Dear Shunit,

I would like you to give "sum" [sic] thought to all these priests at confession.

Can you imagine if the father comes along admitting he has been molesting his kids and the priest is a pedophile himself?

Do you think he would take advantage of the kid?

O well. I don't want to talk about this. It is too sickening.

Moving on.

What if you have convinced yourself that the Romans who morphed in to the Roman Catholic Church, bearing in mind the fatsos amongst us must surely feel they are living in centuries past, have not been guilty of say 1,000 such sickening incidents.

Then think of the number of times a mother has suspected her IT over controlling husband of molesting their kids but prefers not to dig, instead when at confession she fails to ask the priest if he is a pedophile himself.

Now the numbers start to look a little interesting.

I have delayed just a little longer sending out my last heavily and much anticipated broadcasted email to President Bush as I "line up more ducks".

In the meantime could you as well as Keren over at the Office of the Israeli Defense Department Attache at the Israeli embassy in Washington DC. provide me with both a critique and edits of the "ABOUT" which I hope to have placed up on www.just3ants.com prior to sunset here on the west coast of America.

You can see the 4,291 odd word draft which I have yet to read by clicking on the hyperlink below:

BTW the hyperlink below takes you to what I sent you yesterday that only left my computer at 4:02 PM PST, the word count reduced by 10.

Let me know how I can improve my communications to the point that you spend just an hour a day forwarding and posting up on not only Internet message boards and blogs what you think I have to say that is "interesting", always remembering to reference at least my one website www.just3ants.com, but don't forget either www.footsak.com or www.NEXTtraterresTRIAL.com or www.EmanANDdog.com or www.CompetingCorruption.com or www.real-tycheck.com.

You may recall me mentioning, there is one journalist from the DeBeers sponsored newspaper The New York Times who might be the first western based journalist willing to "stick his neck out". I will let know.

Keep smiling!

Gary
