**Subject:** FORGET - I think you are finally getting on track.

So you think the color of the card adds to the attractiveness of the verbiage?

What about those who think you think you need bells and whistles because you don't think the verbiage stands out enough?

I take back what I said, "I think you are finally getting on track."

Since you have so much time to bother me with your "dribble" maybe you can get Paul Robinson, Devin Standard, John Pollard Jr. and each person on my email list to see their critique of the just3ants.com business card as an opportunity to reveal more of their "true colors" although I doubt it, since I am quite certain they "get it"; bearing in mind they, unlike you, don't yet all know about the extraordinary success of footsak.com which I-we accomplished long before I met you.

Amazing isn't it how quickly we forget and why I am loathe to praise "mediocrity" which is all one can expect from a slave master nation now 3 generations old and so very boring.

How many school teachers, professors, rabbis, priests, mullahs, politicians etc etc email addresses did you get this weekend?

Send me the email address of that person who invited you to the Seder dinner where the overwhelming majority were Gentiles.

A most attractive lady on a most beautiful horse just rode on to the property which temporarily scared off all the birds.

I will **be** heading out shortly back to the coast.

First, I will follow up with Jackie Downs.

What do you think about placing a blog on just3ants.com for everyone I-we communicate with before they go up on the "\$ hit list" [sic], starting out with the attachment?

Ps – You haven't forgotten that while so many have time to "dilly dally" and of course read everything that I have to say these days not only word-for-word, but again and again, backwards and forwards as well as sideways, you think, not only are US service personnel getting killed and badly wounded but the atrocities they commit right now on foreign soils, all in aid of US Americans able to avoid the "economic draft" having the luxury of time to "dilly dally" such as play "pro surfer" or "college student" or bs artist etc etc, do come "home to roost", first on their spouses and then their kids who deserve not only the most love but my undivided attention which of course they also get from our most vengeful God/G-d.

If time permits I will also follow up with Paul Robinson who thought wrongly that he was more intelligent than you as he wrote himself yesterday on to the "\$ hit list" [sic].

L'Chaim-To Life.

Gary,

Ps – I can't wait to tell you how Danielle and Jonathan ended their attempt to "corner" their mother Marie when the 3 of them were last together on a walk in the Torrey Pines State Reserve; no doubt both Jonathan and Danielle, both carbon copied, thought they had got away with their inexcusable rudeness.

BTW when you read this email below that Marie sent her X, the IT who surely has to "get it on" occasionally you would think with The Cow, back on March 22<sup>nd</sup> 2005 warning the IT, PUBLICLY, with a copy to his lawyer-liar George Hurst Esq., not to even come inside the gate of our property, and then when The IT has the opportunity provided to him by his son Jonathan to actually enter our living space area, this slimeball of slimeballs does exactly that; moreover, that Jonathan would place in "black and white" via an email that such an event that took place some 2 years after this "DO NOT TRESPASS" notice, was again in Jonathan's words, "It was not controllable on my part " and to top it off Jonathan, in the two hours the 3 of them walked, again all aimed to "trip up" Marie who never fell for any of their bs, not even deciding to walk away while able to of course still enjoy the walk that bothered the "tTOo" [sic] kids to "no end", the only thing that Jonathan had to "say for himself" was, "I don't think my father would steal", again forget what he and his sister did in the car when blasting the music up as he drove and Danielle sat in the

front passenger seat of her car with Marie in the back, not like they were all enjoying the music, as Danielle and Jonathan "chit chatted" up front; and yes, two paintings of Marie's are still missing.

**Subject:** DO NOT TRESPASS

**Dawn** – Since John Ben can barely see with his one **eye** left or is it his right one give him this message along with all the other messages:

John Ben,

Since you ignore my requests to leave the kids' belongings inside the gate feeling the need to come up to my doorstep at 357 Parish Lane, **Maggie** barking her head off whenever you approach, below is the sign I will post on the gate until you see the writing on the wall.

**Dr. John Ben Stewart – DO NOT TRESPASS.**

**Place the kids' things in the box to the right of the gate.**

Don't force me to put a lock on the gate along with the sign for the entire world to see.

Furthermore since you refuse to also comply with my demands not to make unilateral decisions affecting the kids below is an email I received containing the name of 2 attorneys from an attorney friend at Luce Forward:

- 1) Sandy Morris (619-296-6088) has the reputation of being the best overall matrimonial attorney in town, and did a good job for one of our clients in a custody dispute.
- (2) The best know[n] custody attorney is Bea Snider (858-566-6650)

Marie

Ps I – Now once again you are starting to feel better about yourself as does everyone once they get their arms around the evilness of The IT and all those who associate with this human beast.

Yes, most printers charge based upon the number of colors used, but I think the colors offer contrast to the normal business card.

Do u remember reading anything about a white background and how it might cost less. I haven't even bothered to see what you have done. I am very busy.

Lets get back to the business card. I know this may be too much but it should all be very small but with white background [also less expensive] and clear font it might work.

How about verbiage that goes front and back:

If you let people treat you like an ant [back] you become an ant.

The world would be far better off if women were [back] on permanent PMS then they wouldn't put up with any of the bullshit!

No intelligent woman would dirty their hands by investing in diamonds and the emotional aspect of this trade is wearing thin. [back] Your youth will reflect on it badly.

Lack of knowledge-information-light-power, power to change the world stems from humans being lazy and fearful from embracing the truth. [back] The truth is too disrupting for some people too busy keeping track of all their lies from day one.

$E=mc^2$ =[back]= $2 c mE$

The Meek [back] with teeth shall inherit the earth.
