Subject: COVER - outing -

Leonard,

You understand why people like Governor of New York State, Eliot Spitzer Esq., intimately familiar with my "work product" and now very focused on what his personal prostitute will reveal next to the general public, are still able to be singularly focused on what I also have to say beginning with it is my and the most intelligent people in the world's conclusion that the option that needs to be

embraced by the United States Government before the 1.5 billion strong Chinese increasingly spread throughout the world including here in the United States, become a threat to the United States and the United States no longer have that option of embracing the awesome Peoples Republic of Communist China.

And to accept their 5,000 year old art filled culture shouldn't be in the least bit difficult even if one were to forget their extraordinary economy that is fueling the world's growth without it interfering with China building up a military second to none and I would know and so would any of the very best of the best of Israeli Special Forces Commanding Officers and their commandos who have ever stepped one foot in China, let alone seeing Chinese military personnel huddled in small groups looking increasingly like Israeli Special Forces trained commandos which they are, that the Chinese have always managed to convince their aggressors to adapt their awesome merit based way of life where everyone including the disabled are expected to pull their weight and contribute to the overall good, apart from us Americans who are increasingly running out of options.

Of course the President of the United States also does not need to take my advice that he immediately suspend the trading of shares of public corporations thereby protecting the elderly, the widows, the widowers, the orphans, and the pensioners from "throwing good money after bad", but he should.

China does not need to ship a single additional product to the shores of the United States in order to keep its economy powering along and nor does it need to send its gunboats to protect the oil supplying its industry again fueling the world economy since it has, if necessary, the State of Israel, ready and armed to wage battle on any continent bearing in mind a great many of Israel's very small, relatively speaking, most elite Special Forces are housed in Israel's most destructive nuclear submarines armed with the most sophisticated nuclear missiles to take out each and every one of the world's capitals in the flash of an eye, and I would know just like I would know why Israeli Special Forces commandos don't need to engage in "water boarding" to convince future Israeli Special Forces commandos that the United States Government has never once been a "friend" of not just the Jewish people, most who are only Jewish when it suits them, but all hard working independent thinking peoples.

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20gerry-waterboarding.pdf>

Now you may still not think I am convincing enough when you know perfectly well that the rich all over the world including those in China just want to have fun, fun and games, just fun and games, man!

You understand that it is necessary for me to make "adjustments" in expanding the circle of those dependent upon my insight and analysis of the important events of the day when someone like my one American programmer Adam L. Tucker responds to my very carefully worded 1040 word email that has been "vetted" by the smartest minds on the planet,

I understand the importance of not drinking the glass of water with pasta...

...which is why I can no longer eat meat as it would be lying to myself in knowing there are healthier alternatives and still choosing to hurt my body by eating it.

The world is getting bigger and smaller every day.

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20atucker-stillchoosing.pdf>

Bear in mind that Mr. Tucker, now 30 years of age can actually read and make sense when he writes, when of course it suits him, no different to anyone else.

Moreover, Mr. Tucker has by experience figured out that "blood is as thick as experience" and yet proceeds to "lose his mind" by investing time in the study of the Kabbalah that the smartest Jewish minds in the world over the centuries have seen fit to restrict this study of Jewish mysticism to the most evolved of the Jewish peoples, and why the Kabbalah was never even taught at our orthodox Jewish day school in Durban, South Africa by highly educated and worldly Professor Rabbi Abner Weiss who like each and every corrupt human being, educated and uneducated, is now more than ever "ducking for cover", as I simply bide my time doing what I have been suggesting to others including Mr. Adam L. Tucker for going on a decade; simply adding email addresses to my one-of-a-kind email list that represents a statistically valid sampling of the world's literate population including members of Israeli Military Intelligence as well as the Mossad who include some of the smartest minds and who obviously have no problem with me even now revealing how the State of Israel has managed to survive as long as it has against the most extraordinary odds, beginning with the fact that from Israel's very beginnings, this fledgling Jewish State made up of the best of the best Jewish people who had escaped the Holocaust of World War II was up against the world's superpowers beginning with the United States Government under the command and control of the world's corrupt bankers who kept "signaling" for all those who had eyes and ears that it would be one thing to escape the clutches of the clown Hitler picked purposefully from the bottom of the barrel, as a reminder that his replacement would do a whole lot better job than simply ridding the world of some 6 million troublesome Jewish People, some 90% of all those brutally murdered in the Death-Concentration Camps of Auschwitz and the such.

