Mr. Moscow,

Did you also get a copy of the "listening" email I sent yesterday to Adam L. Tucker who wrote the analysis of the Israeli Military Intelligence report that resulted in him with zero Israeli Military Intelligence training, for the umpteenth time failing to follow through with my suggestion that he spend his time when not looking for female companionship on internet dating websites and in the produce section of supermarkets on Sunday morning, collecting the email addresses of each and every teacher and professor on the planet and forwarding them my most current heavily broadcasted communiqué?

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20atucker-listening.pdf>

Instead Mr. Tucker sent me the following ahead of doing his weekly shopping at Jimbos, a local health [shop](#):

Subject: Movie "Bill Clinton: His Life"

<http://video.google.com/googleplayer.swf?docId=-6107885031407830500>

Some interesting events... including

While at Oxford

- Was a "moocher with no apparent income"
- Left for 40 day trip to Scandinavia, the soviet union, & Czech
 - Stayed in "the national", fancy Moscow hotel
 - Prague john copald, friend from Oxford, parents were leaders in communist party grandfather founder of Czech communism party

For "sum" [sic] reason Mr. Tucker seems to think that I need to be reminded of the most important information I have been providing him over the years beginning with De Beers, whose founder Cecil Rhodes envisioned in his first will a "Secret Society" which didn't prevent those executing his ideas from openly supporting scholarships such as the Rhodes Scholar and using their price fixed diamond currency that is unlimited in supply, untraceable, lightweight and never inventoried to also finance their opposition including the communist parties throughout the world not just in China which shouldn't have you distracted to the point that you are not able to figure out without me also reminding you of De Beers' agenda:

Take the money now or open up a taco stand!

Mr. Tucker is a little more familiar than most but not necessarily than any of you scholarly types with too much time on your hands of De Beers' writings including their Diamond Invention book written by Hollywood blockbuster author Edward Jay Epstein and only available today on the Internet.

Not to mention that Prague is a rather important center for spies on all sides to meet including the likes of Mr. Epstein and my long time pal, Roger W. Robinson aka "Our Man Roger", a former most senior National Security Council member during the "Being There" President Ronald W. Reagan's first Administration.

<http://www.nextraterrestrial.com/pdf/jpollard-ussr.htm>

And of course you are very possibly just waking up to the fact that all the rest of the world's capitals are nothing but a smokescreen for all the intelligence sharing that takes place in Manhattan, very specifically 47th Street, the world's intelligence gathering as well as money laundering capital and I would know.

Are you as interested as say the FBI, CIA, United States Congress, United States Supreme Court and not to forget either Israeli Military Intelligence or the Mossad,

Israel's most wired and brutally efficient intelligence institute to the message left on my voicemail this past week by a significant diamond money laundering agent of De Beers whose immediate family I met on the plane when arriving in the United States back on March 17th, 1978, one week shy of my 21st birthday?

Don't you think it is rather important that at the time this diamond merchant was not in the diamond trade?

Don't you think it is rather important that in addition to carrying with me my father's logbooks from World Oil War II that detailed Bernie Gevisser's 71 odd miraculous missions dive-bombing the crap out of the De Beers Nazi bastards, mostly over northern Italy taking out I would hope a good number of those Friars who so willingly co-operated with the De Beers Nazis, I was armed with two letters of introduction both signed by my father's first cousin, my uncle Dave Gevisser who remains the American head of the De Beers-Anglo American Cartel.

Not to mention tomorrow is my 51st birthday and although I would prefer gold bullion I will accept diamond currency and will immediately journey to both diamond money laundering operations here on the main street in downtown heavily real estate and city council member corrupt Del Mar, and get the best possible price I can.

To mention little of please let me know ASAP whether you would like to be included along with members of the intelligence services when I return this rather important phone call to this Chicago, Illinois diamond dealer who I have known intimately for some 30 years and who was first placed in the all important diamond-money laundering-terrorist financing organization by Codiam Inc., De Beers' most significant price fixing operation on US soil who I joined in 1980 after first meeting with my uncle Dave and American Charles Engelhard's one group of American lawyers located on Bush Street, San Francisco.

