Adam, you won't mind if I share your thoughtfulness with another 20,000 or so individuals/groups on our email list who represent a statistically valid sampling of the world literate and crooked population.

Bear in mind I have a couple more follow ups of my own before concluding my final communiqué to President George W. Bush.

One final thought for the evening before retiring is for each one of us throughout the world including those in China bereaving over their lost ones and those many injured which no doubt will bring the awesome hard workings people of China even closer together, is the sinking of the USS Liberty on June 8<sup>th</sup>, 1967, some two days into the Israeli-Arab 6 Day War when the Arab armies were totally routed following the brutal Israel Air Force having taking out each and every runway of the warring Arab militaries worth talking about.

[http://en.wikipedia.org/wiki/USS\\_Liberty\\_incident](http://en.wikipedia.org/wiki/USS_Liberty_incident)

With all the many "white wash" investigations, TV documentaries and the such not a single individual and/or group, apart from the most senior members of Israeli Military Intelligence, the Mossad and of course the very deep underground Jewish Underground who keep both IMI and the Mossad with the most brutally efficient assassinations unit "honest", certainly more so than any other intelligence institute such as the De Beers controlled CIA, given how for starters the State of Israel has always had "truth" on its side beginning with the fact that the US Government allowing the monopolist De Beers worldwide ownership of the drilling industry for than a century, has never been a "friend of the fledging State of Israel", has asked the question,

**Why would the US Government deny the request by the Israel Defense Force to be apprised of all ships in the area?**

In other words, you have to wonder which side was the US Government on and how long before it would turn again? Why would you deny the request to inform the brutal Israel Defense Force of your most advanced intelligence gathering ship? For what reason?

Trystan,

You have had plenty of time to respond to my very respectful request for an explanation of your choice to lash out at me for simply sharing information with you. You of course being aware that there is always the option of hitting "delete" but instead, choosing to hit "reply" and expose yourself.

I am still unclear as to what you would take offense to in my email which clearly spells out the culpability of the US Government in not only benefiting from terrorism but indirectly sponsoring it. Additionally I site a specific example from a 2002 article that showcases the CIA and British Secret Service involvement in supporting Dr. Wouter Basson aka "Dr. Death" who used kidnapped black South African's to conduct experiments to further the creation of biological warfare that would specifically target black people and in particular those opposed to the South African Apartheid Regime.

BBC - 'Dr. Death'

<http://news.bbc.co.uk/2/hi/africa/1926117.stm>

What I find most ironic from your response it that you are a member of THE TASK FORCE, a proponent of Gay and Lesbian rights; but with an apparent selective view of who deserves representation and attention when it doesn't directly benefit your motives.

I am assuming of course that you are not African American and nor do you have any African American family or friends.

You are not alone in speaking before you think. Fortunately email is a perfect record of accountability and although you were not expecting me to include your peers in our correspondence I hope you can appreciate the power of shame in getting people to do the right thing.

I can also assume by your response that you don't have any family members, friends, or loved ones that are serving in the military, either by choice or by the very contrived economic draft which has the mainly poor who are not stupid but rather misinformed, finding no other option but to serve in the military, thus perpetuating a greater economic division in social classes with "lions lead by lambs" into battle for...

**"Immediately following the 2008 Olympics in Beijing China, Al Qaeda will launch a series of attacks on the oil fields of Saudi Arabia, Kuwait, and Qatar which will immediately paralyze the United States Economy."**

The fact that the FBI have an ongoing investigation into me and more over the "Terrorist Plot" that is spelled out in the ingenious Israeli Military Intelligence Report, but have yet to so much as ask me to stop sharing it begs the thought for anyone capable of logically thought processing, that there is more than a high probability to its validity.

More over, it doesn't take anything more than common sense to "do the math".

Very simply you are so distracted by nationality, race, religion, sexual preference, etc. which have nothing to do with the real world and why we have people killing each other. Remember the people that profit from war i.e. manufacture weapons and supply funding, have homes all across the world and certainly have no loyalty to country, race, or religion. Their loyalty is singularly focused on money.

You of course are aware that the United States comprises some 4.2% of the world's population and consumes some 25% of the world's oil production.

The Israeli Military Intelligence Report is intended to be a shot across the bow of the United States, specifically designed to point out the obvious question of "why hasn't Al Qaeda attacked our oil supply?"

Assuming you have any ability to logically thought process, you should begin to see how simple it is to follow the money trail.

As an exercise in futility I will demonstrate basic logic...

- 1) It is public knowledge that Saudi Arabia, Kuwait, and Qatar have been linked with funding Al Qaeda, Hezbollah, and just about every terrorist organization.
- 2) When these terrorist attack foreign countries i.e. Great Britain, United States, Spain, etc. these attacks provoke a military response.
- 3) Nearly 80% of the cost of said military response i.e. war is spent on fuel.
- 4) We purchase our fuel from the same countries that fund the terrorists which provoke the military response which results in money flowing into their countries.

