Rabbi, it is possible you didn't yet get your copy of what I first began broadcasting to Rabbi Menachem Creditor just after midnight on Tuesday, and nor may you also care about the 2,897 odd word communiqué I sent yesterday to Professor Geoffrey Rothswell of Stanford University – click [HERE](#) - although once you realize simply by looking at who is carbon copied in this heavily broadcasted communiqué while not recognizing for example the name Allan Rabie and thinking that at least there is a possibility that he is not an officially ordained rabbi and therefore doesn't pose much competition, you immediately think about how all this is going to affect your pocket book.

Forgive me as I cut and paste that rather important 369 odd word email to Rabbi Menachem Creditor who you will undoubtedly realize in very short order is not an "ally" that you can count on even if he were to "egg you on".

Rabbi, tell me honestly, what job would there be for a rabbi if he/she convinced all their congregants to become vegetarian overnight?

Second question. What job would there be for all the Hasidic-ultra orthodox Jewish-Black Hatters if they couldn't find work in the diamond trade?

Third question. Have you read Hollywood blockbuster author Edward Jay Epstein's, The Diamond Invention?

Fourth question. Do you think it is important for us Jewish people with a functioning Yiddish Kop to follow the "money trail" that led to the "Johnny come lately" Durban, South African Essakow-Marc Rich brothers, Roy and Jeffrey, able to outbid in their own backyard, multi-billionaires like my buddies Ernest Rady and Joseph Steinberg, Jewish veterans in spectacular real estate acquisitions here in San Diego County, California, and acquire The Flower Hill Mall, the most sought after piece of real estate in the Del Mar-Solana Beach-Rancho Sante Fe triangle?

Fifth question. Would you agree that the State of Israel is not only in a great divide right now, but has the military muscle to forge an everlasting peace not only with its neighbors starting with Iran but extending throughout the world within 24 hours, without going to war with Iran?

Sixth question. As part of that everlasting peace plan, would Israel in placing a stranglehold on the Straits of Hormuz, the narrow waterway separating Iran from the Arabian Peninsula through which roughly 40 percent of the world's traded oil flows, thus execute flawlessly the Israeli Military Intelligence report which is only available for public viewing on just3ants.com?

Seventh question. Do you think both Israeli Military Intelligence as well as the Mossad would get upset with me for spelling out such a military strike by Israel that would essentially "kill two birds with one stone"; first, the removal of any immediate threat by Iran to nuke Israel which of course the Iranians are not dumb enough to do unless of course they also have a handful of deranged citizens who would kill their own starting out with the murderer of the great Yitzchak Rabin; and second, paralyzing the U.S. economy which is so very CLEARLY the goal of that SHORT one sentence most ingenious Israeli Military Intelligence report of all time?

By The Way, one of the things that impressed South African born and educated Boris Senior, a former secret member of the Irgun Jewish Underground movement responsible for flying members of the French Resistance from France to assassinate British-American military officers who later went on to become Deputy Chief of the brutal Israel Air Force, apart from of course my rather good "lineage", beginning with both my parents and both my grandfathers, were the many good questions I asked this close friend of my immediate family tasked by David Ben Gurion, the head of the Haganah Jewish Underground movement, who became the first Prime Minister of Israel on May 14th, 1948, to acquire both fighter aircraft as well as recruit volunteers such as my father with heavy duty experience dive-bombing the crap out of the De Beers Nazi bastards during World War II which we all know should have been called World Oil War II which was in fact a continuation of World Oil War One.

Not to mention yet again that my first meeting with Boris who also South African born and educated, Commander Syd Cohen, refers to as "the brave little man", took place soon after I met for the first time with Ben Gurion back on November 1st, 1972, and it very possible that Boris was unaware despite his "intimacy" with Ben Gurion and in particular my mother, Zena Badash-Ash Gevisser, that my mother's paternal grandmother, Nechie Badash, who was orphaned in a pogrom that wiped out her entire immediate family, came from the same tiny village of Plonsk, White Russia-Poland as Ben Gurion.

