It will take me no more than 72 hours to add your name to the **"\$ hit List"** exclusive to www.just3ants.com; and at the same time I also promise to remove your email address from my email list that represents a statistically valid sampling of the world's literate population which shouldn't prevent you from encouraging either yourself or those who know and don't know you as well as yourself from repeatedly going to just3ants.com; better yet, set your internet browser to open up to www.just3ants.com. If you are having increasing difficulty taking direction please let me know and I will try and find someone like Mr. Jeffrey R. Krinsk Esq. of Finkelstein & Krinsk who is due back today from his tip overseas, to assist.

Re: Comport v. Revlon, Inc., et al.
USDC SD New York - Civil Case No. 99CIV.10192

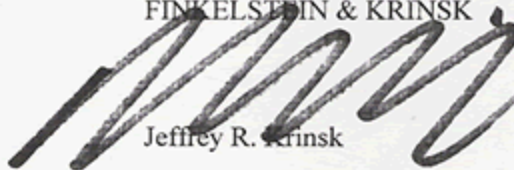

Dear Gary:

By separate cover I sent you a copy of the decision, which will be cited for many years.

We attempted but were unsuccessful in scanning a copy of a copy which is not unusual. Notwithstanding any resulting difficulty, please spare no effort in "stirring up the pot" to find individuals with evidence and have Revlon aware their misdeeds are under a microscope and will only increase in intensity!

Sincerely,

JRK/sca

You would know that in addition to having a whole lot of fun "playing pong", Mr. JRK and I could in fact get very serious as we went "back and forth" coaching one another how best to respond to fast balls thrown at or near head.

Only a knucklehead would have difficulty understanding the need right now for President Bush to immediately suspend the trading of shares in public corporations; bearing in mind that the level of integrity we can all agree has not increased over the past 8 years following some two-thirds of the Chief Financial Officers of America's largest corporations admitting that their bosses, the Chief Executive Officers had asked them on at least one occasion to falsify the financial statements, and some 12% admitted to having done so.

Do you think the one third who said they had never been asked at the Business Week annual convention of CFOs held in Phoenix, Arizona, were necessarily telling the truth?

Can you imagine what it would further do to bankrupt the church if plaintiff lawyers representing Altar Boys such as King Golden Jr. Esq., decided in their closing arguments to raise the questions first proffered by my very intelligent French-Canadian wife, Marie Dion Gevisser:

Can you imagine if a father comes along admitting he has been molesting his kids and the priest is a pedophile himself?

Do you think he would take advantage of the kid?

I understand one of your specialties is mergers and acquisitions in addition to reading and writing American English.

I have a promissory note signed by Newell Starks, an officer of Citicorp Venture Corporation who you would know specialize in "management friendly" i.e. "shareholder hostile" takeovers. A provision of the promissory note, produced by Mr. Starks, very possibly the smartest financial engineer currently still operating on Wall Street even though he is fully aware of the reality that DeBeers sanction each and every Wall Street deal worth talking about, has a "kicker" that is tied in to the appreciation of Sterling Corporation, a private corporation controlled by CVC, a wholly owned subsidiary of bankrupt Citigroup which in turn is controlled by DeBeers-The House of Saud-Al Quaida.

<http://nextraterrestrial.com/pdf/Microsoft%20Word%20-%20imi-rich.pdf>

And I would know since not only did I witness the price fixing of diamond currency when working with top officials of De Beers at Codiam Inc., headquartered on 47th-Wall Street back in 1980, some 9 odd years after my uncle David Gevisser became the executor of racist Christian Charles Engelhard's beyond belief mineral rich estate, but just weeks prior, and just before my Royal Mater-Mother arrived in Chicago, I had journeyed to San Francisco, California to meet with my uncle and Engelhard's one set of De Beers' attorney with offices on Bush Street where I presented them with the "insurance policy", a "Letter of Introduction" signed by my uncle Dave and handed to my Royal Mater who dictated the letter which she in turn handed to me in an unsealed envelope just prior to my departure from Durban, South Africa airport on March 17th, 1978, destination Chicago, Illinois.

You would know that I am not a lawyer but I do know a thing or "tTOo" [sic] about the "rules of disclosure" that have everything to do with both "materiality" as well as "timing".

<http://nextraterrestrial.com/pdf/Timing%20is%20of%20the%20essence.htm>

In other words even if you decide you don't want to be bothered assisting me to collect on this promissory note [see scanned in copy below] which I once tried to get the Mossad to purchase, it is my humble but seasoned opinion you have a fiduciary responsibility to disclose to your clients all my pertinent findings that you would also know are today well-known to more than each and every member of the

heavily corrupt United States Congress which I don't believe you should assume means that all members of the US Congress have made it their business to inform their constituents which I take it includes "sum" [sic] of your clients!

