Subject: SHOT ACROSS THE BOW - What was Amos Wrights military rank when he retired?

Adam,

I don't know but he was a US Marine and US Navy officer who served on the ship that housed the Admiral of the Pacific Fleet during World War II when the Admiral had everyone on board go on their hands and knees to pray for a "miracle" as they waited for the Japanese to attack, knowing perfectly well that they would have been decimated; moreover, to this day no one has been able to figure out what caused the Japanese to "turn around".

Not to mention that "slap" across the face of Sol "Little King" Moshal, the uncle of my uncle David Gevisser who remains the American head of the De Beers-Anglo American Cartel, administered by my mother right after the "Little King" completed the "dirty deal" with American Charles Engelhard who had "warmed up" to my so wanting to be "liked" uncle Dave so very jealous most of all of my father who was not only married to the "fairest beauty queen" of them all, my Royal Mater-Mother, Zena Rosland Ash from the House of Badash, continues to reverberate around the world extending at this time well beyond all the Jewish communities given for starters my extraordinary "footprint" on the Internet that is of course most helped by the decision of the FBI to investigate that ingenious Israeli Military Report only available for public viewing on www.just3ants.com; moreover, the decision by military.com to ban us from informing US enlisted young men and women forced most of the time to join our "economic draft" all the while believing that they are

doing the "patriotic thing", is now going to increase exponentially that again already extraordinary large "footprint" as I now take it directly to United States Commanding Officers to "come clean" with all those doing the heavy lifting who for good reason will never be able to win over the enemy given how the truth about this "American lifestyle" that has the best and brightest refugees seeking a safe haven on our shores is all because of the US Government's direct and pivotal role in fermenting civil wars throughout the world wherever there are strategic natural resources which big US business interests simply want to steal using their big guns, yet, however, to go up against a first rate military such as China and Israel whose most important Commanding Officers know perfectly well has been treated very poorly by the United States Government, no "friend of the fledging Jewish State of Israel".

You will no doubt also recall me mentioning that Amos P. Wright, my first "mentor" in the United States, worked for Spur Oil, whose founder, Calvin Houghland was the only person to have taken on John D. Rockefeller of Standard Oil, and won.

AMOS P. WRIGHT

FROM PART TIME MAN TO DIVISION MANAGER

Amos Wright is the new Division Manager in charge of Districts 2, 5, 7, and 14, having been promoted from the District Sales Managership of District 14.

Amos' career with Spur, up to late, is unquestionably one of the most outstanding of any man since the beginning of the company in 1928. He began at the bottom as part time salesman at 108 in Nashville. He was "Clean Jp" man, sweeping the driveways, mopping the station floor, cleaning restroom, whitewashing, etc. He was an A-No. 1 man with a whitewash brush and a broom. From 108 he went to 37, Bowling Green, Kentucky, working part time there while attending Western State Teachers College for a year. He then spent a few months as salesman at No. 4, Owensboro, Kentucky. Whatever the work assigned to him, he did it the best he knew how, without wasting time, and moving straight ahead to the next task.

In 1936, while still in his teens, he decided to see more of the world and joined the Marines, remaining in that famous military organization four years. In 1940 he again became a Spur Salesman at 109 in Evansville, Indiana. He was soon made Manager at No. 4, Owensboro, Kentucky. When he took over that station, it was not in good shape; appearance was poor, gasoline and oil sales worse. Within a few days, the station shone like a new dollar, and gained favorable comment from everybody who saw it. Oil sales began to climb, and the station, which had been low on these sales, was soon one of the best. Night and day he worked to improve Service, and it was not long before the gasoline sales showed large increases. He pushed steadily for new business; solicit-

ing commercial accounts, farm business, taxis and trucks, whenever he had time to spare.

In late 1940 Amos performed most acceptably district work of many varieties in Districts 5 and 7, assisting the regular District Managers.

