**Subject:** CHARLES ENGELHARD - farfetched... late recovery

Sharon,

I have no idea either how you got on my email list but I would be willing to research it so long as it does not interfere with me writing my forthcoming book, *The History of Money Creation and Its Future*, subtitle, *A Message For The President*.

Is it possible that your email address is included on my Royal Mater-Mother's email list which you can access by clicking the hyperlink below?:

<http://www.nextraterrestrial.com/pdf/Zena.htm>

Have you tried typing your name alongside mine when doing a Google Search of yourself?

How would you describe my Royal Mater on her wedding day back on October 10th, 1948, age 19, knowing that not only did my father's father own priceless property in Haifa Harbor, Israel that had my very astute and shrewd mother commenting in her memoirs, "The Life Story of Zena", first broadcast to her email list on October 9<sup>th</sup>, 2001, that she, who had never been to Israel was now, "feeling rapidly at home in Israel", but most importantly, that my paternal grandfather, Israel Issy Gevisser owned the control block of shares in the public corporation The Moshal Gevisser Group of Companies that attracted besides for her father and the Jewish Underground, also the world's mineral richest person American Charles Engelhard, an "open supporter" of the South African Apartheid Regime aka The Third Reich's Southern Division, who also first journeyed to South Africa back in the late 1940s, very possibly arriving at the exact same time in 1947 as my Royal Mater and her father Al Badash-Ash, hot on the trail of those who had financed the extermination of some 6 million of our Jewish brothers and sisters?

How would you describe my father on his and my mother's wedding day?

I only wish I had the photo my now deceased father-in-law, Jonny Dion carried in his wallet of The IT on his marriage day to my most gorgeous French-Canadian wife that along with Jonny's words of warning, "If you ever mess with my trusting daughter, you will have me and her 3 brothers to contend with", which of course explains the deathly frightened look on incompetent pathologist Dr. John BIG Ben Corrupt Stewart MD's face which brought quite the smile to the face of Jonny Dion when telling me of this rather funny incident, before he passed away; not to mention Jonny, who also spoke perfect English, getting quite a laugh when I told him, who was very much on "borrowed time" having smoked very heavily all his life, that Dr. John "BIG fraudulent insurance biller" BEN Stewart MD, previously before being sidelined by God with permanent eye disease, and attached to the pathology department over at Sharp Memorial Hospital San Diego, had suggested to his X-wife, that Jonny Dion should go be tested for "cancer of the spine" which of course would have meant a whole bunch of needless but highly lucrative for medical doctors medical tests for Jonny Dion who was also the sole survivor of bombardier crash during World Oil War II.

# Johnny Dion Survives Plane Crash' Expected Home Within A Few Weeks

According to word recently received by Mr. and Mrs. Rosaire Dion Third Avenue, Val d'Or, their son, Johnny, will be home in the course of a few weeks. Johnny, who is 22 year of age, has been in the air force for about two years.

In a letter received from him he tells of the crash in which he was the sole survivor. According to his letter their bomber was returning from a night sortie and when over England and quite near their station one of the engines was discovered to be on fire. For some reason unexplained in the letter the boys were unable to land the plane, which crashed into a bush near the base killing the entire crew with the one

exception, Johnny Dion.

There were two Val d'Or boys in the crew, the other one, Maurice Dauplaise, former employee of the Bank of Commerce in Val d'Or, and actively interested in Boy Scout work was killed. Johnny Dion suffered a crushed arm in the crash and was taken to hospital.

In his letter to his parents he says that he expects to be arriving in Canada soon and will be home as soon as possible.

Before enlisting in the RCAF Johnny was employed at the Hillier Store. He was active in sports and a popular member of the Golden Valley Ski Club, being one of the original members, who helped to build the club house and organize the club. His many Val d'Or friends are pleased to hear that he suffered so lightly in the fatal crash and are looking forward to the day when he will be home.

Would you believe me now if I were to tell you that Jonny Dion is now watching over my wife and me along with our two precious dogs, Pypeetoe and Maggie, all smiling from ear to ear?

Could you tell me the sort of things that interest you more than understanding money?

Did you receive a copy of the email I sent a lady in Israel over at Ein Gedi, a spot I have visited on many occasions? Click hyperlink below:

BTW, do you think it is worth mentioning in my forthcoming book, ***The History of Money Creation and its Future!*** that my uncle David Gevisser who got me the

"nothing to speak of" job in 1980 with De Beers on 47th Street, Manhattan, New York City, the money laundering and intelligence gathering capital for the De Beers-Anglo American Cartel [DAAC], the mafia of mafia, became the "male heir" of American Charles Engelhard when this mafia of mafia kingpin was laid to rest at St. Mary's Abby church, Morris Town, two words, New Jersey on March 2<sup>nd</sup> 1971, some 5 odd months before the United States of America on August 15<sup>th</sup>, 1971, who had stolen all of South Africa's gold and other precious mineral resources going back to the turn of the century when the United States Congress approved American banks, led by J.P. Morgan, financing the Anglo Boer-Farmer War of 1899-1902, forced the world to go off the Gold Standard and with the backing of the US Military enslaved the rest of the world's wage earners going forward with increasingly worthless-fictitious Almighty US Dollar?