To mention little of how you may have missed given how you may not have yet received your copy of the also heavily broadcasted 3,910 word email I sent Canadian Chartered Accountant Des Levin this past Tuesday - click [HERE](#) - back on

February 17th, 1945 in my father's 27th mission where the "DUTY" was to "ESCORT MITCHELL NORTH OF SPEZIA", the mission beginning at 11:55 AM and lasting 1 hour and 45 minutes, my dad:

SAW B-25 DROPPING SUPPLIES TO PARTISANS - SAW 8 OF OUR BOYS BOMBING RLWY [RAILWAY] YARDS JUST SOUTH OF US. "QUEEN BEE" BURNHARD WHO WAS ON THIS SHOW WAS KILLED JUST NORTH OF OUR DROMEWHEH HIS A/C [AIRCRAFT] BURST INTO FLAMES AND HIS PARACHUTE FAILED TO OPEN IN TIME WHEN HE BALED.

Cutting and pasting from the one logbook of my dad Bernie Gevisser who was 22 at the time.

11 SQUADRON D.D. 461

YEAR		AIRCRAFT		PILOT OR 1ST PILOT	2ND PILOT, PUPIL OR PASSENGER	DUTY (INCLUDING RESULTS AND REMARKS)	Hour	SINGLE ENGINE AIRCRAFT	
1945	Month Date		No.				Total	Pilot	Duty
	FEB 17	HITTYNAWK	B	SELF	-	ESCORT MITCHELL NORTH OF SPEZIA	11:55	1:45	

One of the first questions I asked Boris bearing in mind that I was a pretty "street smart" kid at age 15 given how well my highly secretive mother has "trained"