His allround intelligent and aggressive work in stations and districts earned him a try out early in 1941 as Assistant District Sales Manager of District No. 13. His work was outstanding from the beginning. Then he was promoted to be District Sales Manager of District 7, where by hard work and constant attention to his business,

he brought the district forward in every way. The then District 2 was added to his territory, and he ran both districts the same way.

With these in shape, he was sent to clean up old District 13 (now 14) and again he distinguished himself. The district made 100% oil quota, the stations shook off the dirt and glistened with whitewash and flowers.

Amos has a charming wife, and a fetching daughter less than a year old. And he intends that they shall enjoy the good and the pleasant things of life.

His headquarters are now in Evansville, but he has been moved around so much that any town with a Spur Station is home to him.

Amos Wright was brought up on a farm, and there learned how to work. He says that the Marines taught him that orders were made to be obeyed. We know that he believes a business can only succeed by hard work and by following instructions.

His career is an inspiration to every man in the Company. The price of success is doing YOUR job well. That is the old American way.

Amos, who attended Vanderbilt University where he was a basketball "star" was the first American to acknowledge the extraordinary bigotry of the US Navy towards both Blacks and Jews who were the first to be ordered to attack Japanese "ground positions"; and of course there was more that Amos knew about his own personal

involvement in issuing such orders that had him breaking into tears when he first allowed me to videotape his most interesting life story that included retiring 3 times; the last time when he and I worked very closely together at Insurance Marketing Services Inc. where he witnessed firsthand how without raising a penny in debt or equity, all the while paying off each and every creditor 100 cents in the dollar of this totally bankrupt marketing and publishing corporation, I "single-handedly" turned IMS around in well under 18 months when all the "experts" including Amos believed when I came in, first taking over my middle brother Melvin's position as Chief Financial Officer, that it would be at the most just a matter of weeks before IMS would have to file, not just for "bankruptcy protections" aka Chapter 11 but a Chapter 7, which is a "quick sale" liquidation.

Not to mention, I was most "blessed" with the most extraordinary middle management team,

all young women who in fact deserved all the credit for allowing me to execute flawlessly the only job of top management, namely hire the best and brightest women in the world, provide them with the tools to most of all keep the good-for-nothing over testosterone men and women a 100 foot pole length away at a minimum, and then to get the hell out of the way, only returning when being invited by such smart women to help sort out someone simply trying to keep a seat warm, most of the time simply "lighting fires".

To mention little of the great disservice done to us poor men by total and complete morons such as Dr. John K. Pollard Jr. and The IT who espouse this utterly flawed and totally nonsense non-existent scientific study that they maintain suggests that women are inferior to men in the so important math and sciences.

Moreover, the fact that well adjusted women don't take the likes of these totally morally bankrupt and intellectual male midgets, to task; i.e. on an educational light

journey such as this, instead become just like them in deciding rather than fight them on the merits of their again totally illogical findings, to join them, and worst yet become so extraordinarily passive aggressive when it would be so easy to simply break out in laughter at these morons of morons who feel the need in order to feel good about themselves without any intestinal fortitude to put down our better half species who by their very maternal nurturing nature know not only how to multi-task; i.e. problem solve extraordinarily than single dimensional dik-head oriented male morons, but as anyone trained in close arm combat **knows**, the very best of course those of us Israeli Special Forces trained where with having most of all truth on our side we know better than to ever forget that the very basics of the most awesomely brilliant Krav Maga - עגמ קרב עגמ for which there is no equal is "no rules, no limits" which combined with the world's best intelligence backed up by Israeli Special Forces including the most brutal Israel Navy and Air Force who in letting the world know they are ready for anything Iran has to throw at Israel were in fact most of all sending the clearest message possible to the United States Government, "step down" or face superior and overwhelming forces.

Not to mention US Military Commanding Officers have known now for more than 8 months of why exactly China features so very prominently in that again most ingenious Israeli Military Intelligence report of all time.

To mention little of I understand you are waiting patiently for me to hit the send button on this rather important email before responding to Rob Rodriguez, the Military Forum Administrator in charge of www.Military.com where we have been banned.

It is going to take a bit of time. Time, however, very much on the side of Knowledge-Information-**Light**-Truth [KILT].

