**Subject:** 81st birthday Sebastian Capella - Sad, one less year; happy, one more year; less is more = RE: just3ants - new look

Adam,

More important than the "new look" which I like, although Marie has yet to comment for she is busy putting the finishing touches to her latest red rooster oil painting, is,

**"Beijing and Riyadh will call the shots on ailing dollar's future."**

I am also taking this opportunity to let Commanding Officer Guiles - aka Michael Guiles who refers to himself as "Commanding Officer, Temecula Valley Young Marines" who says he has turned both your name and IP address over to the local office of the FBI [Federal Bureau of Investigation] - know that I won't wait for tomorrow to follow up with Special Agent Curran Thomerson of the FBI who I am of the opinion has done more than simply grant you the "courtesies" afforded a "whistle blower" under the Federal Witness Protection Program.

Perhaps it isn't clear to everyone reading this heavily broadcasted communiqué that you are a private American citizen who happens to be Jewish and who is only telling the truth about a number of things including how your one Roman Catholic uncle and the rest of your corrupt mostly Jewish family benefitted from a US\$2 million cash infusion into his private plastic company that provided him and his Jewish Iranian and South African partners a fairly easy way to launder their ill-gotten gains that most of all negatively impacted their competitors who didn't have the United States Justice Department on their payroll.

At least equal in importance especially those imbecile US Americans thinking themselves so very smart to keep pointing an accusatory finger at China for all of America's problems is to explain in simple English the thinking behind this so contrived recession-depression is all about maintaining here in the United States, the "economic draft".

Not to mention that such repetition is even helpful for such knowledgeable people such as FBI Special Agent Thomerson who is not the only United States Government official who perfectly understands that in terms of telling "the truth, the whole truth and nothing but the truth" such important information should be first and foremost, shared with our so very poorly paid and so misinformed US service people.

Bear in mind that if FBI Special Agent Thomerson were to have already placed you in a "safe house", new identity, etc etc all under the Federal Witness Protection Program, you would have to be "living incognito" versus out and about spreading the truth and knowing that if so much as you find an unexplained scratch on your body; not to mention you maintain that you have not have sexual relations in more than 2 months, the FBI, the CIA, the entire 3 Branches of the US Government will be up "sh\*ts creek without a [paddle](#)"[sic].

Wouldn't you agree the most "Poverty of Thought" thinking to date of those of US Americans so horribly schooled thinking, "We should simply not buy anything made in China" which would mean that American companies like Dell Computer would be out of business, again helping greatly the US economic draft, although of course

the best is still out of the mouth of US American quadriplegic Michael [see "sh\*t list" [sic], "We should leave China to take care of China".

Not to mention I could be seeing Michael and Joey a little later this afternoon at Sebastian Capella's 81<sup>st</sup> birthday party and perhaps both of them will allow me to videotape any clarifications they have on why they - like most welfare recipients coming from now 3 generations of US Americans no longer taking personal responsibility for our actions and then demanding of course bigger and bigger government to brutally rule over the rest of the world to give us their inexpensive products - are so very arrogant; but of course not for much longer.

Be sure - should you hear that China has revalued its currency; i.e. caused the same paralyzing impact to the US economy as Al Quaida or anyone including Israel taking over or simply blowing up the oil wells of just Saudi Arabia leaving Israel and China with enough oil to wage against the US either a conventional or nuclear war - to please let me know by calling me up on Marie's cell phone since I haven't replaced mine following it falling out of my motorcycle jacket the other day.

Not doubt the Chinese government are currently enjoying themselves immensely at all our political partying that of course doesn't address the dire economic straits of the United States being not only the biggest consuming nation in the world producing nothing of value apart from weapons systems which don't count for much in a peaceful world, but the largest welfare state the world has ever known; far worse than the Roman Empire who at least built roads and aqueducts in their conquered nations versus us who just bomb, and bomb, and bomb until such time as DuPont run out of metals to build the bombs.

Not to mention I am "suffering" currently from a rather deep cut to my baby left finger following my plowing in to a barbed wire fence when losing my balance earlier today on my secondhand super duper but heavily crashed Cannondale mountain bike; Marie Dion Gevisser who has left me at the Stone Home to ride the superfast Ducati ST4S back to Del Mar, just before leaving had after of course cuddling me in bed as I was whimpering, the pain causing "major trauma", brought me in bed as she put it, "Here is some survival food", a slice of the most delicious chocolate banana bread which we baked the night before last.

