Subject: CONDITIONING-israel the new enemy-the myspace was just Marie having fun.

That's to tell you about conditioning when the two sons rally to support their mother who married a pedophile.

How very sick, especially when the one son just days ago declared loud and clear that he had been molested by their mother's poor choice for a husband.

Now if you make out like you don't know or care to know what I am talking about click **HERE** to see part of the "back and forth" between my one American programmer-apprentice Adam L. Tucker and his father Mike Tucker and Mike's mother Lois Tucker.

BTW with my very "on-top-of-things" French-Canadian wife, Marie Dion Gevisser listening very carefully as she "pulls herself together" effortlessly in the bathroom of our awesome art and loved filled studio cliff house in Del Mar, California the white capped Pacific Ocean cleaning up at Light-G-d-speed all the rubbish drained into it from yesterday as well as today's downpour, I read every word to MDG's one son, JoNathan whose sperm was provided by The IT, of what Mike Tucker wrote his son Adam and Adam's "bare knuckle" response, JoNathan understanding every word and only asking the age of Adam's 3 younger half siblings.

Tomorrow I will be broadcasting my last heavily broadcasted email communication to President George W. Bush that I am quite certain you **will** find interesting and if not then still feel free to forward it to everyone on your email list.

Today, you may recall, is the 35th anniversary of David Ben Gurion's passing, some 13 months to the day after I met on November 1st, 1972 with this first Prime Minister of Israel who **had the Mossad reporting directly to him**, beginning in December 1949, within 12 months of my very Anglicized raised and non-Jewish looking Jewish mother first beginning, while still age 19, to visit Israel, where my paternal grandfather, Israel Issy Gevisser owned priceless property in Haifa harbor, "two and three times a year writing reports for different publications".

The Mossad will of course receive, as usual, an advance copy. Let me know if you would like be copied.

Ps – Below is an edited version of what I sent you last evening, edits/additions in green.

Subject: ISRAEL THE NEW ENEMY-the mspace was just Marie having fun.

Marcia – When taking a break tracking South Africa's gold stolen by the 3 Branches of the United States Government for some 45 odd years beginning in 1948 within a month of the Israel being granted Statehood, just visit your local favorite restaurant or bar, and even if all alone, whether or not you are trying to pick up the waiter-bartender, ask what they think about the fact that you don't have a TV hookup and then watch their jaw drop even further when you tell them you rent; of course the drop increasingly less so amongst the younger, more aware, none Trust Fund-entitlement crowd.

Then tell them why you agree with me that your colleague Dave Stout who "out of nowhere" wrote an article making out like Israel as well as China is the "new enemy".

Then tell me what you think of Israel's intelligence institute along with the Mossad with the most brutally effective assassination unit now telling me for the 3rd time this week that they have failed to receive all of my emails in response to their request for me to tell them "clearly" what I want from them apart from me wanting them to comment on their own very easy to understand Intelligence Report that Al

Quaida-Saudi Arabia confirmed just when the Mossad-Israeli Military Intelligence first began to let me know with their "deafening silence" that, I was "on the right track".

Again, below is what I sent Keren over at the Office of the Israeli Department of Defense Attache at the Israeli Embassy in Washington, DC., a week ago today.

Immediately following the 2008 Beijing Olympic Games, Al Quaida who serves the best interests of certain US banking interests with direct ties to the House of Saud, will launch a series of attacks on the oil fields of Qatar, Kuwait and Saudi Arabia that in the next instant will paralyze the U.S. economy; much like this very smart, not so top secret Israeli Military Intelligence report is designed to do, and at the same time explaining why precisely Al Quaida has not attacked the oil fields of Qatar, Kuwait, and Saudi Arabia, so biting the hand that feeds Al Quaida.

Could I count on you to post this up on message boards throughout the internet while of course adding in your comments that should cover why you think President Bush shouldn't immediately suspend the trading of shares in public corporations, thereby protecting the innocent and naïve.

Could I also count on you to explain to all your readers why it is that former US Marine Captain Brian Steidle who was so eager to hear my explanation on why Al Quaida hadn't yet bitten the hand that feeds them, continues to be "deafeningly silent" as he perpetuates US American's genocides until such time as there is no one left to survive.

THE IMPORTANCE OF BEING A WOMAN

(SERIES 2)

BY
ZENA GEVISSER

Remember not only the answer to my Royal Mater-Mother's question, "Who do **you** want to be in business with, an honest fool or clever crook?".