THE SERFS UP.

Neil G. Gevisser

You also wouldn't be surprised to hear that in the 5 years I was IMS' Chief Financial Officer and Chief Operating Officer I never once read a single publication we put out, nor did I bother to ever once look at a single manual of the multiple management manuals which our telemarketers sold over the telephone to the most sophisticated and successful group of entrepreneurs in the United States; namely Independent Insurance Agents; the overwhelming majority multi-millionaires who on average worked 3 mornings a week in their insurance brokerage operations allowing them 3 afternoons a week to play golf when also executing the 3 basic principles of success that each and every insurance agent knows; commonly known as the 3Rs, Referrals, Renewals and Relatives.

BTW, were you all that surprised to read in headline news today, **Uzi Gunfire Rattles Streets Of Newark, two Killed After Brawl Turns Into Submachine Gun Warfare.**

The fact is you would of course be shocked given how so very few of such extraordinarily effective weapons get into the hands of "private citizens" were it not for me repeating time and again; moreover showing this photo below

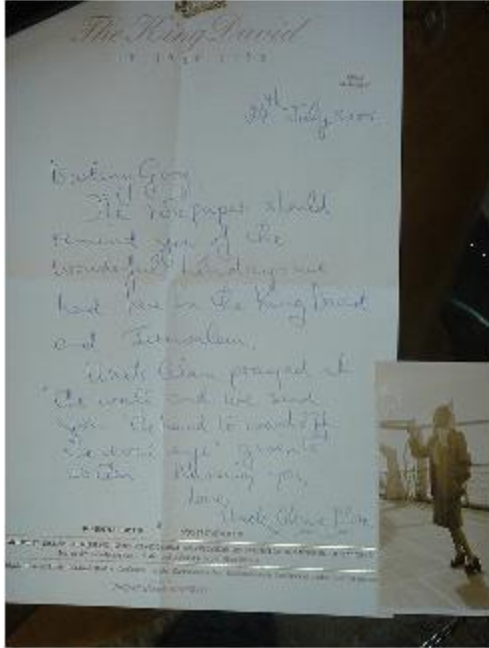

of me holding at age 9 and pointing at my middle brother Melvin who is 15 odd months older than me, an Israeli-made Uzi submachine that belonged to an Israeli Special Forces commando who was instructed what is usually a court martial offense, and to hand it over to me by a most senior member of Israeli Military Intelligence whose direct report was David Ben Gurion when also not reporting to the most senior members of the deep underground Jewish Underground operating throughout the world including places like [Spain](#), most generous to the Jewish people, France as well, given how the French are the most vocal and independent minded people in the world – Voltaire, I may not agree with a word you say but I will fight to the death your right to say it -, and of course Argentina where the British Crown continue to hold fort when not overseeing their Crown Colony, the United States of America.

It is also no surprise the fact that most of the people reading this communiqué including those who know more than the average person about me still keep forgetting that the United States and British governments imposed the most diabolically obscene arms-trade embargo on the State of Israel both prior to its War

of Independence 1947-1949 as well as immediately after when the Israeli Defense Force while totally outnumbered, well over 100 to 1, as well as beyond belief outgunned given how the IDF was up against none other than the combined military might of the United States and Great Britain.