To mention little of it is now 3:13 PM and MDG just called to tell me to "get a move on" as we have Sebastian Capella's party starting at around 4.

To mention in passing yet again that while we both seemed to be constantly hungry these past 4 days, the one dove couple cooing us constantly, we have also been indulging in the most awesome gourmet vegetarian meals, and yet to come close to overindulging in food while of course drinking lots of fluid.

Talking of which I hope to pick up a case of this great wine Philippe from Harvest Ranch's wine department, introduced me to on Thursday when the two of you spoke about all the great physical characteristics of this Brazilian lady Thais.

I could go on talking about a "helping hand", instead to click [HERE](#) taking you to the poem my highly literate mother wrote in December 1983 titled, THE FINGERS OF MY HAND.

You do have to hand it to the FBI, their decision to visit with you formerly and then in two follow up phone conversations on April 29<sup>th</sup>, Special Agent Curran Thomerson twice referred to the "terrorist plot" that Israeli Military Intelligence as well as the Mossad have confirmed with me in very CLEAR and SHORT communications followed immediately with the most "deafening silences" as I went about painstakingly, methodically and ever so patiently explaining both IMI and the Mossad's so very easy to understand "shot across the bow" of the United States Government who the first head of the Mossad, David Ben Gurion who was also at the time the first Prime Minister of Israel as well as his Deputy Chief of Staff of the brutal Air Force, Boris Senior, both confirmed when I met them in the fall of 1972, again,

"The US Government was no friend of the fledging State of Israel".

To repeat S.A Thomerson's question in his first call to you on April 19<sup>th</sup>, that began at 3:28 pm PST, the call lasting 26 minutes 52 seconds:

"Are you involved with any other websites or know of any terrorist website that might have information about this plot?"

Not to mention when I first met with [Ben Gurion](#) for the first time on November 1<sup>st</sup>, 1972 some 57 odd days following DeBeers sponsored PLO terrorists beginning to brutally murder 11 defenseless Israeli athletes at the MUNich Olympic Games, I

along with the rest of the group made up of mostly spoiled rotten Jewish South African 15 year olds were mostly interested in "fun and games" to the point that even during Gadna training where part of the youth military training included firing relatively low caliber bullets on the firing range at Sde Boker where there was constantly "live fire" military maneuvers going on 24/7, again all oblivious to us guys in particular, mostly if not exclusively, fixated on the female body parts of our, for the most part, very hot looking young women who would every so often warm up to us always very horny guys especially when we were camped out in the cold in our sleeping bags in the Negev Desert, the night before climbing Masada where all Israeli soldiers having completed their basic training go through a graduation ceremony at the top where legend has it that the Jewish people who had garrisoned themselves against the Romans who eventually morphed into the most brutal Roman Catholic Church, decided to commit suicide than be enslaved.

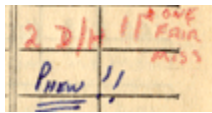

I cannot speak for anyone but myself but everything changed for me as I couldn't help but notice how Ben Gurion kept looking at me and while speaking in very general terms to us about how South African Jewry in particular had been so instrumental in the ongoing survival of the Jewish State, and at the same time I kept thinking of my amazingly skilled and experienced Jewish Fighter-Bomber-Pilot father who was out of work and who equally important was conspicuously absent from Israel's War of Independence even though Bernie Gevisser had some 26 more missions than Boris Senior, a very close friend of my father and more so my highly secretive Royal Mater-Mother Zena, both Boris and my dad Bernie showing their "true colors" when dive-bombing the crap out of the De Beers Nazi bastards during World War II.

Not to mention, you most probably don't recall me mentioning how on my father's South African Air Force wings there is this red lipstick mark from his one girlfriend, I believe from Cannes, France, giving his wings a "good luck" kiss.