I would have preferred to have used "kid gloves" in addressing someone such as yourself that has devoted at least some part of their life to treating a symptom of the problem not realizing that their efforts were futile providing little else but distraction, as you have obviously not realized that placing race, religion, nationality, gender, and sexual preference, in the spotlight serve the purpose of taking the focus away from the ruling elite, again with no loyalty to any of the above, who steal and enslave the mainly hardworking masses who again, are not stupid but rather poorly misinformed.

I am not looking to convince you or anyone of anything; it is your responsibility to see value in the information and use your own logic to come to your own conclusions, but I will not allow you or anyone to "get in my face" without due response.

Trystan,

Could you please elaborate on what specifically upset you so much as to respond with name calling?

I have to head out at the moment, but I look forward to your response.

FBI Special Agent Thomerson came to my residence on April 29, 2008 and left a business card asking me to call him... which begs the question as to why didn't he just call me to begin with? Logic would dictate if he could get my address than he could also get my telephone number. So why didn't he just call me, and why did he wait more than 24 hours to return my call once I left him a voice message? Again logic would dictate that he was interested in seeing who I would communicate with once I received their "heads up".

Special Agent Thomerson was contacting me because of the following Israeli Military Intelligence Report which I posted on a Chevron message board back in January 2008 but it did not originate from me.

I have a close Jewish South African colleague He maintains that he is neither an official or unofficial member of any of Israel's Military or information gathering services but he does have strong familial ties to the state of Israel starting with his great grandmother who was one of the founding members of the Hagannah along side David Ben-Gurion.

**"Immediately following the 2008 Olympics in Beijing China, Al Qaeda will launch a series of attacks on the oil fields of Saudi Arabia, Kuwait, and Qatar which will immediately paralyze the United States Economy."**

The report unequivocally spells out the mutually beneficial relationship between the United States Government and the corrupt kingdoms of Saudi Arabia, Kuwait, and Qatar; the same kingdoms that fund the terrorist groups which justify the wars which in turn results in petrodollars flowing into their countries.

So why hasn't Israel moved yet?

Just3ants.com has been exclusively broadcasting this ingenious Israeli Military Intelligence Report since October 2007, preparing the US government to step down and at the same time having the US military stand down once they realize that there is no one worth their salt to follow into battle; "...lions lead by lambs".

It's so easy to corrupt a culture that is devoid of art, devoid of integrity, devoid of compassion; and breeds complacency.

The Peoples Republic of China has been receiving military training and technology from Israel for decades, and now provides Israel with the support of an army that is more than twice the size of the United States military and a 5000 year culture full of art, integrity, and compassion.

So why hasn't Israel moved yet?

Thomas Jefferson (Letter to James Monroe, January 1, 1815)

"If the American People ever allow the banks to control the issuance of their currency, first by inflation and then by deflation, the banks and corporations that will grow up around them will deprive the people of all property until their children wake up homeless on the continent their fathers occupied. The issuing power of money should be taken from the bankers and restored to Congress and the people to whom it belongs. I sincerely believe the banking institutions having the issuing power of money are more dangerous to liberty than standing armies.

We are completely saddled and bridled, and the bank is so firmly mounted on us that we must go where they ill guide.

The dominion which the banking institutions have obtained over the minds of our citizens...must be broken, or it will break us."

At the turn of the 20th century JP Morgan as well as other US bankers discovered war profiteering by financing the British Anglo-Boer War of 1899-1902. No loyalty to race, religion, or nationality; just money.

Shortly after this war, in 1913 JP Morgan co-founded the FEDERAL RESERVE and began hooking the masses on traceable currency regulated by his bank and enforced upon the world by the United States Military.

In 1917, JP Morgan invested heavily in Anglo-American, a joint venture diamond mining company with Ernest Oppenheimer who would later leverage a stock pile of diamonds to gain control of De Beers Consolidated Mines, thus creating De Beers Anglo-American Cartel.

Regulated traceable paper currency for the masses and unregulated untraceable diamond currency for the ruling elite which travel the world freely with diplomatic immunity and homes around the world, De Beers et al have no loyalty to anything but money.

This untraceable currency has provided the mechanism for corrupting governments, financing wars, etc. and never leaving a money trail.

A thief assumes everyone steals, and when given the opportunity, most do. But character is defined by what one does when no one is looking.

PS. Were you aware of a project spearheaded by the CIA and the British Secret Service that supported Dr. Wouter Basson aka 'Dr Death' of South Africa and his experiments to design biological warfare that would specifically target blacks; using kidnapped black South Africans as

the test subjects.

Here is a link to one of many articles on the subject.

<http://news.bbc.co.uk/2/hi/africa/1926117.stm>

I would be very interested to hear your thoughts on Black South African Nelson Mandela keeping a copy of the experiments' results on a CD-ROM and then passing it along to his successor, Thabo Mbeki.

How come we didn't hear from the American Civil Liberties Union or either one of the self-proclaimed black leader bobble-heads Jessie Jackson or Al Sharpton?
