Subject: SENSE - FAITH - RE: æéëøǎï ÷öö

Lucy, good morning.

You missed a great conversation last night with the great grandson of the man who built the Taj Mahal, across the street from where you were at the RSF art gallery. I will tell you about it when we meet on Monday, if not before.

Marie has just arisen and pointing that there are two helicopters going back and forth, crossing each others paths right in front of the cliff house.

My walkin-talkin-work-of-art wife is now "up and about", prancing in front of the two oversized windows, telling me to replace the most beautiful flowers I bought her going on a week ago; now looking at a neighbors flag, "The wind is straight off the ocean... may change things this weekend" as we planned to take a motorcycle ride to Anza Borrega desert to see the spring flowers.

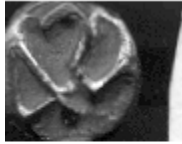

Have no fear; those of us on the side of Light-Information-Knowledge know not even to fear humankind, the imbecile that He-she is, who has to constantly find distractions beginning and ending with scripture when all other forms of distractions don't work. Remember, God is a genius and figured both the "meaning of life" and "balance" before beginning to share it with those of us sufficiently "sensitized".

You may find it interesting to click on the hyperlink below the digits 1048 that takes you to a piece I first broadcast on December 1st, 2000 in commemoration of the 27th year of David Ben Gurion's passing. Within that "Knotty Jews" piece are two hyperlinks

taking you to a two page letter sent to my paternal grandfather, Israel Issy Gevisser on May 3rd 1965, by a relative who had married Issy's sister's one daughter Divorah who along with her mother, Pessiah Gevisser, and all Divorah's siblings and other children as well as nephews and nieces were murdered by the Nazis, most likely taken to a forest just outside of Vilnius, Lithuania and shot. The photo below shows Pessiah and two of her children, very possibly Divorah is in the photo as well standing in front of our Geviseris shop in Vilnius, the number 42 on either side.

Coincidentally, when we purchased our stone home

in the Cleveland National Forest we found hanging on the wall 2 nails both stamped with the number 42.

Subject: FAITH - RE: æéëðäï ÷öø

Shunit - you are not alone in being out of touch but that shouldn't give you any reason to not celebrate returning without any vertebra; and why take any offence since you quite obviously have no faith let alone have knowledge of God; but again you are not alone.

It is rather shameful since you understand why David Ben Gurion in charge of the Hagannah Jewish Underground headquartered in Jerusalem, Israel chose very smartly not to issue an order to bomb the Death Camps of Auschwitz and the such, not even blow up the railway lines funneling in to their deaths some 10,000 a day of the best of the best of Jewish people of the world who had nowhere to run, not even Palestine thanks to the blockade imposed by both the British and American Governments who continued well after Israel's War of Independence 1947-1949 to be anything but a "friend" of the fledging Jewish State.

So just in case God has in fact descended upon planet Mother Earth and has chosen to interfere with your Poverty of Thought which I doubt very much, you being Jewish it is as a result of alcoholism, but I of course since I am not God I could be wrong, I will suggest you read very carefully my last two very heavily broadcasted communiqués that neither the good, smart, most extraordinarily vengeful God nor Israeli Military Intelligence nor the Mossad have chosen to take offense.

Please forward this to your entire email list and have them await my most important follow up to George W. Bush who I have been pleading with since July 23rd 2002, to immediately suspend the trading of shares in public corporations.

Subject: Epilogue to Manager Minute One

The collapse of the stock market here in the United States is all but certain. It makes no sense that a publicly traded company should be valued more than a private business which generally sells for between 3 and 5 times predictable earnings plus liquidation value, i.e. "less goodwill blah blah" [sic]. And remember management of private companies are much more accountable assuming they have the checks in place for their "**audirtors not writely balanced**" [sic].

Publicly traded companies with their diverse shareholder ownership allow management much more flexibility to mix things up, taking with the right and hooking the owners with their left, lefties to boot. Right now the smart money has left or is in the process of leaving the markets in search of "**safer heavens**" [sic], safe harbor provisions a thing of the past.

President Bush should do the smart thing and immediately suspend trading of public corporations, thereby protect**ING** the innocent and naive who are

simply throwing good money after bad. Those well run public companies should have no fear for they will be at a competitive advantage relative to the capital that has been so smartly socked away.

The scars of **1907** remain on the masonry buildings housing the stock exchange of Wall Street. The fundamentals of the economy at that time were much worse than in **1929**. One man J.P. Morgan saved the day, not so lucky for the victims of 1929. History has a way of repeating itself but today the "**risk markets**" are more fragile than at any time in history.

"Risk assessment" is my business.

Not to mention some 93 odd days later, on October 24th, 2002, The IT, my French-Canadian wife's X husband, Also Known As The Slimeball of Slimeballs, aka, The Sperm Donor aka Dr. John BIG Ben Stewart MD, chose very carefully to introduce Marie Dion Gevisser's so very craftily written 7 provision will into evidence after this scumbag, who had on September 11th, 2002, the first anniversary of 911, filed a baseless criminal complaint against me with the intention of murdering both my and my wife's very good names, failed to get attorney Jim McFarland Esq. who had witnessed MDG's will on January 3rd, 2002, to sign an affidavit declaring that he, Jim McFarland Esq. considered me a physical threat to his two young children.

To mention **little of** such a will designed to protect MDG physically by letting all those reading it know how much she distrusts The IT and all those who choose his company.

Desperate people not only act desperately but inevitably believe their own lies which of course does not make them in the least bit smart.

What exactly makes you any different to The IT who makes the rest of the folks on the www.just3ants.com "\$ hit list" [sic] as well as all those YET to be added, feel that much better about themselves but not to the point that any of you have succeeded in either getting someone else to usurp their limited authority and arrest me on trumped up charges, or better yet from your standpoint, kill me or my beloved wife; moreover, you total morons have failed quite obviously to make a sufficiently good enough case to God, who I repeat ad-nausea, is most of all extraordinarily vengeful towards those armed with Knowledge-Information-Light?

Lack of knowledge-information-light-power, power to change the world stems from humans being lazy and fearful from embracing the truth.

The truth is too disrupting for some people too busy keeping track of all their lies from day one.

Your lack of knowledge-light is betrayed by your silence on the important issues of the day beginning with sharing with everyone you know the "money trail" starting

at the turn of the century when the United States Government approved the funding of De Beers, the mafia of mafia, by American bankers led by J. P. Morgan and Co., the exact same bankers that financed the Anglo Boer War of 1899-1902 as well as the American led 8 Allied Nations invasion of China.

All contributions to my and my wife's next trip to China will be gladly accepted.

I will not only be testing the President of the United States faith in God but those passionate about their "causes" including the indifferent who like you all know better.