"Neither a money launderer or borrower be he" [sic]! – Shakespeare

Remember **as** well, Conventional Wisdom, which is mostly wrong, "**You are a nothing if you can't make money!**"

You know you are in deep dudu when you wake up each morning and you can't give a dam about why it is that those in dilapidated churches somehow always find the money to get a brand spanking new church that affords the poor and downtrodden masses the opportunity to "hobnob" with the filthy rich who buy off so easily the clergy who afford them the best seats in the brand spanking new church-synagogue-mosque-Buddhist temple-university-college to then look down on those so very brainwashed without a pot to pee in, just happy to afford a penny there, a shilling here, a sheckle, a franc, a euro blah blah to contribute toward the "upkeep" as the filthy rich have so much fun with the poor increasingly suffering from "Poverty of Thought" and along **with** their cheap alcohol addictions are increasingly incapable of noticing how much more they grovel versus when just out in open space and feeling God's presence who reminds them constantly that the best things in life, beginning with one's health, are free unless of course you buy in to the corrupt interpretations of the bought and paid for clergy who keep forgetting this

connection with Jesus Christ who, more likely than not, was in pretty good physical shape as well.

I am, for good reason, increasingly intolerant of the stupidity of those who "know better" but who use the Knowledge-Information-Light to mostly make "light conversation" all geared to get laid, once of course their basic needs are secured in what they believe to be a "safe haven"; and of course as logic would dictate thinking themselves so very smart to have outsmarted God, albeit think it smart to "moc" [sic] God who of course couldn't give a fuck about how the so self-righteous go about spelling.

"\$ hit" [sic] doesn't just happen!

While you continue to work on your "CLEAR, SHORT" one-liners, and how can we forget your latest 22-year old beauty from Slovakia, I assume you haven't forgotten about Mr. Jeffrey R. Krinsk Esq. who like me wouldn't fall in to the category of "potted plant", eagerly awaiting you finding for him a plaintiff, and why not your soon-to-be X wife as well as your grandmother Lois Tucker?

Invite Mr. JRK out for lunch where, at a minimum, you will learn the fine art of picking up the not "easily impressed" as well as derive great satisfaction when choosing ever so carefully to avoid at all cost those "easily impressed" who have this habit of choosing to surround themselves with negative attention seeking people who you would know by now how to so easily "spotlight" on the "\$ hit List" [sic] on the homepage of just3ants.com

Don't forget what I told you at dinner the other evening over at Il Forno that Devin Standard is very possibly the best non-Israeli friend I have ever had, showing his "true colors" when joining my wife Marie and me in court back on October 24th 2002 where he got to see, the so very old, growl looking, THE IT, squirm.

Not to mention Dr. John BIG Ben Stewart MD, for good reason failed to line up a single supporter in the courtroom, including his cow Dawn with those knock-knees so battling to support all the fat congregated in her butt and very lower abdomen, which didn't prevent the evil incarnate from continuing to "posture".

Moreover, African-American Devin Standard in deciding to work for a "gun running" operation like Smith and Wesson is also the most intellectually honest non-Israeli I have ever known given how of course he is going to be able to look all 3 of his most beautiful children in the eyes and tell them that when you are raised in the "belly of the beast" you have to choose very carefully where to position oneself when surrounded by so much shit who think they can wipe away their poor judgment from the day and night before by just popping in the shower after taking their shit and so long as they can every so often, best yet when watching a so contrived movie like Cry the Beloved Country shed a tear or two before then blasting out the door with their wallet-purse full of cash and gold.

Devin Standard is not in the best physical shape of his life, not even close, but still he would be counted on more than anyone else I know, again apart from Israelis I have known a lifetime, to risk everything including the lives of his most precious children, again raised in the belly of the beast, a choice neither they nor Devin had a say in.

Once armed with the knowledge of what is wrong and the decision you take is not simply to ignore but to twist the truth in such a way that makes it look like I am somehow "in the wrong" then I can only wish such individuals "well" as each day they have to look themselves in the mirror unless of course opting out altogether when they will notice along with the aging process their skull and bones increasingly protruding which might explain the obesity factor; certainly more so than anything I have encountered todate.

I not only count my blessings but I also know perfectly well that I am not in the least bit stupid and are very possibly more capable than anyone I have met to anticipate rather well what lies ahead.