And of course Ben Gurion was not counting on "God/G-d" but Jewish ingenuity beginning with logical thought processing to overcome the extraordinary low odds of success given how the best military minds of the time including Field Marshall Montgomery didn't give the newly established State of Israel, formed officially on May 14th, 1948 more than a few hours given how completely surrounded were Israeli forces; bearing in mind the extraordinarily brilliant decision of Ben Gurion to leave behind in South Africa those 50 Spitfires purchased for a total of 300 hundred English Pounds Sterling by my Royal Mater-Mother's very close friend South African-Israeli Boris Senior who didn't exactly "forget" about my very brilliant, skilled and experienced Fighter-Bomber-Pilot father, Bernie Gevisser who had some 26 more missions than Boris' 45 missions during World Oil War II dive-bombing the crap out of the De Beers Nazi bastards; moreover, that Boris had the very same South African flying instructor as my father, a non-Jewish Lieutenant Cohen who made all of their lives most miserable but in the process of getting especially the Jewish South African pilots to hate him more than they feared crashing contributed greatly to not only the survival of my father during his 71 odd miraculous missions but his extraordinary ability to come in so beyond belief low and so very fast from a dizzy height, scoring one Direct Hit after the next; again my father's 60th mission so very telling of why Commander Syd Cohen, Commander of Israelis Squadron 101 during Israel's War of Independance has always believed that my father was alongside him in the boat they were traveling in through the Red Sea before "turning left" to join another "Yank" Squadron fighting the Japanese immediately following the surrender of Nazi Germany on May 8th, 1945 by which time my dad was already back in Durban, South Africa having flown his last mission on April 15th, 1945 when upon landing he was informed of the pending death of his beloved mother Katie Gevisser who passed away on June 8th, 1945, age 50.

While there was no much celebrating amongst the Gevisser households my father's beyond belief accomplishments; moreover only on his 4th mission seasoned fighter-bomber-pilot Syd Cohen had my dad flying as his "wingman", given the tragic passing of my paternal grandmother, to the Nazis now beginning more than ever to take root in South Africa sitting atop the world's mineral richest resources, Bernie Gevisser was not exactly a "nobody", and nor was his father Israel Issy Gevisser who owned priceless beach property in Haifa Harbor known very well to Ben Gurion the head of the Hagannah Jewish Underground whose most important "runner" was none other than my most trusted pogrom orphaned maternal great grandmother, Nechie Badash, who came from the same tiny village of Plonsk, White Russia-Poland as Ben Gurion, and who you will recall reading about in my Royal Mother's very carefully crafted memoirs entitled, "Life Story of Zena", which Zena broadcast first time via email on October 9th, 2001, some 77 odd days after sending me this handwritten letter on King David Hotel, Jerusalem stationary

To repeat my mother's verbiage about Nechie Badash whose "favored" son was my maternal grandfather of Hasholom Alef-Albert-Al Badash-Ash assassinated by De Beers in 1963-1964.

A leading film company wanted her in movies but her father would not agree always afraid strangers would take control of her young life. With virtually no friends of her age she mixed freely with adults. In the main with her paternal grandmother who was born in Poland had come as an orphan from Poland where her whole immediate family had been wiped out in a [pogrom](#). This same grandmother had her playing whist at whist drives when she was eight. They won many prizes of food hampers and once a whole ten shilling! Wise beyond her years she listened to the problems of the world relayed in her presence and the solutions to many of these problems.

Moreover, my mother then goes on to say that Nechie Badash who gave birth Al Badash-Ash on December 5th, 1899 was, "an early resident of Tel-Aviv" where the Mossad are headquartered "only returning to England when Zena was born" on May 30th, 1929.

While most people comfortable with the "status quo" which again includes the overwhelming majority of people on my one email list representing a statistically valid sampling of the world's literate and corrupt of all ethnic backgrounds, races and religions, could care less about the fact that German Nazi Ernest Oppenheimer took full control of De Beers in 1929, such a very important fact will not ever from this moment forth be lost on all those very poorly paid in the world's military propping up the derelict lifestyle of the disgusting filthy rich Trust-Hush-Fund crowd made up of all ages, religions, ethnic backgrounds and again the most corrupt those with no religious background beginning with academics the new corrupt

church who use and abuse their knowledge of all the religions that all speak both truth and goodness, one just needs to be properly "grounded" to understand the genius of One G-d so smart as to provide "tell tale" signs of how best of all to flush out all the world's corrupt clergy just doing the bidding the corrupt business people and their so bought and paid for media-politicians including of course people like Andrea Walters of NBC and married to former DeBeers-US Federal Reserve Chairman Alan Greenspan and never to forget Drudge so in bed with the likes of Hilary it isn't in the least bit funny.