Can u tell me how u got on my list?

Ps - u do know that I am planning sending President Bush Part III of my last heavily broadcasted communiqué sometime today.

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20president-chalk.pdf>

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20president-nextofkin.pdf>

Is there anything you would like to see me cover?

Is it at all meaningful to you that for some 45 odd years that the US Government and the South African Apartheid Regime were one and the same, the United States Government's CIA orchestrated a biological weapons program in South Africa.

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20standard-savage.pdf>

Cutting and pasting from Carolyn Dempster's "Dr. Death" article of April 12th, 2002

a catalogue of killing methods ranging from the grotesque to the horrific:

- **"Operation Coast" sought to create "smart" poisons, which would only affect blacks, and hoarded enough cholera and anthrax to start epidemics.**
- **Naked black men were tied to trees, smeared with a poisonous gel and left overnight to see if they would die. When the experiment failed, they were put to death with injections of muscle relaxants.**
- **Weapon ideas included sugar laced with salmonella, cigarettes with anthrax, chocolates with botulism and whisky with herbicide.**

You are also aware that immediately following the surrender of Nazi Germany on May 8th, 1945, some 23 odd days after my Jewish South African father's 71st and last operation dive-bombing the crap out of the De Beers Nazi bastards, the CIA began to openly recruit Nazis into its already swelling ranks.

You are also aware that it was not only the OSS, the forerunner to the CIA, who were made fully aware of the OSS' not so secret report detailed in Chapter 9, DIAMONDS FOR HITLER, subtitle SECRET WAR REPORT OF THE OSS in Edward Jay Epstein's The Diamond Invention.

You are also aware that such evidence of the United States Government's role in arming Nazi Germany was not lost on people such as David Ben Gurion and his closest consiglieres fighting the American-British for a Jewish homeland in Palestine and therefore both Ben Gurion's Haganah Jewish Underground and Menachem Begin's Irgun, the more militant Jewish Underground, both operating in more than Palestine, took precautions to ensure that people like Field Marshall Montgomery's assessment that the newly formed State of Israel that came into being on May 14th 1948 wouldn't last more than a few hours, given the US' embargo on Israel all the while supplying Israel's enemies massed on Israel's borders with weapons and intelligence, would be proven wrong.

You are also aware that anti-Semitism has been rife in the United States ever since the US Congress approved the financing of the highly anti-competitive De Beers bankers by American banks led by J.P. Morgan and therefore it was no coincidence

that the best friend of the Jewish people Field Marshall Jan Smuts who first went to war with De Beers in what is commonly known as the Anglo Boer War of 1899-1902 that was again also financed by J.P. Morgan and Co. would be defeated some 12 days later in South Africa's General Election that had the United States of America's National-Socialist-Party being swept in to power and in the next instant the new South African Apartheid Regime would institute the heinous, the most obscene Apartheid Laws beginning with the Immorality Act that amongst a number of things made it illegal for people of the different races to have sex.

Now you may argue that Black South Africans had enough amongst their own races to choose from as partners, but when you consider that the "race card" was just a smokescreen for stealing all of South Africa's rich mineral resources by mostly US business people beginning with American Charles Engelhard who had the full support of the 3 Branches of the US Government, don't you begin to feel at least a bit sick to your stomach?

Allow me to rub it in as you also consider the fact that while people like Adam L. Tucker and Co. "dabble" in areas best left alone to those of us who can first of all logically thought process, I make it my business-personal to "stick to my knitting" focused on my "target audience", of course the 1.5 odd billion Chinese peoples who the Kabalah refer to as The Jews of the Orient who live to learn; i.e. schooling not playing, comes first.