Not to mention that during the week of February 8<sup>th</sup>-14<sup>th</sup>, 1945 my father and a couple of buddies from Squadron II [Eleven] after bombing the wrong targets were given a week off in the south of France where in my father's hand written words, he-they scored, "two Direct Hits!!! + ONE FAIR MISS"

Bernie's missions [24](#) through 27 can be viewed in their entirety below:

Not to mention the "Syd" in mission 24 is Jewish South African-Israeli Commander Syd Cohen, who became the highly respected Commander of Israel's only Squadron 101 when its first Commander, Modi Alon was killed "on approach" following a bombing mission during Israel's most brutal War of Independence that so few even Israelis today think to ask themselves,

"How come with some 6 million Jewish people horribly slaughtered in De Beers Nazi Concentration Camps would the victors of World oil War II; namely the De Beers controlled US Government want to see the best of the best Jewish people who survived the holocaust not pushed into the "Meditterein" [sic] Sea?"

To mention little of the day my dad returned to "active duty" on February 14<sup>th</sup>, 1945, De Beers controlled President Franklin D. Roosevelt was meeting with King Ibn Saud of the House of Saud, Saudi Arabia on board the US Destroyer, US Quincy, sending Ben Gurion headquartered in Jerusalem, the CLEARST signal possible that the United States Government was much more than "no friend" of the fledging State of Israel.

To mention in passing for those who think, including most Jewish US Americans, that it is "farfetched" that the United States Navy would begin in 1967 until its completion in 1970, building a Nazi [Swastika](#) shaped building on Coronado Island where the US Navy SEALs are based along with the US Navy's most advanced fast attack Los Angeles class nuclear submarines, let us all, including Commanding Officer Michael Guiles of the Temecula Valley Young Marines that of course has you thinking of Hitler's Youth Movement, read not once but at least 20 times the following letter sent on April 5<sup>th</sup>, 1945 from Roosevelt to Ibn Saud:

## **Letter From President Roosevelt to King Ibn Saud**

*5 April 1945*

GREAT AND GOOD FRIEND:

I have received the communication which Your Majesty sent me under date of March 10, 1945, in which you refer to the question of Palestine and to the continuing interest of the Arabs in current developments affecting that country.

I am gratified that Your Majesty took this occasion to bring your views on this question to my attention and I have given the most careful attention to the statements which you make in your letter. I am also mindful of the memorable conversation which we had not so long ago and in the course of which I had an opportunity to obtain so vivid an impression of Your Majesty's sentiments on this question.

Your Majesty will recall that on previous occasions I communicated to you the attitude of the American Government toward Palestine and made clear our desire that no decision be taken with respect to the basic situation in that country without full consultation with both Arabs and Jews. Your Majesty will also doubtless recall that during our recent conversation I assured you that I

would take no action, in my capacity as Chief of the Executive Branch of this Government, which might prove hostile to the Arab people.

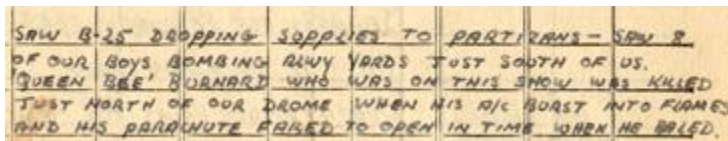

It gives me pleasure to renew to Your Majesty the assurances which you have previously received regarding the attitude of my Government and my own, as Chief Executive, with regard to the question of Palestine and to inform you that the policy of this Government in this respect is unchanged.

I desire also at this time to send you my best wishes for Your Majesty's continued good health and for the welfare of your people.

Your Good Friend,  
FRANKLIN D. ROOSEVELT

His Majesty  
ABDUL AZIZ IBN ABDUR RAHMAN AL FAISAL AL SAUD  
King of Saudi Arabia  
Riyadh

Now come back to my father's 27<sup>th</sup> mission on February 17<sup>th</sup>, 1945.

SAW B-25 DROPPING SUPPLIES TO PARTISANS - SAW 8  
OF OUR BOYS BOMBING RLY YARDS JUST SOUTH OF US.  
'QUEEN BEE' BURNARD WHO WAS ON THIS SHOW WAS KILLED  
JUST NORTH OF OUR DROME WHEN HIS A/C BURST INTO FLAMES  
AND HIS PARACHUTE FAILED TO OPEN IN TIME WHEN HE BAILED.

