**Subject:** CHAOS THEORY - UPSIDE DOWN YEAR 1961 - HOT BUTTON - Donnie Brasco -FW: I need help with colors and ideas...

Carla,

I just figured that your email address was one of those shared by my friend [Garry Purkiss](#) that included 1977 World Surfing Champion Shaun Tomson who I not only attended high school with at Carmel College, Durban, South Africa even though Shaun was in my elder brother Melvin's class, but eventually we ended up studying Economics I and II together at the University of Natal-Kwazulu, graduating in 1977 ahead of Shaun, who took time off to pursue his surfing career, but yet you don't know Shaun?

Are you serious or delirious?

Is Shaun's wife Carla pissed off with you?

Please look at the following headline on Drudge Report:

**You're running out of oil - Bush**

<http://thescotsman.scotsman.com/latestnews/You39re-running-out-of-oil.4095858.jp>

You agree that when admonishing OPEC this was President George W. Bush's way of saying, "**it is bad for us Americans, we're running out oil!**"

You also know that Senator Ted Kennedy is currently in hospital and generally you don't associate this household name member of the Kennedy clan with the oil industry although you know from me being the first to inform you all that Ted Kennedy along with former President Lyndon Johnson and Vice President Humphrey were the 3 most senior members representing the systemically corrupt 3 Branches of the US Government attending the funeral of Mossad assassinated American Charles Engelhard back on March 2<sup>nd</sup> 1971 at St. Mary's Abby Church, Morris Town, two words, New Jersey.

You also cannot escape the truth that Charles Engelhard was the "control person" of the De Beers-Anglo American Cartel beginning the instant he inherited from his father of the same name the title, The Platinum King.

By clicking on the hyperlink below you will be treated to quite an eyesore beginning with how again American Charles Engelhard managed to get John F. Kennedy and his wife Jacqueline to visit with him at his secluded retreat Camp Chaleur across the border in Quebec, Canada, prior to President elect John F. Kennedy meeting with Engelhard's Anglo South African partner Harry Oppenheimer at the Carlyle Hotel located on the upper east end of New York City, again right before being sworn in as President and Commander In Chief of all US Armed Forces back on January 21<sup>st</sup>, 1961, the upside down year when Chaos Theory was "discovered".

<http://www.nextraterrestrial.com/pdf/The%20Atlantic%20Salmon%20Federation.htm>

My French-Canadian wife just "reminded" me, "I forgot to go to the market; totally forgot" which has me mostly thinking not about the Sunday market over in Solana Beach where Adam L. Tucker currently resides but the two De Beers controlled wholesale-retail diamond currency money laundering stores in downtown Del Mar, kitty-corner across from the Java Kai Coffee shop located on the ground floor of the Del Mar Plaza.

So when you go back and read the internet only non-fiction novel, The Diamond Invention and come across Hollywood blockbuster author Edward Jay Epstein remarking how the DAAC have now owned the world's drilling industry since the turn of the last century when Charles W. Engelhard's father acquired in 1902 Engelhard Minerals and Chemicals, Newark, New Jersey you have no difficulty making the connecting dots between Senator Ted Kennedy being forced to attend the funeral of the Kennedy clan's major financial benefactor who forced his brother President JFK to first meet with him as well as Harry Oppenheimer at Camp Chaleur in preparation for that so very staged meeting at the Carlyle Hotel and President George W. Bush now telling us Americans who cannot handle the truth, the truth, the whole truth and nothing but the truth.

Would you now prefer that I don't remind **you** of the ingenious Israeli Military Intelligence report only available for public viewing on [www.just3ants.com](http://www.just3ants.com) that you would also prefer President George W. Bush does not make mention of, at least not until you have "secured your nest egg" no different to the overwhelming majority of people on my email list, all the while you all know for a fact that the FBI can also do more than read the simple writing on the wall.

Let me explain in very simple English.

In 1978 when Epstein first began writing The Diamond Invention the Mossad also knew that the FBI had the same access to their own Justice Department records as did Epstein as did each and every literate human being in the world under the Freedom of Information act.

Members of the Secret Service who were protecting President elect Kennedy at the time he met with Harry Oppenheimer at the Carlyle Hotel could also read and could also not believe their eyes that the incoming President of the United States was being forced to pay homage to the Anglo Saxon co-head of the mafia of mafia, the price fixers of price fixers on U.S. soil making their second most important job of protecting the currency of the United States a total farce.

Members of the CIA as well as the entire United States Congress as well as all members of the US Supreme Court understood the significance of this very public demonstration by the De Beers-Anglo American Cartel as to the absolute fact of life that this mafia of mafia "called all the shots".

You know from the transcripts of the two phone calls Adam L. Tucker had on April 29<sup>th</sup> with FBI Special Agent Curran Thomerson that in addition to reading and writing Mr. Thomerson will have by now read cover to cover Edward Jay Epstein's most fascinating non-fiction novel, *The Diamond Invention* detailing the devious nature of the De Beers-Anglo American Cartel, the mafia of mafia who derive great satisfaction in seeing the likes of the FBI fight it with small time Mafioso over crumbs dished out by this cartel of cartels, special interest group of special interest group who consider that meeting at the Carlyle Hotel between the incoming Democrat-Socialist President of the United States of America, the world's superpower at the time, the pinnacle moment of their extraordinary "gun-money-power".

