That's going to be a short list. Sure! Go ahead.

You need to really test the "TALL LIST", they are tall one minute and they have a tendency to bend with the wind.

Adam - were it not for a board meeting scheduled for 1 PM today now cancelled, it is highly unlikely I would have the time to do much more today than surf for a handful of hours given how late I got up this morning following my so mouthwateringly exotic French-Canadian wife, Marie Dion Gevisser returning yesterday afternoon just as I was preparing to hit the waves in front of the studio cliff house; not to mention MDG, looking so beautiful, her slender clothes horse body so very relaxed after being on her own for some 3 or 4 days at the Stone

Home where she mostly drew and painted which didn't prevent my wife from taking long hikes invigorated by G-D-Nature working smartly to remind her of the blessing of life beginning by embracing change, constantly moving to better oneself mentally and physically and of course never to give a moments thought to one's own flesh, blood and bones being more important than the next of God's creatures beginning with Pypeetoe the purest of them all, all the while not losing a moments thought to be thinking about her art painting lessons these past 11 odd years with master painter, teacher of teachers, Professor Sebastian Capella, who as every teacher knows, does best when teaching the best, brightest and most talented; both Marie and I increasingly losing track of time.

Not to mention MDG not that long ago miraculously recovered from a very hard fall on a rock as she woke up to her two offspring relentlessly attempting to co-opt-corrupt her in their decision to grab the money from their IT father; nothing short of stunning when noticing the lack of reaction from her nearly 16 year old son who showed no emotion after hearing me mention that it wouldn't surprise me if he and/or his nearly 19 year old sister would share the combination code to the front door of the studio cliff house with The IT who JoNathan had "protected" when he illegally, in defiance of a restraining order placed on him by Judge Hendrix on October 24<sup>th</sup>, 2002, decided to simply enter our garage containing most precious works of art; one painting of MDG's still missing.

And of course my math-wizard, logical thinker of logical thinking people wife the world has ever known, knew it smart to also stay low, keeping an ice pack on her lower back 24/7 for some 2 weeks, surrounded by of course Sebastian Capella's so uplifting master paintings,

Moreover, until further notice I will be using this [Daacstar@yahoo.com](mailto:Daacstar@yahoo.com) email address.

As you would expect the response to my last 42 word heavily broadcasted communiqué where I included more than the customary small number of individuals/groups in the "To" section, was much to be expected.

You are not the only person in the world to have concluded following the "new disclosures" I began broadcasting within a 3,054 carefully worded missive at 2:54 PM Pacific Standard Time yesterday, that "[It is time to come out of the wood work, stand tall, and share the-their truths because Israel backed by China is ready to support them.](#)" In other words, the Israeli Military Intelligence report,

["has played its role in keeping the De Beers Central bank and the US military in check forcing them to sit in their own filth while they watch their house of cards collapse around them."](#)

Gold last trading on the spot market at US\$923.40 a troy ounce.

Furthermore, not a single person "worth their salt" in either IMI or the Mossad or the FBI or the CIA or British intelligence would argue that 3,054 word communiqué beginning with the "Sidebar" to IMI over at the Israeli Embassy in Washington, DC:

was a message to people in action positions that the timing is right to stand tall and to know that they will be backed not only by truth but the military support of Israel and China and therefore it might be prudent to "to top off the gas tank".

Yes, that ingenious Military Report of all time, going back to the beginning of time, hence the ear piercing loud ongoing "deafening silences" from all folks from all "walks of life" including the likes of sellout Nelson Mandela and Thabo Mbeki, the two most recent Black Presidents of South Africa, that is only being broadcasted on just3ants.com, has of course received "support" from both the Mossad as well as IMI beginning officially on Monday, November 19th, 2007 with Keren over at the Office for the Israeli Department of Defense at the Israeli Embassy in Washington DC emailing me,

Please send me a SHORT, CLEAR e-mail of what it is that you need from us. If it wasn't clear until now, our department, the Defense and Military Attache is responsible for US-Israel Military and Department of Defense relations. If you will be clear I might be able to help you"

And then immediately after I responded, having let both Keren and other Israeli Special Forces Commanding Officers at the very highest levels of again both the Mossad and IMI know ahead of time what I would be emailing them, Keren told me over the telephone that it was impossible for them to receive any more emails from me given a sudden and irreparable "glitch" with their email system over at the Israeli Embassy, specifically within Israeli Military Intelligence that not even the Talipot unit of the Mossad could possibly fix, at least not until this most "wired" Israeli Special Forces unit could figure out how, apart from them assisting me in "sum" [sic] form or another, I was still alive, let alone able to exponentially expand my extraordinary "footprint" on the Internet that is so very and increasingly paralyzing to proponents of the "status quo" that include bought and paid for "opponents" such as the moron [John Perkins](#) that has the poor throughout the world fighting bloody ethnic cleansing civil wars; i.e. genocides as the ruling elite kick back and rely on their "non racial liberals" and equally racist right wingers to talk out of both sides of their mouths.

