**Subject:** Think baby bibs with just3ants.com and the words, "I dont lie..... " - join the Chinese - RE - I found this email which was pasted into your reply to Shunit but I never received it

If you didn't get that 1406 "journey" email to Richard Cummings then you would have found it in the following up 964 word "penthouse"?

Now after digesting fully, my previous email to you, "This is our biggest market, one day old to 11 and after that whoever can stand the test",

<http://www.nexttraterrestrial.com/pdf/atucker-biggestmarket.pdf>

Think baby bibs with just3ants.com and the words, "I dont lie.....

We need to have just3ants.com looking appealing to parents of very young kids and then having those parents researching on a second "progressive" website that is a little bit more in your face like I just was in the previous email.

Maybe there is a way to work the parents of young kids because they are the ones going through the turmoil of all the lying that has been going on for 3 generations; they are the ones who are all stressed out; they don't know the truth but are still flexible enough, and caring for their children to expose their children to the truth; this next generation that is more adaptable to what is happening now, who have to do with a lot less and be creative, and start living to learn-learn to live, join the Chinese; and it is not a negative, it is a positive.

Who wants to see their child corrupted by money?

Come up with a new name for a website which is a more adult audience who have been conditioned to think that money is everything.

You do understand how if you were to speak/email everyone comfortable with the "status quo" they would tell you, "This is all pretty clear. We get it. We are not stupid". but yet just look at their children and know how important it is to be in these old farts faces.

So let's see how you translate all this without getting all the baby food!!

We have been talking about this for a while now that you have to get to 11 year olds allowing me to spend more than just a couple of hours each day on my wave ski; this morning was awesome!!

You can raise kids that they are not a bunch of nincompoops raised by TV and what they have been fed, the carrot helped by the big stick of course.

And remember that big stick is that Israeli military intelligence report, period.

I am now being told by Marie, "open the windows, come to bed; there was such a good breeze today but now it is dead".

Sleep well.

Ps – Forward this to my eldest brother Neil and have him forward it to my mother.

I also never received an email from Mike Sagorin (the shirt that I used on the home page was one that I found on a website and manipulated to try to make it work) and I have been searching for a 1406 word email sent to Richard Cummings which you are asking about and I don't believe I received that one either.

I think that you and I should start using delivery receipts in outlook which will notify us when the emails are received.

Can you please forward me your 1406 word reply to Richard.

**Subject:** Gang-Bangers - shirt designs

Yes – just place a ? after my mother's affiliation with the Irgun and change the date of her birth to May 30<sup>th</sup>, 1929.

You should be receiving sometime today t-shirt designs from Mike Sagorin that will allow you to place the various graphics and start trying to sell them on the website; and if you have any questions about price or anything including what toilet paper with the following design

is selling at the local 7-11 feel free to bother Mike at work but you also know that if you bug him enough and he isn't getting compensated enough you will notice it first in his response time.

Ps – keep thinking “non-conformist” outlets to sell the t-shirts, and listen carefully to what very seasoned clothing production people like Mike have to say; and of course even if Dr. John K. Pollard Jr. won't put us in touch with “bang-ganger” grandson Eddie there are other bang-gangers around the world that people like Public Defender Robert Quinones would know who might be interested in the story that led to Dr. JKP being so very quick to bail out Eddie once he figured that if I kept communicating with Eddie in jail that both Eddie and his younger brother who is also a “gang-banger”, would soon be “up on their feet” and no longer dependant on handouts from Dr. JKP and Co.

Of course the local DMV is a great place to find the hard working poor as well as “gang-bangers” hanging out as the ruling elite use such an institution to stretch their most valuable resource time, to the limit.

Marie, of course, doesn't believe for one minute that “gang-bangers” a term she hasn't heard before would buy our “non-conformist” t-shirts, that it is more likely kids either close to being “down and out” or like her going on 19 year old Trust-Hush-Fund daughter who go to healthier fast food places like Moseys in Luecadia who think they are so “in touch”, because I think MDG who is busy right now knitting and not talking, believes members of gangs “don't read” and not in the least bit interested in going to a website like [just3ants.com](http://just3ants.com).

So have Mike explain to you who are these “non-conformists”.

Don't, however, rule out even Chinese “gang bangers” who even if they are not Mossad agents may in fact read both Spanish and English and would get a great kick out of hearing Dr. JKP Jr's so very funny story bearing in mind he raised both his umpteen children and grandchildren with, “If you need a

helping hand, look no further than the end of your arm” without explaining that Dr. JKP attended both MIT and Cornell University where all he really learned of importance was how to steal legally and sound intellectual to intellectual midgets.

Ps – I am now looking at the Playboy website. Do not interrupt me unless it is very important.
