Subject: WHAT ABOUT FBI TOP COUNTERINTELLIGENCE AGENT ROBERT HANSEN BEING PAID IN DIAMOND CURRENCY

This is a test of the Emergency Broadcast System.

Do not read anything more.

Repeat, this is a test of the EMS.

Don't read what follows but if you do, pull out all stops to forget; most of all do not read it from the bottom up and when you start again at the top, try not to read it more than 10 times before forwarding it on to everyone you know.

Two emails prior you wrote me a 25 odd word email, the first 9 odd, "I just got back from dinner with the Brazilian", period.

What was the purpose in letting my imagination "run wild" with all that you discussed and didn't?

What benefit did it do for me?

Do you think it helped my sex life?

How about your pocket book?

What about you most likely not discussing with this Brazilian how many times I have asked you for the email address of the host of that Jewish Passover Seder-Dinner you attended recently where some 11 odd of the 14 in attendance including you who is Jewish, were all Gentile and you came away with not a single email address although the host promised you that she would get you everyone else's email address?

Do you recall me mentioning to you repeatedly not send me or discuss with me "superfishell" [sic] stuff.

Did you know that at the dinner table in my Royal Mater-Mother's household one would never used a word like "stuffed" to describe having an "elephant's sufficiency" [sic] since that would denote you have just been "Royally fucked"?

Do you recall my beyond belief great lover French-Canadian wife and who is also smarter than any human being I know mentioning to highly educated Peruvian guide the other day:

Augusto should think about the Indian shame in North America and you shouldn't want that for your own people.

They resorted to gambling and drinking and they have only exploited their culture in a commercial way.

Think of all the beautiful cultures that are not based on money, how they are being bought off, and they sell out, and now they know and there is no reason for them to bow down.

Not to mention Marie Dion Gevisser going to the trouble in her very busy schedule to tell me exactly what colors to use on top of the word, "Indian" as well as "shame"

Have you forgotten how many times I used the word "f*ck" [sic] or "f*cked" [sic] in THE PERFECT STORM II only available on footsak.com?

Does it bother you that I don't recall once using a foul word in that entire story which explained not only the systemic rot of Wall-47th Street but how systemically rotten is the human race, and yet we still use words like "trust" and "do the right thing" and "honest" and worst of all the word "justice"?

Do you recall that prior to Marie and I getting our current most awesome residence in Del Mar perched atop the bluffs of this most perfect climate we had 3 prior residences that we rented from landlords who saw nothing wrong in lying through their teeth even in a "court of law" as the corrupt judges as well as lawyers simply backed those they believed would most "butter their bread".

The "money-gun-power" people have always owned the "law" and such miserable bastard people never expected people such as me and Marie to be willing to take on the "status quo".

But you have heard me say repeatedly, "What does around comes around with a vengeance!"

I cannot talk for Marie but I wouldn't change my place right now with anyone in the world and nor would I do anything differently in challenging the "status quo" given how the last thing I would want is to be aligned with crooked people who are of course so very stupid; even now they think the "status quo" will remain and they will all live happily ever after.

But each day they hear my name and/or receive one of my communications their lives become that much more hell.

Hell is here and now for all those who usurp their limited authority, regardless of color, race, ethnic background or religion.

I would bet my bottom worthless-fictitious DeBeers-US Dollar you never mentioned what I recently wrote about THE PERFECT STORM II only available on my first so very basic website www.footsak.com, that had I wanted to truly die the richest person in the world some 9 odd years ago, all I would have needed to do was to give very brilliant Wall Streeter Newell Starks possibly no more than 1% of ownership in just this one website knowing not only his over-the-top high connections on Wall Street but what he and I knew about how we could have owned all of Wall Street including DeBeers who get to see each and every deal worth talking about and those they "discard" go to utterly nonsense investment banking houses such as Goldman Sacks, Morgan Stanley, Merrill Lynch and Co, each and every one of them also of course under the command and control of De Beers just like the US Federal Reserve and US Treasury.

Do you remember FBI Special Agent Curran Thomerson telling you the words, "**Oh, I can't tell that information. If I did tell you that I would break just about**

every law in the book", possibly in the 1st minute of your 3 minute and 23 second phone, your second call of the day this past Tuesday with Mr. Thomerson that began at 4:12 pm Pacific Standard Time which you can access along with a transcript of both calls by clicking [HERE](#)?

Did you mention to the Brazilian lady that De Beers have now for more than a century been breaking each and every important law on the books including the Geneva Convention that they helped formulate along with each and every State and local law on the books including where dogs can and cannot poop, although such a law you are only just thinking about right now, and why not?