To mention in passing that when listening to the so very friendly message one instantly comes away with the distinct impression that this diamond merchant and I talk rather regularly.

It is now important for you, your lawyers, your insurance brokers responsible for advising you on having "proper and adequate" insurance liability coverage to read very carefully one most important section of increasingly edgy EJE's The Diamond Invention, Chapter 18, THE AMERICAN CONSPIRACY:

On August 4, 1974, the Justice Department received information that the "De Beers organization is a large contributor to both political parties and should this investigation get to a stage where cases were actually filed [the antitrust division] would probably receive much political pressure." The informant also disclosed that one major diamond dealer in New York was in "constant contact" with Harry Oppenheimer and was somehow relaying to him "information on the progress of this antitrust investigation." The diamond dealer in question was further alleged by this source to have "arranged the meeting for Harry Oppenheimer with John Kennedy when

Kennedy was President-elect ... at the Carlyle Hotel," and to have served as an intermediary between Oppenheimer and American concerns in a number of deals.

While this group of antitrust lawyers was at work trying to elaborate the criss-crossing web of corporate ownership among firms that dominated the distribution and sales of diamond grit, a second team of lawyers was actively investigating an alleged conspiracy by De Beers to control the market for drilling stones. These industrial diamonds, ten to twenty times the size of abrasive grit, are crucially important for drilling for oil and other minerals. A single petroleum drilling bit, in which the block-shaped diamonds are inlaid in the metal cutting surface, may require more than \$20,000 worth of diamonds; and without diamond drill stones, it would be practically impossible to drill many offshore and deep oil wells.

Not to mention, don't you think it is important that teachers and professors when teaching all about the United States of America's sacrosanct Ant-Trust/Anti-Competition/Ant-Price Fixing laws that such individuals so entrusted in teaching stuff like truth and honesty let alone expressions such as, "The rule of Law" that De Beers have controlled now for more than a century the entire world's drilling industry.

To mention little of the extraordinary "Money Power" of De Beers that they could get away with having the morons educated at our Ivy League as well as Oxford and Cambridge Universities believe that just a "nobody" diamond merchant could "arrange" a very public meeting in a high profile upper east end hotel such as the Carlyle Hotel between the head of the mafia of mafia, Anglo South African Harry Oppenheimer and the incoming President of the United States who carries the title Commander in Chief of all United States Armed Forces.

To mention in passing how someone like Amanda Lopez a very senior recruiter for the US Army-National Guard is not alone in realizing that she too has a fiduciary responsibility to inform all those she is recruiting for the United States of America's economic draft of the importance of this so very important and most contrived Chapter, bearing in mind that Harry Oppenheimer's partner, American Charles Engelhard was very much alive at the time and was in fact the individual who had arranged such a "telling" meeting that was first discussed when John F. Kennedy and his wife Jacqueline Kennedy met with Charles Engelhard and Harry Oppenheimer at Charles Engelhard's Camp Chaleur estate across the border in Quebec, Canada.

<http://www.nextterrestrial.com/pdf/The%20Atlantic%20Salmon%20Federation.htm>

Interesting would you also agree that my Royal Mater-Mother, Zena Gevisser who was tasked with coming up with a list of people, "Attorney General of the United States, Senator Robert F. Kennedy should NOT meet" when he visited with us in Durban, South Africa back in June 1966, was also hired by RFK's "sworn enemy" Aristotle Onassis to "protect" Jackie O when Ari married the former first lady quite expert at the spreading the Kennedy Clap on October 20th, 1968 on the Greek Island of Skorpios.

<http://nextraterrestrial.com/pdf/jpollard-war.htm>

Not to mention how my highly "closed lipped" mother would mention about the one and only time Jackie O and her met during the signing of the prenuptial agreement in a relatively small room where my always very well dressed mother and Jackie were the only women present,

"Not a word was *spoken between us!*"

To mention little of Ari who had financed the assassination of RFK just 3 odd months earlier also wanted to marry this big mouth former First lady as much as he wanted a Mossad bullet in the back of his head.

