**Subject:** Extinction of the mind - RE: try redoing it.

My computer is now crashing every couple of minutes. I don't think I can wait to come up this afternoon for you to fix it.

Why can't you lead me through fixing it or at least try and make the morons such as this Steve Ozment [ozment@fas.harvard.edu] character from Harvard University and the other idiot Charles Maier [csmaier@fas.harvard.edu] you have been emailing today more useful apart from putting them up immediately on the just3ants.com "\$ hit list" [Sic]?

**Side note to Paul Robinson:** can you come immediately over to the cliff house to help me out?

What are you doing that is more important given how you have to be thinking how I am going to connect up the dots between the Mossad and Israeli Military Intelligence's extraordinary strong presence at Azadi Square [<http://www.nextraterrestrial.com/pdf/calfrey-niceday.pdf>] on February 1<sup>st</sup>, 1979 and the French author of ***Le marché aux voleurs*** when rummaging through the trash of the Soviet Central Bank coming across documents that stated very precisely that the price of gold would go through 2 precipitous rises, the first in late summer, early fall 1979 before crashing beginning January 21<sup>st</sup>, 1980, some two days prior to President Jimmy Carter giving his last State of the Union Address in which he mentions the word "Soviet" some 32 times?

Now, while not forgetting that doctor who could very well have been The IT aka Dr. John BIG Ben Stewart MD, who took a tire iron to another motorist waiting in line at a gas/petrol station here in California, focus exclusively on what you know about Robert Gates, the current US Minister of Defense/Offence:

Cutting and pasting – Wikipedia:

Gates left the CIA in 1974 to serve on staff of the National Security Council. He returned to the CIA in late 1979, serving briefly as the director of the Strategic Evaluation Center, Office of Strategic Research. He was named the Director of the DCI/DDCI Executive Staff in 1981, Deputy Director for Intelligence in 1982, and Deputy Director of Central Intelligence from April 18, 1986 to March 20, 1989.

Now combine these facts with the bio of my very close "party buddy" Roger W. Robinson, the "bosom buddy" of my one American attorney of umpteen years Mr. King Golden Jr. Esquire who you most likely first heard about either when seeing this senior De Beers banker operative on 60 Minutes back on January 25<sup>th</sup>, 2004 trashing President George W. Bush or when I mentioned previously how The IT on September 8<sup>th</sup>, 2002, some two days prior to filing a baseless criminal complaint against me, but mostly aimed at murdering the good name of my future French-Canadian wife, Marie Dion Gevisser, blurted out from the open front passenger window of my new Mini Cooper S, his disgusting spit splashing all over the closed driver's window, "Roger Robinson is also afraid of you!":

### **Roger W. Robinson, Jr., Vice Chairman**

Vice Chairman Roger W. Robinson, Jr., was reappointed to the U.S.-China Economic and Security Review Commission by Senate Majority Leader Bill Frist on May 7,

2003, for a three-year term expiring December 31, 2005. Mr. Robinson served as the Commission Chairman from October 2002 through July 2004, and was unanimously approved on July 19, 2004, as the Commission Vice Chairman for the 2004-2005 report cycle.

Vice Chairman Robinson is President and CEO of Conflict Securities Advisory Group, Inc. ([www.conflictsecurities.com](http://www.conflictsecurities.com)), a Washington, D.C.-based company that offers impartial research and advisory services in the field of global security risk management (i.e., the links of publicly-traded companies to terrorist-sponsoring states and proliferation-related concerns). He is also President of RWR Inc., a consulting firm established in 1985 that provides strategic planning services and analyses of breaking geopolitical developments that could potentially impact on international equity, debt, and currency markets.

Prior to forming these firms, Vice Chairman Robinson was Senior Director of International Economic Affairs at the National Security Council. He worked at the White House from **March 1982** until September 1985. Between January 1984 and April 1985, Vice Chairman Robinson also served as Executive Secretary of the Senior Interdepartmental Group-International Economic Policy, a Cabinet-level body that reported through the National Security Council (NSC) to the President. As Senior Director, Chairman Robinson had responsibility for all economic, financial, trade, and energy relationships of the United States worldwide for NSC.

