Subject: Think about what is different today than any time in the past when we could all say,

"the church, the ruling elite, all using one another while exclusively relying on their guns to keep the masses down, and nothing will change".

Who are the people saying "nothing will change"?

Why weren't they all placed up the "\$ hit list" [sic] before I started to type this communiqué?

When last did anyone "credible"; moreover, still alive, fit and well – the finger is really doing great – ever put a name and face to those indoctrinated, so brainwashed as to believe that "nothing will change", yet they know change is the only constant apart from truth, that which does not change,

Let me know if what I sent this Rick Brooks needs further edits.

I am walking over to Torrey Pines with the video camera. What a sunset.

Ps – did you hear it was hailing in Pinevalley and that some guy is driving the wrong way on the freeway with no intention of turning around? What if we "took the liberty" of adding his name even if he ends up dead to the "\$ hit list" [sic], would it drive traffic to just3ants.com?
