Subject: SMART-SABBATH DAY - Military.com discussion

Rabbi Weiss,

Would you think it smart at this time with all the world's military, from the highest to the lowest ranking members including those changing toilet rolls on an Israeli military base in downtown Tel-Aviv, getting increasingly informed that there was nothing far-fetched in the US Navy's decision to build [1967-1970] a swastika shaped building on Coronado Island, San Diego close to the border of US-Mexico, to Princeton University freshman in 1938 voting Hitler the greatest living human being and Einstein, who was on Princeton's Campus, second, to first think this Holy day, the Sabbath day so holy that God Him-Herself is also like me working and playing, the glittering off the Pacific Ocean in front reminding me as I remind you that all that glitters is not gold.

Not to mention why exactly the Jewish Underground throughout the world outside of Israel that established in December 1949 the most brutally efficient Mossad,

Israel's intelligence institute that abides by one simple rule, "By deception we wage war" in executing, "at all cost" the Defense-Offense of the Jewish State that has never, not for one moment since its formation on May 14th, 1948, known a moments peace, despite such fact not headlines news throughout the world 24 hours a day, seven days a week, were not in the least bit surprised why Albert Einstein, forced to flee his native Germany as US-DeBeers-J.P. Morgan and Co. bankers crashed the currency of the Weimar Republic, wrote some 4 years earlier in 1934 as his return address, "Concentration Camp, Princeton."

To mention little of very Jewish Einstein thinking that his close friend, devout Christian, Afrikaner Field Marshall Jan Smuts was not exactly a "mental midget"; in Einstein's words, "**Smuts**, one of only 11 men in the world who understood Special-General Relativity.

Moreover, there wasn't a military commander anywhere in the world, worth their salt, who didn't understand perfectly well given how well Smuts had executed so very brilliantly against the DeBeers-British in the Anglo Boer War of 1899-1902 Guerilla-Special Forces-tactics, Smuts **would** rise so very quickly "in the enemy **camp**".

When you can't beat them join them!

Keep your friends close and your enemies even closer!

Not to mention you can in fact trust me when I tell you categorically Smuts never once forgot the brutality of the British-American-DeBeers financed Anglo Boer-Farmer War beginning with how the De Beers-Anglo American Cartel enslaved not only Afrikaner old men, women and children in Concentration Camps, some 20,000 dying of thirst and starvation which was the only way they saw possible to defeat the far superior fighting Boer Guerillas expert shot on horseback.

To mention little of lean and trim Smuts once "inside enemy lines", having risen so beyond belief quickly given his one-of-a-kind most brilliant **military** mind, humble to a fault, trustworthy as God Him-Herself, but by no means close to the son of God, to the point that during World Oil War II this former enemy number 1 of the British-American De Beers-Anglo American Cartel empire was second-in-command to Winston Churchill even during drunk Churchill's dark-dog-day afternoons when he snoozed after boozing himself into a coma and Smuts who maintained peak physical condition, "went to work".

You have seen my simple but not exactly stupid explanation of math which contains no "errors" to speak of, being God's most easy to understand evidence of Her-His presence and how it should help you answer the very easy to understand but rather complicated question I previously put to you, "Do you believe or do you know God?" which caused you, someone who has known me since I was a toddler, to go "deafeningly silent".

Consequently the “proof” of God is further “amplified” when moving on to the highest levels of math-science-chemistry-brain – the brain, all chemistry that translates back into the science into the math, the first indicator of the Supernatural.

So powerful the words, “Hear O Israel, I am the Lord thy God, God is One.

Again, “Hear”, not “Watch” or “Feel” or “Smell” or “Taste”. Hearing is the only one of our 5 or so senses that functions exclusively within planet Mother Earth versus all the rest operate perfectly fine in the rest of Deep Space which is **all** that is out there, certainly as far as the most powerful telescopes can see, all the way back to pretty much that start of it all, some 13 or so billion years ago.