Just in case anyone has trouble reading the "cut and paste" job above; it reads:

SAW B-25 DROPPING SUPPLIES TO PARTISANS – SAW 8 OF OUR BOYS BOMBING RLWY [RAILWAY] YARDS JUST SOUT OF US. 'QUEEN BEE' BURNARD WHO WAS ON THIS SHOW WAS KILLED JUST NORTH OF OUR DROME WHEN HIS A/C [AIRCRAFT] BURST INTO FLAMES AND HIS PARACHUTE FAILED TO OPEN IN TIME WHEN HE BAILED.

Now come back quickly to the war in Europe ending on May 8<sup>th</sup>, 1945 and my Royal Mother's

*The war was over and her dreams of being a foreign correspondent and dropping behind enemy lines in Europe came to an abrupt end. Life was a ball. Dancing Partying – Summer days at the poolside – Attending live theatre at least once a week and much more. Suddenly in 1947 [Zena, still 18 years of age] it came, abruptly, to an end. Her father [Al Badash-Ash] had decided to emigrate to South Africa!!! Landing in Durban the family went to stay at the Minora Hotel.*

The Minora Hotel was the only Kosher hotel in Durban and it was owned by the parents of Sol "Gambling Czar" Kersner.

Of course you know it is against the Jewish religion to gamble but then again most Jewish people like most humans are only human when it suits them to be Jewish or Roman or whatever.

Bear in mind that my mother's entire family were very Anglicized Jewish English people and knew nothing about the "laws of kashrut" let alone suddenly wanted to eat dry and rather salty Jewish food; bearing also in mind that for the first two weeks of their stay in South Africa they were staying at the one of a kind 5 Star Hotel Mt. Nelson in Cape Town where the management may have never previously served Jewish people let alone Jewish people so extraordinarily cash rich who would upon leaving perfect climate Cape Town and arriving in humid hell hole Durban, suddenly want to be "eating kosher".

Now come back to Boris Senior, a secret member of the more militant Irgun Jewish Underground movement returning to his home country of South Africa from Israel with explicit instructions from Ben Gurion to purchase fighter aircraft and recruit the best of the best Jewish fighter-bomber-pilots from World Oil War II.

Again, Boris does not keep it a secret that when returning to South Africa in 1947 he was able to purchase some 50 British made Spitfires in absolutely perfect condition for the most unbelievable price of 6 English Pounds Sterling each, the grand total some 300 English Pounds Sterling representing some 0.03% of the cash Al Ash kept in his "back pocket" and not only does Ben Gurion tell his most trusted armaments purchaser to "dump" all 50 aircraft purchased in a totally rigged auction but to make absolutely certain that not a word is spoken to my father about the most critical shortage of such seasoned fighter-bomber-pilots such as my father who not only wouldn't have needed any training on Spitfires but at least equal in importance my father had trained on Spitfires in Egypt before moving on to northern Italy where he would prove his mettle to Syd Cohen beginning on my dad's 4<sup>th</sup> mission flying as wingman to what few would argue was the greatest Jewish fighter bomber pilot of all time.

Not to mention when American Colonel Dwight Kroesch [see [www.NEXTraterresTRIAL.com](http://www.NEXTraterresTRIAL.com)], today credited with being the first pilot to drop American and British paratroopers behind enemy lines on D-Day June 5<sup>th</sup>-6<sup>th</sup>, 1944 spent a morning with me a few years back paging through my father's two logbooks, as the tears streamed down his face, each time as he paged through commenting, "He is the miracle man".

To this day Dwight who may have passed on, but I hope not, most likely did not know that my father was Jewish and were this great man to know such an important fact, he might have chosen a superlative to add to the word "miracle man" considering the fact that the "game plan" of both the British and American government was to kill as many as possible Jewish fighter bomber pilots during

WOW II making it all but impossible for Ben Gurion and Co. to mount any Air Force defense against the Arab armies who "simply" had the entire military might of both victors of World Oil War II

Not to mention, the motto of the Mossad remains, "By way of deception we wage war".

To mention little of Ben Gurion paying absolutely no attention in determining loyalty whether someone was or was not Jewish; most of all in order to maintain "command and control"; i.e. control of arms supply lines was willing not only to spill Jewish blood but willing to have his best field commander Yitzhak Rabin execute such orders as he did in mid-June 1948 against Menachem Begin's Irgun who were bringing armaments into Israel on board the Altalena.

