Subject: FOOLS NAME FOOL FACE IN PUBLIC PLACES - RE: How are you feeling?

You know that if you follow any one of Devin's suggestions he will be "all over" just3ants.com.

With all that said, place him on the "\$ hit list" [sic] along with Dr. John K. Pollard Jr.

With all that said, you should have not required much sleep last night based not only on what Philippe had to say as well as our reply but how Devin went about "establishing" with his so convoluted; i.e. "I am playing both sides" believing because of all the short-circuits that have accumulated in the one time perfect space between his ears that you wouldn't even think to ask, "How is he doing this tarring and feathering?"

Yesterday, I explained a very important "slap across the face" delivered by my most excellent command of the English language mother-Royal Mater that at the time, around 1969 when The Moshal Gevisser Group of Companies was sold to a fairly well-known Jewish South African by the name of Natie Kirsh who was nothing more than a small time punk business person who had got the "green light" by De Beers to execute the most extraordinary "shareholder hostile"; i.e. "management friendly" takeover in the history of South Africa apart from the DeBeers-J.P. Morgan-US Government financed Anglo Boer War of 1899-1902 that began the wholesale theft from the overwhelming majority of indigenous Black peoples of South Africa that of course continues to this day.

Zena, may not have been "fully compass mentis" [sic] at the time but she, at 40 years of age, very much in the "prime of life", was anything but stupid, either.

Also remember, my father Bernie was 46 years young and very strong and more than capable you would think of standing up to both his first cousin David Gevisser and David's most evil uncle Sol "Little King" Moshal who had to have been "shocked to death" by my mother brushing past his secretary, Cynthia Woodhead's office leading in to the office of this former Managing Director of public corporation Moshal Gevisser, and again without saying a word, slapped the Little King who spearheaded the "dirty deal" with Natie Kirsh, before promptly leaving.

Such an indelible impression is the sort of stuff you would expect someone like Steven Spielberg to be "all over" bearing in mind SPIelberg is a Jewish blockbuster Hollywood producer-director who produced-directed the epic 2005 movie MUNIch

that was Hollywood's way of once again "whitewashing" its sins, more so its so very easy to describe crimes against humanity.

Devin Standard understands this all perfectly well when he feels the need, no different to anyone else who can follow quite easily that I didn't get off a boat just yesterday in Haifa harbor.

As soon as Devin began reading this communiqué he had this sinking feeling in his stomach that I wouldn't be distracted by his so foul nonsense and to remind him of your very recent interaction with a FBI Agent that Devin and Dr. John K. Pollard Jr. are not alone in hoping hadn't gone as well as it had and that by this time you were either behind bars or better yet dead to be used as a 'practical' in a university experiment.

Devin and Pollard are not alone in quite taken by my eldest brother's "greed" to make a "buck" as they perfectly understand the "umbilical cord attachment" Neil still has to our mother who Neil is only just now finding out kept Neil as much "in the dark" as she did our father; moreover, the fact that Zena made a point of "confiding" in Neil about many things beginning with how he like the rest of my siblings, including me, couldn't trust our father with "money" but everything else, makes Neil, who prides himself on his "intellect" feel not just very stupid but so "used and abused".

The fact that "common sense" would tell a reasonable person that it would be utterly impossible for a person like Natie Kirsh to troop into Durban and gobble up the assets of an extraordinarily well known public international trading conglomerate for significantly less than liquidation value when not only were some of the world's top financial people living in Durban, South Africa that housed the headquarters of Moshal Gevisser but Neil, like the rest of my 2 siblings understood perfectly well that our mother was no dummy.

Zena, however, can be most "convincing" especially when dealing with people who lack "common sense" who most of all get easily distracted by "money" and all my mother needed to do was tell all of us including my father that most of all she was "disappointed" in Cynthia Woodhead not sharing with her or my father or his father Israel Issy Gevisser who was very much alive at the time and remember owned the control block of shares of Moshal Gevisser, the fact that once word got out about a pending deal with Natie Kirsh the share price of Moshal Gevisser would "go through the roof" and my mother and therefore us Gevisssers would make "a killing" and of course neither my dad nor my siblings thought to question my mother about what such monies would have meant to each of us in prison were we to get caught and given how these were not exactly "friends" who were doing this "dirty deed" on us Gevisssers than logic would dictate that Cynthia Woodhead was the best friend us Gevisssers could ever had by not saying a word to my mother.