Whoever wrote those words was pretty smart in choosing “Hear”, wouldn’t you say given how the science at the time was not quite complete?

It doesn’t get much higher than the 3 great scientific discoveries of the last century, Chaos Theory discovered in the upside down year of 1961, Quantum Physics-Quantum Mechanics and most importantly Einstein’s, “Mind of God” equation which in “reverse”; i.e. in compliance with Quantum Mechanics – what goes forward must work in reverse – reads, “To see me – $2 c mE$ ”, which when combined with my further explanation of the “Hand of God” at work within the same equation, $E=mc$ to the power of “tTOo” [sic], so you immediately see the “Hand of God” much like a “dimmer switch” moving “c” – the speed of light – up and down as in “Let there be light” that converts the constant “m” – mass – at light-G-d-speed into Energy-Evolution; i.e. there is no controversy “speak of” between Creationists and Evolutionists apart from those breeding controversy where none exists in order to make money, let alone have corrupt-co-opted clergy-politicians so very filthy rich, particularly in the west, have to break a sweat **working** for a living, while increasingly feeling the weight **of the world** on their shoulders as they ponder how

long it is going to take before they see their FOOLS NAMES, FOOLS FACES IN PUBLIC PLACES appearing on my "\$ hit list" [sic].

You also know that I wasn't "born in a stable" nor were either of my parents or for that matter my grandparents or great grandparents beginning with my pogrom orphaned great maternal grandmother, Nechie Badash, exactly stupid, not even close; and of course coming from the same tiny village of Plonsk, White Russia-Poland as Ben Gurion, the most trusted of his consigliores who didn't have to prove anything to her entire murdered immediate family.

Rabbi, you remember **Miss World** Penny Coelen, the one top model of my Royal Mater-Mother, Zena Gevisser who few would argue has been from the time you were ordained as a rabbi, long before leaving South Africa to continue your education in the United States, to where today you are without equal, head and shoulders more intellectual than any living Professor Rabbi, being as close as it gets to my Royal Mater, and you know just like my father, former Allied Fighter-Bomber-Pilot Bernie Gevisser, my mother never made a South African penny out of Penny or for that matter most of her top international models who of course were not all expert pistol shots.

<http://nextterrestrial.com/pdf/Microsoft%20Word%20-%20president-implicationsA.pdf>

The photo above showing me, a year old, in mother's arms and Penny freezing her small buns off taken in 1958 on Durban's South Beach which was a WHITES ONLY beach back then, is a pretty cute photo; but not quite so cute when you are now reminded for the first time in possibly all your life that WHITES ONLY signs were not only picture perfectly displayed on South Beach but Bay of Plenty, just a quick jog further north, where my good friend Shawn Tomson "cut his teeth" to become the World Surfing Champion in 1979, the same year I met for the first time with assassinated American Charles Englehard's one group of lawyers located on Bush Street, San Francisco, CA, who were of course while very happy to see me, offering me a corner office in their very "old money" looking law offices, most eager to talk about my Royal Mater, hoping that I would entice her to visit on her many travels.

Not to mention such very worldly attorneys not in the least bit interested in my baboon looking and buffoon of business person uncle David Gevisser, who became the executor of Englehard's second-to-none mineral rich estate immediately following the burial, of this virulent anti-Semite, most evil "control person" of the De Beers-Anglo American Cartel, on March 2nd 1971 at St. Mary's Abby Church, Morris Town, two words, New Jersey.

To mention little of the Mossad, who orchestrated the "poison hit" on Englehard, made certain attending the graveside was each and every prominent politician owned lock, stock and barrel by the DAAC, the mafia of mafia, counterfeiter of counterfeiters, special interest of special interest group who have been allowed now

for more than a century to buy and sell on each and every main street their own unlimited supply of lightweight, untraceable, never inventoried Diamond Currency, always price fixed at more than a barrel of oil, beginning with Democrat-Socialist Senator Ted Kennedy, Democrat-Socialist former President Lyndon Johnson and Democrat-Socialist Vice Present Humphrey.