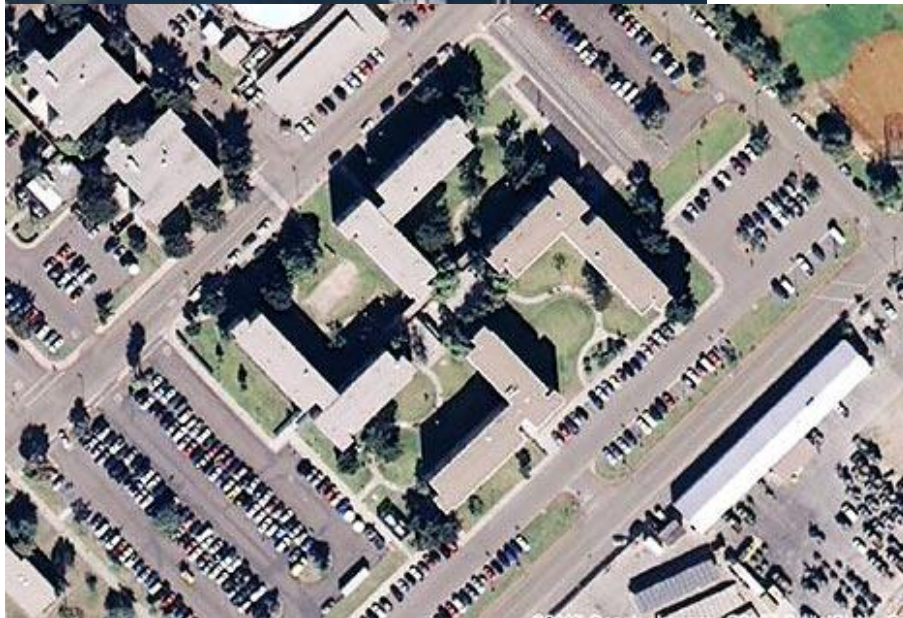

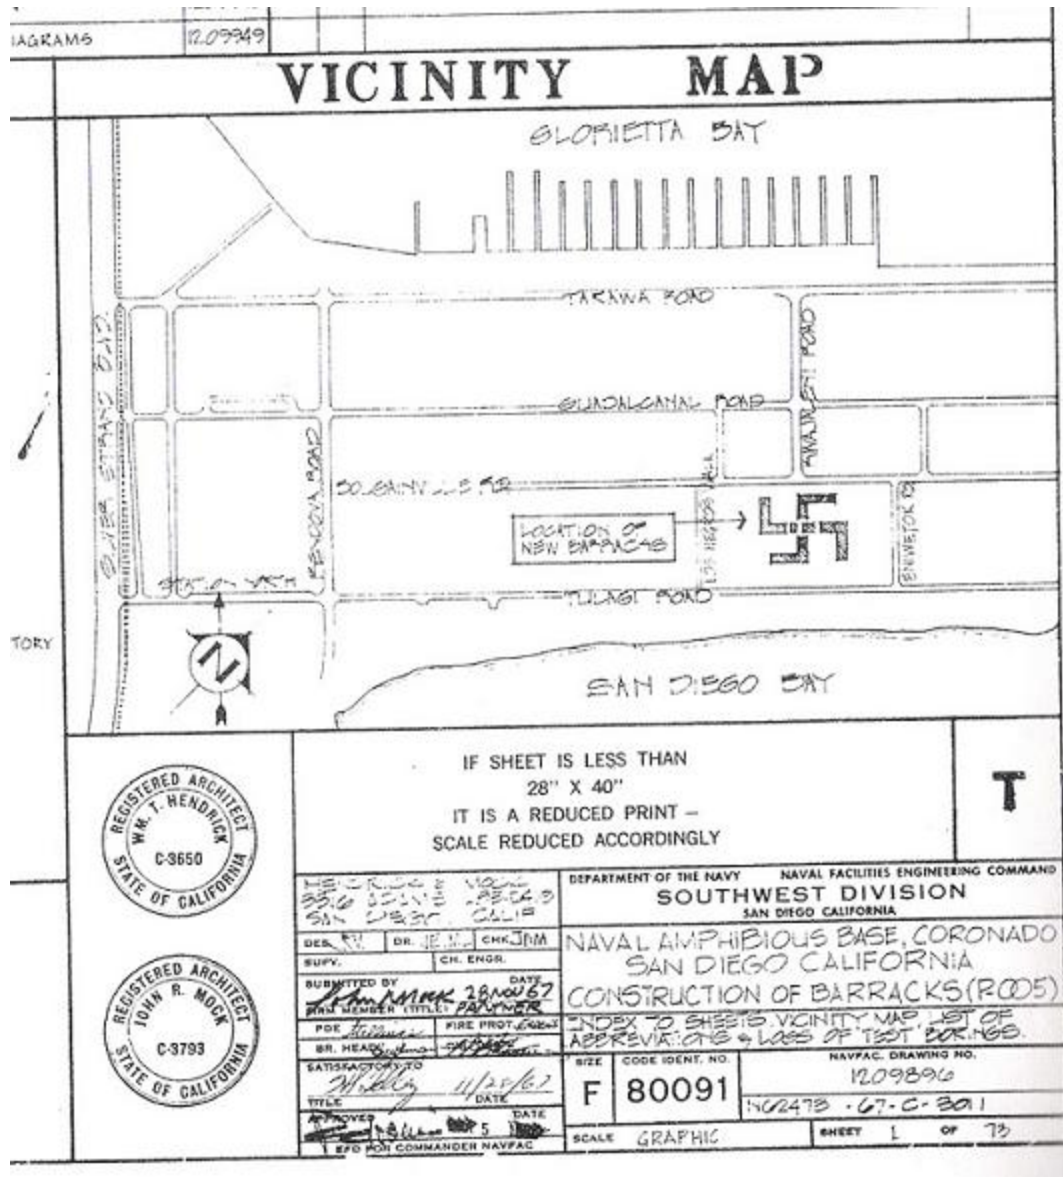

me to live outside of South Africa, the most vile country of my birth, was why the fledging State of Israel had anything to do with the South African Apartheid Regime that came to power thanks to the military might of the "no friend" of the Jewish people US Government, some 12 days following Ben Gurion and Co. letting the United States Government know that they and their tyrants beginning with the House of Saud, were not going to have it "so easy" in getting rid of the Jewish people that the US Government in particular, hadn't managed to exterminate in the concentration camps of Nazi Germany and Poland.