To mention in passing the coincidence of Boris Senior who was circling above the Altalena in Tel-Aviv waiting for orders to bomb his own men were Rabin to have failed using his ground forces; and in later years Boris and Yitzchak having a common grandchild.

In war money is no object.

For anyone to simply suggest, "It must have been a whole bunch of bad people who financed Hitler" and not bother to explore further exactly who those people were and are is only because it gets a little too close to those with ill-gotten gains today.

Most of the most in shape, most logical thinking people in the world have not only very little, absolutely no ill-gotten gains at all, they are the most "to-get-her" [sic] truly caring about one another and knowing that they are only here for a limited amount of time and to use that time wisely first of to learn and then to teach, since you can't even take your real estate that we all know has been stolen by those with the biggest guns when you leave here and face our Maker who of course won't have time for excuses.

Only after this meeting in front of Ben Gurion's small and very humble home on Kibbutz Sde Boker did I call up Boris Senior who was of course expecting my call but quite surprised when we first met at a coffee shop in "Dizengoff" [sic] Circle, Tel Aviv that my focus of attention was on my father being both **kept out of Israel's War of Independence and now** unemployed despite in my opinion that counted even back then, that my dad Bernie Gevisser was not only the nicest, the most humble person I knew, but one of the smartest if not the smartest business persons; bearing in mind I was from a kid surrounded by the smartest "money power" people in the world beginning with my Royal Mater who didn't just get off a [boat](#) in Durban harbor, South Africa when I was born on March 24<sup>th</sup>, 1957.

When you now examine more carefully my mother's very easy to read and understand bio only available for public viewing on just3ants.com you cannot help but notice how Zena makes a point of letting us know how disappointed she was by the end of World Oil War II as her dreams of "dropping behind enemy lines" came

to an end and yet in the same breath she goes on to inform us of how her most secretive cash multi-millionaire father Alef-Albert-Al Badash-Ash born on December 5<sup>th</sup>, 1899 to pogrom orphaned Nechie Badash, "abruptly", sometime in 1947, came into her bedroom in Leeds, England, to let her know that they were immediately leaving for South Africa.

While Zena does not go into any detail about why her father would choose the humid hell hole of Durban, South Africa versus spending the rest of his natural life following the sun in less oppressive climates and in a worst case scenario to simply camp out in a suite at the 5 Star Mt. Nelson Hotel in Cape Town, South Africa so exquisitely nestled in the foothills of Table Mountain and if not then to simply build for his immediate family the largest estate anywhere in the world given how my maternal grandfather when arriving by ship first in Cape Town had nothing short of one million English Pounds Sterling in his "back pocket".

Boris Senior, you will remember from his memoirs, NEW HEAVEN, subtitle My Life as a Fighter Pilot, talks about **abandoning those 50 Spitfires** the biggest mistake of his most illustrious career which began immediately following his 45<sup>th</sup> mission over the skies of northern Italy where he got shot **down** within a week of the death of his elder brother being shot down, both Senior boys like my father fighter-bomber-pilots with the South African Air Force whose Commanding Officer was none other than the greatest friend of the Jewish people in modern day times, Field Marshall Jan Smuts who was not only Prime Minister of South Africa during WOW II but second-in-command to Winston Churchill and therefore privy to not only the fact that De Beers were playing both sides of WOW II but the extent to which De Beers were sharing their intelligence most of all with Nazi Germany who wouldn't have been able to produce a single tank worth talking about were it not for Hitler's access to De Beers industrial diamonds necessary for the precision tooling and of course used as a means of exchange to finance Hitler's entire military machine that in turn allowed for Nazi Germany's expansion.

Not to mention all the utter nonsense about the minuscule amount of gold, monies and precious "means of exchange" including art stolen from the Jewish people of Germany and the neighboring countries during the blitzkrieg, not lost for a moment of those smartest of the smart Wondering Jews Jewish people such as Nechie Badash, her "favored son" Al Badash-Ash and most of all Ben Gurion who took his time in letting me know that he and my great maternal grandmother Nechie came from the same tiny village of Plonsk, White Russia-Poland.

