Subject: FOOD FOR THOUGHT! - Did you receive the email i sent Maria Gonzales?

Dear Ken and Dajana;

The hyperlink below takes you to it.

<http://www.nextraterrestrial.com/pdf/bkoverick-underinvestigation.pdf>

In short order I will be following up with Bill Kovarik who you most likely have not heard of, but my guess is that you will find what I have to say as interesting as most literate individuals whether or not corrupt, including each member of the FBI, CIA and most importantly Israeli Military Intelligence and the Mossad, Israel's most brutally efficient intelligence institute with the Kidon assassination unit, greatly assisted by the Talipot, Israel's most "wired" Special Forces unit, all of whom are carefully synchronized with the rest of Israel's Special Forces units whose Commanding Officers as well as commandos including unit commanders are not all multi-millionaires, much like most of the world's military, let alone able to afford one of Derek Lam's most awesome bright green raincoats.

Don't you think it was cool seeing my very beautiful, so very easy going, sexy, most math-logic brilliant French-Canadian wife wearing at Sebastian Capella's over-the-top 81st birthday party held at this one rather impressive 20 year old mansion in Fair Banks Ranch, Rancho Sante Fe, the sexiest of pants below her Jean Paul Gualtter most flattering red dress covered by the almost one-of-a kind green Derek Lam raincoat and me, non Scottish,

wearing my Anderson tartan kilt along with all the appropriate accessories; the jacket and waste coat waiting to be picked up from this one store in Coronado island which houses not only the US Navy SEAL commandos but that one Swastika shaped US Navy building built between 1967 and 1970, quite the eyesore?

32 deg. 40' 34.45" North 117 deg. 09' 19.02" West

Do you see anything wrong in Marie Dion Gevisser letting the world know that she wears the pants in our household?

Would you say it is important to know that Ami Ayalon, the most decorated Israeli Special Forces Commando "earned his stripes" on Operation Green Island Raid that took place the evening before Neil Armstrong landed on the moon on July 20th, 1969?

Is it really all that difficult for you who may have zero interest in politics, economics, or history just in making a comfortable enough living that you don't have to think much about either joining the United States' so contrived "economic draft" or standing in food kitchen lines in downtown San Diego or better yet getting handcuffed for panhandling while holding up outside the Flower Hill Mall on Via de Le Valle leading into to Rancho Sante Fe, a sponsorship promotion sign for just3ants.com, to draw the connecting dots between your increasing anxiety and Mr. Ayalon who is today Israel's cabinet minister, "Without Portfolio" making this former Admiral of the brutal Israel Navy the most powerful person in all of Israel, and who is very aware of the decision taken in early September 1997 when all of Israel's Special Forces units including its most brutal Air Force all "stood down" following the not all that publicized Israeli Marine Special Forces raid in to Lebanon that resulted in 11 members of Flotilla 13 including the unit commander getting killed, most blown apart, following the very big bomb being carried by one of the commandos soon after landing on the beaches of Beirut exploding; such a tragedy brought about by a myriad of possibilities including Hezbollah Special Op commanders increasingly brilliantly mimicking Israeli Special Forces just happening to stumble across the best of the best of Israeli commandos or when the commandos were communicating with an Israeli nuclear powered and nuclear missile armed submarine who had dropped them off, waiting not necessarily in international waters for their return, such a "signature" alerting Hezbollah Commanding Officers or more likely than not an Israeli Air Force technician inadvertently making the wrong TNT settings that had Israeli fighter pilots flying high above exploding the very big bomb prematurely; in any event it was inevitable that there would be "finger pointing" between the various Israeli Special Forces units and why the imperative need for such an important "stand down" that may have you still not in the least bit interested to know how very important such a move was to those of us who hadn't forgotten the lessons learned from prior debacles beginning with the botched Operation Suzannah in the summer of 1954 that of course was not all that surprising to David Ben Gurion who was immediately recalled back in to "active duty" first as Israel's Minister of Defense.