To mention in passing, the final dose administered with of course Ben Gurion's approval, soon after my Royal Mater and I along with my sister Kathy-Louise and our first cousin, to model, Karene Gevisser, returned from skiing trip to Arosa, Switzerland.

Rabbi, do you now understand fully, the impact of De Beers, having now for several years retail money-laundering operations on the most prized real estate on all US soil, has on our very poorly paid US military personnel without all the Jewish people in the United States of America, the majority of whom vote Democrat-Socialist big government bail outs for the rich, "screaming bloody murder"!

It is nothing short of ear piercing the deafening silence of the Jewish leadership not just in the United States but throughout the world to the "revelations" contained in Hollywood blockbuster author, Edward Jay Epstein's epic novel, The Diamond Invention which doesn't mince any words in articulating De Beers' most devious role in arming Nazi Germany all the while so arrogantly thwarting the efforts of Allied Commanders to stockpile on US soil, the critically needed industrial diamonds that De Beers controlled worldwide.

De Beers in co-opting-corrupting so many millions of Jewish people throughout the world of course make much more than a total mockery of each and every Holocaust Memorial Museum let alone all those succulents who work for these organizations.

My mother Zena knows not only about the importance of not letting your slip show but much more brain racking stuff like being conspicuous in one's absence.

It was an extraordinarily carefully thought through decision by my mother not to join me in late 1979 when I handed over to Engelhard's and my uncle's lawyers, my uncle Dave's "Letter of Introduction" handed to me by my mother on March 16th, 1978 in an unsealed envelope at Louis Both Airport, Durban, South Africa just as I was embarking on my trip to the US accompanied by my father who of course was the most "conspicuously absent" Allied Jewish Fighter-Bomber-Pilot from Israel's War of Independence.

Instead, my mother made her presence very well known in Chicago as she talked the socks off members of a Bar Association headed by a Black African American gentleman who later invited my mom and me for dinner at his home in Gary, Indiana, given how he, so very statesmanlike and so very kind, simply, like the rest of many lawyers present at my mother's more than an hour talk, couldn't enough of her so very insightful comments, all of course spoken in the Queen's English, resulting in a standing ovation that lasted all of 15 minutes.

You are also now more fully aware of my Royal Mater's very close friend, secret member of the Irgun Jewish Underground movement and Deputy Chief of the brutal Israel Air Force, Boris Senior who received the exact same Fighter-Bomber-Pilot training as my dad although perhaps not quite as skilled and certainly not as experienced as my dad who to his credit had some 71 odd miraculous missions versus Boris' 45, dive bombing the crap out of the DeBeers Nazi bastards in the skies of northern Italy; my dad's last mission ending on April 15th, some 23 odd days before DeBeers-J.P. Morgan and Co financed Nazi Germany surrendered on May 8th, 1945.

You would know for example that the US and British Governments placed not only an arms embargo on the fledging Jewish State both prior and throughout Israel most brutal War of Independence 1947-1949 that you are only very recently figuring out, thanks to me, why it had to be fought in the first place considering the atrocities of the Holocaust and that the Allies or was the Nazis who actually won World Oil War II?

Boris Senior's decision to make it very clear that the US Government was "no friend" of Israel all the while also mentioning in his book, NEW HEAVENS, subtitle My Life As A Fighter Pilot, that the US Government prevented men of military age from entering Israel as part of the arms embargo, not only now sends a shiver up your spine but makes sense when you again recall my father's "conspicuous absence" from the battlefields of the Middle East despite your knowledge of my father being so very intimately familiar with the landscape of the Arabian desert given how his first stop which including training on British made Spitfires was Egypt.