Marie now directing Jonathan to draw the FOOLS NAMES FOOLS FACES IN PUBLIC PLACES cartoon that will show a male sitting on a toilet reading a newspaper headlining FOOLS NAMES, FOOLS FACES IN PUBLIC PLACES and under the toilet bowl the letters \$ hit list although by the time it is finally done it might be something completely different; no forgetting the most sophisticated clothing manufacturers in the world are copied on this heavily broadcasted communiqué who would do well to remember that not only did I head up the restructuring of the onetime awesomely successful Epilady USA Inc. who owned the distribution rights for the Epilady women's shaver that was manufactured on Kibbutz Hagoshrim located in the Galilee, northern Israel.

But the Mossad made certain not a single counterfeit left Hong Kong.

All the while understanding that this "game" beginning with the "rule of law" hasn't once applied to the De Beers-Anglo American Cartel, the cartel of cartels, price fixers of price fixers, this most dynamic mafia of mafia the most flagrant violators of the so sacrosanct Anti-Trust/Anti-Monopolies/Anti-Price Fixing/Anti-Competition/Anti-Free and Fair Market laws of each and every country under the command and control of the DAAC beginning with the United States who for good reason have to so very much brainwash now 3 generations of US Americans that the US is the "standard bearer" for the "spread of freedom and democracy".

Forgive me for using this communication to remind all those westerners so very poorly educated under the Bell Shaped bs educational system that breeds most of all mediocrity that it is the most average such as President Bill "Rhodes-De Beers Scholar" Clinton who rise to the top, President George W. Bush the most exceptional, period.

May God continue to bless President Bush so very smart to embrace our neighbors to the south who like the Chinese are quickly losing their patience, just ask any General Manager of any restaurant here in the United States caught in the middle, trying to "meet their numbers" i.e. "make ends meet" given the increasingly impossible position of "arbitrating" between their hard working mostly Mexican origin laborers increasingly "flexing their muscles" in every sense of the words and right wing US American morons so loudly displaying their utter ignorance of world history, economics and politics; those o f course on the far left coming out of nonsense schools like the London School of Economics of course much more dangerous and blood thirsty their right wing blood brothers who wear their bigotry on their lapels; no to mention you know of course Mick Jagger not exactly coming from working class attended the London School of Economics.

Of course you cannot help but remember especially as I remind you of this email I sent The IT's "tTOo" [sic] children on September 18, 2006, that Brit nonsense economist John Maynard Keynes was a LSOE-De Beers spokesperson, the 988 word email ending with:

Bear in mind constantly since you would have read in Chapter 9 of The Diamond Invention, **DIAMONDS FOR HITLER, THE SECRET WAR REPORT OF THE OSS** [forerunner to the CIA] that the **DAAC**, the special interest of special interest group the world has ever known and the ones most benefiting from all the carnage of war while finding markets amongst the warring parties for their industrial diamonds, were planning their next war.

D-Day was in fact nothing more than the "***shot across the bow***" of the 730 delegates from all 44 Allied nations gathered at the Mount Washington Hotel in Bretton Woods, New Hampshire for the United Nations Monetary and Financial Conference. The delegates deliberated upon and signed the **Bretton Woods Agreements** during the first three weeks of **July 1944**.

You can click on the red 4 that will take you to whatever else Wikipedia has to say but don't be all that surprised if one day they wake up and provide one of my updates.

Jonathan has just completed the cartoon, and I think it looks cool-**sick** and hilarious; not to forget the more serious and geared toward the ruling elite cartoon of my uncle Joe Ash, my Royal Mater's half-brother, that appeared in the February 10th, 1971 edition of the Durban, South Africa, Daily News [click [HERE](#)], some 20 days before Mossad assassinated Charles Engelhard, an open supporter of the South African Apartheid Regime was laid to rest at St. Mary's Abby Church, Morris Town, two words, New Jersey; the funeral of this very close family friend of the

Kennedy clan and Johnson family drawing Senator Ted Kennedy, former President Lyndon Johnson and Vice President Humphrey.

Shalom.