At "sum" [sic] point you will undoubtedly understand why people like Augusto and Black South African Tefo only respond with their non-responses when they think that by possibly challenging the "status quo" they will get financially richer, not really caring all that much about their next of kin let alone their poorer sisters and brothers as do most Chinese, while those with multi-million US Dollar Trust-Hush-Funds who are in fact so very few, but of course "call the shots" beginning with the most inexcusable "economic draft", laugh themselves so very silly at Augusto and Tefo for even bothering to communicate with me, let alone promise you something as Tefo did should he "have the time".

Bear in mind those with multi-million dollar US Trust-Hush-Funds like The It's "tTOo" [sic] children are beginning more than ever to "under dress" all the while catching up with their truly dirt poor ring-nosed, chain carrying peers; best of all was yesterday's fatso young chick at Moseys in Luecadia with the computer cable just dangling from her one pant belt loop which of course you saw but chose not to comment, the same with me and Marie.

So can you tell me precisely why you thought it important to let me know, ""I just got back from dinner with the Brazilian"?

Now I would like you to email Philippe, the Brazilian male I introduced you to the other day when we were having lunch, all 3 of us, you, me and Marie at the Il Forniao outside bar, and have Philippe email this Brazilian in their native Portuguese language and to see if Philippe might get back to me with something a little more interesting than,

"I just got back from dinner with the Brazilian".

What do you think FBI Special Agent Curran Thomerson has been doing ever since he got off the phone with you at approximately 4:15 PM PST on April 29th, 2008, apart from speaking with his superiors who would have confirmed what exactly about me including how many people such as yourself "down and out" would even think when being investigated by an almighty powerful FBI Agent who didn't just call you but showed up first at your front making sure you weren't home at the time and to then let you "stew" awhile, to "out of nowhere ask,

"What about Robert Hannsen?"

Now are you sure FBI Special Agent Curran Thomerson was referring to deep Soviet-De Beers-US mole FBI counter-intelligence chief Robert Hannsen when Thomerson said, "**Yeah that is how they got him**"? given how you say Thomerson went on to immediately say, "How did you know that Robert Hansen was paid in diamonds?"

What sort of name is "Curran"?

Adam, please tell me now, did you just make this all up?

Are you trying to tell me, someone who didn't get off a boat just yesterday in Haifa harbor, Israel, that a 38-year old FBI Special Agent was telling you "point blank" that the FBI caught the biggest mole in the history of the FBI, more responsible for the loss of high level "human assets" than anyone else, because Hannsen got paid in Diamond Currency versus American-Israeli spy Jonathan Pollard who was not smart enough to demand payment in Diamond Currency?

Are you aware that today is May 1st, 2008 and I am still alive, fit and well?

The surf right now in front of the studio cliff house is really "cooking" and I could be out there having a whole lot of fun.

Marie is now on the phone with Ray Anne Marks and they are talking about having lunch today; Marie mentioning that she checked the lunch menu at Qero in Encinitas yesterday and thought they might be better off going to another restaurant in the Flower Hill Mall, very close to where I have been suggesting you start out panhandling; bearing in mind that you didn't sound all that convincing, obviously to Marie, who you noticed was dressed in her Green Army jacket although such a one-of-a-kind designer label jacket cost a little more than the one you were wearing.

How many times apart from none did you try to get this most beautiful, sexy woman to pose with you so that we could put such a photo on the back of a just3ants.com t-shirt in those instances when MDG wouldn't find the time in her very busy schedule to visit with you panhandling so as to attract more corporate sponsorship for just3ants.com?

My French-Canadian wife understands perfectly well that the entire justice system throughout the world is controlled by those who have the money; most if not all of them have little and no taste but who laugh themselves silly as the poor, simply misinformed, but who the "gun-money-power" elite are absolutely convinced will not "get it".

And each moment of the day and night and especially when writing me, "I just got back from dinner with the Brazilian."

BTW, were you aware that in addition to taking care of my F-C wife's many needs, I feel compelled to write emails such as this in order to increase the circle of those dependent upon my insight and analysis of the important events of the day?

Have you thought about following up with FBI Special Agent Curran Thomerson, and what exactly would you say to him?

Now think about telling this also very **busy** person who I doubt very much was attempting to intimidate you to give him a free blow job that my F-C wife goes out of her way to prod people such as yourself to take the initiative but when given the opportunity you think the way to get what you want is simply to "please" and go "quiet" so as not to "offend" and possibly come away as being "pushy".

And of course my French-Canadian who dreamed last night that her English literature teacher was mocking her when saying, "failing is not the end of the world" after Marie during an exam couldn't find a piece of paper to write on", can be so very "pleasing" even with her own "tTOo" [sic] children who remember are mostly laughing at you, Tefo, Augusto, Devin, Paul etc etc but NOT The IT, at least not to his ugly growl face, given how they are smart enough to know that at any time he could yank their Trust-Hush-Funds.