Now your mind quickly goes to how on September 7, 1949 Boris Senior was part of Israel Squadron 101 who shot down some 4 British spitfires piloted by members of the British Air Force escorting Egyptian fighters into battle with Israel's only Squadron Commandeered by Syd Cohen who was as close as it gets to my dad during World War II when they flew together in Squadron Eleven; uncle Syd thinking enough about my father's extraordinarily good flying skills as well as experience to have my amazing dad fly as Syd's wingman in my dad's only 4th mission.

Were you to call uncle Syd today he will tell that he was quite certain that my father was alongside him immediately after Nazi Germany surrendered and he and a bunch of other Allied pilots were boating down "the Red Sea before turning left" to join Americans fighting in the Pacific and while enroute the US dropped two biological-nuclear weapons on two civilian populations murdering in two instants some 3 days apart some half a million men, women and children and hundreds of thousands severely and grossly wounded.

Not to mention you beginning to understand that much more the significance of my Royal Mother mentioning so very clearly, "**From the earliest days of 1949, she [Zena] visited Israel two and three times a year writing reports for different publications**" in her memoirs entitled, "Life Story of Zena" which my mother only began broadcasting via email on October 9th, 2001 the day after I attended a rather boring board meeting of the Wetherly Capital Group under the "command and control" of Ronald Burkle the single largest benefactor of the Clinton Rhodes Scholar and Co.

You should have little trouble if tracking along with me [visualizing](#) a video I hope to have placed up on just3ants.com in the next few days that provides the "loop" surrounding the decision by the news media to give Bernake of the Federal Reserve any mention given how each time they mention this Federal Reserve chairman's

explanation for the Fed-Bear Sterns-J.P. Morgan Chase-Roger W. Robinson-Sec. James A. Baker III-Sec. Henry Kissinger-Robert Gates-David Rockefeller-"Our Man Roger"-De Beers bailing out DeBeers the Fed-Bear Sterns-J.P. Morgan Chase-Roger W. Robinson-Sec. James A. Baker III-Sec. Henry Kissinger-Robert Gates-David Rockefeller-"Our Man Roger"-De Beers so one better understands the brainwashing that while filtering down to our military personnel also has them realizing that the trickle-down economics isn't really enough to keep them brutally murdering those they are only just now finding out are far less brainwashed than them getting paid peanuts to brutally kill others equally poor in the rest of the world who again know that they can't be as brainwashed as American service people so very distracted that they cannot see how crooked are their civilian as well as military officers those at least multi-millionaires who rely on poor paid US military to convince themselves that because of their low pay they are not mercenaries like the rest of the US military mercenaries recruited by the likes of the CIA who also have to resort to violence when interrogating the enemy given how they have the most horrible time explaining the truth of them being so much more brainwashed than the enemy who have no difficulty understanding the truth when captured by Israel Special Forces commandos who don't have to resort to brutal interrogation techniques when explaining just for example why it was that the US Government forbid men of military age from entering Israel to fight alongside Ben Gurion's soldiers who survived the initial onslaught by the Arab armies having amassed on Israel's borders on May 14th, 1948 when the US and British Government were counting on a quick a decisive victory one can do for all getting rid of the "Jewish problem" only because British and American Commanding Officers beginning devout Christian, Field Marshall Jan Smuts using Ben Gurion's most trusted emissaries all coming from the House of Badash provided Ben Gurion at his headquarters in Jerusalem not only the British-American battle plans but the knowledge they could also count on saboteurs within Arab army to "lead the charge".