<http://www.edwardjayeptstein.com/diamond/chap18.htm>

Do you also think the amount of US\$6 million that my uncle Dave received as his "sign on bonus" immediately following the funeral of Mossad assassinated Charles Engelhard is material enough to also deserve an "honorable mention"?

<http://www.nexttraterrestrial.com/pdf/jsachs-openletterpartI.pdf>

Do you find the hyperlinks annoying or most informative?

What about the fact that forced to attend this mafia of mafia kingpin's funeral were none other than Charles Engelhard's most bought and paid American "elected" politicians, Senator Ted Kennedy, former President Lyndon Johnson and Vice President Humphrey?

Why do you think it is that not a single elected or non-elected US Government official has asked former Federal Reserve Chairman, Alan Greenspan to explain why when he was Federal Reserve Chairman for 17 odd years he chose very carefully not to take the very good advice he had given in his 1966 classic essay, GOLD AND ECONOMIC FREEDOM, that spelled out in very simple to understand English all the reasons why no one in their "right mind" unless a crook would go along with the United States of America's demand that the world abolish the Gold Standard as the United States then went about continuing to steal the world's gold believing in the end that British-US business interests would inevitably own the Peoples Republic of Communist China who it didn't take a soothsayer to read the writing on the wall had not only the population but population growth very much under control all the while producing the goods and services needed to fuel the world's economy without stopping for a single moment in setting the scholastic levels wherever the Chinese people, the Jews of the Orient, traveled?

Do you think it was just a coincidence that Henry Kissinger went on a secret mission to China also in August 1971 and in opening up the US market to US Dollar slave wage earners in China then dumped the Tibetans whose monks had received guerrilla training in US bases in the Colorado Rockies?

Do you think it is okay that since we have all these rigged elections that has us changing one corrupt elected government official for another corrupt government official, to refer to the Chinese people in any way shape or form as corrupt bearing in mind that the Chinese people know very well how to read in between the lines not only because they set the scholastic levels wherever they go but because they "live to learn" and know their history rather well beginning with in recent times with the American led 8 Allied nations invasion of China in 1900 with financing provided by J.P. Morgan and Co. who also provided the "seed capital" for De Beers who led the charge in the Anglo Boer War of 1899-1902?

Do you think when US Americans cry our crocodile tears for today's slave wage earners in China we give a moments thought to the fact that when Mr. "Killing" [sic] went over to China, China was in the middle of the most bloody 10 year Cultural Revolution that ended in 1976, the same year as the Soweto Riots in South Africa which resulted in English being taught to the next generation of Black South Africans making it that much easier for De Beers, again backed for more than a century by the brute military force of the united States of America, to infiltrate grass roots organizations?

Were you aware that within 10 years China will be the largest English speaking population on earth?

Do you understand why it is that Tefo Mohapi is a very sad Black South African given how his mother Joyce Mohapi who was imprisoned during the 1976 Student Riots ended up getting a De Beers Bursary, much like Bill Clinton got his De Beers-Rhodes Scholarship?

Would you be interested in receiving either a carbon or blind copy of my forthcoming response to ex-South African Garry Purkiss who sent me now for the second time "sumthing" [sic] he considers interesting?

Now of course we don't all have to have the same "style of communicating" but I think you would agree it makes sense starting off with your own family members not to let anyone treat you like an ant because you will become an ant in preparation for your return journey.

You would do well to read my very first broadcast back on October 18<sup>th</sup>, 2000, to commemorate my father's 77<sup>th</sup> birthday. Click hyperlink below:

*"Being non-confrontational is no excuse for bad judgment!"* – Marie Dion Gevisser?

Would you be also interested in getting an advance copy of my forthcoming book before deciding to attend one of my Educational Light Journey-One Tribe of Achievers seminars-workshops where you will be given at least one opportunity to

have me assist you with your most troublesome issue and which I think you would agree we should spotlight on [www.just3ants.com](http://www.just3ants.com)?

Another winter storm is fully underway here in southern California that for those without proper shelter and healthy food in their stomachs let alone access to clean drinking water is not fun, but here at our very cozy, art and loved filled cliff studio it is one most magnificent sight, nicest of all we don't have today Channel 8, the CBS affiliate Also Known As KFMB TV, buzzing us with their low flying helicopter.

Should you feel inclined please voice your opinion with Ms. Jackie Chesbrow, the secretary for a Mr. Tremble who is apparently the General Manager, USA 1-858-571-8888. President E. Trimble - [etrimble@kfmb.com](mailto:etrimble@kfmb.com); Fred D'Ambrosi, News Director - [dambrosi@kfmb.com](mailto:dambrosi@kfmb.com).