Not a single human being on the planet, literate or illiterate, should forget for a single moment Senator Hilary "Bill-Rhodes-DeBeers scholar-lawyer" Clinton admonishing the highly industrious, so hard working Chinese who again for good reason feature so very prominently, right at the beginning of the Military Report of all time.

I have now seen two separate videos, one showing her disgusting awful behind and one from the front – can you imagine poor Bill having on occasion given her tongue - again this past weekend screaming out loud that "China is manipulating their currency" to gain competitive advantage over the United States and then in the

next breath this so disgustingly unfit fatso talks about how China's products which US mostly lazy, fat Americans want so very inexpensively are, "killing" American children, without this "possible" [sic] future Commander In Chief giving a moments thought to the bloody awful history of the US Government going back to the turn of the last century that continues to this day, this very hour, this very minute, this very moment; but increasingly less so thanks to the awesome power of the Internet providing for the very first time in recorded history a solid foundation for the next generation of independent thinkers; the children of course who like our pets cannot speak at first, just "God's" [sic] way of directing each of us to be better human beings, less is more.

How in "God's" [sic] Name can one "get it" if one does not have a solid foundation; whether it be in art appreciation or a fundamental understanding of how the economics at the turn of the last century plays in today's politics and economics, making the truthful study of history so very important?

The fact that there are movies out there like this Manda Bala that does much worse than allow US Americans to think that the Regimes in places like heavily US Government corrupted Brazil are so much worse than ours but the fact that when watching such a movie the viewer is totally blindsided by all the chatter to even think to ask who actually decides how much of country's currency to print that then gets dished out their corrupt politicians who then share it with their corrupt sponsors the De Beers-Anglo American Cartel that even a dimwit reading this can now figure it all out.

Moreover, that Ms. Clinton as well as the rest of the 3 Branches of the US Government assume that not only is the American electorate "brain dead" but the entire world including IMI and the Mossad as well as of course the 1.5 billion strong Chinese and their ever increasing allies around the world who know from experience it is better and easier to "live to learn" than be like fatsos Bill and Hilary who "live to eat" and then "talk sh\*t" [sic] and when caught with their pants down to "laugh it off" before than feeding more of their increasing fat cells that of course work their way to the space between their ears increasingly looking like a Perfect Vacuum from which no sound can travel.

Falling on deaf ears is not a fun thing unless one is now like the rest of the world having suffered under the brutality of the corrupt US-British Governments representing only the "best interests" of their De Beers' bosses, the evidence overwhelming, hence the increasing deafening silence, waking up to this one great and fun so very revived, "Gong Show".

One simply needs today an internet connection, a dial up quite sufficient to know that the Talipot don't choose from the "bottom of the barrel", the same with members of the Kidon who get very carefully picked from the very best of the best of Israeli Special Forces Commanding Officers and their commandos who only get told what they need to know beginning with the fact that there is no glory in getting killed or worse yet caught, although Israel will do whatever it can to even retrieve body parts and those caught and returned in some sort of exchange, receive

absolutely no heroes welcome, that again has you thinking about Senator John McCain and how exactly he survived when held in captivity in the "Hanoi Hilton", not to mention there were more than a handful of south Vietnamese Special Forces commandos as well as Commanding Officers who were kept in the exact same location who never received close to the "courtesies" afforded our not exactly "top-of-the-class" flyer Senator McCain.

Moreover, the Talipot whose commandos don't make it a point of wearing t-shirts letting the world know who they are, have now been in operation some 3 decades, beginning around the time I left South Africa on March 16th, 1978 armed with a most important "Letter of Introduction" signed by my uncle David Gevisser and addressed to the one group of his and deceased Charles Engelhard's lawyers who were located on Bush Street, San Francisco that my highly secretive Royal Mater-Mother, close as it gets to my father's first cousin, handed me in an unsealed envelope just as I was about to board the plane without my mom Zena Ash, from the House of Badash-Ash, Gevisser or I saying a word to each other, just the very short hand squeeze my very gentle touch mother gave followed with just a very slight look, "You will figure out what to do!" to know "less said the better".