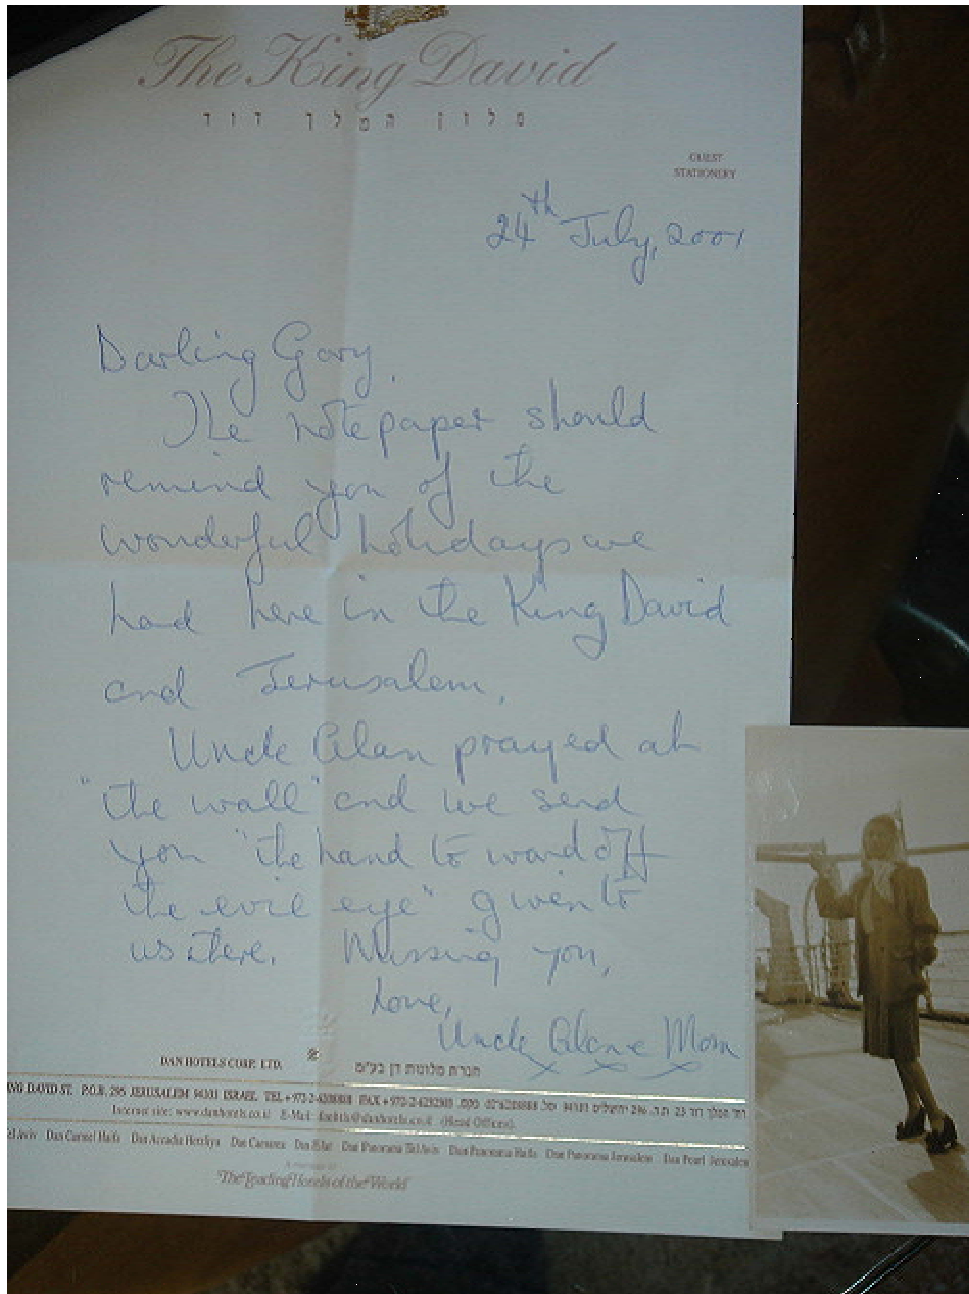

If I come across as a little hurried it is because I am hungry and my gorgeous body and face wife is also get dressed for a ride on the Ducati ST4S to go search for a kilt for both of us to celebrate my last birthday.