Not to mention that right now I am engaged in dialogue with the highly educated, most brilliant software engineer, concert pianist, 5 foot 11 inch tall most beautiful daughter of the former editor of China's largest magazine-newspaper.

Who else on my email list do you know besides for my cousin, author-journalist Mark Gevisser who recently penned the autobiography of Thabo Mbeki, South Africa's current stooge President?

Bear in mind that you also just cannot get out of your head that Mark's father, David Gevisser, my father's first cousin, became the executor of Charles Engelhard's world's mineral richest estate on March 2nd 1971 after this "open supporter" of the South African Apartheid Regime and close family friend of the Kennedy clan and Johnson family was, at the rather young age of 54, laid to rest at St. Mary's Abby Church in Morris Town, two words, New Jersey; this mafia of mafia don's funeral drawing none other than Senator Ted Kennedy, former President Lyndon Johnson and Vice President Humphrey, all socialists-democrats hell bent on big government programs that steal from the poor, using the military mite of the United States' Armed Forces to steal from the rest of the world's poor.

Not to mention that when newly elected stooge US President Lyndon Johnson so immersed in containing the hard working, non-aggressive, so very polite Chinese peoples and their close allies under the utterly nonsense doctrine, "In support of our South East Asia Policy", sent the nuclear aircraft carrier Enterprise to South Africa in mid-1964, do you think this "paying of homage" to American Charles Engelhard and his Anglo South African partner, Harry Oppenheimer went unnoticed

by either the Mossad or David Ben Gurion who understood perfectly well why for example people like South African born Professor Rabbi Abner Weiss failed to stand tall in his own synagogue in Durban, South Africa to the Orthodox Jewish Lazarus clan who were not the only Jewish orthodox people in our heavily corrupt Durban Jewish community that "openly supported" the United States of America's Nazi South African Apartheid Regime?

To mention little of how you are not the only corrupt imbecile on the planet who isn't feeling numb at this moment.

To mention in passing I have already lived far longer than the best of the best "risk assessment" specialists in the world ever figured possible.

Nevertheless, you have no problem whatsoever in understanding perfectly well there was no coincidence that J.P. Morgan and Co. also financed in 1900 the American led 8 Allied Nations invasion of China where the United States Government stole everything that wasn't nailed to the ground.

You understand perfectly well that even much more "in tune" people than you such as Adam L. Tucker continue at this time to talk and write so much crap about all the crap one can of course pick up out of stuff like the ingenious Kabala that is no more ingenious than the most ingenious Torah, has them still not only eating crap and exercising so very poorly while at the same time failing to make good use of their time when failing to spend every available moment making the most use of my knowledge and use their time wisely simply by increasing the size of my and their email list.

You also cannot get out of your head not only that ingenious Israeli Military Intelligence report that says in a nutshell that the reason Al Quaida hasn't attacked in their own "backyards" the oil fields of Qatar, Kuwait and Saudi Arabia is because they know better than to "bite the hand that feeds them" but equally important the next most long held truth, that being the Chinese people set the scholastic levels wherever they go including here in the United States as well as back home in China and everywhere else on this increasingly wired planet.