Prior to joining the NSC staff, Vice Chairman Robinson was a Vice President in the International Department of the Chase Manhattan Bank in New York City. As a banker, he had responsibilities for Chase's loan portfolio in the USSR, Eastern and Central Europe, and Yugoslavia for five years. He also served for some two and a half years as a staff assistant to former Chase Chairman David Rockefeller and earlier on assignment with the Chase branch in Tokyo.

Vice Chairman Robinson has published extensively on security-related risk in the global capital markets and earlier on East-West economic and financial relations. He has served as an expert witness on numerous occasions before both Senate and House committees. In addition, he is a frequent radio commentator and makes regular broadcast media appearances.

Vice Chairman Robinson holds a B.A. from Duke University and an M.A. in international affairs from the George Washington University. He served for some seven years as a member of the Board of Visitors at the Sanford Institute of Public Policy at Duke University and presently serves on other Boards. Vice Chairman Robinson is also co-founder of the Prague Security Studies Institute in the Czech Republic.

Note that I have highlighted the date March 1982 in the color **red**, one of the primary colors that appears on the US flag.

Next note, also cutting and pasting Wikipedia:

**In February 1979, the Islamic Revolution ousted the US-backed Shah from Afghanistan's neighbor Iran and the United States Ambassador to Afghanistan Adolph Dubs was kidnapped and killed by Islamists despite attempts by the Afghan security forces and Soviet advisers to free him.**

Next note, also cutting and pasting Wikipedia:

**March of 1979 marked the signing of the US-backed peace agreement between Israel and Egypt. The Soviet leadership saw the agreement as a major advantage for the United States. One Soviet newspaper stated that Egypt and Israel were now "gendarmes of the Pentagon". The Soviets viewed the treaty not only as a peace agreement between their erstwhile allies in Egypt and the U.S.-supported Israelis but also as some form of military pact. In addition, the Soviets found America selling more than 5,000 missiles to Saudi Arabia and also supplying the Royalists in the North Yemeni Civil War against communist factions. Also, the Soviet Union's previously strong relations with Iraq had recently soured. In June 1978, Iraq began entering into friendlier relations with the West and buying French and Italian made weapons instead of Soviet weapons.**

**Like many other anti-communist movements at that time, the rebels quickly garnered support from the United States. As stated by the former director of the CIA and current Secretary of Defense, Robert Gates, in his memoirs *From the Shadows*, the American intelligence services began to aid the rebel factions in Afghanistan 6 months before the Soviet deployment. On July 3, 1978, US President Jimmy Carter signed an executive order authorizing the CIA to conduct covert propaganda operations against the communist regime.**

**Carter advisor Zbigniew Brzezinski stated "According to the official version of history, CIA aid to the mujahideen began during 1980, that is to say, after the Soviet army invaded Afghanistan, 24 Dec 1979. But the reality, secretly guarded until now, is completely otherwise." Brzezinski himself played a fundamental role in crafting U.S. policy, which, unbeknownst even to the mujahideen, was part of a larger strategy "to induce a Soviet military intervention." In a 1998 interview with *Le Nouvel Observateur*, Brzezinski recalled:**

***We didn't push the Russians to intervene, but we knowingly increased the probability that they would...That secret operation was an excellent idea. It had the effect of drawing the Soviets into the Afghan trap...The day that the Soviets officially crossed the border, I wrote to President Carter. We now have the opportunity of giving to the Soviet Union its Vietnam War.***

Next, come back to me mentioning 3 days ago, June 8<sup>th</sup>, in [this email](#) to Professor Geoffrey Rothwell Professor of Economics Stanford University how the State of Israel had not fallen for the very carefully laid trap back on June 8<sup>th</sup>, 1967 that started with Senator John McCain's father, an Admiral in the US Navy sending the USS Liberty into "harms way".