To mention in passing can you appreciate why it is even important for first year medical students to fully understand that when someone like Stephen Cohen, principal of Codiam Inc. uses on a regular basis the word, "Latkes" and trust me it is not in the context of a recipe for frying potatoes, such individuals should understand that once the world understands its significance they would do well to rethink becoming a medical doctor primarily for the money.

<http://www.nextraterrestrial.com/pdf/db-Design-Latke.htm>

Chapter 13, THE DIAMOND MIND of The Diamond Invention provides a detailed account of Harry Oppenheimer, the son of Ernest Oppenheimer, the head of DeBeers journeying to New York City in September 1938, one year prior to the official commencement of World Oil War II where Harry makes Gerald M. Lauck, President of N.W. Ayer, one of the leading advertising agencies, an offer he couldn't refuse.

<http://www.edwardjayepstein.com/diamond/chap13.htm>

And you would know that when you "rule the roost" there is no need to overpay; on the contrary when you make your "taco stand" offer the idea is that you always come in with a "low ball" offer.

Right now my highly literate, no-nonsense but full of life artist painter wife Marie Dion Gevisser who is seated next to me at our most art and love filled studio cliff house located on the beach, on the ever eroding bluffs of Del Mar, is showing me some very spectacular photographs a photographer friend of hers took of a popular desert shot in Utah and if I weren't in such a hurry to get in the surf, I would, at a very minimum, provide you a hyperlink.

Mr. Tucker, for some reason, thinks that because he is unlikely to benefit from a Trust-Hush-Fund that therefore he too can "dilly dally" no different to much more corrupted-co-opted Trust-Hush-Funders who just can't get enough of the fact that he is so very distracted when they are singularly focused on their "end game" which is to plot, calculate, plot, calculate, plot, calculate ad-infinitem.

Mr. Tucker, fortunately does not represent the world of free thinkers such as very skilled and experienced Black South Africans such as Tefo Mohapi who even Mr. Tucker seems to forget is still, alive, well and thinking very carefully his next move, the same with Tefo's friends who don't need to imagine what the United States Government's biological weapons programme developed in conjunction with British intelligence and the South African Apartheid Regime meant to their relatives and friends during the Apartheid Regime's most extraordinarily obscene, uninterrupted rule of some 45 odd years which ended when "liberal" President Bill "Rhodes-DeBeers-Scholar-lawyer" Clinton went along with the CIA having South Africa's outgoing President F.W. de Klerk hand over to incoming De Beers' stooge President Nelson Mandela that so well copied STORED CD ROM containing the details of this so macabre biological weapons programme that included CIA assassins operating freely throughout the world including in places like 47th-Wall Street, Manhattan, New York City.

<http://www.nextraterrestrial.com/pdf/Microsoft%20Word%20-%20atucker-t4getsit.pdf>

How do you think people like David Ben Gurion felt when hearing how young Israeli soldiers manning the Golan Heights, Israel's northern border with Syria, had their equipment cut off and stuffed in their mouths, "sum" [sic] when still alive during the early hours of the 1973 Yom Kippur War?

January 1968, Israel.

Do you think Ben Gurion thought it smart to crack jokes such as, "What a way for young nice Jewish boys to break the fast?" or do you think he was more preoccupied in looking forward to the day when someone such as myself, having so very carefully "lined up my ducks" would explain in simple English why it was that Israel was still very much at war and that the United States Government, so hell bent for some 3 generations in creating the most welfare dependant society in the history of the world, remained no "friend" of the Jewish State, just as the heavily corrupt 3 Branches of the United States Government was Israel's principal enemy, well prior to the official start of Israel's War of Independence on May 14th, 1948, some 12 days before the Socialist United States Government sanctioned the CIA's

support of the South African National-Socialist Party winning the South African General Election following the CIA being totally astonished that despite their best efforts, the Arab armies that had been massing on Israel's borders on May 14th, hadn't managed as they had predicated, in a matter of hours to drive each and every Israeli who survived the initial onslaught, in to the Mediterranean Sea.

