Subject: SPEED - FRENCH-CUBAN- G-D - 72 - RE: my emails?

How long will it take you as well as those you know in the blind copied section sharing with you their own insight and analysis of this email below to all be online?

BTW, I only just came across your name in this [Alliant Bid for MacDonald Rejected by Canada](#) that I came across on Drudgereport.

It is possible that you don't see much if any connection with all that is going on around the world right now and the Sinai war of 1956.

Let me explain.

Cutting and Pasting from Wikipedia – Suzannah Operation 1954:

Two of the imprisoned operatives, Meir Meyuhass and Meir Za'afra, were released in 1962, after having served seven year jail sentences. The rest were eventually freed in February 1968, in a secret addendum to a prisoner of war exchange.

In January 1968 I, still age 10, was with my Royal Mater-Mother in Israel and in Zena Rosland Ash Gevisser's words:

Some 10 months later my mother was one of the most “favored” guests of honor at Aristotle Onassis’ wedding to First Lady Jacqueline Kennedy; the Kennedy clan not exactly loved by the Mossad given not only their deep rooted anti-Semitism and support of the stooge Hitler but their extraordinarily close ties to American Charles Engelhard, the co-head of the De Beers-Anglo American Cartel and who features prominently in Hollywood blockbuster author Edward Jay Epstein’s epic non-fiction novel, The Diamond Invention.

Cutting and pasting Wikipedia [Lavon Affair - Suzannah Operation](#) summer of 1954:

Soon after the affair, Mossad chief Isser Harel expressed suspicion to Aman concerning the integrity of Avraham Seidenberg. Despite his concerns, Aman continued using Seidenberg for intelligence operations until 1956, when he was caught trying to sell Israeli documents to the Egyptians. Seidenberg was tried and sentenced to 10 years imprisonment. In 1980, Harel publicly revealed evidence that Seidenberg had been turned by the Egyptians even before Operation Suzannah. If true, this would imply that Egyptian Intelligence was aware of the operation from the beginning.

In 1980 soon after my Royal Mater visited with me in Chicago, Illinois

I joined the DAAC on 47th-Wall Street.

You would not have needed to attend one of my business-accounting-finance tutorials at the University of Natal-Kwazulu South Africa in the first quarter of 1978, just prior to immigrating to the United States on March 17th, 1978 "armed with" a Letter of Introduction signed by my Royal Mater's very close and "lucky" friend, my uncle David Gevisser to **know that I was destined to** take over from him as the official-unofficial American head of the DAAC, a title bestowed on my Allied Fighter-Bomber-Pilot's first cousin immediately following **the** burial of Mossad assassinated Charles Engelhard on March 2nd, 1971 at St. Mary's Abby Church, Morris Town, two words, New Jersey; such an auspicious funeral drawing none other than Senator Ted Kenney, former President Lyndon Johnson and Vice President Humphrey.

You would know, and if you don't, just click [this hyperlink](#), that on November 1st, 1972 some 57 odd days following De Beers sponsored PLO terrorists beginning to brutally murder 11 defenseless Israeli athletes at the summer Munich Olympics, I first met with David Ben Gurion who was at this time still the official-unofficial head of the Mossad who had already activated throughout the world hit squads first put in place well prior to the official start of World Oil War II.

BTW, my mother's paternal grandmother, Nechie Badash who returned in 1929 to England from Tel-Aviv, Israel where she was one of the early residents in order to raise my very brilliant and good listener mother, came from the same tiny village of Plonsk, White Russia-Poland as did David Ben Gurion; Nechie, however, was orphaned as a young girl of about 8 when a gang of marauding Cossacks on horseback entered her family's home and wiped out, by slitting the throats of Nechie's entire immediate family, as Nechie sat quietly, huddled in a tiny closet.

You of course wouldn't be all that surprised when reading my Royal Mater's memoirs only available on just3ants.com that Zena was [the](#) first civilian allowed in to the captured territories of the Sinai following the 1967 6 Day Arab-Israeli War, the same year construction began on a swastika shaped US Navy building on Coronado, Island, San Diego.

Not to mention that Senator McCain's Admiral father was the one responsible for sending the USS Liberty spy ship into "harms way" on June 8th, 1967, some two days into the war when the US Government who beginning with Israel War of Independence 1947-1949 was "no friend" of the fledging Jewish State having placed a total arms embargo well prior to the outbreak of this most brutal war of survival for all the independent thinking Jewish people of the world, knew perfectly well that Israeli Special Forces commandos were "laying the groundwork" for Israel's future wars and such an eavesdropping ship was considered most threatening causing Israel to respond with the most brutal unprovoked attack on a "defenseless" ship possibly in the history of warfare, beginning with the brutal Israel Air Force, not flying American fighter-bomber jets but rather highly modified French Mirage jets, for reasons that are quite obvious.

I am rather hungry right now and so I hope you don't mind that when you and/or others respond I might only get back to you sometime tomorrow.

In the meantime may I suggest you examine extraordinarily closely both the chronology as well as writings between myself and high school teacher Lars Trupe.

Not to mention that Mr. Trupe has decided to try "bypassing me" by opening a dialogue with his former student Adam L. Tucker. I and/or Adam will keep you "up to speed".

Can you and/or your colleagues in the carbon as well as blind copied section just hang around for no more than half an hour as I have just got back from a run and swim on the beach and need to stretch a little before taking a shower.

In the meantime you can enjoy these two photos I took with my cell phone just as I entered the cliff house; the first showing one of our rich Wall street trader neighbors drinking a top quality French burgundy and **smoking** a Cuban cigar, both illegal;

and this second one, taken about 15 seconds later showing the sunset and a male runner passing by in the right corner.

Sorry about the quality.

Helping your imagination now run wild is this knowledge which I am sharing with you, that all those you saw in the carbon copied section have now joined most of those that were in the blind copied section before.

All of you can now enjoy an updated/edited version of what I first sent Adam L. Tucker, again one of your former high school students.

Not to mention most of the edits/additions are additional photographs, and as you know a “photo sells...” [sic], simply click [HERE](#).

BTW there is an additional photo [see below] of my mother and her father Alef-Albert-Al Badash-Ash, the “favored” and most trusted son of pogrom orphaned Nechie Badash, a “kinsman” of David Ben Gurion, which I will be uploading into that 1664 word highly informative missive; such another “telling” photo was taken not long before that “hot” photo of my Royal Mater-Mother’s family + my Fighter-Bomber-Pilot father on the far right, not exactly “vacationing” in Maputo/Lorencos Marques, Mozambique in 1949.