Not to mention yet again, in that same year 1967, the 3 year construction began of the Swastika shaped Navy barracks building on Coronado Island, San Diego a major port of entry for opium harvested in Afghanistan which today produces in excess of 60% of the world's demand with 90% of such demand imported into the United States and obviously at bargain basement prices.

Such a carefully thought through smack in the face of Israel has yet to be demolished.

Next, come back to me not mentioning the word "English" in this email to Professor Rothwell some 3 days earlier, June 5<sup>th</sup>, 1967.

To the best of my knowledge Professor Rothwell who has proven that he understands both American as most English did not try calling me yesterday on my French-Canadian wife's cell phone, number USA 1-858-WIL-NEXT [945-6498], as he had committed when we first spoke.

To the best of my knowledge the Jerusalem Post has not yet published the following "Letter to the Editor" that I first sent them on September 24<sup>th</sup>, 2007:

**Subject: HYPOCRISY**

How does the State of Israel explain its support of the South African Apartheid Regime that beginning within a month of the founding of the modern State of Israel began for a period of 45 odd years to brutally rule over the majority of Black South Africans with a diamond studded iron fist control?

How does the State of Israel explain its "*deafeningly silence*" following the receipt of "intelligence" that the **DeBeers-Anglo American Cartel** had fully infiltrated the British War Ministry and were "having fun" with President Roosevelt who was calling for the **DAAC** to stockpile their diamonds on US soil even though he knew and so did Churchill that the **DAAC**, the mafia of mafia had no intentions of going along with such "nonsense" until sufficient numbers of "wonderings Jews" had been exterminated in their death camps?

How come the State of Israel doesn't explain why so many of the Hasidic-ultra orthodox Jewish-Black Hatters, the backbone-cushion of the **DAAC** do not support the Modern State of Israel all the while "lending support" to an Iranian regime calling for destruction of the State of Israel?

How come the State of Israel does not make "much ado" about Hollywood blockbuster author Edward Jay Epstein's epic non-fiction most fascinating novel, The Diamond Invention beginning with Chapter 9, **DIAMONDS FOR HITLER**, subtitle, **THE SECRET WAR REPORT OF THE OSS/CIA**?

How come the State of Israel doesn't have a single rabbinical student with a Yiddish kop capable of "smelling a rat" when all it takes is just one individual with a brain to simply connects up the dots between the U.S. officially going off the Gold Standard, August 15th 1971, the price of gold skyrocketing and the "deafening silence" of all the crooks?

How come the State of Israel supported the Presidential Pardon of Marc Rich at the 11th hour and 59th minute of **Bill "Rhodes-DeBeers Scholar" Clinton's** presidency oblivious to Rich making his fortune following the 1973 Yom Kippur War buying oil from Iran at US\$12 per barrel, reselling it to the United States for US\$24, not to mention that not only did Rich, while a fugitive from US Justice voluntarily relinquish his U.S. Citizenship but some 34 years ago the US dollar was rather weak; the U.S. yet, however, to steal all of South Africa's gold?

Do you remember why the United States of America boycotted the 1980 Summer Olympics in Moscow or are you still thinking about the tire iron incident escalating out of control unless President George W. Bush immediately suspends the trading of shares in public corporations and withdraws all US Forces from Iraq and Afghanistan as well as all those on US bases in the 130 or so countries?

Do you recall that the "invasion", along with other events, such as the revolution in Iran and the US hostage stand-off that accompanied it, the Iran-Iraq war, the 1982 Israeli invasion of Lebanon, the escalating tensions between Pakistan and India, and the rise of Middle East-

born terrorism against the West, contributed to making the Middle East an extremely violent and turbulent region during the 1980s.

