Subject: FIRST AND FOREMOST, A NONRACIAL LIBERAL - cereMONEY

Mayor Obed Mlaba,

My shalomcha?

How is your Hebrew?

Is it better or worse than your Esperanto?

What is your body fat percentage?

Do you think you can feel any more miserable?

If so, please, I beg of you, do not read any further and just simply imagine your nightmare is only going to get so much worse unless you simply decide to join those of us on the side of peace which of course you understand perfectly well is war to those such as yourself as well as your most vocal opponents who profit from war.

You didn't need to attend alongside me a single Economics lecture at the University of Natal-Kwazulu, South Africa to know that De Beers are much more ingenious than simply funding using their untraceable diamond currency all their opposition.

But you most probably didn't think folks like the Mossad were smart enough to figure that out immediately when seeing the very first shiny pieces of artillery leaving the factories of Nazi Germany when a barrelful of Duette Marks couldn't afford a loaf of bread.

Do you know what century you are living in right now?

Of course it does not matter, so long as you have food right now in your belly and access to clean drinking water and a safe place with a high speed Internet access.

Have you ever heard of a Mossad agent "going short" of anything including high class prostitutes who are at least as deadly as the best of the best trained Israel Special Forces commandos who qualify for the Mossad's most brutally efficient assassinations unit?

What did you think of my Royal Mater-Mother's one of many top models, Penny Coelen who won the Miss World in 1958 being an expert pistol shot?

What about her one most trusted personal secretary Elizabeth, like Penny a devout Protestant, converting to Judaism and moving to Israel where Elizabeth married an Officer In Israel's Army who didn't need me to tell him that I

had scored a perfect score at the shooting range during Gadna training in the fall of 1972 at the military base at Kibbutz Sde Boker where Ben Gurion had retired but was still very much in total control of the Mossad who also observed me very closely when meeting with my Royal Mater's close ally Boris Senior, a former secret member of the Irgun Jewish Underground movement before becoming Deputy Chief of the brutal Israel Air Force.

Do you have a better understanding that the idea that Jewish people simply went like sheep to slaughter during the DeBeers bankers orchestrated Holocaust goes rather significantly against the grain of common knowledge that pound for pound Israeli Special Forces commandos are head and shoulders superior to their counterparts anywhere in the world, apart from of course China who would be perfectly fine with the Israel Defense Force's backing, and of course I am not the only person who would know.

It is possible you were not blind copied on this email below which when I was "cutting and pasting" I left out the text of the email sent to me by Adam L. Tucker, a worker ant like me; the Queen Ant, Marie Dion Gevisser, now arriving back at our studio cliff house perched atop the bluffs of Del Mar; another glorious, sunshine

Before I go take a quick swim in the rough waters, a little too rough to enjoy being out on the wave ski, let me ask you if you would know who let down the back left tire of our Mini Cooper S the other day?

Does it bother you that you cannot see De Beers' name engraved alongside the "Blood and Honor" making you imagine that you have yet to see any evidence of De Beers supplying Hitler with his diamonds while so arrogantly flaunting that they were thwarting the efforts of the Allies to stockpile diamonds on U.S. soil.

Do you care whether Obama or Hilary or Bill have yet to comment on Chapter 9, DIAMONDS FOR HITLER, subtitle, THE SECRET WAR REPORT OF THE OSS/CIA?

Did you just feel like the most jagged edged knife just got punched into your stomach?

You know the first thing the CIA did after Nazi Germany surrendered on May 8th, 1945 was to redouble their efforts to hire Nazis.

You also know there was nothing in the least bit “far-fetched” by the US Navy beginning to build in 1967 that Swastika shaped Navy building which was completed in 1970 and remains on Coronado Island, San Diego.

You understand also much better now the decision by Field Marshall Jan Smuts and David Ben Gurion not to blow up even the railway tracks leading in to Auschwitz and the such let alone the gas chambers and the crematoria whose smoke smelling of my 6 million murdered Jewish brothers and sisters now must fill up your lungs, but still you cannot get out of your head what in God’s name was Nelson Mandela thinking when going along with the CIA’s demand that he maintain that CD ROM “under lock and key” the same when you read his treasonous 11,700 word, “I am Prepared to Die” speech from the dock of the Pretoria Supreme Court on April 20th, 1964 as he not only saved his neck from the gallows but so nauseatingly paid his respects to the American and British Judicial system all the while groveling like he was a slave wage earner asking for a slave wage increase.

