the 3 Branches of US Government.

The question, is a government worth preserving when it cannot tell the truth?

No question about it. The world will go back to the Gold Standard and China this year will most likely beat out South Africa to become the world's largest producer of gold.

Only wait for my next communiqué to you if you feel the United States of America can fight it out against the rest of the world without us once again dropping nuclear weapons on innocent civilians refusing to go along with our tyranny.