Feel free to "contract" [sic] my Hong Kong-South African buddy Neil Gould who you see next to me in the white shirt and my exotic French-Canadian wife, Marie Dion Gevisser on Neil's motor launch cruising Hong Kong during MDG and my, 24 day "fact finding mission" to China in the summer of 2006

to put you in touch with his Russian mafia partner Alex who you see on the left in the photo below

who will provide you with the "lowdown" on the US\$14 billion President Putin had Black Hatter Lev Leviev launder on 47<sup>th</sup> Street, New York City, assuming you want to hear it all "third hand" versus directly from someone as credible as me who has been explaining to your morons ad nauseam that the US\$1.5 billion Leviev received as his commission is ALSO not reflected in any of the money supply numbers put out by De Beers' US Federal Reserve and equally nonsense US Treasury or for that matter in any appropriations bill passed by the totally irrelevant US Congress who the De Beers-Anglo American Cartel consider along with the US Justice Department, a total bunch of monkeys bought off for cents on the totally worthless-fictitious and so very blood stained DeBeers US Dollar..

Were you aware that just this one transaction that took less than 30 minutes to consummate could have afforded Mr. Putin and his buddies two US nuclear powered aircraft carriers.

Were you aware that Mr. Putin understands the two words, "Diamond Currency"?

Were you aware that the Mossad don't make it their business to recruit the world's dumbest human beings who tend to congregate on the belt waves of the United States of America, Australia and South Africa?

Below is Neil a short while earlier explaining to me, not all that shabbily formerly as well as home schooled and my wife very well formerly schooled in both business and mathematics how business is conducted in China with the De Beers-United States Government in full control of his and his Russian slave wage earners earning some US\$2 a day helping greatly to keep inflation down in the United States. Please notice the frown beginning to take over my face as MDG places increasing pressure on my left shoulder, "Stay calm. It is one thing for you to feel comfortable swimming back to shore but I am not wearing a bra!"

Now, you may be saying,

"Wait a minute; you have said that the Black Hatters are principally an intelligence gathering organization on non-religious Jewish people who are so hooked on the money, me culture they can't even figure out the Black Hatters, supposedly so very religious, hand out US\$1 bills rather than prayers saying the same thing, 'IN GOD WE TRUST' to non-religious Jewish people when they pay handsomely for the privilege of meeting the top religious Black Hatter who is nothing more than a figurehead for those so very important Black Hatters mostly gathering intelligence on non-religious Jewish people such as South Africans Jonathan "Trouble Bubble" Beare and Solly Krok who the top echelons of the De Beers Anglo American Cartel, all without exception virulent anti-Semites, consider nothing more than "clowns" as the "Trouble Bubbles" clown around, traveling all over the world making such pitiful spectacles of themselves when not threatening other Jewish people with violence once these clowns get unmasked?"

Now, you have to be thinking,

"What did ignoramuses South Africans Roy and Jeffrey Essakow do for Marc 'Trading with the enemy Iran-Iraq' Rich for Roy to end up with the most pitiful sum of US\$30 million that Roy and Jeffrey, both business peoples backsides, have managed to parlay of course in to a much bigger small fortune, owning not exactly shabby pieces of real estate such as the Marc Rich-Essakow-Shachat Flower Hill Mall in Solana Beach that the elitists of Del Mar, Solana Beach and Rancho Sante Fe, mostly highly

anti-Semitic, may of course begin to think more about shopping less at once they find out that they are supporting the over-top-lifestyles of sell out Jewish people which of course could have the reverse effect of all of them lining up 24/7 to buy the most expensive kitchen knives in the world that come out of Nazi Germany still the world's largest net exporter by far?"

Now, of course you are thinking,

"I have to be the single biggest idiot in the world not to have figured out that the two top families in The Diamond Invention, Engelhard and Oppenheimer were not only German but when dying they got buried in churches without a single other Jewish person besides for Gary S. Gevisser crying 'foul'!"

You do understand that David Ben Gurion and Co. didn't need to read the story I told in the Knotty Jew attachment to the invitation to my New Beginnings party in early December 2000 that of course had me inviting Roy and Jeffrey as well as their parents Natie and Norma, to know how Jewish people are no different to the Goyim-Gentiles once they get "comfortable" and so very easily hooked on money, willing, given how they so very quickly lose their "art culture", to sell out their mothers, fathers, sisters, brothers, first cousins etc etc; i.e. this "family loyalty" nonsense totally tied in with money – blood as thick as experience!