It was not lost on me for a moment how very important was this "insurance policy" being so quietly handed to me within an earshot of my father who was accompanying me on this trip to the United States where both of us would upon arriving in Chicago, Illinois the next day, March 17th, St. Patrick's Day, become Permanent Residents, allowing me before joining the DAAC on 47<sup>th</sup>-Wall Street, New York City, the money laundering and intelligence gathering capital of De Beers, to "earn a living" working for the "nothing to speak of" consulting-accounting firm, Bernstein & Bank Ltd. whose most important client, Joseph Seigal of Seigal Trading, was the second largest commodity trader in the world, again, the De Beers-Anglo American Cartel by far the largest, given this mafia of mafia's control of the entire world's drilling industry going back to the turn of the last century.

Not to mention, how much time between March 2<sup>nd</sup> 1971, when Charles Engelhard was buried at St. Mary's Abby Church, Morris Town, two words, New Jersey when my uncle Dave became the executor of his worldwide beyond belief "Money Power" mineral rich estate, and some 7 odd years later, there was for my Royal Mater to share with me her and her father's very carefully laid plans going back decades, even if my Royal Mater had chosen to forget the extraordinary deep loss that came over her when her father Al Ash "out of the blue" became terminally ill with liver poisoning, and was dead in no time following the decision by medical doctors in Durban, South Africa to operate, although the official cause of my grandfather's assassination was, "cirrhosis of the liver", and my mother letting me know instantly at the time, back around the time John F. Kennedy was assassinated,

"Just remember your grandfather

never once drank a drop of alcohol, no chance of a problem with his liver, and he was always as fit as a fiddle".

The photo above may be the only photo remaining showing my Royal Mater, who talks in her published October 9<sup>th</sup>, 2001 memoirs, "[Life Story of Zena](#)" of *"her dreams of being a foreign correspondent and dropping behind enemy lines in Europe"*, second from the right, seated to the left of my uncle Dave, and to the right of my father Jewish Allied Fighter-Bomber-Pilot Bernie Gevisser who I can assure in 1948, when that one-of-a-kind photo was taken, was in "fighting-fit shape".

Not to mention yet again, in 1948, a year after my Royal Mater arrived in [South Africa](#) with her immediate family in 1947, and still

19 years of age when engaged to my father whose father owned priceless real estate in Haifa Harbor, Israel, my highly secretive mother was, and few would argue, a little bit more than simply "advanced" for her age given how careful and brilliant was her father, very wealthy Albert Badash-Ash to have his mother, pogrom orphaned Nechie Badash return to England in 1929 from Tel-Aviv, Israel, where Nechie was one of the early residents, in order to raise my "born to perform" Royal Mother.

Moreover, within a year, *"From the earliest days of 1949 she [Zena] visited Israel two and three times year writing reports for different publications"*.

Not to mention on October 10<sup>th</sup>, 1948 my mother and father were married in a "gala" marriage ceremony that was not lost on those such as Ben Gurion, my grandfathers Issy and Al, knowing Israel was still very much in a war of survival which has never ended.

To mention little of remembering not only the Hebrew word which typifies the forward thinking of independent thinking Jewish people, "L' Chaim- To Life" but how important repetition is when giving "shock treatment" to those lazy rich elitists of all ages, so very full of themselves now finding themselves increasingly without energy to pick themselves up off the floor, constantly falling down into a heap of tears, never knowing exactly when the "next shoe will fall" but quite certain it will happen in their lifetime as they increasingly see "change" like never before beginning with feeling increasingly their mortality as they face the prospects of meeting up once again with our so very smart and extraordinarily vengeful God

who is only vengeful towards those who consider Him-Her not all that bright not to figure out a way to interfere with the sequencing of the brains of those who usurp their limited authority, who choose first and foremost to “play dumb” when confronted with the most important truths of the day, which can again only be found by tuning in to just3ants.com.