Boris' "standard operating procedure" answer was, "What does your mother say?"

After a while I figured out not only the answers but that “sumhow” [sic] I wasn’t getting in the least bit bored with his “standard operating procedure” answers to what I knew were very excellent questions; bearing in mind that in 1972 Boris Senior was a very fit and healthy 48 years young and was not the only member of Israeli Military Intelligence who I met with who confirmed how very close the State of Israel came to being nuked by the United States Government who thought the brutal Israel Defense Force had fallen for the “trap” set when the Pentagon placed the heavily wired USS Liberty in harms way some 5 odd years earlier, June 8th, 1967 to be very precise.

Not to mention, while my mother never thought it important to once mention what became of my first meeting with Ben Gurion some 57 odd days following De Beers sponsored PLO terrorists beginning to brutally murder 11 defenseless athletes at the Munich Olympic Games, Boris Senior on the other hand was very much up to speed on not only the fact that less than 2 years before, during the 1970 Christmas and

1971 New Year holidays I had caused very significant damage to the antique furniture in our suite at the Arosa Hotel,

NEW YEAR AT CENTRAL HOTEL AROSA

Arosa, Switzerland, a ski resort which for good reason Mr. Senior makes quite detailed mention of in his autobiography that only got published after his death in April 2004.

To mention little of how very well informed was Boris who received the exact same fighter-bombing training in South Africa as my one year older father, both having the very "belligerent" Lieutenant Cohen who wasn't Jewish as one of the flight instructors, of how well I was doing in my academic studies at Kibbutz Sde Boker where Ben Gurion had "retired" but still "calling the shots", despite the extraordinary distractions of perfect, coconut shaped breasts of fellow female South

Africans on the 4 months Ulpan with us very horny 15 year old guys who were extraordinarily immature including me who was already very well Charm School trained beginning with how my Charm School teacher mother never once bothered to discuss with me how to control my hormones but made it perfectly clear to all his most beautiful models who did think I was rather cute despite my Jewish nose that like the rest of my face had a very strong resemblance to my rather attractive mother, that in the event they were to "fool around" with me or either of my two elder brothers they could "kiss their careers goodbye" and, trust me no one messed with my mother, and nor did anyone beginning with very brave Boris Senior take my mother or her father Al Badash-Ash for fools.

Bear in mind that by the time I arrived at Kibbutz Sde Boker at the start of the Ulpan, September 1st, 1972, one of my mother's most trusted Protestant private secretaries had left South Africa, converted to Judaism and married an officer in Israel's permanent force army.

One of the things I knew was that in all likelihood, but I couldn't be certain of course, was that none of my 3 elder siblings ever asked my mother how Elizabeth would have got to meet such an individual let alone spend enough time with such an individual before getting married and having Jewish children while us Ashes-Gevissers remained very much "in enemy lines."

By now you have most likely got over your initial anger and checked out my mother's memoirs only available for public viewing on just3ants.com where you would have noticed how "upset" was my mother when hearing that Nazi Germany had surrendered on May 8th, 1945 and her "dreams of becoming a journalist and dropping behind enemy lines came to an abrupt end".

Then you find out that her grandmother Nechie, an extraordinarily close confidante of Ben Gurion and an early resident of Tel-Aviv where the Mossad are headquartered returned to England in 1929 when Zena was born to help raise my "born to perform" most brilliant mother, "in the problems of the world and the solutions to these problems" although Zena doesn't go in to much if any detail apart from saying a number of "odd things" beginning with how weird she thought it was that US Americans in particular weren't investing in South Africa.

My mother wasn't the only person in the world who knew that the most "gun-money-power" American Charles Engelhard was very much making certain that he and his partner Anglo South African Harry Oppenheimer maintain their "stranglehold" on South Africa's rich mineral resources.