Do you think Bernake of the De Beers-US Federal Reserve would like for me to take over, knowing that each day this utterly nonsense talking Lily White Wheaty Eater opens his disgusting mouth his nightmare is only going to get horribly worse?

Do you thoroughly enjoy as do many hearing my so mesmerizing and uplifting talk of my Royal Mater-Mother in her series, THE IMPORTANCE OF BEING A WOMAN only available on www.just3ants.com?

Are you just only now beginning to follow my “train of thought” as you set in motion the steps needed to immediately revoke the mineral drilling rights of the De Beers-Anglo American Cartel?

Do you really think it is necessary that I be elected President of South Africa before or after President George W. Bush calls for an immediate suspension in the trading of shares of public corporations to help avoid the most bloody civil war where it is unlikely we could call upon the Peoples Republic of Communist China to help maintain “law and order”.

What do you think about my very close pal Tony Leon referring to Harry Oppenheimer when he passed away in 2000 as being,

“First and foremost, a nonracial liberal”.

Why not be the first politician in South Africa to openly comment about Hollywood blockbuster author Edward Jay Epstein’s most fascinating non-fiction novel, The Diamond Invention detailing the devious nature of Harry’s De Beers-Anglo American Cartel?

Can you name me just one "liberal" anywhere in the world who isn't a racist and who spoke out against Harry Oppenheimer, the largest financial supporter of the opposition party to the South African Apartheid Regime who followed word-for-word the "prescription" Harry Oppenheimer and his American partner, Charles Engelhard prescribed for how the Apartheid Regime would remain in power for some 45 odd years with protection provided by the Armed Forces of the United States that include of course the CIA?

Would that non-existent individual also happen to have an email address that you would care to share with me?

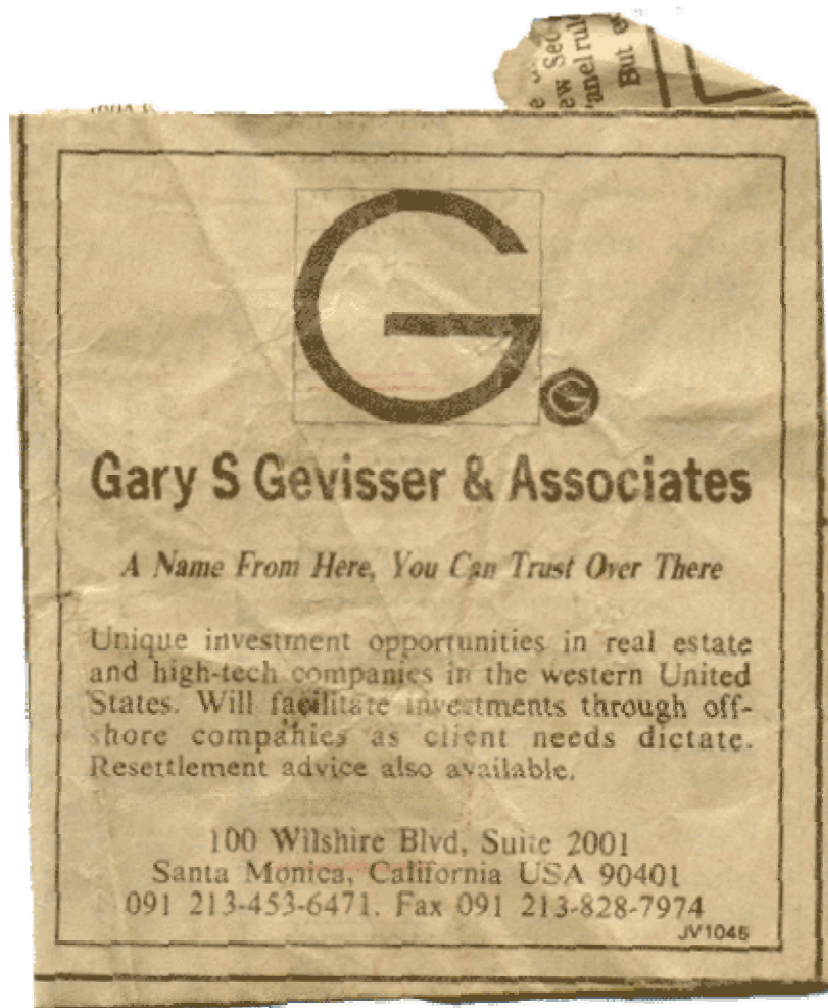

Do you know what the average pay is right now of a member of the South African Defense Force who isn't aware of why Nelson Mandela would choose to keep "under lock and key" the STORED CD ROM containing the details of the CIA's so very incriminating biological weapons programme that was used with deadly and torturous force first on Black South Africans who you would think Nelson Mandela, Thabo Mbeki and Tokyo Sexwale would have known on a first name basis.