Cutting and pasting from Zena Rosland Ash Gevisser's, Life Story of Zena:

*A leading film company wanted her in movies but her father would not agree always afraid strangers would take control of her young life. With virtually no friends of her age she mixed freely with adults. In the main with her paternal grandmother who was born in Poland had come as an orphan from Poland where her whole immediate family had been wiped out in a pogrom. This same grandmother had her playing whist at whist drives when she was eight. They won many prizes of food hampers and once a whole ten shilling! Wise beyond her years she listened to the problems of the world relayed in her presence and the solutions to many of these problems. Early she had learned to overcome her inborn shyness. Trained by mainly her mother in the dance routines for the stage she in turn became a teacher of jive, jitterbug, and all the ballroom dances of the day, particularly to boys who sought her help. Her ever tolerant mother never even commented when the living room carpet became frayed and more or less threadbare! Right through the years of the Second World War she danced and sang until one day, performing a Shirley Temple song (she had become known as “the Shirley Temple of the North of England”) her voice broke in the middle of ...“an old straw hat, a pair of overalls and a worn out pair of shoes...”*

*This traumatic event caused her to think seriously about her future and she decided to forgo the limelight of theatre and become a writer. It was 1943 and Zena was 12 years old. Winston Churchill's wife Clementine sent her a letter of thanks for collecting money to build a new Royal Oak battleship destroyed in the war. Slowly she was learning the art of Advertising and Publicity. A finalist in a national beauty contest she was asked to join the wellknown model school of Lucy Clayton and at the same time trained with the film star Vivienne Leigh's mother as a Beautician. Ever eager to learn new things she joined her parents in their wartime hobby – training in Swedish massage.*

Not to mention can you imagine my paternal grandfather Al Ash finding much time when not investing his extraordinary wealth and traveling, no different to his mother and his many brothers going “back and forth” between Palestine, Syria and England and often visiting the United States, to get massaged, let alone be trained in “Swedish massage” apart from of course Al Ash traveled to more places than Copenhagen, Denmark.

To mention little of Sweden not all that far from Vilnius,

Lithuania which is where my paternal grandfather, Israel Issy Gevisser, founder of The Moshal Gevisser Group of Companies, was born in 1888, some 11 odd years older than Al Badash-Ash.

To mention in passing how much Issy and Al had in common beginning with both of them extraordinarily shrewd and highly successful international traders, knowing the importance of owning Harbor properties all over the world, which again was also not lost on "tight lipped" people like Ben Gurion who came from the same tiny village of Plonsk, White Russia-[Poland](#) as Nechie Badash, the most trusted of Ben Gurion's consiglieres who saw no satisfaction for the loss of her immediate family by having her name appear in newspapers or books written about her most adventurous life.

For those unfamiliar with Mr. Engelhard it is necessary that I explain that this one extraordinarily mineral rich American who inherited the title "The Platinum King" from his equally anti-Semitic father of the same name who established Engelhard Minerals and Chemicals, headquartered in Newark, New Jersey in 1902, first began journeying to South Africa in the late 1940s [see Chapter 18, [THE AMERICAN CONSPIRACY](#) - THE DIAMOND INVENTION] when the Jewish Underground movements headed by David Ben Gurion and Menachem Begin, both operating in Palestine and mostly focused in circumventing the arms boycott-military-trade embargo placed on them by both the American and British Government, didn't need to attend either Yale Law School or Harvard Business School to know exactly which group of corrupt business people financed the stooge Hitler.

Moreover, nor did the US-British Governments-regimes who were rather upset that Ben Gurion in particular who they thought was much more of a "pussy" than the more militant lawyerly Begin, would have got the message loud and clear from President Franklin D. Roosevelt meeting King Ibn Saud of the House of Saud on board the USS Quincy on February 14th, 1945, not to push forward for a permanent Jewish Homeland which is exactly what Ben Gurion did on May 14th,

1948 once he had not only received the battle plans of the invading Arab armies, backed to the hilt by again both the British and American regimes with intelligence as well as superior and overwhelming military weapons, but much more importantly, both American and British Commanding Officers, outraged by the duplicity of their De Beers corrupted governments helped plant within enemy lines saboteurs whose training went back to the days when devout Christian, Field Marshal Jan Smuts came very close to defeating the DeBeers-American-British military in the Anglo Boer War of 1899-1902 which began when Cecil Rhodes, the founder of De Beers and Jan Smuts who was Rhodes' right hand person began "knocking heads".

So very important was such an "in broad daylight" meeting on board a US destroyer in the Mediterranean Sea, some 12 days after the Russian Red Army liberated Auschwitz and there was now terrific film footage evidence of the so very bloodied hands of both Allied nations doing much more than simply "sitting idly by" as some 1 million Jewish men, women and children got brutally murdered in Auschwitz alone.

Of course it was also not lost on those Israeli Special Forces Commanding Officers who ordered on June 8th, 1967, some 2 days into the Arab-Israeli 6 Day War, some 19 years after Israel's beyond belief extraordinary victory in its War of Independance [1947-1949], the "unprovoked", most brutal attack on the totally defenseless USS Liberty spy ship, placed very purposefully in "harms way" by Senator John McCain's Admiral father in order to do much more than simply "gloat", while suggesting its presence in international waters just off the coast of Egypt, was there as an "observer", all the while picking up on the "signaling" between Israel's Special Forces including its brutal Air Force, but thinking that in future wars the anarchist De Beers-US Government-regime would know those so very important "signatures" belonging to Israeli Special Forces commandos operating "in enemy lines".