It is also very possible that by now you would have got hold of your own copy of Boris Senior's autobiography, NEW HEAVENS, subtitle, My Life as a Fighter Pilot and the first most startling finding is

[Bernie Gevisser – Idku,](#)

[Egypt – summer 1944](#)

not so much the United States Government's so obscene arms-trade embargo on the fledging Jewish State that included making it illegal for men such as my father and Boris of military age to enter Israel where many got shot by both British and American soldiers who were having a whale of time seated as well as lying down in well covered and high vantage points taking pot shots at those Jewish men risking life and limb to help Israel in its most important time of need, a war that Ben Gurion and Co. had been preparing for going back to when my great maternal grandmother Nechie was orphaned when a bunch of Cossacks came riding through her tiny village, entered her parents home and brutally murdered both her parents and all her elder siblings as Nechie sat huddled in a tiny closet.

Rabbi, you are a fuckhead, and let me explain why; and please bear with me as I have to speed things up as I need to organize as well as pick up a vegetarian sandwich for my F-C wife doing a plein air painting at Del Mar Fairground; painting the flying saucer ride.

You have enough education to read and therefore a jury of our peers would have no difficulty in arriving at a consensus that you had to have visited [just3ants.com](#) where you were immediately frightened about how easy it was now going to be for not only your congregants to get their arms around the truth about how much you oppose the free market system but others such as idiot Allan Rabie who hasn't heard of you, let alone even more poorly educated and conditioned folks in places like Peru who are at a distinct disadvantage to the Chinese who in "living to learn" have not been so hideously influenced by the most brutally insane, so violent, so repressive US Government who only represent the best interests of the ruling elite who have no loyalty to country, race or religion and in succeeding rather well to brainwash those cultures not quite as old as the Chinese, some 5,000 plus years

old, far older than any culture including the Jewish-Hebrew culture, who end up coming to the United States for the wrong reasons.

Those who aren't murdered or imprisoned in our tyrant regimes beginning with the Apartheid Regime of South Africa quickly make their way to the United States thinking that we are all about "democracy" and "free markets" when nothing of course can be further from the truth.

Again, this is the first thing you pick up when visiting our one website www.just3ants.com and why I guarantee you that you will not engage me in "open debate" but I very much look forward to hearing from both you as well as your legal counsel in the very near future.

You are either incompetent, culpable or both, take your pick.

I was hoping to videotape this morning my first video broadcast on just3ants.com but a number of things got in the way beginning with how I was rather late getting up following a most awesome not all that late night out on the town with my most beautiful French-Canadian wife that began with us taking her red Piaggio scooter to dinner at Qero in Encinitas, a very excellent and not exactly inexpensive Peruvian restaurant; and then at around 8 this morning I had to wait over at the Harvest Ranch market in the Del Mar Plaza for their fresh bread to come out of the oven and by the time I got back to our gallery-studio cliff house Marie Dion Gevisser was already up and about to steam the combination of soy milk and regular milk that I had also brought back as we slowly wean ourselves off all dairy, having been vegetarian now for about 18 months and loving every moment.

Not to mention that it is so neat to hear my very cute French accent wife first telling me yesterday after I hadn't seen her in all of a couple of days, "I ate very healthy" over at our one-of-a-kind cabin-stone home that whoever visits comes away saying how very great it is, especially to be amongst the bushes, trees and abundant wildlife but when one digs just a very little, barely scratching the surface, what one quickly discovers is that so far it really only my wife and I that "get it" which is not to be arrogant but simply to tell it the way it is, and those who say they "get it" when in fact we can prove time and again they don't "get it" only do that much more brain damage to themselves which of course doesn't bother MDG or me in the least given how we "get it", and most of all what we get is the fact that the human race has become nothing more than a bunch of sheep who in wanting to be "led" can in fact change direction in an instant once my wife and I achieve "critical mass" which she and I both know can not only come about in an instant but with each tick of the clock and the world doesn't blow up and no one is able to shut down the internet at least not in the western world, that likelihood increases exponentially which scares the living daylights out of folks like yourselves hell bent on maintaining the "status quo".