Now, at this very hour, 11:59 AM Pacific Standard Time, with President George W. Bush knowing perfectly well it is a grave mistake continuing to delay his call for an immediate suspension in the trading of shares in public corporations and thereby protect what very little remains of poor, hard working Americans' wealth as increasing numbers of our foreign slave wage earners beginning with the strong and so very reliable Mexican laborers picking produce that American kids consider beneath them, let alone raise their kids and clean the bathroom toilets without thinking of going beyond simply spitting in our food, returning in droves to their home countries with the knowledge base that the military bases the US government keep on 130 of the 190 countries serve to support the US Government's illegitimate brutal regimes, no different to the, so anti-Christ, so anti-Jewish, so anti-Muslim, so anti-Chinese, the abominable South African Apartheid Regime, you may not be familiar with either Tefo or Adam L. Tucker but one of the very many truths I am revealing in "real time" and as hard as you may try, you cannot get away from, is my extraordinary footprint on the Internet that even people like Mr. Tucker who has worked closely with me for more than 6 years keeps forgetting until I have to remind him.

Tefo, on the other hand, recalls very well how he and I first became acquainted when he was researching one of my former multi-billionaire clients Mr. Solly Krok of South Africa who offered Tefo an "apprenticeship" with Mr. Krok that all Tefo needed to do was to keep his mouth shut and both he and all members of his immediate family would have been able to, "Live the life of Riley".

Do you find it strange that Joey Riley would send a letter of complaint about me to my very on-top-of-things wife rather than email Marie Dion Gevisser?

Very possibly as early as this evening I will be following up with President George W. Bush and it would be nice if you could fill me in as to what you are thinking.

Today I am going kilt shopping with my so very funny French Canadian wife MDG who during lunch yesterday at Barbarella's in flats of Del Mar, composed the most

awesome communiqué to her "tTOo" [sic] kids who shouldn't take any comfort in people like Mr. Tucker's relatively minor distractions, wouldn't you agree?

In the meantime should you have any ideas about anything in the world including how the United States Governments foreign policy in Asia, "In support of our south East Asia policy" dovetailed with the South African Apartheid Regime's fight against communism all the way through the Berlin Wall coming down as how to deal with passive aggressive kids who won't pick up their dog's business #2 and not in the least bit concerned about the Del Mar City council fining their Trust-Hush-Funds some US\$200, please feel free to email me and/or anyone else you see in the carbon copy section and should you want to see a sampling of those in the blind copy section, don't also hesitate to ask.

BTW don't you just love the total transparency of just3ants.com.

By The Way, isn't it just great that not every intelligent person in the world has been co-opted-corrupted by their Trust-Hush-Fund increasingly exposed for what it is?

The ocean is pretty calm. There is a guy on one of those standing paddle boards just floating.

Beware of still waters!

Kgotso-Peace!

Gary S. Gevisser

Ps – Look very closely at the "back and forth" between myself and Codiam Inc. beginning on November 11th, 2004 after my very mindful decision to break a 24 year silence.

<http://just3ants.com/emails/debeers/default.shtml>

<http://nextraterrestrial.com/pdf/tmohapi-right.htm>

Ps I – Do you think I am simply not bright enough to understand the movie, No Country For Old Men when the violence seems no different to anything put out by very calculating, constantly plotting De Beers Hollywood who for good reason don't touch The Diamond Invention with a 100 foot pole, relying instead on the constant plotting, forever calculating and so very talkative next generation of Trust-Hush-Funders to influence the financially poor and misinformed to join the economic draft; such plotters, however, now increasingly finding their "deafening silences" being FOREVER, and so BRIGHTLY spotlighted on the Internet.