Cutting and pasting – Knotty Jews:

There is a story I would like to tell you about my friend Norman's family. Norman's father was headed one evening toward a bar in town called Gunzenhausen about 30 miles from Nuremberg. It was toward the end of 1933 and he decided at the last minute to turn back. At that very moment a bunch of Brown Shirt thugs entered the bar, lined up all the Jews including his father's friends and then shot them all dead. Norman's dad ran home to tell his father who was a World War I veteran, proud to be a German, perhaps though not exactly German first. He also had kept his gun although it was undoubtedly a little rusty. From the street Norman's grandfather called up to his wife to throw down the gun because he was now going to go after these thugs himself, perhaps thinking that he would first knock on his Jewish neighbors door and get a little gang of his own going. Norman never quite knew the details of what exactly was going on in his grandfather's mind. His grandfather might have simply have gone "**m-ash-luga**" – nuts.

Norman's grandmother refused to throw down the gun and her husband eventually got tired of screaming from the street and went inside. His wife helped calm him down by not haggling all over him. Another non-Jewish neighbor did come by a little later to say that the nazi authorities were talking about this "crazy person." Norman's grandfather was a successful businessman, a prominent banker. His main competition actually came from the **Jewish immigrants from Eastern Europe** who ran bucket **s-t-o-r-s** in front of his bank, who didn't quite have his **over-head**.

When I mentioned Norman's grandfather may have been different to most of his other Jewish German friends, I meant it in the sense that although he had all the fine linens for all occasions and goods and services that money could buy, he, nevertheless, realized that he couldn't rely on his brothers, neither his Christian nor his Jewish brothers when it came to saving his life, his soul some might argue. At the time getting in to America was not necessarily easy but it certainly wasn't impossible

either. Norman's grandfather grabbed hold of the things that most mattered and headed west. When he arrived in America, he like my grandfather **Israel** who arrived in South Africa at the turn of the century, was now also dirt poor. But somehow Norman's whole family managed to survive. The same could not be said of my grandfather's sister **Pessiah** and her whole family.

One surviving member of her family, her son-in-law, wrote my grandfather the following letter (written in Yiddish and then translated into English).

WARSAW,  
May 3<sup>rd</sup> 1965.

My dear friend Israel...->>>>

You do understand that the problem all your selfish future shellfish face is not getting your arms around why it is that you are so hooked on money given how of course even ignoramuses like the Essakows and their bosom buddies the Lazarus clan of Durban North, South Africa who like American Charles Engelhard and Co. were "open supporters" of the 3<sup>rd</sup> Reich's Southern Division aka The South African Apartheid Regime, all understand perfectly the "money trail", but rather, getting used to the fact that you simply refuse to admit to the world how SO VERY STUPID YOU ARE beginning with the fact that with all your money you can't even begin to appreciate a very good oil painting from the mostly trash that is out that is produced by someone who simply calls themselves an "artist".

So let's now come back to what the Soviet "Evil Empire" was doing in Afghanistan having fallen for Brzezinski "trap" and what my "party buddy" Roger W. Robinson and Co. followed up with once they were in the White House in command and control of the Being There President who like his handlers were no friends of the Bush family.

I think I hear my F-C wife returning from art class with Spanish master painter Sebastian Capella.

Please email me and/or Adam L. Tucker with all your questions and remember when disturbing him you are holding up the production of our t-shirts.

Not to mention when Marie Dion Gevisser and I say, "Extinction is not a bad thing!" we are talking about "Extinction" not of the body, but the mind", not that my very cool, so hot on and off her red Piaggio scooter wife needs to spell it all out?

It looks like reading it quickly "the meek shall inherit with teeth the earth"

So, if we put "shall inherit" where the "with teeth" is and then move the "with teeth" up to where it is inline with "the meek"