Now remember, this was only a dream of my very excellent command of the English language French-Canadian wife who can run circles in terms of her command of both the English language as well as mathematics, the most precise of languages than anyone who will ever read this communiqué; and don't forget those who have an extraordinarily good command of French consider my wife's command of French as good if not better than the very best, including her French accent.

So what about me do you think attracts my F-C wife who is in fact so very quiet and could easily live anywhere in the world without ever once having to bother with any of the conflicts that seem to be constantly surrounding me and her?

Our going on 94-year young friend Gene Requa is just walking by the cliff house along the outer cliff with his wolf Niki trailing a little ways behind and if Marie who just left to teach her oil art painting class hadn't taken the small Sony digital still camera I would take a photo and place it below instead of this one showing me smoking pot on Clifton beach, Cape Town, South Africa back in late 1980 I believe.

Were you aware that smoking pot in South Africa during the Apartheid years was illegal?

Do you recall in Spielberg's epic 2005 movie MUNich, the one South African Mossad agent, a no-nonsense, and little volatile member of the Israeli hit squad sharing his Durban Poison with a member of the PLO when they all ended up in the same "safe house"?

That blond guy also plays the latest James Bond, although in the movie Munich he is not the one enjoying a smoke with that one PLO member on the stairway who later gets killed during a shootout by the leader of that one Mossad hit squad who when we first see him in action looks like, despite being well built, as if the Mossad had picked him up just like the rest of the hit squad, off the streets of Tel-Aviv.

Now your mind should go back to where Spielberg who was mostly out to promote worthless-fictitious DeBeers-US Dollars, leaves not much doubt that the CIA interfered with this one Mossad hit squad taking out Ali Hassan Salameh, one of the leaders of Black September responsible for 1972 Munich Massacres.

You also know that in all the 21 years shy of one week I grew up in Durban, South Africa I may have taken no more than 10 puffs of Durban Poison and even when I was recovering from my liver having been poisoned by the De Beers-Anglo American Cartel back in 1980 I very rarely smoked any pot, even though my physician [Dr. Michael Moshal MD](#) strongly suggested I do, in order to get back my appetite given how I had lost some 25 pounds, not an ounce of which I could have

afforded to lose, given how my body fat percentage when I first started working for Codiam Inc. headquartered on 47th Street, New York City, the money laundering capital of the world, was not much more than 5% which simply meant I was very strong and extraordinarily fit which contributed significantly to my nothing short of miraculous recovery.

So easily distracted are all those first and foremost quite comfortable with the "status quo" who understand perfectly well what it means to have to survive on a level playing where your competitors look like this.

Were you aware that with the "discovery" of the 3 most important discoveries of the last century, Special-General Relativity, Quantum Mechanics and Chaos Theory, the need for super smart math wizards like my F-C wife MDG are not in the least bit important, that most important requirement is simply a healthy body and why the ruling elite are hell bent right now more than ever in bringing about a worldwide economic depression to keep the poor first and foremost weak of body so that their minds turn to total mush?

Do you understand why Doug Fiske of De Beers GIA hasn't responded to this email I sent "tTOo" [sic] days ago to this moron who I just happened to bump into on a trail deep inside the Cleveland National Forest where a body was recently found; not to suggest that all US Homeland Security personnel dump bodies of "illegals" they just happen to kill right near our Stone Home?

To repeat what I sent Mr. "Fish" [sic] at 4:29 PM PST on Tuesday:

Do you recall sending me an email that explained why it is important to you to suggest that the Chinese are more unscrupulous than US Americans?

Now remember not only are senior Chinese officials copied on this communiqué but how very important it is to your bosses, the De Beers-Anglo American Cartel that while blasting loudly that China is the "New Enemy" to also hook the Chinese people on "A Diamond is forever-A Girl's Best friend" bearing in mind the history of not only jade art culture but the Chinese are not close to being as stupid as US American Lily White Wheaty Eaters who purposefully have an extraordinarily poor knowledge of modern day history beginning with the DeBeers led American & Allied Nations invasion of China.

Do you remember why the Greeks have the expression, "The Fish Rots From The Head Down"?

Have you forgotten what it means not just to FBI Special Agent Curran Thomerson but to sophisticated "money-gun" International Monetary Fund lawyer-liars like half-Jewish Michael Strauss Esq. who I happen to run into at the bottom of the zipline at the Simatai section of the Great Wall of China on June 20th, 2006, for De Beers to operate their OWN retail stores on United States soil?

Do you now get, at least for the next 1.78 seconds, the very important significance of such establishments located on the most valuable pieces of real estate in all of the United States versus their thousands of "middlemen" stores like the 2 located just 30 paces apart in downtown heavily real estate and city council corrupt Del Mar, California?