Now again go back to my mother's carefully crafted memoirs, "Life Story of Zena" in which all she had to say about her maternal grandmother Nechie Badash, in addition to "only returning to England from Tel-Aviv where she was one of the early residents when Zena was born" was the following:

*A leading film company wanted her in movies but her father would not agree always afraid strangers would take control of her young life. With virtually no friends of her age she mixed freely with adults. In the main with her paternal grandmother who was born in Poland had come as an orphan from Poland*

*where her whole immediate family had been wiped out in a pogrom. This same grandmother had her playing whist at whist drives when she was eight. They won many prizes of food hampers and once a whole ten shilling! Wise beyond her years she listened to the problems of the world relayed in her presence and the solutions to many of these problems.*

So here we go from,

*The war was over and her dreams of being a foreign correspondent and dropping behind enemy lines in Europe...*

to,

*From the earliest days of 1949, she [Zena] visited Israel two and three times a year writing reports for different publications.*

Then after the 6 Day Israeli-Arab War "sumhow" [sic] my mother, now having just turned 38 was the "first private citizen in to the captured territories of the Sinai".

As you know and understand perfectly well all those benefitting from ill-gotten gains can make out when it suits them how very sensitive they are, interested in the welfare of the birds, the bees, the coyotes and of course how many we have seen in the past 24 hours, all about making not simply quick conversation, but allowing time to pass by, but most importantly their distractions designed with the single purpose to have those of us who don't forget either their putrid, vomit "black and white" email communications as well as "deafening silences" once caught with their pants down, to be so very "forgiving" to be so "compassionate" and if not "forgive them" as in "turn the other cheek" since humankind has been so conditioned by the corrupt church "the meek shall inherit the earth", then at least with all their calculating, their plotting, and of course these good for nothing but small talk imbeciles just loving long nothing to talk of phone conversations where we encounter the "he says-she says", for those of us who don't fall into the category of "easily pleased" no different to those "easily distracted" to "sumhow" [sic] forget all their chicanery, all their turning of blind eyes to evil just in order to get what they want without having to work for a living.

To the best of my knowledge the Hasidic-ultra orthodox Jewish-Black Hatters don't have any goods on Israel's most important Commanding Officer Ami Ayalon who again to the best of my knowledge I have not met and nor has this former Admiral of the most brutal [Israel](#) Navy and most respected CO of Israel's most feared Special Forces Maritime unit, Flotilla 13, relinquished his position in Israel's cabinet, "Minister without portfolio", again making Ayalon the most important person in all of Israel.

Neither Israel nor China given both their military prowess need to do very much as the United States Government now [needs](#), and increasingly so with each forward movement of the clock and there is not worldwide Armageddon, to address the Mossad's and IMI's most ingenious military report of all time that again spells out in very simple English that the reason Al Quaida have not attacked the highly

vulnerable oil fields of Saudi Arabia, Qatar and Kuwait is because they know better than to bite the hands that feeds them.

Moreover, there is not a single Israeli Special Forces commando who has forgotten how easily Al Quaida took out the USS Cole, the United States' most advanced class of destroyers with just a handful of operatives operating a single rubber dingy that resulted in more work for the shipyards in the United States and elsewhere to build more and better frigates for deployment in the Middle East.

The only people in the world who do not benefit from war are traders who do not trade in weapons which is the overwhelming majority of the world's best and most successful traders who just happen to be Chinese.

It may in fact be that Senator McCain, Senator Obama and Senator Hilary-Bill "De Beers-Scholar lawyer" Clinton do not only represent the majority of US Americans but they may in fact be assuming we all agree that we have democracy alive and well here in the US, the best of US American [politicians](#).

Special Agent Curran Thomerson in deciding to now go quiet could in fact become the most important American.

Let's see.

In the meantime I have to prepare to leave our sanctuary here deep inside the Cleveland National Forest to attend Sebastian Capella's 81<sup>st</sup> birthday which [is](#) both sad and happy, at least for Marie and me and which doesn't need much if any further explanation apart from "less is more" and for me to spell out more what both Sebastian and Marie fully understand without either of them having to talk given both their extraordinary command of mathematics, the most precise and therefore spiritual of all languages, "Sad - one less year; Happy- one more year".