Yes, so cocky was Admiral McCain and Co. that they didn't even think for a moment until it was too late when the USS Liberty was being blasted apart by both the brutal Israel Air Force flying French built Mirage Fighter-Bomber-Jets dropping all sorts of ordinances on the deck of the USS Liberty, including napalm bombs used to kill poor Vietnamese farmers in the De Beers-US-Vietnam genocidal War, as well as Israel's most brutal Maritime Special Forces unit, Flotilla 13, that Israel had been, once again, one step ahead given how when the routed Arab armies beginning with Israel's most strongest adversary Egypt, began fleeing their positions in the Sinai desert leaving behind their uncomfortable boots and shoes, again so very cock-sure were Israel's enemies that their victory would be certain in no time at all, given again all the extraordinary support in particular from US and British military intelligence, so when all protocol broke down and Egyptian Commanding Officers began desperately seeking support from their American and British allies, such crystal clear transmissions provided deep undercover Israeli Special Forces commandos the "right" to give the "green light" to unleash on the USS Liberty spy ship the most devastating display of superior and overwhelming force, leaving absolutely no doubt in the minds of American military planners in particular, that

were they and the heavily corrupt United States Congress to proceed with a full scale investigation they would be signing the "death warrants" of the entire 3 Branches of the United States Government who few would argue has never, not once, been a "friend" of the State of Israel.

The fact that once in a while a leader like President George W. Bush comes along, the greatest friend Israel has known since the great of greats Afrikaner Field Marshall Jan Smuts, can only in my humble but seasoned opinion be attributable to more evidence of the "hand of God" at work, 24/7.

We must not forget that the Talipot provides a great deal of the intelligence to the Mossad's most brutally efficient "assassination" [sic] unit, more commonly known as Special Operations Division or "'Metsada" (see [Kidon](#)).

Cutting and pasting Wikipedia - [Mossad](#):

**Kidon is involved in assassination, paramilitary operations, sabotage, and psychological warfare.**

A very thick fog has just rolled in off the awesome Pacific Ocean.

Gold last trading at US\$924.80 and President George W. Bush has yet, to the best of my knowledge, called for an immediate suspension in the trading of shares of public corporations.

The flat line plotters can keep plotting until the cows come home and it will only expose them and the rest of their peer voyeurs that much more with each passing moment.

Time is not kind to those eating themselves alive from the inside out.

Time for lunch.

John,

I have a close Jewish South African friend, Gary S. Gevisser whose uncle David Gevisser is the current executor of the estate for Charles Engelhard Jr. placing him in charge of controlling shares of Engelhard Minerals and Chemicals whom you may or may not know worked very closely with Harry Oppenheimer of De Beers Anglo-American during the Apartheid, to steal the gold and platinum from South Africa on the backs of slave labor, and smuggled out of the country as art work and be melted down into gold and platinum bullion.

Because of Gary Gevisser's familial relation, he was given a senior trusted position within the De Beers organization De Beers on 47<sup>th</sup> street New York with a diamond wholesaler called Codiam Inc. It was here in the early 1980s that Gary Gevisser attended private meetings conducted between Stephen Cohen of Codiam Inc. and Martin Rapaport of THE RAPAPORT REPORT; a cut wholesale diamond pricing publication with international circulation. In these meetings Stephen Cohen would provide Martin Rapaport with prices to be published in the Rapaport Report.

In light of Eliot Spitzer's 'client #9' issues you probably wouldn't be too surprised to find that Gary S. Gevisser contacted Eliot Spitzer Esq. in 2004 while he was the New York State Attorney General, had phone conversations with his staff and sent him numerous emails, with no action from his office.

I am a computer programmer by trade and met Gary Gevisser in 2001 while working as a consultant. I have contributed my time to share his story through a website called [www.just3ants.com](http://www.just3ants.com) where we also expose people that have profited from the diamond invention.

Thank your for your time,  
Adam L. Tucker

P.S. What do you think of Bill Clinton being a Rhodes Scholar?

P.S. What do you think of Tony Leon, leader of the opposition Democratic Party. Commenting on the death of Harry Oppenheimer with the following

"He was also first and foremost a nonracial liberal."