BTW do you recall anyone apart from me making mention of the extraordinary breakdown in communication in 1997 between the Clinton Administration, the Pentagon and the Admiral in charge of US fast attack Los Angeles class nuclear submarines stationed alongside the dock in Pt. Loma, San Diego, just across from Coronado Island that resulted in a Chinese warship slowing entering San Diego harbor and aided by Chinese satellites being able to get not only visual identification of such most advanced weapon systems of the United States but the one-of-a-kind "signatures" emitted by such submarines who because the Admiral of

the fleet was not informed of the Chinese warship's presence well inside US territorial waters, were operating under their own power rather than hooked up to dockside generators that coupled again with the "visual identification" that could have been further aided by Chinese sailors on board the Chinese Warship would make each and every one of those multi-billion dollar most advanced attack nuclear submarines nothing short of "sitting ducks" in a confrontation with China?

The "selling out" of Jewish people first by Jewish people is nothing new.

Second, the "selling out" of Jewish people by non-Jewish people is nothing new.

Third, the "selling out" of human beings by other human beings whose only interest in not having to work for a living which requires using the riches stolen from others to finance their military to enslave those without the military might and increasingly less natural resources to "bargain with", is nothing new.

Fourth, the decision by the 3 Branches of the US Government to fund De Beers, the most anti-Semitic, most anti-free market dynamic organization in the history of the world, at the turn of the last century, is of course also not in the least bit surprising, the same with the decision today by the US Supreme Court not to hear an Apartheid reparations case because of personal investments by members of the totally corrupt as well as irrelevant top court here in the United States.

Fifth, China may not produce any of Derek Lam's most fashionable clothing that so very few women can wear without looking ridiculous since one has to have first of all an extraordinary clothes-horse figure like my F-C wife who most of all has to thank her very good gene pool beginning with her great, great grandfather who was a Huron Indian Chief and chose as his one wife the fairest French woman living in north eastern Canada at the time, but China could decide in this very next instant whether to support or help hold back the pending civil war here in the United States of America that will make the civil war of the mid-19th Century look like a day in the water park.

Sixth, the massacres by US forces of Indian tribes all the way through to the 1890s is pale in comparison with the 3 Branches of the US Government relying on the military might of US Armed Forces approving the financing of De Beers as well as De Beers leading the charge in the De Beers-Anglo American Boer War of 1899-1902 as well as the American led 8 Allied Nations invasion of China in 1900.

Seventh, the State of Israel has not yet "officially" moved to demonstrate the "consequences" of the ingenious Israeli Military Intelligence report that is only available for public viewing on my one most unique website just3ants.com that of course remains on track to be the number one information source on the internet.

Eighth, in addition to you giving thought why it is very likely that I was first to "notice" that the 4 digits 1421 when added or multiplied result in the same awesome number 8 which is "lucky" to the very aware because the Chinese are such an art cultured filled peoples, you must appreciate that China had neither all the patience in the world to keep listening to US so very out of shape fatso, full of our ourselves, constantly pointing fingers at those we enslave throughout the world by putting in place our corrupt regimes to rule over such people so very brutally and in exchange for our brutality to force our slave wage earners to accept as compensation for their slave wages our worthless-fictitious and so very blood stained US-De Beers-Dollars.

BTW, have you yet listened to my Royal Mater-Mother's record, THE IMPORTANCE OF BEING A WOMAN? Click [HERE](#). What about the phone message left recently on my cell phone message service by De Beers price fixer Ernest Slotar? Click [HERE](#).

Have you thought about why it is that to date we have a total of US\$23.88 in both private and corporate sponsorship despite all the most extraordinarily unique and insightful information that is being shared for free in "real time"?

Are you only just now beginning to understand how such an infinitesimally small amount not only attracts increasingly exponential new visitors to our website but at least equal in importance helps explain how all the idiots around the world not contributing to helping making us more successful never bothered to question how and where did Hitler get his financing when a barrelful of Deutche Marks couldn't afford a loaf of bread but much more importantly why very together people like David Ben Gurion and my great maternal grandmother and her "favored" son my granddad Alef-Albert-Al Badash-Ash never bothered to even write a single article let alone a book or have a movie made about the weakness of the human spirit in a "money, me" cultured society where the "name of the game" is compete against family members when not co-opting-corrupting each and every family member willing to be co-opted-corrupted.

Again, good reason why the ruling "gun-money-power" elite have history books so boringly repeat themselves.

What else I can do to help.