Come Monday morning will be following with President George W. Bush and a host of other celebrity seeking politicians-actors but don't wait to visit yet again just.com

Sidebar to Bob: Do you know of any other senior US Military Officials with close ties to the CIA whose close ties to the Nazis is well documented who play squash. BTW did you notice in Steven Spielberg's epic 2005 movie the CIA being depicted interfering with a Mossad hit. Bob,

You sound very much like a friend of mine named John K Pollard Jr., of no relation to the Israeli spy that has been imprisoned in the US for more than two decades, serving a life sentence for sharing information that was already shared.

Despite JKP's formal education at MIT and Cornell, he is very knowledgeable and understands what it means when Israel releases an Intelligence Report that stated the following:

"Immediately following the 2008 Olympics in Beijing China, Al Quaida will launch a series of attacks on the oil fields of Saudi Arabia, Kuwait, and Qatar which will immediately paralyze the US economy."

Where John falls short, is his inability to comment on it or anything of real substance. Feel free to ask him anything, but make sure that you consider his shortcomings when you phrase your questions as he only responds to questions that will allow him to sound intelligent but will pull his punches and when he gets to any subjects that might require him to stand tall no matter how black and white the subject.

The last time you had a thought about the CIA was when I sent you the article which very clearly shows that the CIA spearheaded biological warfare targeted at black people and tested on human beings in the same inhumane manners at which the Nazis tested their biological weapons.

You can bob and weave as does JKP, but realize that an email is a permanent record of who knew what and when. Ignorance is not bliss when you know better and you choose to stick your head in the sand.

Also realize that should you decide to go quiet, your silence will speak volumes.

You may want to visit www.just3ants.com before you carefully choose how you reply... Be sure to visit our "\$ Hit List [sic]" as it gets updated frequently.

Adam

P.S. Not only do emails put a date stamp on our knowledge, but it also affords a blind copy section which helps to keep people honest, never knowing who is watching and never knowing when you might have to stand by your words.

Adam,

Question 1: Because DOD just found out about it.

Question 2: Perhaps, but this is not a credible warning.

Question 3: No. It has everything to do with the Olympics and a free people being crushed by a totalitarian dictatorship just like the one the Islamoterrorists would impose on us.

Bob,

I read the post that you made on a Military.com discussion board earlier today and I wanted to get the opinion of a seasoned US veteran on the timing of this article discussing the ballistic nuclear missile parts that were "mistakenly" shipped to Taiwan. I agree with you that it not a fair or accurate assessment for anyone to blame the air force for this action, however I think that the timing of this very public article being some 2 years after the shipping mistake begs the question, "why is the Pentagon releasing information indicating that nuclear components were shipped to Taiwan as early as 2006?"

How do you think China will respond to what appeared to be a credible warning that nuclear components are very possibly in Taiwan?

Do you think that the timing of the current Tibetan uprising has anything to do with the CIA as it did in the late 1950s-1960s?

Thank you for your time.

Sincerely
Adam L Tucker

The article infers that the Air Force is to blame for sending nuclear missile nose cone parts to Taiwan instead of batteries for Huey helicopters. Nothing could be further from the truth. The parts were not controlled by the Air Force but by the DOD Defense Logistics Agency (DLA) located in Utah. The nose cone parts were turned over to DLA in 2005. It was the Defense Logistics Agency that shipped the classified parts to Taiwan, not the Air Force. The article implies that once again, the Air Force wasn't taking nuclear weapons seriously. I must seriously question the wisdom of Defense Secretary Gates in selecting Secretary of the Air Force Wynne to conduct the press conference on the issue. We must ask the question, "Why wasn't the DLA at the press conference"? Where was the DOD UnderSecretary for Acquisition, Technology, and Logistics to whom the DLA reports? Why is the Air Force linked to this matter when it was not the Air Force who shipped the wrong part? Is this Secretary Gates' way of playing the blame game to avoid criticism of his own department?
