**Subject:** WHERE IS YOUR HUMANITY?RE-Ron Burkle

Who in a million years would have expected the United States of America with so many Jewish people like you Christians advocating "intellectual honesty, freedom, pursuit of happiness, justice for all" and most of all how so very important it is to do "random acts of loving kindness", to now make Israel the new enemy, along with of course China?

You think that was all a "little off"?

As I have Adam L.Tucker-just3ants.com work on a time clock, the one hand showing the history of DeBeers and the other the 8 major points I covered in this communiqué yesterday, try the following "for size", bearing in mind US Americans living as well as dying in denial can now all celebrate since there is scientific evidence that US Americans are not getting any fatter.

I thought it might be a good use of your time to get "sum" [sic] "background" on Mr. Burkle and Co. who while providing the seed capital to Dan Weinstein's Wetherly Capital Group with sum US\$2 million that can be traced back to when Dan Weinstein's father-in-law, a trade union boss was so "generous" towards Mr. Burkle who didn't forget Dan when Dan pitched Ron the idea of the WCG, afforded you your day of bliss.

Bear in mind that you, like most on my email list representing a statistically valid sampling of the world's literate and corrupt population have most likely forgotten my extraordinary prescient timing of being the only credible human being on the planet to have broadcasted the ingenious Israeli Military Intelligence report well ahead of yesterday's announcement that Al Quaida had apprehended Al Quaida prior to Al Quaida attacking the oil fields of Saudi Arabia that if executed halfway competently would in that very instant paralyze the US economy which of course would have you, since you know Mr. Burkle's home address, have you racing over there "cap in hand"?

Not to mention how so very poorly you failed to "rise to the occasion" when your grandfather, Dr. John K. Pollard Jr., was so right "in your face" with his "thank you" that you, without "missing a

blink” went on and on and on and on about how so very impressed you were with all his security and that dancing queen etc etc, the glitter and glamour of all the superficial “ruling elite” who simply understood ahead of you that the Nazis won both World Oil War I and WOW II where my amazing fighter-bomber-pilot father risked his life and limbs on more than one occasion dive bombing the crap out of the United States of America financed Nazi German bastards.

To mention little of why you think just in the last 24 hours the New York Times and Co. are announcing so very publicly the United State’s concern about Israel’s nuclear arsenal first appearing in a long memo prepared by assimilated Jewish person Henry Kissinger on July 19<sup>th</sup>, 1969 the very same day Ami Ayalon currently the most powerful person in Israel participated in the extraordinarily daring and might I add successful Operation Bulmus 6, also known as the Green Island Raid, resulting in Ami Ayalon just 24 years old receiving Israel’s highest military award.

To mention in passing the very next day, Neil Armstrong stepped foot on the moon.

And of course given how well read you are, so long as it is superficial stuff, that one of the casualties of the space shuttle Columbus was an Israeli pilot who participated in the bombing of the Iraqi nuclear facility back on June 7<sup>th</sup>, 1981 when Israel’s most brutal Air Force bombed a French-built nuclear plant near Iraq’s capital, Baghdad, designed to make nuclear weapons to destroy Israel.

You of course are not in the least bit surprised that while your parents and grandparents enjoyed their Woodstock years here on Coronado Island the Nazis who won World Oil War II and I built in their honor one most impressive military building that looked not only from the air but in the elevation plans like a German Swastika.

Where is your humanity?

I didn't get to take any photos because the camera would have been confiscated by body guards.... Brett took me to a pool side BBQ over there and Kate Moss and Naomi Campbell were there.

Michael Jackson was inside the house hiding from everyone.....