Moreover, you and those who share your desire to maintain the "status quo" of the rich trickling down the cost of getting rich on to the backs of the poor who are not stupid just misinformed have no clue whatsoever when that "shift" will occur but

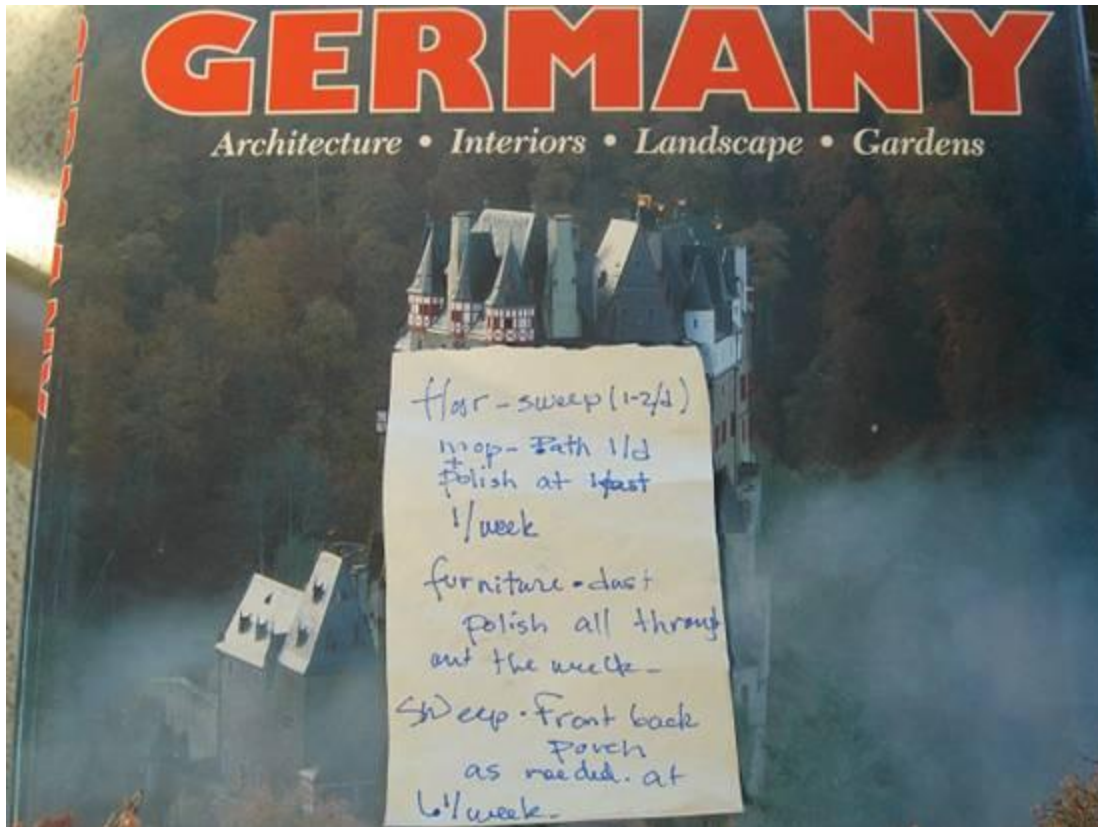

you have enough intelligence remaining to know that because you elitists are in the very small minority of the world's population and with technology advancing at a blinding speed, such information being shared when the likes of MDG and I sleep as well as play and exercise, all very much one and the same including when we prepare together healthy meals or just lounge around whether in private or public that has you feeling that much more miserable to the point that you can increasingly do less and less damage, finding no comfort in your self-imposed misery let alone turning to G-d/God who trust me is totally disgusted with you and your kind.

Furthermore, of course it makes perfect sense that the Chinese Government have "banned" my one website just3ants.com because not only do they "get it" they are of course way ahead of me, all the while having just like me everything "backed up".