And of course my mother nor very senior members of the Mossad needed Cynthia Woodhead, or Natie Kirsh or for that matter Charles Engelhard who was very much alive and kicking to let them know every step of the way what was happening in

this so very carefully orchestrated takeover by the mafia of mafia who first let everyone who was anyone in South Africa know that they were once again executing flawlessly the De Beers-Anglo American Cartel's Agenda, "Take the money now, or open a taco stand".

The only person who came close to figuring it all out besides for me of course, was my father when he would question how come this public corporation's lawyers and accountants who reported to the Board of Directors that included both my dad and his father Issy, didn't put a quick end to all the nonsense given how ridiculous a price Natie Kirsh was paying, and the fact that the share price did of course rise was long after the "dirty deal" was done which again was so obviously in the works for a very long time.

You will recall me telling you that the dumbest people in the world are Jewish South Africans followed very closely by Jewish Australians neck and neck with Jewish Americans who one could argue convincingly are mostly dumber than the overwhelming majority of Jewish South Africans who are so unbelievably dumb that why bother talking about them when you know perfectly well they still can point to The IT and all those that associate with this most beastly, most evil human being, I believe the world has ever witnessed.

Again, don't hesitate to take "sum" [sic] of Devin's advice but first may I suggest strongly you don't waste a moment longer in placing his FOOL NAME FOOL FACE IN PUBLIC PLACES on the one-of-a-kind "\$ hit list" [sic] and why bother responding.

Time to hit the surf.

Adam:

The Rattlesnake is one of gsg's nom de plume, so there is nothing original there. That's

apparently who I was referring to. I do not recall the particular conversation. Not sure what you are referring to.

What are your skills as a web designer?

Are you familiar w/ Joomla web tools. I am having trouble with Vista and Joomla.

Also, I am currently in Joomla 1.0, thinking of rolling over into 1.5.

How're your HTML skills? Mambots? Layout? TinyMCE?

How good are you at SEO? What kind of ranks have you gotten? What changes have you been able to drive? How did you do it.

Can you do roll overs?

Any experience with robust e-commerce solutions? Which specific solutions?

I'd like to see some of your sites?

Why aren't you selling anything on 3ants?

My web guy told me he could easily generate hundreds, if not thousands, every month with it as it is.

However, he has just gotten a new job so he is hard to get ahold of.

By the way, has our buddy thought of doing radio shows? Podcasting. You guys should check out the podcasts at allamericangold.com. I am fairly confident GSG could do a better show.

What is your personal goal?

What is your time frame for achieving the goal?

I am off to NH, then PHX, then CT, The UK, then Eastern Europe. I may even visit GSG's ancestral home in Lithuania.

After that I think I would enjoy putting on some big productions with you guys.

I will have a few minutes to talk on Monday. Give me a shout when you start your morning.

My goal: to re-establish the practice of tarring and feathering of corrupt agents of the state and other deserving scoundrels!

Cheers,
Devin

Devin,

How would you like to be my first sponsor? If I can't come up with \$1260 I am going to be evicted.

In addition to sponsoring my time spent towards saving the world, I would also assist you with your website.

Adam

P.S. The Rattlesnake? Couldn't you have come up with something more original?

Almost over my cold.

Will come to California to visit you guys at the end of the month.

Which program are you using to design your website?

Devin.

Now cut out the lower section and ask “who does that belong to?”

You **can** do a horizontal cut because you have to have the American flag.

“Come my children.” She always has to have her mouth open, “come to mommy”

Marie has come up with the overall design. You need to see it.

On the website you have to have as the “offering”:

What is your contribution to/for r Evolution?

Get the ants into the shadow of the wave, she will explain.

You should be direct and say you are looking for sponsorship for his contribution to the website.

The “r” in “our” could be as you have been doing, in a different color.

Say, also “over \$X you get a t-shirt.”
