Subject: NO END IN SIGHT-ECONOMICALLY DEPRESSING-Mediocracy in America !

Ed,

I assume you finally agree with me about exposing corruption wherever it crosses each of our paths and therefore I will be adding those email addresses in order to help your kids even if you think they are more special than those suffering more horribly from dying of thirst and hunger, the result of being simply more misinformed than you and your kids despite how well informed you are thanks to me; consequently why not "thank me" by having say Adam Tucker bring a chick or "tTOo" [sic] he met on Internet dating websites and to film Adam and the chick-s, stacked or otherwise, going from one diamond wholesale-retail store to the next, alternating between trying to sell your diamonds and trying to buy their wedding and engagement ring.

Ed, you do understand that I haven't forgotten your reaction to this email I sent Sheri Hendriks of the Rappaport Report which not only Adam's potato head family would prefer it was never written, let alone by someone as credible as me.

Ed, you do understand that Israeli Military Intelligence have a pretty good idea of my knowledge base beginning with why Israel never hid the fact that it was trading arms for some 45 odd years with the South African Apartheid Regime who were doing the exact same thing with US military, sanctioned of course by our 3 Branches of the US government which includes the US Supreme Court.

How much time do you think you have to make a positive difference to your children's future before members of say the US military decide they have absolutely nothing to gain by a US victory in Iraq or Afghanistan or Iran or South Africa or Mexico or Venezuela?

How much time do you have remaining today to do what will possibly soothe your conscience assuming Israel's takes my advice and explains in the very same simple English the not so top secret so easy to understand Israeli Military Intelligence report I happen to be the only "civilian" in the world to be broadcasting without Israeli Military Intelligence deciding to assassinate me?

To repeat:

Immediately following the 2008 summer Olympics in China; Al Quaida will launch a series of attacks on the oil fields in Saudi Arabia , Kuwait , and Qatar , which will immediately paralyze the United States economy.

Ed, assuming I haven't pricked your conscience to the point that you would contribute financially right now to my and my wife's "social cause", regardless of whether or not sanctioned by Israeli Military Intelligence who of course understand perfectly well as does all 3 Branches of the heavily corrupt US Government, is all geared toward "giving peace a better chance", that would have you right now stopping by our not exactly "toilet" home on very possibly the most valuable piece of real estate in all of southern California if not the entire USA, and on the way, so as not to waste any time, have already made out a check to me personally without bothering to ask how I would use such monies which may in fact be to purchase another of Sebastian Capella's masterpieces or better yet a main street in America soon to be very disserted to serve as a gallery for some of our most prized oil paintings, THINK about WHAT IF the State of Israel decides knowing full well I am videotaping my phone conversations with the Israeli Embassy in Washinton DC while uploading on to my websites all our written communications, to remain deafening silent on explaining in simple English Israeli Military intelligence's so very easy to understand not so top secret Israeli military intelligence report that concludes, following Al Quaida launching a series of attacks on the oil fields of Saudi Arabia, Kuwait and Qatar, immediately following the 2008 Beijing Olympic Games, the US economy will be paralyzed.

Now place yourself in the shoes of an American Hispanic Army recruiter like Sargent Lopez who knows that the reason she was chosen for such an important job is not only because she is beautiful, but figures she should protect what remains of her conscience by also speaking out just like those very believable and very senior US Military officials condemning the atrocities US business interests so very carefully planned when so very thoughtfully decided to disband the Iraqi military putting such heavily armed individuals not only out of work but with their pride also wrecked to transform the "bullets in their eyes" in to an insurgency force that created yet another perfect civil war as US business interests stole the oil increasingly hard to find.

Pretty economically depressing when you look at how much more you are paying for gas at the gas station while your military personnel are paid next to nothing to serve the "best interests" of US business interests who have no loyalty even to the US.

So whose side exactly are you on?

I am waiting for Sargent Lopez and her friends to let me know what they think of the so very revealing documentary, No End In Sight!

If we really care about our kids as opposed to really just caring about feeling good about ourselves being part of the corruption that screws up the next generation that much worse than the previous, why not expose these miserable bastard educators preying on defenseless children increasingly brain dead that the good Lord used to light up the way for those seeking truth including those kids just playing stupid when it suits them, so easy to point out in this digital age, a godsend.

Standby for an email my wife and I are about to broadcast that will be updated at least once a day at sunset.

PS – let me know when you are ready to have me assist you in selling your increasingly worthless investment diamonds.

forward for me this :

Bill would you enjoy the irony of this thru this painSee name of the company you hired.

Vista Duct Cleaning Service | Vista Air Duct Cleaners

SEASIDE HEATING & AIR COND, 760-643-1100. 4035 Oceanside Blvd # A4 ...

You may be able to find **out** information on different **air** duct cleaning services ...

The term DUCT CLEANING versus the wording in your contract stating HVAC filter servicing. Very hard to comprehend that ducts were not mentioned in the contract as part and parcel to cleaning a toxic building whereby 4000 innocent children rely on conscious adults who go the extra yard to make doubly sure sound bites like , rest assured , are not representative of mediocracy at its' worst .

I would need to investigate this further to see if Seaside in fact suggested DUCT CLEANING or notTo me it makes sense that they had to have as it seems part and parcel to a THOROUGH CLEAN UPso that in fact we parents can REST ASSURED .

My kids both tell me it still STINKS from time to time in the classrooms and since I have mentioned this I see nothing has been proactively donethis will be noted .. nor has the groomiest well kept never dirty JANITOR Roy Ward been returning my call but that is fineMy kids told me they saw some child playing with leaves outside the school mixed with soot ashnicethe street lining the school has one foot from the curb visual ASH SOOT built up and the kids track it in dailyniceOK I am telling you if in 6 to 8 months these kids start having respiratory ailments this is coming down from the top down in the district of solana del mar Do you think I am kidding with this ? What have you done since I mentioned this ? gone to meetings ? what r u doing about it ?

What is Terri telling Ward to do ? What is wrong with this picture ?

CONCERNED about the lacking of reponse by the leaders here and more

**important the HEALTH of my kids and the other 3998 kids in Carmel Creek
.....By the way your in good company other friends of mine tell me other schools in
same district stink in side as wellNice going people**