Would you agree that President Bush should immediately suspend the trading of shares in public corporations?

My French-Canadian wife says she is almost done with her awesome wool and cotton sweater, "just the cuff to make" as her son Jonathan asks, "Just spin" which has Marie Dion Gevisser doing a little spin for us both as our gallery-studio cliff house remains mostly lit by the fading sunset, the sound of the waves continuing to let us know just moments before we will be once again cooled by ocean swept fresh air; MDG now commenting looking at herself in the one mirror in the living room area to the right of one Sebastian Capella's masterpiece yellow roses, "it is a little hot for the season", this very different and most sexy sweater she had started two to three months ago, that should have you thinking about my 19 year old mother Zena Ash Gevisser detailing in her memoirs entitled, "Life Story of Zena", again only available for public viewing on [just3ants.com](http://just3ants.com), "From the earliest days of 1949, she [Zena] visited Israel two and three times a year writing reports for different publications!"

Do you find it "sumwhat" [sic] strange that my highly literate and most secretive orthodox Jewish mother despite raised by her paternal grandmother who returned from Tel-Aviv, Israel where she was one of the early residents to England when Zena was born, does not know more than a handful of Hebrew words; moreover, has a home on the beach of Netanya, Israel which is the DAAC's headquarters in

Israel that she and my step-father Alan Zulman, a maven in the South African clothing industry visit regularly?

My very smart and athletic elder middle brother Melvin is pictured above on the left in a family photo taken in Zena and Alan's Netanya apartment.

Melvin, you will recall put up his hands when I first pointed an unloaded Uzi submachine gun at him back in July 1966 during our first trip to Israel,

when we spent a good deal of time with Commander Syd Cohen and his family; Syd Cohen, you will recall, is the revered Commander of Israel's first Air Force Squadron 101 and who prior to World War II ending on May 8<sup>th</sup> 1945 flew alongside my very excellent Fighter-Bomber-Pilot father, Bernie Gevisser, on many of Bernie's 71 odd miraculous missions dive-bombing the crap out of the De Beers Nazi bastards.

By way of deception we wage war! – Mossad.

Keep your friends close and your enemies even closer!

When you can't beat them, join them!

Next to Melvin is South African attorney Irwin Strous whose mother was killed and eaten by a lion not all that long after that photo was taken when she and her husband Louis Strous were vacationing at a new game reserve in Natal-Kwazulu, South Africa and the lions had apparently not fully "acclimatized. Irwin's oncologist doctor wife is to his left followed by Alan Zulman, Zena, my sister Kathy-Louise Gevisser Danziger and Alan's only son, ultra orthodox Jewish-Black Hatter, Lance Zulman who works for Israel's equivalent of the Internal Revenue Service.

BTW even my "secret weapon knitter" French Canadian wife thought it was me and not Melvin in that photo; bearing in mind Marie Dion Gevisser who is also very visual knows both of my two elder brothers given how MDG has known me for some 14 years even though we first met many years before at the funeral of the younger brother of my one American attorney, King Golden Jr. Esq. whose bosom buddy is De Beers' "master spy" Roger W. Robinson who along with Sec. James A. Baker III were the two individuals in the White House "calling the shots" in President Ronald W. Reagan's first administration.

What else can I help you with?

Gary

Ps – what do you think of the following design for **THE FISH ROTS FROM THE HEAD DOWN?**

Could you possibly doodle with the top of the fish, rounding it more like the bottom to incorporate the Jesus fish idea?

Now if you have the time could you see what statement best fits the graffiti lettering below; and I think you would agree is it most appropriate for the FBI investigation of just3ants.com?

Carlo, I am trying to find a way to your "hot buttons".

I think you will find that I am the most "credible" person on the planet taking a stand against corruption at the highest levels which I am showing at the same time is systemic, but with each tick of the clock and my "footprint" on the internet gets that much bigger so does the hope increase of the overwhelming masses throughout the world who aren't getting close to their fundamental basic needs being met, beginning with clean drinking water, the most basic human right.

BTW my French-Canadian wife just pointed out that when looking at her computer screen of two photos almost side-by-side, one taken possibly 4 decades ago of Frans Visser who passed away two weeks ago this past Friday when he is standing in front of mine most likely in Rhodesia/Zimbabwe and me standing recently, that we have the same "pose".

What exactly interests you that I haven't already addressed?

BTW, I have a follow up to a Mr. Paul Robinson that is lined up in my "outbox" that you may want to wait for before replying. The hyperlink below takes you to an email referencing this forthcoming communication that addresses the most important next "BIG LIE" to Hitler and Co. so easily fooling the world that he was "sumhow" [sic] Aryan and getting with it; not to mention my French-Canadian's going on 16 year old son's comment even without reading the 2234 word email to Andrew Duncan yesterday, "I liked how you pointed out the stupid people are the those who thought they would get away with it.