When it comes time for you to determine the gain on the sale of your next automobile assuming it is or is not taxable in South Africa would you really care all that much?

Are you thinking if you could be afforded a padded 5 X 10 foot cell in Pretoria's Central Prison where you cannot hear the screams of the likes of Steve Biko would you sleep all that much better this evening.

Would you feel that much better if I now told that you are moments away from having a fully funded multi-million Trust-Hush-Fund to see you through your deafening silences speaking volumes?

Sidebar to Tony: You do know that you can call me to explain how your reference to Harry Oppenheimer being, "First and foremost a nonracial liberal" says so much about you and Helen wanting to "unseat you", jives with our quiet talks in my Royal Mater-Mother's one-of-a-kind bachelor pad with the ocean blue see-through glass shower protruding in to the living space on Clifton 2nd Beach back in 1995.

USA 1-858-SEL-NEXT [735-6398].

Don't wait before deciding to do the right thing and the smart thing which is also the right thing before I get the "green light" from Israeli Military Intelligence now just checking in, with I assume, the Mossad, to begin broadcasting my much anticipated follow up communiqué that will be addressed to more than President George W. Bush and Mr. Gates whose directorship of the CIA ended on January 20, 1993, just 15 odd months before outgoing Apartheid Regime President F.W. de Klerk in a most carefully CIA orchestrated "ceremony" handed over to Nelson Mandela that most extraordinary STORED CD ROM containing the details of the CIA engineered-manufactured-distributed biological weapons programme that Mr.

Mandela didn't hesitate to keep "under lock and key" as did his successor Thabo Mbeki.

Now you also must be thinking that my cousin author-journalist Mark Gevisser who wrote Thabo Mbeki's bestselling autobiography has more blackened and bloodied hands than you, but does that really allow you to sleep better at night?

BTW how is your heart doing?

Are you more interested these days in dating than "making money"?

Subject: HELL - RE: I was reading about Aristotle Onassis on Wikipedia...

Adam – all this is covered in my previous writings.

<http://nextraterrestrial.com/pdf/tu-Templesman.htm>

<http://nextraterrestrial.com/pdf/jpollard-war.htm>

Alexander Onassis was killed age 24 in a plane crash in January 1973.

Israeli-Mossad hit squads became fully operational throughout the world following the Munich Olympic Games massacres some 5 odd months earlier.

Sol "Gambling Czar" Kersner's son Butch was killed, age 42 in a aircraft crash in October 2006.

My Royal Mater knew both their father's extraordinarily well.

Now take a look at the draft introduction to my forthcoming heavily broadcasted communiqué. Should you not hear from me by the sunset add it to what I sent you last evening and beginning broadcasting it beginning with everyone on my primary email list, choosing carefully who to place in the carbon copied section.

DRAFT TITLE - The Rule of Law is dependent upon trust - The new rules for Wall Street.

Subject: I was reading about Aristotle Onassis on Wikipedia...

http://en.wikipedia.org/wiki/Aristotle_Onassis

According to his will, his daughter, Christina inherited 55% of the Onassis fortune while the other 45% was used as funds for the Alexander S. Onassis Foundation set up to honor his son Alexander Onassis. This 45% was the share that his son Alexander would have inherited, had he not died in 1973. However, Jackie Kennedy received her share of the estate settling for a reported \$10,000,000 dollars (\$26 million according to other sources) which was negotiated by her former brother in law Teddy Kennedy (this amount would later grow to several hundred million under the financial stewardship of her companion Maurice Tempelman).

...then I looked up Maurice Tempelsman

http://en.wikipedia.org/wiki/Maurice_Tempelsman

Maurice Tempelsman (born August 26, 1929, Antwerp, Belgium) is a Belgian-American businessman and diamond merchant.

Maurice is still alive and should be on our \$ Hit List