The fact that I am alive, fit and well, just a slight head cold that has me slowing down ever so slightly, should be ample evidence that it is more than "luck" given each and every corruption I confront, from the smallest minor parking ticket infraction to having taken on DeBeers who while of course still laughing their heads off knowing perfectly well that I am right about how good they are in getting the "light headed" to engage in the most boring dinner conversations, nothing more than "4play" [sic], they are laughing increasingly less so.

Which reminds me I have yet to see on just3ants.com [Headlines](#) News of all the back and forth between myself and Codiam Inc. following my decision [to break a 24-year silence](#) on November 11th, 2004, not long after my last conversation with my mother who just prior to ending the [phone call when](#) asking, "Are you not concerned for your life?", let me know that Nicholas Oppenheimer's one kid decided to become a "frum"-orthodox Jewish person as if that was "sumthing" [sic] impressive.

Ron Bellows of AIG, along with Dr. John K. Pollard Jr. also rank up there amongst those Gentiles who have been "sideswiped" by the DeBeers controlled United States of America "beast".

As you know I have begun a "dialogue" with yet another reporter-writer for the New York Times. This time I believe there is a greater chance than before I might be able to get him to "come on board".

Time to fly.

Marie telling me, "why are you asking? I haven't given my permission. I don't see the purpose yet. I don't think much of myspace."

Marie about to use her mother's silver cake cutter to cut a piece of mango pie for Merna says, "I thought that almost 50 was enough. Why need more specification than that. Torture. I'm Aquarius."

Her birthday is one day before St. Valentines.

Now MDG is saying, "You bought chips. You are so bad."

She says, "I am already on MySpace? What dialogue?" in response to "I am just trying to get a dialogue going!"

"You are ruining my,,, you are typing too much. The purpose was not to get a secretary to be on my space. You are already compromising my thing. I just found money on the floor. I have to bend down. I just found a \$100. Thank you. I thought it was worth more than that. O Gary, get off,,, I just found moths. They are mating all over the place. Oof they are mating!"

Adam, didn't you and I discuss yesterday about my strategy of those seeking negative attention attracted to footsak.com, nextraterrestrial.com, just3ants.com etc etc like moths to the flame?

We were just talking about giving the viewer the “jukebox” choice.

There is a female artist who plays the harp that is a must right now. Danielle sent us her CD and would know both her name and the song we are talking about.

Ps – the mini “short-circuited” on us right after we left the theatre last night bearing in mind Marie watched “War of the World’s” the night I had my “collapsing buildings” dream and apparently this remake by SPIelberg has cars “blowing fuses” and standing still as ant looking Aliens take over.

GG with his pet rock ant.

Subject: I don't know what I am talking about!

Adam – you are not going to necessarily know at first what Marie and I talking about. You might think like us “it is like talking to the birds”.

Marie now commenting on the initial study Sebastian Capella did of her-pypeetoe’s portrait.

“He made the study in the low key of chroma; the sand is grey but on just the left little strip he raised the chroma. He said, ‘ok I am trying this and this.’ Very interesting! Did u see all the difference in color all the way from the sand to the sky? He was testing the colors.”

Adam, the point is when people say they are not interested to find out what is their interest and equally important have them articulate their level of interest to find out the depth of knowledge or lack thereof.

My suggestion is to set up a space for Marie at MySpace

Reading as follows or as you think:

I am an artist.

Sexy , beautiful and intelligent. What else do you want to know?

I can't type. Make it short. Let's cut through the bs.

Just go to jus3ants.com and tell me what you think.

This is some of the things I am interested in apart from art.

My age. Almost 50 [Insert photos starting out with her in her bathing suit – look on refrigerator see baby– ending with portrait]

Marie now saying “I am not sure what it will accomplish if I don’t respond?!”

Hard to tell with Marie at times whether she is being “instructive” or questioning my minority shareholding.

More importantly, I couldn’t disagree more since just3ants.com is already speaking volumes about intelligent and unintelligent people contributing [to](#) just the 3 ants presence on the internet along with of course those on the \$ hit List – Marie commenting earlier the Dollar sign on the homepage needs to be either bold or larger font.

Marie now saying as I read back to her my response to her nonsense, “you are just trying to get your way with me again! My feet are cold. I am getting cold feet. That is the truth”

I just felt her feet. She is telling the truth.

Marie now commenting, "I think you have typing addiction" as she smiles and says, "you just cannot stop. Where is my cup of coffee? Go get my cup of coffee" as she smacks her lips "Wont it be good? I think this is where we should stop it".

Now as she punches me in the rib commenting, "You drain my brain!"