Now tell me what you think this Brazilian woman found interesting about you?

Do you think discussing the intimate details of De Beers money laundering their worthless-fictitious Diamond Currency in FULL VIEW of the US Justice Department, all members of the US Supreme Court, the US Congress and the US Senate, forget De Beers' owned and operated US Treasury and US Federal Reserve, is more or less likely to get you laid rather than simply stripping naked in a crowded restaurant and if arrested, at least you might get a free last meal from the FBI before they ship off for interrogation to their colleagues in Syria?

Do you remember me mentioning that in 1995 when I was visiting in Johannesburg with my uncle David Gevisser, the executor of the estate of the American Charles Engelhard who was laid to rest on March 2nd, 1971 at St. Mary's Abby Church, Morris Town, two words, New Jersey following his poisoning by the Mossad at the rather young age of 54, Roger W. Robinson, a very busy former very senior official of the National Security Council and the immediate past Chairman and Vice Chairman of the all important U.S.-China Economic and Security Review Commission, along with his bosom-buddy King Golden Jr. Esq., my one American attorney of umpteen years, visited with my ex-girlfriend Annie George at her offices on 2nd Street, Santa Monica, California which she and her colleagues from Ad-Infinity Inc., a graphic design firm, shared with En-Linea.com, a group of "well-rounded" international business people headed by Che Che Vidal, a soccer star who was born and bred in Venezuela and who had got the internet rights to www.fifa.com; FIFA, the world governing body of soccer which besides for the

Roman Catholic church hell bent on keeping the likes of Augusto weak and their children even weaker, is religion in the rest of the world; and religion here in the US is like Hollywood, sports and politics, all entertainment for the easily distracted so mediocre bred US crowd.

Can you imagine the fact that the man who joined the NSC in March 1982, and in no time was reporting to President Ronald W. Reagan who everyone who was anyone at the time knew perfectly had already lost his mind, would go out of his way, to try "trashing" me with my x-girlfriend; and to top it off, Annie who didn't fall into the category of "easily impressed" threw both King and "Our Man Roger" out of her offices, telling them to never return?

Do you think the FBI are interested to know what was "Our man Roger" and King Golden Jr. Esq.'s "agenda"?

You recall the DAAC's AGENDA!

Take the money now, or open a taco stand!

Were you aware that neither Ad-Infinity nor En-Linea.com are no longer in business?

Remember this orchestrated event didn't take place at the turn of the last century.

Remember this event took place just 4 years following "Our Man Roger" which is how his closest friends, which included me, referred to this De Beers-banker master spy, visiting with Annie George and me at my austere 2 bedroom, 2 bath apartment in Santa Monica, California back in February 1991 when "our Man Roger" attended the 80th birthday celebrations of the "Being There" President.

And again the fact that "our Man Roger" had the same initials, RWR as President RWR and born on the exact same day, February 6th, some 40 years apart, did wonders for the lost mind of President RWR and Nancy so very trusting "Our Man Roger" whose closet ally in the White House was Sec. James A. Baker III who "Our Man Roger" convinced us - me, King Golden Jr. and Ms. Valerie Schulte Esq. who for some 15 odd years prior had spread her legs for CNN founder Ted Turner - that Sec. Baker was, "THE MOST DANGEROUS PERSON IN THE WORLD".

You recall my meeting with my uncle Dave who was then as he is still today, the American head of the DAAC, the mafia of mafia, was not for me to share details of my favorite barber over at the barber shop in Solana Beach where I will be heading shortly assuming I don't go surfing.

Do you recall me explaining how very easy it is for the DAAC to get to see every single Wall Street deal worth talking about and at the same keep files on each and every person they consider worth talking about as well as who they don't want their media to talk about?

When last did you check in with Devin Standard to see how he is doing with his speech to President Bush should Mr. Bush should be so foolish as to give Devin more than the time of day?

How much time did you spend with this Brazilian girlfriend and did you think she might have found it interesting to know that immediately after "Our Man Roger" and King visited with Annie and me, again around the time of his 40th birthday, February 6th, 1991, at my one apartment located at 1431 Stanford Street, Santa Monica, CA, "Our Man Roger", King and me then drove to Hollywood where we enjoyed dessert at Spagos restaurant alongside a table occupied by some 10 or so most lethal and heavily wired Mossad agents, only one male who was not in charge of this most covert operation.

I think the surf has died down enough for me to go out on the footsak.com wave ski.

I've made some edits in red and also removed some stuff but I think it should be trimmed down more and I need to understand more of what you are trying to do so that I know how to approach it. I am confused with how you have it written from two different perspectives and still want a summary.

Maybe I am just tired.