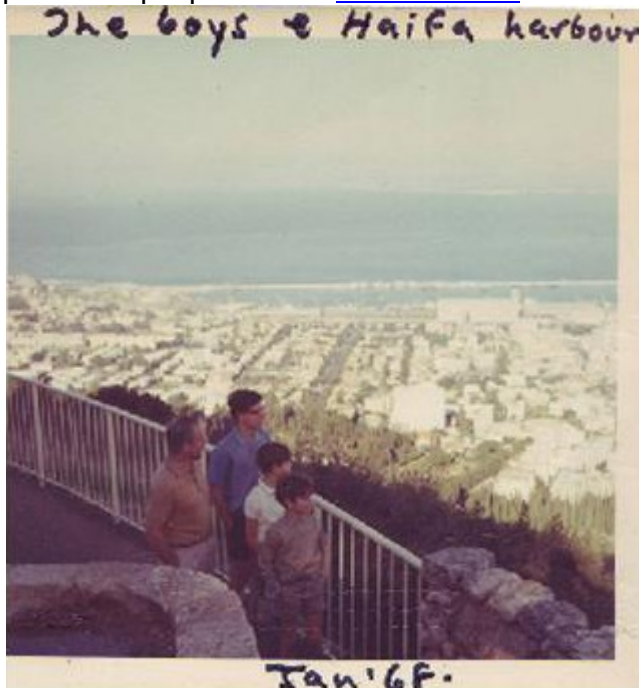

Such smart peoples also understand perfectly well the importance of "predictability" in the functioning of not only each and every market but how lack of predictability affects each of our ability to get a good night's sleep including those at the very top of the De Beers so very dark socio-economic pyramid.

De Beers have been making great strides in entering China's market but all that can come to a crashing halt should I decide right this very minute, even before following up with President Bush to join in China this most aware Chinese lady's husband who is an American educated lawyer currently on business in China and only expected back in the United States in a couple of weeks.

Not to mention that at 10:45 AM my new friend Lucy who came to the United States in 1980, at age 16, ended her last email to me,

"I just started reading the Diamond Invention (couple of pages). It is very very interesting.

Lucy would not be alone in understanding why Mr. Devin Standard whose father, Kenneth Standard Esq., a Harvard Law School trained lawyer and immediate past president of the New York State Bar Association overseeing some 72,000 lawyers increasingly walking on egg shells, wrote me, "Interesting" after reading the following email I had previously broadcasted throughout the world, of course copying both the Mossad and Israeli Military Intelligence who knew when I excelled at Gadna training as well as in my final exams in late 1972 while on Kibbutz Sde Boker where Ben Gurion, a very close confidante of my great maternal grandmother, Nechie Badash and then "sum" [sic], I didn't just get off a boat in Haifa harbor "yesterday"; bearing in mind that it was also no secret to Ben Gurion and Nechie's "favored son" my granddad Al-Badash-Ash that my paternal grandfather Israel Issy Gevisser and his Nazi murdered sister Pessiah owned priceless properties in [Haifa harbor](#):

Subject: I thought you might be interested in the email I just sent Mr. Steven R. Weisman of the New York Times who was carefully chosen to write the article,

U.S. Seeks Bigger China Role in I.M.F.

My 411 odd word email read as follows:

What if China doesn't go along with the "*game playing*" that has our Treasury Officials ultimately saying when China lets us know there is no benefit in increasing its presence at the IMF and run the inevitable risk as being tagged as an exploiter of the working class:

"China is showing their anger towards us because now they are so powerful and all we are trying to tell them is what to do to help with *their* poor image and when they fail to do what they should do they are aggressive towards us; China is the new Soviet-Evil Empire!

We don't know about their armed strength but there are a lot of people in China.

They still think Chairman Mao was a great man; admired him, we can all agree, for his inner strength.

But that is the past, the future is what we are now concerned about and China needs to be stopped before a Bosnian style civil-ethnic cleansing-war erupts here in the U.S."

Mr. Weisman, where did you get your schooling?

The Chinese have done better and better.

Don't you think they will join together should our words of war result in an armed battle with the U.S.?

I, for one, who has just spent 24 days on a "*fact finding mission*" to China don't think we are equipped to do battle with anyone, let alone the Chinese who could only lose by picking up our gauntlet to have these hard working people, so non-aggressive "***increase their influence***" in not only a morally corrupt IMF but one that is very much financially bankrupt.

We shouldn't be telling anyone what to do.

Instead, we should be following what China did, be self-reliant.

In all the time I was there with my wife, neither of us saw a real unhappy Chinese out there.

The idea of, "***Lets make the whole world feel China is the enemy now!***" Give me a break!

That is the wrong attitude.

Mr. Weisman, I also didn't get off a boat just yesterday.

Moreover, I was last in Beijing just weeks before the Tiananmen Square Massacre and the way you write is exactly what inspired good but very naive young Chinese to go to war with the wrong enemy.

Let me know if I can help any further in your reeducation although I think we both know those who butter your bread at this time are very pleased with you.

But that “tTOo” [sic] WILL change.

[Word count 3163]