You haven't forgotten just like the US Navy top brass haven't forgotten that the Chinese Government didn't feel the need to explain the extraordinary slap across the face they delivered to the US Government that is totally run by the Pentagon which is in turn is managed by the US' totally out-of-control military-industrial-complex when at the 11th hour they revoked last Thanksgiving the landing rights of 3 US Navy vessels including one destroyer that had issued a "distress signal" as well as the nuclear aircraft carrier Kitty Hawk housing some 8,000 American sailors who also cannot get over such an "in your face" move by a so very cultured, so very non-aggressive peoples whose government are obviously getting a little impatient while doing a much better job of both governing as well as representing the many 1.5 billion strong peoples of China than the US Government just by looking at the long faces and fatso bellies and massive asses of mostly US Americans versus the mostly smiling faces of the increasingly happy Chinese whose government perfectly understand without having to hire Madison to take a poll, US Americans are in no shape physically or mentally to go to war with the world's superpower who the Israelis have been smart enough to forge extraordinarily close economic and military ties for the past going on 3 decades.

Your move!

Ps – I would like to take this opportunity to share with my one American programmer Adam L. Tucker the written instructions my highly literate and no-nonsense F-C wife wrote before she left the Stone Home yesterday just as Adam was arriving.

Perhaps, I should spell it out a little more.

The wooden floors to be swept one to two times a day.

Mop the path once a day; the path being the most heavily used walkways to the bathroom and kitchen area and where Adam sits most of the day. He should not use the same shoes/slippers that he extraordinarily rarely goes out in to check the weather and see that a hydrogen bomb hasn't exploded in the now dry creek about a 100 meters as the crow flies from the front door, due east, to then come back into the cabin and put up against the handmade table that he **has** now scratched with the sand and tiny stones that attach to the soles of his shoes/slippers and why MDG without telling him moved the table away from the very comfortable white leather reclining chair that he sits in mostly when not sleeping which is very easy to do in the hot but spectacularly dry afternoons when of course one should rest but only after getting up early in the morning before it is hot to rake away the leaves which should always be done as should everything with a smile on one's face and if not then to fricken do it for the simple reason IT IS A FIRE HAZARD; now that should get Adam's attention as he thinks and so should **you** about those precision engineered metal trestles that went back and forth into to the ovens of Auschwitz and the such incinerating mostly dead Jewish peoples' bodies at the rate of 10,000 plus a day when Supreme Commander Eisenhower following orders from De Beers President Franklin D. Roosevelt enforced the 1939 White Paper limiting Jewish immigration into Palestine to 10,000 PER FUCKEN YEAR, which has you remembering that not even a single Jewish member of the entire US Congress has even apologized for such an atrocity.

The floors should be polished at least once a week.

The furniture including all the pewter and even more delicate movable items which does not include any of the loose stones supporting the roof of the cabin should be dusted and polished throughout the week.

Sweep front and back porch as needed at least once a week.

Not included is to keep Adam's two cats at all times off the one carved wooden chair that already has their scratches given again how their paws also, just like Adam's shoes bring in sand and tiny stones from the outside.

Second, by sweeping the cabin 3 times a day will prevent dust build up in the air vents of my desktop computer which should be cleared as often as needed of anything that would interfere with the perfect working of the fans.

Third, rice should be cooked at the start of the week with fresh vegetables that are not placed in salads, on top of the steamer above the rice cooker making for a healthy and delicious meal and to also sauté some of the fresh vegetables at the beginning of the week to use for other meals throughout the week like when making healthy enchiladas and as vegetables **get older** including all the greens and not to forget the greens at the beginning of the week to eat while fresh without much cooking, to be used in making the most delicious soup that of course should include any remaining rice.

Fourth, keep the frying of anything when it is still cool and preferably again in the morning and not waiting until nighttime when the creatures like the ants will come in battle regiments to remind you that you are not paying attention to the things that matter.

Could I gift your baby one of our "I don't lie, steal or cheat!" just3ants.com t-shirts?

The hyperlink below takes you to the edited 3706 word "Collusion - Risk Assessment" email I sent earlier to Des Levin who says he is not the South African Des Levin I last saw at Fred DeLuca's Fort Lauderdale home on the water's edge back in late December 1996. Would you know?

<http://www.nextraterrestrial.com/pdf/dlevin-collusion.pdf>

There are a bunch of folks in the carbon section who I don't know and the last thing I would want is for them to think that I am spamming them, so in the event they are not interested in what I have to say to go to www.just3ants.com or simply email me back letting me know.

Thank you.