Dear Gary,

This letter shall be a binding agreement between Gary S. Gevisser ("Gary"), Newell V. Starks ("Newell") and Nancy H. Starks ("Nancy") with respect to us providing you with the following:

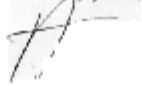

- \$60,000 as a Loan to Gary with a 12% annual simple interest rate starting on January 1, 2002.
- Should Sterling Holding Company stock sell for in excess of \$37.50 per share, then the amount shall be: \$40,000 times a ratio calculated as follows: the actual sales price divided by \$25.00.

It is our mutual understanding that upon the closing of the sale of Sterling Holding Company, we will first retire the principal of our \$40,000 loan to you (in cash) and then immediately each provide you with a cash gift of \$10,000. Thereafter, immediately at the beginning of the following year, we will each gift you an amount of cash equivalent to the amount of accrued, but unpaid interest that has accumulated on any portion of this loan.

This agreement is fully binding upon each of our estates and heirs.

If the foregoing constitutes your understanding of our binding agreement as it does ours, please so indicate by signing below.

Sincerely yours,

Agreed to and accepted by:

When there is the ample proof that I have provided that shows one's government is not representative of the people who work hard to pay the taxes that affords the corrupt government officials to dilly dally as the freeloading elected as well as non-elected officials stock up for a "rainy day", then it is inevitable the people will exercise their right to revolt.

The serfs up!

Neil Graham Gevisser

Proof remember, is a function of evidence, the better the evidence the better the proof!

Your decision to “play ostrich”, choosing to be placed up on just3ants.com’s “\$ hit List”, does not mitigate, again in my humble opinion, the damage you do mostly to yourself as your inconsequential brain serves as quite the lightning rod for the misinformed masses who derive great satisfaction in seeing vividly the chemistry of your brain short-circuiting.

Does it occur to you that the expression, “Deafening silences speak volumes” means that much more to you this very moment than ever before?

What exactly do you think you have in common with Merle “Mindless” Tucker?

The decision by lawyer Bill “Rhodes-DeBeers-Scholar” Clinton to grant a Presidential Pardon, so rare to begin with, to a traitor of both the US and Israel, within hours of President George W. Bush taking the “oath of office” on January 20th, 2001, is a fact of life that you also simply cannot ignore; the same with the implications of such a treasonous act by a sitting President of the United States who would have known prior to himself taking the “oath of office” to uphold the law, the Constitution of the United States of America, back on January 20th, 1993, of the extraordinarily bizarre meeting between President-elect John F. Kennedy and Anglo South African Harry Oppenheimer, the head of the mafia of mafia De Beers at the Carlyle Hotel in Manhattan, New York City, the money laundering capital of the world.

And it is not just because I “say it is so” but what a reasonable person would deduce when presented with all the evidence as you now have of “material wrongdoing” by the most highly elected US government officials spanning now a century during which time the human carnage and destruction of the planet is unparalleled in the annals of history.

You are either incompetent or culpable or both, take your pick!

Ps – You will note the South African miners’ strike that has just begun as well a handful of South African names in the carbon copy section that while some are unfamiliar to you have a spelling that lets you as well as all those blind copied, know they are not Lily White Wheaty Eating South Africans.

Not to mention some in the blind copied section get to see a sampling of others blind copied; no one knowing who exactly is getting what and when but knowing their name is being spread along with a “date certain” when and what they knew about the Diamond Invention and its disastrous implications for the masses of hard working poor but chose selfishly and of course foolishly to “play ostrich”.

You will also know why IT IS that someone who appears so very “sensitive” like Mr. Steven SPIelberg, so very emotional in the 5 minute introduction to his epic 2005 movie-documentary-dram MUNIch, has failed to even comment on Hollywood blockbuster author Edward Jay Epstein’s epic non-fiction novel The Diamond Invention written in 1978, the year I immigrated to the United States.

Not to mention that it is also well worth mentioning that 3 months prior to arriving in Chicago, Illinois accompanied by my Allied fighter-bomber-pilot father, Bernie Gevisser, I had traveled throughout the US on a "fact finding mission", staying the longest in Santa Monica, California where I hung out with my father's first cousin's son Gary Levinson who later went on to co-produce with SPIelberg, Saving Private Ryan, a movie my dad has never bothered to watch.

To mention little of clicking on [HERE](#) to view the ongoing edits in green of what I sent you last evening.

If I am not for myself who is for me? If I am only for myself who am I? If not now then when? - Hillel
